President’s Welcome

Welcome to Wharton County Junior College!
As you embark on this path in developing your career, you are part of a proud legacy of post-secondary education that began in 1946.

Whether you’re enrolled in a degree program, seeking a certificate, or taking classes to discover your interests or update your job skills, make the most of your college experience. Take advantage of our small classes and ask questions of our instructors. They want you to succeed. Seek tutoring and other activities we offer to bolster your success.

With more than 7,300 credit students on four campuses, there’s always something going on at WCJC. Join one of our many clubs and organizations. Cheer for a Pioneers sports team. Attend a concert, theatre performance or visual art show. Participate in intramural sports. These activities enhance college and make you a well-rounded individual.

Congratulations on choosing WCJC. We are committed to your success.

Betty A. McCrohan, President
College Catalog No. 70

2015-2016

**WCJC GUARANTEE:** Wharton County Junior College guarantees that WCJC students who are planning to transfer to a four-year university to pursue a bachelor’s degree will be able to transfer their academic credit courses to all state-supported colleges and universities in Texas. If a student takes courses according to the conditions of this guarantee, and he or she is not accepted at a state-supported college or university of Texas, Wharton County Junior College will offer alternate courses that are acceptable, tuition free.

Wharton County Junior College guarantees students of WCJC who complete a technical/vocational program will acquire the necessary job skills for entry-level employment in their field of study. If the employer decides that a completer lacks the entry-level job skills in the occupational field in which he or she has been trained, Wharton County Junior College will provide additional skill training, tuition free.

This catalog is intended as a description of those programs and activities offered at Wharton County Junior College. The college reserves the right to select from the courses listed in the catalog that can be offered during any session. Further, WCJC reserves the right to change any regulations without previous notice. Not all courses listed in this catalog are offered each semester. A printed version of the class schedule listing courses offered is published by WCJC and schedules are also available online at www.wcjc.edu.

Wharton County Junior College is an equal opportunity institution. It does not discriminate against any person in its employment, personnel relations, admission or services because of the person’s age, race, color, religion, sex, place of national origin, or handicap. The college complies with provisions of Title VI of the Civil Rights Act of 1964 (P.L. 88-352), Title IX of the Education Amendments of 1972 (P.L. 92-318), Section 504 of the Rehabilitation Act of 1973 (P.L. 93-112), and Title II of the Americans with Disabilities Act of 1990 (P.L. 1010-336). Any allegations of violation(s) should be brought to the attention of the Affirmative Action Officer.
College and Program Accreditation

Wharton County Junior College is:

ACCREDITED BY:

The Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award the Associate Degree
SACSCOC
1866 Southern Lane
Decatur, Georgia 30033-4097
(404) 697-4500

In the event that unforeseen circumstances necessitate the cancellation of classes, the classes missed will be made up on Saturdays and/or holidays or by extension of the college calendar.
STATEMENT OF MISSION

Wharton County Junior College is a public, two-year, comprehensive community college offering a wide range of postsecondary educational programs and services including associate degrees, certificates, continuing education courses, cultural affairs, and leisure-time activities for the benefit of the community and a population of students that varies in age, background, and ability.

The college affords opportunities for individual growth and expression and promotes the development of the total person through scholarly and creative activity and the application of knowledge for the good of society. Its curricular and co-curricular activities lay a foundation for lifelong learning and involved citizenship and encourage the pursuit of knowledge, innovation, experimentation, and excellence in human endeavor. It prepares students for entry-level positions, for advancement in various occupations and professions, for a broad understanding of the liberal arts and sciences, and for transfer to baccalaureate granting institutions.

In fulfilling its mission, the college:
1. Offers associate of arts, associate of arts in teaching, and associate of applied science degrees;
2. Offers transfer curricula in preparation for the baccalaureate degree;
3. Offers career/vocational curricula leading to certificates and associated degrees;
4. Offers remedial and developmental courses and services, as well as adult basic education, to assist under prepared students to achieve competency in basic skills and thus gain access to college-level programs;
5. Supports excellence in instruction in all academic areas by the encouragement of faculty professional development for the improvement of teaching and learning through innovative teaching methodologies, research and public service;
6. Provides library and other instructional resources as integral parts of the educational process;
7. Supports students in the learning process through counseling and academic advising;
8. Offers continuing-education, non-credit, courses and programs to meet the needs of business, industry, government, and the community-at-large, and to contribute to the economic development of its service region;
9. Provides varied cultural opportunities, recreational activities, and community services to enhance the quality of life in its service region;
10. Actively cooperates with school districts, vocational-technical schools, other colleges, and universities to promote a more productive educational environment within its service region;
11. Encourages the innovative and effective use of technology to increase and enrich educational opportunities for students and the community.

Wharton County Junior College is an institution that emphasizes personal attention to students, innovation and flexibility in its credit and non-credit offerings, and responsiveness to the diversity of communities it serves. The college is dedicated to providing an educational environment that recognizes individuality, stresses the importance of human relationships, and reflects the democratic values of our society.

Approved by the WCJC Board of Trustees
September 20, 2005

HISTORICAL SKETCH

1944 Wharton County leaders, members of a Post-War Planning Committee, conceived the idea of Wharton County Junior College.
1945 A County Junior College Committee was formed and citizens approved a 20-cent tax.
1946 On April 6, voters of Wharton County created the Wharton County Junior College district and elected the first Board of Trustees:

F.J.L. Blasingame, Donald M. Duson (Vice-Chair), Wharton
J.R. Peace (Secretary), Harold Hansen,
East Bernard
Richard E. Meek, Danevang
Carl N. Reynolds, Lottie N. Mullins, Boling
Louise
Glen Flora

In September, classroom instruction began with approximately 200 students housed in five Wharton County Fairground buildings, located at the corner of Boling Highway and Alabama Road. John Milton Hodges became the president of the
On June 7, Wharton County voters approved a $600,000 tax bond to acquire permanent college facilities. Friends of the college donated a 20-acre site at Boling Highway and Alabama Road for campus construction.

Congressman Clark Thompson visited the campus.

Playwright Horton Foote consulted with drama students on the production of *The Rocking Chair*.

The Wharton County Junior College Foundation was formed.

Travis M. McKenzie became president of Wharton County Junior College.

Theodore Nicksick, Jr. became president of Wharton County Junior College.

College officials purchased the Wharton County Fairground for campus expansion.

Congressman George Bush visited the Wharton campus.

Congressman Jake Pickle visited the Wharton campus.

On July 18, voters extended the boundaries of the Wharton County Junior College District to include the Needville Independent School District and a Needville resident was appointed to the Board of Trustees, increasing Board membership to eight.

CBS Newsman, Dan Rather, spoke to Wharton County Junior College students.

Wharton County Junior College began offering day classes in Richmond/Rosenberg at B.F. Terry High School.

Wharton County Junior College opened a satellite campus in Richmond.

Elbert C. Hutchins became president of Wharton County Junior College.

Wharton County Junior College, with funds provided by The George Foundation, purchased land for a permanent campus in Richmond/Rosenberg.

Wharton County Junior College opened a campus in Sugar Land.

Frank Robert Vivelo became president of Wharton County Junior College.

Wharton County Junior College began offering classes at the Marine Education Center in Palacios.

The LaDieu Technology Center opened on the Wharton campus.

Wharton County Junior College joined forces with the University of Houston and Houston Community College System to open a multi-institution teaching center at the Sugar Land CentraPlex.

The Board of Trustees approved the purchase of the Sugar Land CentraPlex building.

The Wharton County Junior College Bay City Technical Education Center opened at the Testeneger Building to house the college’s Process Technology program.

Playwright Horton Foote visited the college to speak with drama students as the Fine Arts Department presented *A Year of Horton Foote*.

Betty A. McCrohan became president of Wharton County Junior College.

The WCJC Fort Bend Technical Center (FBTC) campus opened in Richmond.

Congressman Ron Paul visited the Wharton campus.

Wharton County Junior College’s service area expanded to include Sugar Land and its extraterritorial jurisdiction.

Congressman Tom DeLay visited the WCJC Fort Bend Technical Center.

Wharton County Junior College opened a campus in Bay City.

Wharton County Junior College relocated its existing Sugar Land campus to a new site with the University of Houston Sugar Land.

**WCJC TODAY**

Wharton County Junior College’s tax district encompasses Wharton County and the Needville Independent School District located within Fort Bend County. WCJC has a service area that includes Wharton, Matagorda, and Colorado counties, as well as parts of Fort Bend, Jackson, and Austin Counties. To better serve its students, the college offers courses at four campuses in Wharton, Sugar Land, Richmond, and Bay City. In addition, the college offers classes in El Campo.

**WHARTON CAMPUS**

Most degree and certificate programs as well as many continuing education courses are offered in Wharton. Many students live at home; however, students have the opportunity to live on campus or in local apartments and to participate in campus...
life. Frankie Hall, a dormitory for men, houses seventy-eight students. Mullins Hall and Brooking Hall, dormitories for women, house fifty-three and thirty students respectively.

The college participates in three competitive sports: Volleyball for women, Baseball for men and Rodeo for men and women. WCJC also has a choir, a band, and a drama program. These sports and fine arts programs offer student scholarships. Campus life includes intramural activities for men and women, student government, and a variety of clubs.

**SUGAR LAND CAMPUS**

The Sugar Land campus is conveniently located within the University of Houston Sugar Land campus in Brazos Hall. This transfer-driven campus offers numerous academic and vocational courses which allow students to take advantage of the Wharton County Junior College/University of Houston Partnership Joint Admissions Agreement on the same campus.

**RICHMOND CAMPUS**

The Richmond campus offers a full range of technical, vocational, and academic courses. Texas State Technical College (TSTC), in partnership with WCJC, offers vocational programs located at the Richmond campus.

**BAY CITY CAMPUS**

The Bay City campus is home to the college’s Process Technology, Nuclear Power Technology, and Manufacturing Technology programs. The campus also offers transfer courses and continues to expand its programmatic offerings and training facility in response to Bay City’s economic development initiatives, such as the establishment of the new Tenaris plant in Matagorda County.

**EL CAMPO EXTENSION CENTER**

Wharton County Junior College offers transfer courses, Continuing Education, and Adult Education and Literacy at the Northside Center, in El Campo.

**UNIVERSITY ARTICULATION AGREEMENTS**

Wharton County Junior College has several university articulation agreements that are in place to aid students in transferring. Students are encouraged to visit with WCJC counselors or advisors to inquire about transfer plans available to Texas universities.

**General Academic Information**

**DEGREES AND CERTIFICATES**

The college offers three types of degrees: The Associate of Arts (AA), the Associate of Arts in Teaching (AAT), and the Associate of Applied Science (AAS).

The Associate of Arts degree is a two-year degree designed for students intending to transfer to four-year institutions to complete baccalaureate degrees. AA degree programs parallel the first two years of study at four-year institutions; that is, they constitute the freshman and sophomore years of a bachelor’s degree. A student may receive only one AA degree. Students should plan their courses of study carefully with an advisor to be sure that the courses they take at WCJC match the first two years of their intended major upon transferring to a four-year institution.

Wharton County Junior College awards the Associate of Arts in Teaching degree for students planning to pursue baccalaureate programs that lead to initial Texas teacher certification. There are two specialized tracks, “Plan B” or “Plan C” that can be pursued to obtain an AAT degree.

The Associate of Applied Science is designed for students in technical and career programs who intend to seek employment in identified occupational areas. Some AAS programs transfer seamlessly into upper-level Bachelor degree programs at various local universities.

The college also offers both semester credit hour and noncredit programs, leading to certificates in career fields not requiring a degree for employment. Certificate programs vary in length from fewer than 100 clock hours up to one year.

The following two examples serve to illustrate the distinctions between AA and AAS degrees, and between degrees and certificates.

1. Wharton County Junior College offers an AA degree that focuses on the field of Criminal Justice. This program of study is designed for students who intend to transfer to a four-year institution to major in some aspect of criminal justice (e.g., probation and parole, juvenile
justice, law enforcement, criminal justice administration).

The college also offers a two-year AAS degree with a major in Law Enforcement for students who intend to enter the police profession immediately upon graduation.

In addition, the college offers a certificate program through its state-certified police academy for students who wish to become Texas peace officers but who do not desire a degree.

2. Wharton County Junior College offers an AA degree which prepares students who intend to transfer to a four-year institution to study Nursing and pursue a career as Registered Nurses (RNs).

Wharton County Junior College also offers an AAS degree in Nursing (the Associate Degree Nursing program) for students who intend to become RNs immediately upon graduation.

In addition, Wharton County Junior College offers a certificate program in Vocational Nursing for students who wish to become Licensed Vocational Nurses (LVNs), but who do not desire a degree.

Finally, the college offers an AAS degree program for students who are already LVNs and desire to enter the ADN program to obtain an RN. This program is referred to as the LVN-ADN Transition program.

INSTRUCTIONAL DIVISIONS

Courses and instructional programs are offered through seven divisions. Each division is composed of specialized departments, each with a standing Department Head. All divisions report to the Vice President of Instruction.

Students may seek degree or certificate specific advising from either department heads or division chairs, as well as from WCJC Student Services' counselors and advisors.

DIVISION OF ALLIED HEALTH
Division Chair: Carol Derkowski, ext. 6428
Departments:

CONTINUING EDUCATION AND COMMUNITY OUTREACH PROGRAMS

Wharton County Junior College provides noncredit courses and programs, recreational activities, and community services to enhance the quality of life of its citizens and to contribute to the economic development of its service region. The college provides the following:

- Avocational Continuing Education
- Vocational Continuing Education
- Adult Education and Literacy
- Senior Citizen Programs
- Youth Activities
  - Kids’ College

A variety of noncredit offerings and grant-funded programs are offered in areas such as job readiness skills, occupational and career training, profession-specific continuing education, customized workforce training, adult education, English as a Second Language (ESL) courses, Meals-On-Wheels, senior citizen health screenings and educational and recreational programs, and Kids’ College.

Wharton County Junior College’s continuing education noncredit offerings are designed to be responsive to community and business needs. Programs can be customized to meet specific needs of business and industry. WCJC can also assist area businesses in securing state-funded grants to support business expansion, job creation, and employee training.

Wharton County Junior College participates in numerous areas of community outreach and service. Grant-funded programs provide services in Adult Education and Literacy and GED preparation. The WCJC Senior Citizen Program provides a meal and activity program to senior citizens 60 years and older. The WCJC Senior Citizen Center, funded by the Houston-Galveston Area Council and the Department of Aging & Disabilities Services (DADS), provides center meals and hosts daily activities to promote social interaction. In-home meals to homebound qualified seniors are offered in Wharton and Colorado counties.

Kids’ College, offered in Sugar Land, offers fun learning experiences in a variety of subjects for students in kindergarten through 12th grade. The college offers over 120 courses in the subject areas of technology, language, math, science, the arts, social studies, sports and dance.

Wharton County Junior College, in partnership with ed2go (formerly Gatlin Education Services), offers open enrollment programs designed to provide the skills necessary to acquire professional level positions for many in-demand occupations.

Programs are designed by a team of professionals from each respective field, who work to provide students with an effective web-based learning experience. Instructors/mentors are actively involved in the online learning experience. They respond to any questions or concerns, as well as provide encouragement and motivation to improve success.

Each program includes a set of lessons and evaluations; grades are a combination of the instructor/mentor's evaluation of students’ work and computer graded tests. Students will appreciate the quality as well as the convenience of anytime, anywhere learning.

Benefits of Online Career Training:

- Learn in-demand job skills
- Start anytime
- Set your own pace
- Affordably priced

Academic Policies

ACADEMIC CALENDAR

The college’s academic calendar lists the dates of all activities that affect students and employees, such as registration and holidays during which the college will be closed. The academic calendar is posted on the college website at www.wcjc.edu.

ACCESS TO STUDENT RECORDS

In compliance with federal Public Law 93-380; Family Educational Privacy Act of 1974 (commonly known as the Buckley Amendment, 20 U.S.C. 1232g; 34 CFR 99), and the Texas Open Records Act (Chapter 552, Government Code), the college does not release personally identifiable records or files. Further information concerning this policy and laws on which it is based is available in the Wharton County Junior College Student Handbook and in College Regulation 651. Questions concerning access to student records may be addressed to the Director of Admissions and Registration.

Directory information is available to anyone upon request unless a student restricts the release of such information by completing the form entitled
Request to Prevent Disclosure of Directory Information and submits it to the office of the Director of Admissions and Registration by the twelfth class day of a regular semester and the fourth class day of a summer session.

Directory information includes the following:
- Name, address, telephone listing;
- Date of birth, dates of attendance, participation in officially recognized activities and sports, degrees, candidates for degrees, honors and awards received, previous colleges and universities attended.

DROPPING COURSES

Courses that are dropped prior to the attendance verification day for that course will not count on a student’s transcript as a “W”. However, students are still expected to meet the financial obligation of the course per the college’s “Drops and Withdraws”, updated each semester on the college’s website. Students dropping after attendance verification day and prior to the official drop date will receive a “W” for the course. The calendar for the length of time a student has to withdraw or drop a course is updated each semester on the college’s website.

If a student registers for classes but does not attend or quits attending, the student must officially drop or withdraw through the Office of Admissions and Registration by filling out a student drop form located on the college website at www.wjic.edu; admissions; student forms. Failure to do so will result in an “F” on the student’s transcript for each incomplete course and full financial obligation for each course.

ADMINISTRATIVE WITHDRAWAL

The college reserves the right to withdraw a student from classes for any reason when college officials consider this action to be in the best interest of the college or of the student.

ATTENDANCE OF CLASSES

Regular attendance is conducive to optimum achievement. Therefore, students are expected to attend all meetings of those classes in which they are enrolled. Those absences caused by participation in college sponsored activities, by the student’s illness, or by certain emergencies may be excused by the instructor, in which case students are permitted to make up the work missed.

Whenever a student acquires absences in excess of two weeks in a course or when a student’s attendance record (in the judgment of the instructor) makes the attainment of minimum course objectives improbable, that student may be recommended to drop the course with the designation of “W” or “WX”, withdrawn.

AUDIT OF COURSE

After the schedule changes period, students may register to audit academic courses on a space-available basis. Also, after the schedule changes period, students who obtain permission from the appropriate Department Head may register to audit vocational-technical courses. Auditing entitles students to the usual learning opportunities but eliminates such course requirements as attendance, written work, and tests. An audit cannot be changed to credit or credit to audit after the deadline for adding courses. The fee for an audit is the same as that for course credit.

CHANGE OF NAME OR ADDRESS

A student who changes a home or local address or a name should notify the Office of Admissions and Registration immediately. Any communication from the college that is mailed to the name and address on record is considered to have been delivered, and the student is responsible for having received the communication.

CLASSIFICATION OF STUDENTS

Students who are enrolled at Wharton County Junior College are classified according to the number of hours completed and the number of hours in which they are enrolled.

- Freshman: A student enrolling in college for the first time or who at the time of registration has earned fewer than 30 semester hours of credit.
- Sophomore: A student who at the time of registration has earned at least 30 semester hours.
- Full-time: A student who is enrolled for at least 12 semester hours.
- Part-time: A student who is enrolled for at least one semester hour, but less than 12 semester hours.

COURSE LOAD

The normal load for a regular student during fall and spring semesters should not exceed a total of
nineteen semester hours including such courses as kinesiology, choir, and band. The normal load for a regular student during summer semesters should not exceed a total of seven semester hours. Students may not enroll for more than a normal load without approval from the Vice President of Instruction. Ordinarily, approval for an academic overload is contingent upon the student having at least a 3.0 GPA or being a candidate for graduation.

The normal load for a regular student during a mini semester is one three credit hour course.

**COURSE NUMBERS**

Wharton County Junior College uses the common course numbering system adopted by a number of Texas institutions. Institutions participating in this system have signed agreements accepting a standard numbering system for commonly transferred courses. This system insures that if students take the courses the receiving institution designated as common, the courses are accepted in transfer and are treated as the receiving institution’s courses.

The common course number has a standardized four-letter prefix followed by a four-digit number. The prefix identifies the department through which the course is offered. Numbers 1100-1999 indicate freshman level courses and numbers 2100-2999 indicate sophomore-level courses. For example, English 1301 is a freshman-level course in the Department of English and Humanities, whereas English 2322 is a sophomore-level course.

However, students may enroll in any course if all specific course prerequisites have been met.

**COURSE OFFERINGS**

The college exercises the prerogative of choosing the courses to be offered during any semester. This offering is announced in the official schedule of classes for the semester. Should the enrollment in a course be insufficient, the course may be dropped from the schedule. Likewise, a course may be closed to further enrollment should enrollment become excessive.

All traditional face-to-face classes may be enriched by the addition of an online component. Some courses may require students to actively engage in an online element. This may include areas such as the submission of assignments, and/or participation in discussion boards. The online component may be hosted on the college’s learning management system and other web locations. Students should contact the instructor or check the course syllabus to determine if there is an online component.

**PREREQUISITES FOR COURSES**

A “prerequisite” is a condition or requirement that must be met. Many courses are open only to those students meeting specified requirements. Course prerequisites may be credit in another course, a minimum grade in another course, test scores, concurrent enrollment in another course, sophomore standing, consent of the department head, or demonstration of a particular skill.

Prerequisites are indicated below each course description.

**FINAL EXAMINATIONS**

All academic courses administer final examinations. Exemptions from final examinations are not given. A student who misses a final examination may be given an “I” (incomplete) at the instructor’s discretion, if the absence is caused by sickness or other emergency. The student should contact the instructor to make arrangements for a make-up exam. An “I” automatically converts to an “F” by mid-semester of the following term if the student does not make up the exam.

**GRADING POLICY, GRADE REPORTS, GRADE POINTS**

The college considers grades extremely important permanent records and requires instructors to communicate their specific grading policies for each class at the beginning of the semester. At the end of the semester, the college requires instructors to submit final grades for all officially enrolled students.

Students who believe errors have been made in the final reporting of grades should discuss the matter with their instructors. The students may follow the method of appeal set forth in the *Student Handbook* and in College Regulation 663. A grade change request must be made within 12 months of the end of the term in which the grade was awarded. Appeals will not be accepted beyond the allowed twelve months of the end of the term in which the grade was awarded.

A final grade may be changed only by the instructor of the course with the approval of the Vice
President of Instruction or by action of the Board of Trustees.

Grade or Notations are as follows:
A  Excellent
B  Good
C  Average
D  Poor (lowest passing grade)
F  Failure
I  Incomplete: This grade is given only when a student misses the final examination. The instructor has the discretion to allow a make-up if the absence is caused by sickness or other emergency. By the following regular mid-semester, an “I” not made up will convert to an “F”.
W  Withdrawn: This grade indicates an official withdrawal from a course by the student or by administrative action after the attendance verification day and prior to the official drop date. This grade does not count toward the six drop limit.
X  Audit (no credit and no grade)
WX  Withdrawn: This grade indicates an official withdrawal from a course by the student or by administrative action after the attendance verification day and prior to the official drop date. This grade does count toward the six drop limit.

A four-point system for expressing in numerical terms the quality of scholarship achieved by the student is useful in determining eligibility for honors or probation, for graduation, for participation in intercollegiate athletic competition, and for membership in certain student organizations. The system is as follows:

Each grade of “A” earns 4 grade points per semester hour.
Each grade of “B” earns 3 grade points per semester hour.
Each grade of “C” earns 2 grade points per semester hour.
Each grade of “D” earns 1 grade point per semester hour.
Other grades earn 0 grade points.

At the end of each grading period a grade point average (or grade index) may be obtained by computing the sum of all the grade points earned and dividing this number by the total number of semester hours attempted. Courses marked “I”, “W”, “X”, and “WX” are not counted in computing the grade point average.

For example, if a student completes the following 16 credit hours in a semester, the GPA for that semester is calculated as follows:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credit Hours</th>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>3</td>
<td>B</td>
<td>9</td>
</tr>
<tr>
<td>Biology</td>
<td>4</td>
<td>C</td>
<td>8</td>
</tr>
<tr>
<td>History</td>
<td>3</td>
<td>B</td>
<td>9</td>
</tr>
<tr>
<td>Business</td>
<td>3</td>
<td>A</td>
<td>12</td>
</tr>
<tr>
<td>Art</td>
<td>3</td>
<td>A</td>
<td>12</td>
</tr>
</tbody>
</table>

Divide the number of grade points earned (50) by the total number of credit hours attempted (16). The GPA for that semester would be 3.17 or “B”.

GRADUATION REQUIREMENTS

Students are responsible for familiarizing themselves with the detailed requirements of their chosen degrees and for preparing themselves to meet those requirements.

Deadlines for applying for graduation are:
- August Graduation – July 15th
- December Graduation – November 1st
- May Graduation – April 1st

Students must go to the Office of Admissions and Registration to complete the application for graduation. Caps, gowns, and announcements are ordered through the WCJC bookstores. Candidates may graduate under the terms of the catalog in effect when they enter or any subsequent catalog under which they attend, provided:
A. Said catalog is not more than 5 years old.
B. The student’s particular degree or certificate plan has not been discontinued by the college.

General requirements for graduation for the Associate of Arts degree or the Associate of Applied Science degree are as follows:
1. All entrance requirements must be fulfilled.
2. Candidates who entered college after the fall of 1989 must demonstrate proficiency in basic skills either by passing TSI Assessment test or by TSI exemption, or by satisfying the basic skills requirements in any way prescribed by the Texas Higher Education Coordinating Board.
3. All financial obligations must be met.
4. At least sixty semester hours must be earned.
5. A GPA of at least 2.0, “C”, must be earned.
6. Candidates must complete at least 25% of their semester hours at Wharton County Junior College.
7. When requirements for degrees are met during the summer session or fall semester, diplomas are mailed to recipients.
MINIMUM STANDARD OF WORK

Wharton County Junior College expects students to achieve satisfactory progress toward the attainment of their education goals. The minimum acceptable standard of satisfactory progress is a cumulative average of at least 2.0 GPA on attempted semester credit hours.

RELIGIOUS OBSERVANCES

Students who are absent from classes for the observance of a religious holy day may take an examination or complete an assignment scheduled for that day within a reasonable time after the absence. Students should notify the instructor of each class scheduled on the date that they plan to be absent for a religious holy day.

REPLICATION OF COURSE

When a course is repeated, the last grade awarded is the permanent grade for the course and is the only grade considered in calculating the semester hours and the grade point average at Wharton County Junior College.

SCHOLASTIC HONORS

DEANS’S LIST: At the end of each full term (16 weeks) semester, those students who have been enrolled for at least twelve (12) semester hours of college-level courses, who have made no failing grades, and who have earned grade point averages of at least 3.5 are listed on the Dean’s List.

GRADUATION WITH HONORS: Those members of the graduating class who earn a grade point average of at least 3.8 are graduated with High Honors and those earning a grade point average of at least 3.5, but less than 3.8, are graduated with Honors.

ACADEMIC PROBATION

Failure to achieve the required minimum standard of work (cumulative average of at least 2.0 GPA) will result in a student being placed on academic probation for the next semester in which they are enrolled.

Students on probation are encouraged to reduce their course load and to reexamine and adjust their educational objectives, their workloads, and their study habits.

Students on academic probation are removed from probation when they have achieved the required minimum standard of work of a 2.0 GPA or higher.

ACADEMIC SUSPENSION

Failure to achieve the required minimum standard of work while on academic probation results in suspension from the college for the following semester. A student who has been suspended from the college for poor scholarship and who re-enters after the expiration of the semester of suspension, re-enters on academic probation.

SEMESTER CREDIT HOURS

The unit of measurement for credit purposes is the semester credit hour. One semester hour represents the credit earned in a course that is scheduled for one class hour a week for a semester. Most courses meet three hours a week and have a credit value of three semester hours.

STUDENT GRIEVANCES AND COMPLAINTS

The college has an established policy for hearing student grievances and complaints. Students who believe they have legitimate complaints about (1) discrimination or harassment based on sex, race, age, national origin, religion, veteran status, or handicap; (2) non-academic decisions, rules, or regulations; (3) management or conduct of programs; (4) allegations of misleading advertisement or promotion of programs; or (5) other actions of college employees should contact the Office of the Vice President of Student Services to file the grievance and obtain a copy of College Regulation 591.

TRANSCRIPTS

A transcript of the college credits is an official copy of the student’s permanent record bearing the college seal. For a fee, students may obtain copies of his or her transcript by requesting transcripts through the “WCJC Online Services” at www.wjc.edu or by making a written request to the Office of Admissions and Registration. Written requests must include dates of attendance, student ID number, and a legible signature. All admission information must be on file, and all holds must be cleared before a transcript is issued.

TRANSFER OF SEMESTER CREDIT HOURS

Wharton County Junior College is fully approved and accredited to offer lower-division courses
(freshmen and sophomore courses). All of WCJC academic semester hour credits transfer to other state-supported colleges. Certain developmental, preparatory, and vocational courses may not transfer. Colleges do not lower transferred grades; grades are filed just as they are received. For degree purposes or for determining scholastic standing, however, grades earned at other institutions may be averaged with work done at the receiving college or university.

The information that follows was written by the Texas Higher Education Coordinating Board with respect to the transfer of semester credit hours and to transfer disputes. Section 61.078 of the Texas Education Code, enacted by the 71st Legislature, requires that this information be reproduced in the college’s catalog.

FREE TRANSFERABILITY: Lower-division courses included in the Texas Higher Education Coordinating Board’s Academic Course Guide Manual and specified in the definition of “Lower-Division Academic Course Guide Manual” shall be freely transferable to and accepted as comparable degree credit by any Texas public institution of higher education where the equivalent course is available for fulfilling baccalaureate degree requirements. It is understood that each Texas institution of higher education may have limitations that invalidate courses after a specific length of time.

All lower division academic courses shall be fully transferable among public institutions and must count toward the same degree at any public college or university in Texas.

TRANSFER OF SEMESTER CREDIT HOURS REQUIREMENTS AND LIMITATIONS

A. Each institution of higher education shall identify in its undergraduate catalog each lower division course that is substantially equivalent to an academic course listed in the current edition of the Community College General Academic Course Guide Manual.

B. Each university must identify at least 45 semester credit hours of academic courses that are substantially equivalent to courses listed in the “Lower-Division Academic Course Guide Manual”, including those that fulfill the lower-division portion of the institution’s Core Curriculum.

C. All public colleges and universities must accept transfer of credit for successfully completed courses identified in (A) and (B) above as applicable to an associate or baccalaureate degree in the same manner as credit awarded to non-transfer students in that major.

D. Each institution shall be required to accept in transfer into a baccalaureate degree the number of lower division semester credit hours in a major which are allowed for their non-transfer students in that major; however,

- No institution shall be required to accept in transfer more credit hours in a major than the number set out in the applicable Coordinating Board approved Transfer Curriculum for that major, as prescribed by the current issue of the Coordinating Board’s Guide to Transfer of Credit Policies and Curricula.
- In any major for which there is no Coordinating Board approved Transfer Curriculum, no institution shall be required to accept in transfer more lower division courses credit in the major applicable to a baccalaureate degree than the institution allows their non-transfer students in the major.
- A university may deny the transfer of credit in courses with a grade of “D” as applicable to the student’s major.

E. All senior institutions of higher education in Texas shall provide support services for transfer students, equivalent to those provided to non-transfer students regularly enrolled at the institutions, including an orientation program for transfer students, equivalent to that provided for entering freshman enrollees.

F. No university shall be required to accept in transfer or toward a degree, more than sixty (60) semester credit hours of academic credits earned by a student in a community college. Universities, however, may choose to accept additional credit hours.

RESOLUTION OF TRANSFER DISPUTES FOR LOWER-DIVISION COURSES

The following procedures shall be followed by public institutions of higher education in the resolution of credit transfer disputes involving lower-division courses:

A. If an institution of higher education does not accept course credit earned by a student at another institution of higher education, the receiving institution shall give written notice to the student and to the sending institution that transfer of the course credit is denied. A receiving institution shall also provide written
notice of the reasons for denying credit for a particular course or set of courses at the request of the sending institution.

B. A student who receives notice as specified in Subsection (A) may dispute the denial of credit by contacting a designated official at either the sending or the receiving institution.

C. The two institutions and the student shall attempt to resolve the transfer of the course credit in accordance with Board rules and guidelines.

D. If the transfer dispute is not resolved to the satisfaction of the student or the sending institution within 45 days after the date of the student received written notice of denial, the institution that denies the course credit for transfer shall notify the commissioner of its denial and the reasons for the denial.

E. The Commissioner of Higher Education or the Commissioner’s designee shall make the final determination about a dispute concerning the transfer of course credit and give written notice of the determination to the involved student and institutions.

F. The Board shall collect data on the types of transfer disputes that are reported and the disposition of each case that is considered by the Commission or the Commissioner’s designee.

G. If a receiving institution has cause to believe that a course being presented by a student for transfer from another school is not of an acceptable level of quality, it shall first contact the sending institution and attempt to resolve the problem. In the event that the two institutions are unable to come to a satisfactory resolution, the receiving institution may notify the Commissioner of Higher Education, who may investigate the course. If its quality is found to be unacceptable, the Board may discontinue funding for the course.

SIX COURSE DROP LIMIT

Under section 51.907 of the Texas Education Code, “an institution of higher education may not permit a student to drop more than six courses, including any course a transfer student has dropped at another institution of higher education.” This statute was enacted by the State of Texas in spring 2007 and applies to students who enroll in a public institution of higher education as a first-time freshman in fall 2007 or later. Any course that a student drops is counted toward the six-drop limit if:

- The student was able to drop the course without receiving a grade or incurring an academic penalty;
- The student’s transcript indicates or will indicate that the student was enrolled in the course;
- The student is not dropping the course in order to withdraw from the institution;
- Once Wharton County Junior College calculates that the student has a total of six affected drops from Wharton County Junior College and all affected transfer institutions, he or she may not drop any additional courses at Wharton County Junior College. The instructor will be required to award the grade of A, B, C, D, or F.

An automatic notification will be placed on the student record after the student reaches the 3”rd counted drop and is encouraged to see an academic advisor.

EXCLUDED COURSES FROM LIMIT

Drops from the following types of courses are excluded from the course drop limit:

A. Courses taken by students while enrolled in high school – whether dual credit or early admission. Once graduated from high school the drops will begin to count.

B. Courses dropped at private or out-of-state institutions.

C. Remedial or developmental courses, workforce education courses, or other courses that would not generate undergraduate credit that could be applied to a degree.

D. Drops which meet the definition of a complete withdrawal.

EXCEPTIONS AND DOCUMENTATION REQUIREMENTS

A. Severe illness or other debilitating condition; statement from a doctor required.

B. Care of a sick, injured or needy person; statement from doctor regarding illness of the person being cared for; statement from the sick, injured, or needy person regarding the student’s role as the care-giver; or in case of a child, statement from the student.

C. Death of family member or another person who is otherwise considered to have a sufficiently close relationship; death
certificate or obituary from newspaper required.

D. Active duty service with the Texas National Guard or other armed forces by the student, a family member, or a person who has a sufficiently close relationship; orders from service required.

E. Change in work schedule that is beyond the control of the student; letter from employer required.

F. Other good cause as determined by the institution.

For the purposes of this section (listed above) the following definitions will apply:

**FAMILY MEMBERS:** spouse, child, grandchild, father, mother, brother, sister, grandmother, grandfather, aunt, uncle, nephew, niece, first cousin, stepparent, stepchild, or stepsibling.

**SUFFICIENTLY CLOSE RELATIONSHIP:** this relationship can include a relative with the third degree of consanguinity, plus close friends, including but not limited to, roommates, housemates, classmates, or others identified by the student for approval of the institution on a case-by-case basis.

**WITHDRAWAL FROM COLLEGE**

If a student must withdraw from the college before the completion of the semester for which he or she is enrolled, the student must fill out an official withdrawal form in the Office of Admissions and Registration or send a letter to that office requesting withdrawal.

All financial obligations to the college must be met in order to receive official clearance.

A student may officially withdraw from the college. Please see “Dropping Courses”.

**SERVICES FOR STUDENTS WITH DISABILITIES**

Wharton County Junior College is committed to providing a discrimination-free environment for its students with disabilities. Students with disabilities are encouraged to inform the college of any assistance they may need upon application. Early self-identification will allow students to receive whatever accommodation they may need as quickly as possible.

Students desiring accommodations must register with the Disability Services Coordinator and provide appropriate medical and/or psychological documentation. This action entitles qualified students with disabilities to their legal rights and assures them of receiving information on services and procedures available to them. Disability information is strictly confidential and is not released without consent of the student.

It is the responsibility of students with a disability to voluntarily and confidentially disclose information regarding the nature and extent of the disability. Wharton County Junior College does not assume responsibility for providing special accommodations and services to students who have not identified themselves as having a qualifying disability and who have not made their need known.

Specific disability services are based on individual needs and circumstances to initiate services. Students should contact the Disability Services Coordinator prior to each semester. The Disability Services Coordinator’s office is located in the Office of Student Services.

**STUDENT CONDUCT AND DISCIPLINE**

The proper role of the student while on any of the Wharton County Junior College campuses is to attend classes and to engage in related educational activities. Students’ involvement in the affairs of the college is encouraged and avenues of communications are provided, but abuse of democratic process is not tolerated.

All WCJC students are expected to obey the law, to show respect for properly constituted authority, and to observe correct standards of conduct. In addition, they are expected to refrain from other types of improper and socially unacceptable behavior that is specified in the **Student Handbook** & college regulation 592. Students who violate these rules of appropriate conduct as defined by the college are subject to disciplinary action.

Misconduct for which students are subject to discipline includes the following categories:

1. Dishonesty, such as cheating, plagiarism, or knowingly furnishing false information to the college. Plagiarism and cheating refer to the use of unauthorized books, notes, or otherwise securing help on a test; copying tests, assignments, reports, or term papers.
2. Being in unauthorized places such as offices or building after hours or in any instructor’s office without his or her permission.
3. Forgery, alteration, or misuse of college documents, records or identification.
4. Obstruction or disruption of teaching, research, administration, or other authorized activities, on college premises.
5. Physical abuse of any person on college-owned or controlled property or at college-sponsored or supervised functions, or conduct that threatens or endangers the health or safety of any such persons.
6. Theft of property or damage other than accidental to property of the college or of a member of the college community or of a campus visitor.
7. Violation of college policies or regulations.
8. Use, possession, or distribution of alcohol, narcotics, or dangerous drugs.
9. Disorderly conduct or lewd, indecent, or obscene conduct or expression on college-owned or controlled property or at college-sponsored or supervised functions.
10. Failure to comply with reasonable directions of college officials acting in the performance of their duties.
11. Making unreasonable noise on campus.
12. Conduct that adversely affects the student’s responsibility as a member of the academic community.
13. Use or possession of firearms, explosives (including fireworks), swords, daggers, straight razors, or illegal knives is not permitted on campus or in automobiles on campus streets or in parking lots.
14. Any form of gambling.
15. Improper dress. In consideration of sanitation, distraction, or offensiveness to other students and faculty, students are expected to wear appropriate clothing.
16. Unauthorized use of facilities.

Misconduct may result in the student being placed on disciplinary probation or suspension (dismissal).

Wharton County Junior College has identified certain behaviors that are possible grounds for immediate dismissal from the college. If any of these six situations occur, immediate dismissal may result:

1. Illegal use or possession of controlled substances (alcohol, drugs) anywhere on college property or at a college event or college-sponsored activity.
2. The presence of the opposite sex in a student’s dorm room.
3. Willful destruction of property, damage to buildings or furnishings, or defacing college property.
4. Physical assault or threat of physical assault on/toward anyone on college property or at a college-sponsored event or activity.
5. “Hate Messages” including, but not limited to, racial epithets or derogatory remarks attacking or belittling someone’s religious beliefs, lifestyle, national origin, physical attributes, etc., whether delivered orally or in writing.
6. Refusal to comply with legitimate directives from dorm supervisors, security personnel, or any college officials or exhibiting defiantly disrespectful behavior to such persons.

WHARTON COUNTY JUNIOR COLLEGE SEXUAL HARASSMENT POLICY – REGULATION 879

Employees or students shall not engage in conduct constituting sexual harassment. The district shall investigate all allegations of such harassment and shall take appropriate disciplinary action against employees or students found to engage in such harassment. Any employee or student who believes he or she has been or is being subjected to any form of sexual harassment shall bring the matter to the attention of the immediate supervisor in accordance with the district’s grievance policy [Reg. 591 and 877]. However, no procedure or step in that policy shall have the effect of requiring the employee or student alleging sexual harassment to present the matter to the person who is the subject of the complaint. NOTE: The Director of Human Resources or the President may also be contacted by personnel on issues relating to sexual harassment.

Admission and Registration

ADMISSION

Admission for the college credit studies is open to all applicants who meet at least one of the methods of regular admission listed below. However, admission to the college does not imply admission to all programs.

Guidelines for admission to the Associate Degree Nursing (ADN), Dental Hygiene, Physical Therapist Assistant, Radiologic Technology, Vocational Nursing (LVN), Human Services, Emergency Medical Technology, Surgical Technology, and Police Academy are given in the degree requirements section of this catalog or from the respective
Each applicant must satisfactorily complete all phases of the admission process. The Office of Admissions and Registration evaluates the application and notifies the student of acceptance or rejection. The student may appeal the decision if the case meets the criteria for appeal stipulated in Regulation 591, Student Grievances.

**BACTERIAL MENINGITIS VACCINATION REQUIREMENT**

Under the requirements of law recently enacted by the Texas State Legislature, students who are under 22 years of age and entering higher education in the spring of 2014 (and any semesters following) must demonstrate proof of vaccination against bacterial meningitis.

An entering student is defined as a student new to higher education. Transfer and transient students from another college, or a student who has not been enrolled one fall or spring semester and is returning to Wharton County Junior College, are also subject to this requirement. It is important to consult a physician about the need for the immunization against bacterial meningitis to prevent the disease.

Not all students are required to show proof of the vaccination. Please read further for details about exemptions and how to opt out of showing proof of the vaccination.

Students may elect not to take the vaccination by filing a Medical Exemption Affidavit or Certificate or a Texas Department of State Health Services (TDSHS) Exemption from Immunization for Bacterial Meningitis for Reasons of Conscience Form.

Evidence of vaccination or exemption should be submitted to Wharton County Junior College Office of Admissions and Registration. Vaccinations must have been received within the past (5) years and no later than 10 days prior to the first day of the first semester in which the student initially enrolls. A Wharton County Junior College Bacterial Meningitis Vaccination Record Form must be completed and submitted along with vaccination records or a Medical Exemption Affidavit of Certificate or an Exemption from Immunization for Reasons of Conscience Affidavit Form.

**EXEMPTIONS**

Wharton County Junior College students who are currently enrolled and planning on returning for their next consecutive semester will NOT be required to submit proof of vaccination.

Exemptions allowed by law are:

- Students 22 years of age or older by the first day of the semester
- Students enrolled only in online courses or other distance education programs
- Students enrolled in dual credit classes on a high school campus
- Students enrolled in Adult Education and Literacy (AEL) courses
- Students enrolled in continuing education (CE) or corporate study courses
- Students enrolled in programs of less than 360 contact hours
- Students incarcerated in a Texas prison

**EVIDENCE OF VACCINATION**

Evidence of vaccination must:

1. Be submitted along with a completed WCJC Bacterial Meningitis Vaccination Record Form, which can be found on the college website at www.wcjc.edu, under the Office of Admissions and Registration.

2. Include month, day, and year of vaccination and verify that vaccinations (or boosters) were received at least 10 days prior to the first day of the semester and within the past 5 years.

3. Include one of the following:
   - A completed WCJC Bacterial Meningitis Vaccination Record Form bearing the signature or stamp of a physician or his/her designee.
   - An official immunization record generated from a state or local health authority.
   - An official record received from school officials, including a record from another state.

**EVIDENCE TO DECLINE VACCINATION**

A student, or parent or guardian of a student, is not required to submit evidence of receiving a vaccination against bacterial meningitis if the student, or a parent or guardian of a student,
submits evidence to decline the vaccination to the institution.

Evidence to decline the vaccination can be either:
1. A Medical Exemption Affidavit or Certificate signed by a physician who is licensed to practice medicine in the U.S. in which it states that in the physician’s opinion it would be injurious to the health and well-being of the student to receive the required vaccination.

2. Conscientious Objection Form (for student NOT LIVING IN ON-CAMPUS HOUSING). For new students (under the age of 22 years) at institutions of higher education and NOT living or residing in on-campus housing, who wish to file an affidavit stating that the student declines the vaccination for bacterial meningitis for reasons of conscience, the student may use the official Texas Department of State Health Services form, accessible from the website at the following link: https://corequestjc.dshs.texas.gov/. Students must request the form electronically, complete it, sign it, have it notarized, and file it with the Office of Admissions and Registration.

For further information, or to ask any questions, please contact the Office of Admissions and Registration.

METHODS OF REGULAR ADMISSION

Persons may qualify for admission to Wharton County Junior College by any of the following means:

HIGH SCHOOL GRADUATE - Any student that has graduated from a state accredited high school. The following admission requirements must be met and submitted to the Office of Admissions and Registration:

- Submitted electronic application or completed and signed paper application.
- Completed official copy of the high school transcript showing the last year’s grades and date of graduation.
- Official exemption test scores and documentation that meets the Texas Success Initiative as required by the Texas Higher Education Coordinating Board.

GED GRADUATE – students who have completed the General Educational Development (GED) test.

The following admission requirements must be met and submitted to the Office of Admissions and Registration:

- Submitted electronic application or completed and signed paper application.
- GED certificate with official scores and completion date.
- Official exemption test scores and documentation that meets the Texas Success Initiative as required by the Texas Higher Education Coordinating Board.

GRADUATE OF HOME SCHOOL, PRIVATE SCHOOL, OR NON-ACCREDITED HIGH SCHOOL - Any student who has completed a home school program or has graduated from a private or non-accredited high school is eligible to apply for admission. The following admission requirements must be met and submitted to the Office of Admissions and Registration:

- Submitted electronic application or completed and signed paper application.
- Completed and notarized copy of the student’s transcript signed by the principal or head of instruction, showing the last semester’s grades and date of graduation.
- Official exemption test scores and documentation that meets Texas Success Initiative as required by the Texas Higher Education Coordinating Board. Students who completed home school and are seeking federal financial aid funds to off-set the cost of college attendance are strongly encouraged to contact the office of financial aid to verify their home school experience.

STUDENTS TRANSFERRING FROM AN ACCREDITED COLLEGE OR UNIVERSITY OR WHO ARE CONCURRENTLY ENROLLED IN AN ACCREDITED COLLEGE - Only credits from accredited colleges or universities are accepted. i.e., Southern Association Colleges and Schools, Commission on Colleges. The following admission requirements must be met and submitted to the Office of Admissions and Registration:

- Submitted electronic application or completed and signed paper application.
- Official and up-to-date transcript from all colleges attended.
- Official exemption test scores and documentation that meets Texas Success Initiative as required by the Texas Higher Education Coordinating Board.
Wharton County Junior College only recognizes and accepts transferable credit from colleges or universities that have been accredited by one of the following six “Regional Accreditation” bodies:

1. Middle States Association of Colleges and Schools
2. New England Association of Schools and Colleges
3. North Central Association of Colleges and Schools
4. Northwest Association of Schools and Colleges
5. Southern Association of Colleges and Schools
6. Western Association of Schools and Colleges

Students on scholastic probation at another institution and eligible to return to that college may be admitted to Wharton County Junior College with the status of scholastic probation provided they meet the other entrance requirements. In cases of doubt about the academic status of a transfer student from another institution, WCJC standards on probation and/or suspension are applied to the case.

STUDENTS ENROLLING IN A CERTIFICATE PROGRAM – Any person seeking a technical certificate is eligible to attend Wharton County Junior College. These students are exempt from TSI testing requirements as long as the student enrolls in the courses within the certificate program(s) as outlined in this catalog. The following admission requirements must be met and submitted to the Office of Admissions and Registration:

- Submitted electronic application or completed and signed paper application.
- Completed official copy of the high school transcript showing the last year’s grades and date of graduation or GED certificate with official scores and completion date.
- Official, up-to-date transcripts from all colleges attended.

EARLY ADMISSION FOR HIGH SCHOOL STUDENTS

High School (including home schooled, private, or non-accredited high school) students may enroll in a Dual Credit program or as an Early Admission Student.

High school students who are classified as juniors may enroll in a maximum of two college courses per semester provided they have met the following criteria: (1) the student has met all of the Wharton County Junior College requirements for early college admission by completing the WCJC Certification for Early Admission Form, (2) the student is in the top 25% of their high school class, (3) the student has a signed recommendation from their high school principal in the office of Wharton County Junior College’s Vice President of Instruction prior to the student’s registration each semester.

Students demonstrating outstanding academic performance and capability for more courses may take up to a maximum of 15 semester credit hours with the recommendation from the high school principal and approval of the Vice President of Instruction.

High school students who are classified as seniors may enroll in a maximum of two college courses per semester provided they have met the following criteria: (1) the student has met all of the Wharton County Junior College requirements for early college admission by completing the WCJC Certification for Early Admission Form, (2) the student is in the top 25% of their high school class, (3) the student has received no grade below a “B” in any previous college course work attempted, (4) the student has a signed recommendation from their high school principal in the office of Wharton County Junior College’s Vice President of Instruction prior to the student’s registration each semester.

Students demonstrating outstanding academic performance and capability for more courses may take up to a maximum of 15 semester credit hours with the recommendation from the high school principal and approval of the Vice President of Instruction.

Students are cautioned to guard against enrolling for college courses that are related to their areas of University of Interscholastic League (UIL) competition and which might thereby endanger their eligibility for participation in UIL.

As a means of recognizing superior high school achievement, qualified high school students are permitted to enroll in the summer session or concurrently with high school enrollment and earn college credits applicable to the associate degrees. The following admission requirements must be met:

- Submitted electronic application or completed and signed paper application.
• Completed Certificate for Early Admissions form which includes the recommendation by the high school principal and consent of parent if the student is under 18 years old – REQUIRED EVERY YEAR until student graduates high school.
• Official exemption test scores and documentation that meets the Texas Success Initiative (TSI) as required by the Texas Higher Education Coordinating Board.

GENERAL ADMISSION PROCEDURES

Persons desiring admission to Wharton County Junior College, by any method of admission, should file the following with the Office of Admissions and Registration:

1. An application submitted online at www.applytexas.org or see Admissions Office for a paper application.
2. If enrolling by transfer, an official transcript from each college attended is required.
3. TSI Assessment scores (or state-approved alternative test scores) or proof of TSI exemption. (These test scores are not used as a condition of admission, but rather, for advisement and placement purposes.).

RESIDENCY INFORMATION AND REQUIREMENTS

Students are classified as Texas residents or non-Texas residents for the purpose of assessing matriculation and tuition fees. Texas residents must be further classified as either in-district or out-of-district residents. For purposes of determining residency, WCJC complies with all applicable state and federal regulations, as well as with the Texas Higher Education Coordinating Board recommendation.

TEXAS RESIDENT: An adult Texas resident is defined as one who has resided continuously within the state of Texas for at least 12 months prior to the census date of the academic semester in which the student is enrolling. A minor Texas resident is defined as one whose parent(s) or legal guardian has claimed the dependent for federal income tax purposes both at the time of enrollment and for the tax year preceding enrollment. This classification is defined by the State Auditor’s Office and must be adhered to.

NON-RESIDENT: A non-resident student is defined as one who does not qualify as a Texas resident (out-of-state, international students, etc.). A non-resident student classification is presumed to be correct so long as the student is in the state primarily for the purpose of attending school. To be reclassified as a resident, after one or more years of residency, the student must show proof of intent to establish Texas as his/her own residency.

IN-DISTRICT: In general, an adult who is a Texas resident has resided continuously within, and paid property taxes to, the Wharton County Junior College District (Wharton County and Needville ISD) for at least six months prior to the census date of the academic semester in which the student is enrolling. If the applicant is a minor, then their parent(s) or legal guardian must meet the qualification of In-District.

OUT-OF-DISTRICT: A Texas resident who does not qualify as an in-district resident.

PROOF OF RESIDENCY

Section 54.051(b) of the Texas Education Code requires documentation of residency for persons enrolling in public institutions of higher education.

Persons classified as residents are required to provide proof that they are entitled to be so classified and to agree to notify the proper institutional official if for any reason the classification becomes inappropriate.

In addition to documenting residency, WCJC is responsible for reviewing enrollment or registration applications for errors, inconsistencies, or misclassification of residence status. Written documentation to resolve any problems noted is required and a copy of such is maintained in the student’s file for audit review.

Further, at minimum, each institution must file and maintain a copy of one or more appropriately dated documents that certify that the student classified as a resident has a legal right to such classification as of the official census date of the semester or term for which the student is enrolling. Documents acceptable for this purpose include but are not limited to:

A. Texas high school transcript.
B. Employer statement of date of employment.
C. Permanent Driver’s license; at least one year old. Generally, the license expiration date minus date of enrollment should not exceed three years.
D. Texas voter registration card; at least 180 days old for in-district classification.
E. Property tax payments.
F. Canceled checks.

Additional information concerning admission is available by contacting the Office of Admissions and Registration.

REGISTRATION

Registration information, procedures, and deadlines for college credit and continuing education students are published in the printed class schedules and also available online at www.wcjic.edu under Admissions. Each student, by registering, pledges acceptance of the rules and regulations of the college.

Students may register for credit classes online or in person, at times specified in the published schedule.

Registration must be completed prior to the beginning of classes.

Students may register for a maximum of 19 credit hours in fall and spring semesters, 14 credit hours in the summer (both sessions combined), and 3 credit hours in a mini semester. Students who wish to register for additional hours must have written permission from the Vice President of Instruction.

Courses may be added and/or dropped only during periods indicated in the college’s academic calendar. Classes dropped after the census date and before the official withdrawal date are recorded with the letter “W” on the student’s permanent record.

TEXAS SUCCESS INITIATIVE (TSI)

Students attending Texas public institutions of higher education must be in compliance with the Texas Success Initiative (TSI), as of fall 2003 (Texas Education Code §51.3062) in order to enroll in public institutions of higher education. The law requires all entering college students to be assessed for college readiness in reading, mathematics and writing unless the student qualifies for an exemption. Each student who fails to meet the minimum passing standard of the exam offered by the institution must be placed in a developmental education program designed to help the student achieve college readiness.

TEXAS SUCCESS INITIATIVE EXEMPTIONS

A student may be exempt from meeting Texas Success Initiative standards by meeting one of the following standards.

- SAT combined Math and Critical Reading scores of 1070 with at least 500 on each of the two parts. (Test taken no more than 5 years ago)
- ACT composite score of 23 with at least 19 on the Math and 19 on the English scores. (Test taken no more than 5 years ago)
- TAKS exit-level Math score of 2200 and English/Language Arts score of 2200 and Writing essay score of 3. (Test taken no more than 5 years ago.)
- Students serving on active duty as a member of the US armed forces, the Texas National Guard, or as a member of a reserve component of the US armed forces and have been serving for at least three years preceding enrollment.
- Students who on or after August 1, 1990, were honorably discharged, retired, or released from active duty as a member of the armed forces, the Texas National Guard, or serve as a member of a reserve component of the US armed forces.
- An earned degree, associates or higher, from a Texas public college or university.
- A student who transfers to an institution from a private or independent institution of higher education or an accredited out-of-state institution of higher education and who has satisfactorily completed college-level coursework as determined by the receiving institution.
- STAAR scores minimum: STAAR end-of-course (EOC) with a minimum score Level 2 on English III shall be exempt from the TSI Assessment required by TSI for both reading and writing and a minimum score of Level 2 on the Algebra II EOC shall be exempt from the TSI Assessment.
- TSI Assessment: Reading score of 351 or above, Mathematics score of 350 or above, Writing essay score of a 5 or above; or an essay score of a 4 with an objective score of a 363.
• PSAT combined minimum score of 107 with a minimum score of 50 on the critical reading and/or mathematics section linked to the subject area in which the student wishes to enroll (dual credit admission only). Dual credit students are strongly encouraged to visit the WCJC website for the most up to date information regarding TSI exemptions for admission.

TSI Exam Results

Students who do not score at a college-ready level on three parts of the TSI Assessment (Reading, Writing, and Math) must enroll in an appropriate developmental education course before the student may enroll in a credit bearing course for the subject in which he or she did not meet state standards.

TESTING INFORMATION

Beginning students who need to satisfy TSI requirements may call the WCJC Testing Center, located on the second floor of the J.M. Hodges Library, or any campus testing center, to make an appointment for testing. Testing schedules are also available online at www.wcjc.edu from Admissions/Testing. Testing should be completed at least one month prior to registration.

DEVELOPMENTAL EDUCATION PLAN TO COMPLY WITH TEXAS SUCCESS INITIATIVE

In accordance with Texas Success Initiative guidelines (TSI), Wharton County Junior College will assess each undergraduate student entering the institution (unless exempted) and determine if the student is “college-ready” in reading, writing, and math. Students who do not achieve a college-ready score on one or more sections of the THECB approved assessment instruments (determined by WCJC to be “not college-ready” in one or more areas) may satisfy TSI requirements by the completion of an individualized developmental education plan.

More information regarding WCJC’s developmental education plan is available in the Counseling Office on each campus.

CREDIT BY EXAMINATION

Credit for selected courses at Wharton County Junior College may be obtained by special examinations in accordance with the following policies:

A. Credit by examination may not be acquired in courses in which the student has been enrolled for credit past the 12th class day or in an academic discipline in which the student has earned credit in a more advanced course.

B. No credit by examination is applicable to the student’s transcript until the student has earned an equivalent number of hours at Wharton County Junior College.

C. Not more than sixteen semester hours may be earned by examinations in transfer courses nor more than twenty-two semester hours in vocational or technical classes.

COLLEGE BOARD’S ADVANCED PLACEMENT

Grades of A, B, or C are granted by Wharton County Junior College for the College Board’s Advanced Placement Exams in which the student has received a corresponding score of 5 (A), 4 (B), or 3 (C).

COLLEGE LEVEL SUBJECT EXAMINATION (CLEP)

College Level Subject Examination Program (CLEP) tests are administered on the WCJC campus by special appointment with the Testing Center. Fees of $80, payable to CLEP, and $15, payable to the WCJC Business Office, are required for each CLEP examination. Total cost per test is $95. Grades of A (70-79), B (60-69), and C (50-59) are granted with credit in the following courses:

<table>

SPAN 1411, 1412, 2311, 2312: (14 hrs. if score is 70-80; grade of “A”)  

*The maximum number of semester credit hours that may be earned by exam is 16.

CALCULUS PLACEMENT

Placement into WCJC Calculus classes can be completed by one of the following:

1) Satisfying the prerequisites* OR
2) Completing Compass Placement test for Calculus I with the minimum required score** OR
3) Completing the College Board’s Advance Placement (AP) exam with the minimum required score*** OR
4) Completing the College-Level Subject Examination Program (CLEP) with the minimum required score****

*The prerequisite for each Calculus course are described in the course descriptions of the WCJC catalog under the Mathematics section.

**The Compass Placement Test is administered by the WCJC campus by special appointment with the Testing Center. A fee of $20, payable to the WCJC Business Office, is required for each Compass Test.

- A maximum of two Compass tests for Calculus I can be taken per calendar year. A score from 51 to 100, inclusive, on the Trigonometry portion of the test is required to permit registration in Calculus I, MATH 2413.
- The Compass Placement Test differs from 3) ***AP and 4) ****CLEP in that no credit is given for any course, only permission to take Calculus I is granted.

***The College Board’s Advance Placement (AP) for Calculus has two tests: one for Calculus AB and one for Calculus BC. See table below.

- The WCJC policy for the Calculus AB test is to give credit for Calculus I, MATH 2413, with a grade corresponding to the score: A (5), B (4), or C (3).
- The WCJC policy for the Calculus BC test is to give credit and grades according to the scores as follows: a score of 5 on the Calculus BC exam results in credit for Calculus II, MATH 2414, with an A and credit for Calculus I with an A, a score of 4 results in credit for Calculus II with a B and credit for Calculus I with a grade corresponding to the Calculus AB sub-score as follows: A (5), B (4), or C (3).
- If the score for the Calculus BC test is 3 or below, no credit is given for Calculus II; but consideration is given to the Calculus AB sub-score in which case a sub-score of 3 or higher for Calculus AB results in credit for Calculus I with a grade corresponding to the score: A (5), B (4), or C (3).
- Registration in the appropriate course is permitted immediately, but the credit for Calculus I and/or II is not granted until an equivalent number of hours are completed at WCJC.

</tbody>
</table>
****The College-Level Subject Examination Program (CLEP) is described above. Passing the CLEP exam for Pre-Calculus with a “C” or better satisfies the prerequisites for taking Calculus II, MATH 2414. Credit is granted after completion of 4 credit hours at WCJC.

OTHER CREDIT BY EXAM OPTIONS

Grade of “A” in English 1301 (three semester hours) is granted based upon an English Enhanced Score of 31 or more on the ACT or a score of 670 or more on the SAT – Verbal.

CREDIT FOR MILITARY TRAINING

Wharton County Junior College may grant credit for military training or coursework, if material covered in the military school is comparable to the material taught in the WCJC course. Students who wish to have their military transcript evaluated for possible credit must contact the office of Admissions and Registration to initiate the review process. WCJC department heads or division chairs will determine whether or not credit may be granted and for which course.

CREDIT FOR INTERNATIONAL COURSEWORK

Wharton County Junior College will grant credit (grade of “A”) on International Baccalaureate Higher Level (unless otherwise noted) tests for the following courses:

TECH PREP PROGRAM

Tech prep is a way to start a college technical major while attending high school. In this program, students begin a course of study in high school and continue in a community or technical college. The result is a certificate or an Associate of Applied Science degree. Some technical courses may also apply toward a four-year degree.

Tech Prep programs combine the academic courses needed for success in college and the technical courses that begin to prepare students for a career.

Students in Tech Prep programs can earn college credit through: articulated technical courses, Advanced Technical Credit, Dual Credit courses, and College Board Advanced Placement.

Students receive high school credit if they successfully complete the articulated courses and may receive college credit if they enroll in college and meet all requirements of the college.

Wharton County Junior College offers Tech Prep courses in:

- Automotive Technology
- Computer Science – Computer Programming
- Computer Science – Network Administration
- Early Childhood
- Engineering Design
- Health Information Technology
- Human Services
- Office Administration
- Paralegal Studies
- Process Technology
- Welding Technology

For more information regarding Tech Prep course options students should speak with their local high school counselor and/or contact the WCJC Vocational Support Coordinator.
Distance Education

Wharton County Junior College provides students with the opportunity to enhance their educational experience through the distance education department. Many classes are offered through the internet, ITV or blended formats.

- **ITV** – ITV provides instructional content through a two way video communication network. It provides real-time face-to-face instruction between the instructor and students at multiple locations. In most instances, ITV courses are also web-enhanced, requiring students actively engage in an online component. This may include elements such as the submission of assignments, online testing and/or participation in discussion boards. Students should have access to the internet and be familiar with email, the web, creating and saving documents and uploading files.

- **Internet** – Internet courses are conducted almost, if not entirely (85-100%) online. Some instructors may require that students come to campus for orientations, field trips, or to take exams in an approved testing location. Students must have access to the internet and be familiar with email, the web, creating and saving documents and uploading files.

- **Hybrid** – Hybrid courses combine online learning and face-to-face instruction. These courses provide 50-85% of class instruction in an online setting. The remainder of the instruction (15-50%) takes place in traditional face-to-face setting. Students must have access to the internet and be familiar with email, the web, creating and saving documents and uploading files.

**IS ONLINE EDUCATION RIGHT FOR ME?**

Student’s should be confident about their computer and study skills. Review the following list of requirements to assess your readiness to take online classes.

- I know how to connect to the Internet using a browser.
- I can navigate around the internet and know how to use search engines.
- I know how to send and receive e-mail.
- I know how to do basic word processing, including cutting and pasting.
- I know how to open, save, and manage files.
- I have access to a computer with an internet connection at least 5 days a week.
- I have 9-12 hours a week to work on each online class.
- I am motivated to log in to the virtual classroom at least 5 days a week.
- I am a self-starter and can manage my time and course workload efficiently.
- I have good reading comprehension and written communication skills, and I enjoy communicating in writing.
- I am able to ask for help when I need it.
- I have good time management skills.
- I am self-disciplined.
- I have a quiet place to study and work on assignments.

Being successful in an online learning environment requires that a student have strong time-management skills. To meet the unique advisement needs of online students, all college students are recommended to visit Academic Advising. Students should consult with an advisor to determine if they are a good candidate for distance learning courses. Students can also take the Online Learning Assessment located on the Distance Education website at: [http://www.wcjc.edu/Programs/distance-education](http://www.wcjc.edu/Programs/distance-education) to gain insight as to their learning style and level of technical expertise.

**SUPPORT FOR ONLINE STUDENTS**

The Distance Education Student Handbook is published on the Distance Education section of the Wharton County Junior College website and provides web-based access to information important to online students. Students having technical issues with their online courses can get assistance by completing the Request for IT Support form or by calling (979) 532-6568. IT Support Help Desk hours are Monday through Thursday 8 a.m. – 7 p.m. and Friday from 8 a.m. – 5 p.m. during the school year.

**MINIMUM SYSTEM REQUIREMENTS**

Students who enroll in an Internet or Hybrid course do not have to own a computer but they must have access to a computer with the following requirements:
• **Computer** – As a general guideline, a computer three years old or less is best. It should be running at least Windows Vista, Windows 7, Windows 8, or Mac OSX.

• **Internet Access** – A satellite, DSL, or cable connection or higher is best. Dial-up connections are not recommended and will be problematic. If relying on an employer’s Internet connection, be aware that firewall restrictions and policies may exist that prevent access to all or part of the course, using the college’s online tools.

• **Web Browser** – For PC users, Internet Explorer 9+, Firefox 4.0+, or Google Chrome browsers are required. It is recommended that students install multiple browsers to use as options. For Mac users, it is recommended to use Firefox, Google Chrome, or Safari browsers.

• **Java Runtime Environment** – Students will need to have the Oracle Java Runtime Environment (JRE) version 7 installed in order for certain areas of Blackboard Learn to function properly. Please visit the Java website to download the latest version.

• **JavaScript** – By default, JavaScript is enabled on all supported browsers. However, if encountering problems with Blackboard Learn, please check the browser setting to make sure that JavaScript is enabled.

• **Third Party Cookies** – Third party cookies are allowed by default on all supported browsers. If you experience problems staying logged in to Blackboard Learn, please check your browser settings to make sure you allow third party cookies.

• **Pop-up Blockers** – While using Blackboard Learn, if you are unable to view discussion postings, quiz windows, and download links, then you may need to disable pop-up blocking for your browser.

• **Third Party Plug-ins** – Some content within courses may require the installation of third party plug-ins such as Adobe Flash play version 11, Windows Media Player, RealPlayer, and many others. In each case there should be a notification and link informing you that you need to install a new plug-in. Be careful that you only install trusted plug-ins that are necessary for the course content. Malicious plug-ins can be dangerous to your computer.

• **Administrative Rights** – If you are not using a computer provided by Wharton County Junior College, you must have the administrative rights necessary to download and install required programs and plug-ins on the computer you use to access your online courses.

### ONLINE STUDENT RESPONSIBILITIES

• **Attendance:** Distance Education courses require the same time commitment as traditional courses. Wharton County Junior College expects all students registered in an Internet (WWW) section to log into the course on the first day of the semester. Best practice is to log in a minimum of twice each week. Check with your instructor as he/she may have additional attendance requirements.

• **Security of Login Credentials:** Students should take care to exit the course management system using the logout link which will end the session properly. Never end a session by only closing the browser. It is the responsibility of the student to secure his/her login credentials.

### Financial Information

#### TUITION AND FEES

Tuition and fees must be paid at the time of registration each semester. Tuition and fees are charged according to the number of semester credit hours (SCH) a student enrolls in. Minimum tuition for an in-district or out-of-district resident is $50, and minimum tuition for an out-of-state or foreign resident is $200.

#### APPLICABLE FEES

<table>

<td>$15 to WCJC</td>
</tr>
<tr>
<td>Lab Fee</td>
<td>Varies per program</td>
</tr>
</tbody>
</table>

*WCJC Tuition and Fees are subject to change without notice by action of the Board of Trustees or the state legislature.*
Students with completed registrations will be allowed to make schedule changes at the beginning of each semester, after courses have started. Generally, students are allowed the first two days of the semester/enrollment period to make schedule changes for 16 week courses and the first day of the semester/enrollment period for less than 16 week courses (14 week, 8 week, etc.).

Schedule change fee will be assessed on all course changes. (NOTE: Students need to be aware that dropping a course during the schedule change time frame will result in only a 70% refund. The refund will be applied to the cost of a new registration – students are responsible for the remaining charges of a new course.)

**TUITION INSTALLMENT PLAN**

Students may pay in full at the time of registration or they may pay on the installment plan:

**Fall and Spring Installment Plan Deadlines**

| Prior to 1st day of class: 50% of tuition and fees + non-refundable $35 fee |
| Prior to the start of the 6th week class: 25% of tuition and fees |
| Prior to the start of the 11th week class: Final balance due (remaining 25%) |

**Summer Session Installment Plan Deadlines**

| Prior to 1st day of class: 50% of tuition and fees + non-refundable $35 fee |
| Summer I – Second Installment: Final balance due (remaining 50%) June 30th |
| Summer II – Second Installment: Final balance due (remaining 50%) July 31st |

A $35 fee will be assessed for each late installment payment. Installment plans must be executed prior to the first day of class.

Early registrants may select a four-payment installment plan in which each payment is 25% of the total in the fall and spring semesters. Early registrants may select a two-payment installment plan for the summer sessions. A $35 non-refundable fee will still be added to the first payment.

**ROOM AND BOARD FEES**

*Includes 8.25% sales tax

A dorm resident student must qualify as a full-time student (minimum 12 semester hours) to live in a residence hall [Reg. 513].

<table>
<thead>
<tr>
<th>Dormitory and Room assignment</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
<tr>
<td>$750 per semester</td>
</tr>
<tr>
<td>$750 per semester</td>
</tr>
<tr>
<td>$1300 per semester</td>
</tr>
</tbody>
</table>

Room charges and the first board payment are due and payable at the time of registration and must be paid before occupancy is permitted. Students are required to show their receipts for payment to be admitted to dorms.

Dormitory residents are required to make a deposit of $200 to reserve a room and to cover possible property damages. Students must also include a Release of Background Information form along with a $15 fee. To cancel the residence hall reservation and contract, the student must submit a request in writing to the Housing Office 15 calendar days prior to the first day of class. Returning residents must make additions to their deposit if damages were withheld to maintain a $200 balance prior to each semester in which they return as a resident. For non-returning residents, the deposit is refundable at the end of the semester upon written request of the student, if all provisions of the housing contract have been satisfied. A student who vacates the dorm because of withdrawal from WCJC or graduation will have up to 12 months from the end of the semester to request the return of the deposit. If not requested within this time period, the deposit will be forfeited to the college.

Dormitory and room assignments are made according to the date the deposit is received. All efforts are made to accommodate student requests for dormitory and/or roommate preference.

Three meals a day are served Monday through Friday, two meals on Saturday, and one meal on Sunday. The cafeteria is closed during holidays.
The snack bar is open at scheduled times on weekdays. Dormitories and the cafeteria are closed during official college holidays as specified in the college’s academic calendar, and during these holidays students are expected to arrange for other housing and meals.

Dormitory and cafeteria charges are subject to change without notice by action of the Board of Trustees.

Students may request further information by contacting the Office of Student Services. The Housing Application form is available in the back of this catalog and may be mailed.

REFUNDS

Regulations of The Texas Higher Education Coordinating Board (THECB) govern the refund of tuition and fees. All refunds of tuition and fees are made on a percentage basis. Students are eligible to receive a 100% refund only if they drop courses prior to the first day of classes of a semester/enrollment period. After the first day of classes, students are eligible for percentage refund of tuition and some mandatory fees. (No percentage refunds are available for technology fees). Minimum tuition for an in-district or out-of-district resident is $50.00, minimum out-of-district student fee is $50.00, and minimum tuition for an out-of-state or foreign resident is $200.00.

The chart below is standard for the application of the THECB refund policy. Last day for 70% (or 25%) refund indicates the total number of instructional days in the term not the number of times the course has met.

Students need to consult the WCJC website at “Student Tuition Refund Information”, in order to determine refund dates and final drop/withdraw deadlines for each semester/enrollment period.

REFUNDS FOR CONTINUING EDUCATION

The college's refund policy for continuing education classes is as follows:

- Students requesting refunds at least three full working days prior to the first class meeting receive a 100% refund of all tuition and fees unless an earlier refund date is published for an individual course, seminar, workshop, conference, or other noncredit offering or program.
- No refund of tuition or fees is issued for requests received fewer than three full working days prior to the first class meeting unless a different refund date is published for an individual noncredit offering.

REFUNDS FOR ROOM AND BOARD

When a student is dismissed from the residence hall or vacates the residence hall for any reason during the semester, the board payment and room rent will not be refunded.

DELINQUENT ACCOUNTS AND RECORDS

Students are required to complete all admissions requirements, to return all college-owned property and to make payment of tuition, fees, and fines owed the college or grades and transcripts will be withheld.

Students with delinquent accounts are not eligible for graduation or participation in graduation ceremonies.

Requests for student information must be authorized in person or in writing by the student.

PARKING

Students who park motor vehicles at any Wharton County Junior College location must register their vehicles and receive a parking permit. The parking permit must be attached to the rearview mirror in accordance with college instructions. Violators of college traffic and parking regulations are subject to fines and/or other appropriate disciplinary action. Illegally parked vehicles are subject to towing at the owner’s expense. Parking and traffic regulations are set forth in detail in the Student Handbook.
TEXTBOOKS AND SUPPLIES

Barnes & Noble operates bookstores on the Wharton, Sugar Land, and Richmond campuses for the convenience of students. Used and new books are sold at the beginning of the semester. At the end of the semester those books that are to be continued as textbook selections may be purchased from owners for resale. The bookstores also carry many supplies required for the courses offered.

FINANCIAL AID

The financial aid program at Wharton County Junior College is designed to provide financial assistance through scholarships, grants, loans, and on-campus employment. Inquiries concerning student aid should be addressed to the Office of Financial Aid.

Applications for financial aid should be completed accurately and received in the Financial Aid Office along with any additional required forms by the priority deadline.

Financial aid eligibility is determined for only one year at a time. All approvals are based on the assumption that Congress will appropriate funds for the various programs; consequently, approved aid terminates if money is not allocated to Wharton County Junior College.

To be eligible for financial assistance, a student must:
1. Be accepted for enrollment (new students) or, if currently enrolled, be in good standing;
2. Not be in default on any student loan;
3. Not owe a refund on a grant previously received at any institution;
4. Meet WCJC’s satisfactory academic progress policy.

SATISFACTORY ACADEMIC PROGRESS (SAP)

Under current federal law, all students who receive federal or state financial aid must be making satisfactory academic progress as defined by the College in order to receive or continue to receive aid. The following are the requirements at Wharton County Junior College (WCJC).

1. All recipients of financial aid must be enrolled in a program of study leading to an associate’s degree, an eligible certificate, or program that is transferable toward a baccalaureate degree.
2. Students receiving financial aid must maintain a 2.0 cumulative grade point average on all college level credit hours (this includes developmental studies credit hours) attempted in order to remain eligible for financial aid.
3. Students receiving financial aid must complete 70% of all credit hours attempted regardless of whether financial aid was received for the credit hours. For example see the table below:

<table>
<thead>
<tr>
<th>Enrollment in this many credits</th>
<th>MUST complete this many credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>6 credits</td>
<td>5 credits</td>
</tr>
<tr>
<td>9 credits</td>
<td>7 credits</td>
</tr>
<tr>
<td>12 credits</td>
<td>9 credits</td>
</tr>
<tr>
<td>13 credits</td>
<td>10 credits</td>
</tr>
<tr>
<td>15 credits</td>
<td>11 credits</td>
</tr>
<tr>
<td>18 credits</td>
<td>13 credits</td>
</tr>
</tbody>
</table>

4. A student is only eligible for financial aid for up to 150% of the credit hours required in their program. (Eligibility is lost beyond this limit).
   o Example: An Associate of Arts Degree with a Business Administration concentration requires 65 credit hours. 65 credit hours x 150% = 97.5 credit hours, after 97.5 credit hours, eligibility for financial aid is lost. Generally, students are notified by the financial aid office once they reach the 90 credit hour level.
5. Satisfactory progress will be measured three times per year, at the end of each semester, fall, spring and summer. The evaluation will be made regardless of the number of credit hours attempted during the semester.
6. Course work attempted and grades earned in semesters forgiven through the State of Texas “Academic Fresh Start” program will be included in the Satisfactory Progress Calculation.
7. Grades of A, B, C and D are considered credit hours attempted and successfully completed (earned).
8. Grades of F, I (incomplete) and W (withdrawals and drops) are counted as credit hours attempted but not successfully completed (unearned).
9. Course repeats are counted as attempted credit hours and either earned or unearned depending upon the grade.
assigned as noted above. Last grade is included for GPA purposes.

10. Only the first two attempts of a course completed with a passing grade can be paid by financial aid. The third attempt cannot be included for payment purposes.

11. Financial aid is available for only the first 30 semester credit hours of remedial coursework attempted. Remedial coursework is counted in the 70% completion rate.

12. Students who receive all F’s, W’s or I’s or a combination of these will be placed on financial aid suspension. Students placed on suspension as a result of this action (receiving all F’s or W’s for an enrollment period) that can document mitigating circumstances for a withdrawal need to report to the financial aid office as soon as possible with information/documentation regarding their circumstances. These circumstances include but are not limited to:
   - Student health issues that resulted in withdrawal from the college
   - Verifiable errors by college that resulted in withdrawal
   - Deployment into active military service

13. Students not meeting the minimum Satisfactory Academic Progress criteria at the end of their warning period will be suspended from receiving financial aid.

14. Students placed on “suspension” may continue to enroll at the College but must pay for their coursework from their own funds.

15. Financial aid eligibility will be reinstated after a student meets the Satisfactory Academic Progress criteria (listed above), both the completion rate (70%) and cumulative grade point average (2.0). Students who regain eligibility by completing required coursework must notify the Financial Aid Office in order to have their progress reevaluated.

16. A student who has been suspended from financial aid for failure to meet the satisfactory progress requirements outlined in this policy due to mitigating circumstances may appeal the decision by completing an appeal form, explaining their mitigating circumstances, and providing appropriate documentation to support their claim. Appeals without documentation will not be considered.

17. A student must be able to meet the satisfactory academic process requirements within one semester or an appeal cannot be approved.

18. When a student’s appeal is approved, they are placed on a financial aid probationary status for one semester. Probationary students who do not meet the satisfactory progress requirements will again be suspended.

19. Students who have had a prior appeal approved (probationary status) must complete a minimum of 12 semester credit hours (100% completion) with a 2.0 GPA without the benefit of financial aid in order to file another appeal.

20. When the number of credit hours required for completion of a degree plus the number of credit hours attempted (including transfers) exceeds 150% of the hours required for a degree, the student becomes immediately ineligible for further financial aid. (Maximum Time Frame Suspension).

21. Appeals for attempting beyond the maximum time frame require a copy of the degree plan signed by the advisor and an appeal form explaining why the additional coursework is necessary. The student must be meeting the 70% and 2.0 GPA for all hours attempted in order for the appeal to be reviewed by the committee.

STUDENT RESPONSIBILITY

Students are responsible for understanding and monitoring their own satisfactory progress status. Although the Financial Aid Office attempts to notify student of their financial aid status, failure to receive notice does not affect the calculated status and is not a reason to appeal.

Wharton County Junior College does not discriminate on the basis of race, color, age, marital status, national origin, religion, sex or disability.

EFFECTS ON FUNDING

Financial Aid will NOT be provided for certain courses. Please be aware of the following stipulations:

- Financial aid does not apply to courses taken by audit, credit hours earned by placement tests, continuing education
courses and courses taken outside a student’s degree plan

- A grade of “F” will be counted in the GPA
- Withdrawals and repeated courses will be counted toward all hours attempted
- Federal regulations do not allow rounding of financial aid SAP standards. For example, a 69% completion rate would not meet the 70% completion rate standard and a GPA of 1.95 does not meet the 2.0 standard.

APPLICATION PROCEDURE

Each student requesting consideration for financial assistance during the school year (fall semester through summer session II) must complete and file a current Free Application for Federal Student Aid (FAFSA). This application is available online at www.fafsa.ed.gov.

Students who have attended other post-secondary institutions must supply the Office of Financial Aid with the academic transcripts from each institution attended.

Information obtained from the Student Aid Report and the Student Data Form is used to determine the student’s financial need and the types of awards for which the student qualifies. Awards made through WCJC’s Office of Student Financial Aid fall into two categories: (1) gift aid, which includes grants and/or scholarships and (2) self-help funds, which include the College Work-Study Program and long-term educational loans. The amounts offered as a financial-aid award plus the student’s resources and those of the parents (if the student is dependent according to the Federal Government’s guidelines) cannot exceed the cost of attendance as determined by the Office of Financial Aid.

Federal law requires that actual (not estimated) financial information be included on the Free Application for Federal Student Aid.

After establishing the student’s financial need, the Office of Financial Aid constructs a financial-aid package. This package may be a combination of grants, college work-study, and/or loans. After the application has been reviewed and processed, all applicants are notified by mail of their eligibility.

AWARD POLICY

Eligible full-time students may receive an award to help cover the cost of tuition, fees, books, and other necessary expenses in the form of a financial-aid package. Awards will be adjusted according to hours of enrollment for students taking less than a full-time course load. Students receiving federal financial aid funds must be enrolled in courses that are a part of the degree plan for their declared major. Students receiving financial aid who enroll for courses that are not a part of their declared degree major will lose financial aid funds.

PRIORITY DEADLINES

Applications for financial aid should be completed accurately. All applications, along with the additional required forms, must be received in the Office of Financial Aid by the following dates:

- Fall semester – June 1st
- Spring semester – November 1st
- Summer semester – April 1st

For priority consideration, the Free Application for Federal Student Aid (FAFSA) should be submitted four to six weeks PRIOR to the above deadline dates. The Office of Financial Aid will continue to process files completed after the deadline; however, it cannot assure that aid will be available at registration. Corrections to an application or verifying unusual conditions delays processing.

REFUND POLICY

Federal regulations require return of funds for all students who receive Federal Title IV aid and subsequently withdraw during a payment period (i.e. a semester). The length of time during which a return of funds is calculated is up to sixty percent (60%) of the semester. Students not receiving federal funds are subject only to Wharton County Junior College’s refund policy. Students who receive all F’s are considered to have withdrawn at 50% of the payment period.

The refund is applied to student’s financial-aid awards in the following order:

1. Federal Unsubsidized Stafford Loan
2. Federal Stafford Student Loan
3. Federal Plus Loan
4. Federal Pell Grant
5. Federal Supplemental Education Opportunity Grant
6. Other state and local aid
Wharton County Junior College makes all refunds in compliance with current federal regulations.

**GRANTS**

Federal Pell Grants authorized by the Higher Education Act of 1972, provide assistance to needy undergraduate students. Unlike a loan, the Pell Grant does not have to be repaid.

The Federal Supplementary Educational Opportunity Grants (FSEOG) program is intended for students of all levels of academic performance. The primary criterion for student eligibility for SEOG is financial need by the student who, without the grant, would be unable to continue his or her education.

The Texas Public Education Grant (TPEG) program is funded through tuition payment and is available for students with exceptional financial need.

The Texas Educational Opportunity Grant (TEOG) program was established to provide grant money to enable well-prepared eligible students to attend public community colleges, technical colleges or public state colleges in Texas. To be eligible for this grant the student must be a Texas resident that has financial need and is applying for his/her first award. The student’s expected family contribution cannot be more than $2,000. To be eligible for this grant the student cannot have been convicted of a felony and must be enrolled at least half time. This grant is continuous for up to 75 semester hours, for four years, or until the student receives an associate’s degree, whichever comes first. To remain eligible the student must maintain a 2.5 GPA and complete 75% of his/her attempted courses.

**CHANGING SCHOOLS**

Financial Aid does not automatically transfer when a student transfers to another school. Students should contact the Office of Financial Aid at the new school as soon as your decide to transfer.

**SCHOLARSHIPS**

The following scholarships are awarded by Wharton County Junior College. Applications should be directed to the Student Financial Aid Office (979) 532-6345.

The Rachel Haden Abshier Memorial Scholarship has been endowed by Mrs. Priscilla Sliva, daughter of Rachel Haden Abshier, her family, and friends. Income from the fund will provide a scholarship to a Wharton High School graduate who will be majoring in nursing at Wharton County Junior College.

The Sol and Betty Alpard Endowment Scholarship Fund was established in January 1983, and the proceeds are used to assist students based upon need and ability to profit from a college education.

The American Association of University Women Scholarship was established in July 1973. It is awarded to a female student on the basis of need and scholastic ability. Both freshman and sophomore students are eligible for the scholarship.

The Zula Mae Baker Scholarship fund has been endowed by the friends of Ms. Baker.

The Barnes and Noble Endowed Scholarship was established by the Barnes and Noble Bookstore in 1993, to assist returning sophomore students holding a minimum 3.5 GPA for previous work at WCJC.

The Don Baylor Memorial Chemistry Scholarship was established by Mrs. Don Baylor and Mr. Jack Brannon in memory of Mr. Don Baylor, a long-time chemistry teacher at Wharton County Junior College. The amount of the scholarship is up to $400 per semester. Need and scholastic ability to profit from a college education are the basis upon which the award is made.

The Virgie and W. H. Blaylock Memorial Scholarship Fund was established by Virgie C. Krueger Blaylock of Wharton, Texas, as a memorial to her late husband, W. H. Blaylock. The income from this endowment is used to provide scholarships to high-school graduates from Jackson, Matagorda, and Wharton counties.

The C. Francis Bowie and May Shelmire-Duncan Memorial Scholarship was endowed by Mr. and Mrs. G. Cameron Duncan, Sr.; their sons, G. Cameron Duncan, Jr. and Francis Bowie Duncan; and their daughters, May S. Duncan and Genevieve L. Duncan to honor their parents and grandparents, Mr. Francis Bowie Duncan and Mrs. May Shelmire-Duncan. Mr. and Mrs. Duncan were pioneer ranchers and cattle breeders in Wharton County near the town of Egypt. The permanent endowment provides annual scholarship assistance to students from the Egypt area selected by the Wharton County Junior College Scholarship Committee.
The **Melissa Chambers Scholarship Fund** was endowed by donations from family and friends. Income from the fund provides one scholarship annually to qualified students.

The **L. E. Colton Scholarship** was established by the late Mr. L. E. Colton, former owner of Wharton Electric and Plumbing Company. Since 1960, this endowment has made scholarships available to residents of the Wharton County Junior College District. Need and ability to profit from a college education are the basis upon which the awards are made.

The **Duncan Wills Corbett Endowed Scholarship** was established in May, 2005 and the proceeds are used to assist students in the nursing program and attending the Wharton Campus.

The **Del Papa Distributing Company College Endowment** was established in 2010 to commemorate the company's 100th year of business. Del Papa Distributing, founded in 1910, first opened its doors in Galveston, Texas, and now serves 17 counties along the Texas Gulf Coast. The purpose of this endowment is to give back to the communities who have helped in the success of the business over its 100 year history.

The **Exceptional Eye Care Scholarship** was established by Faris Ohan, O.D. to assist needy students from Wharton who are enrolled in an Associate in Applied Science Degree program.

The **Fine Arts Scholarship Fund** was established through the generous donations of supporters of the arts. The amount of each scholarship is up to $500 per semester. This award is made on the basis of talent in the fields of drama, forensics, and music.

The **H.O. Galloway Memorial Scholarship** was established by family and friends in memory of Mr. H. O. Galloway, a long-time agriculture instructor at Wharton County Junior College. Proceeds from the endowment are used to fund a scholarship for a deserving agriculture student.

The **T. Gordon Endowment Scholarship** was established in November 1963 by Mr. Toby Gordon, who was interested in providing financial aid to deserving students. Under the terms of the endowment, interest from $1,000 is used annually for a scholarship. This scholarship is open to either freshman or sophomore students.

The **Harold Hansen Endowment Scholarship** was established in 1982, and the proceeds are used to assist students based upon need and ability to profit from a college education.

The **Chester Harris Endowment Scholarship** was established in 1983, and the proceeds are used to assist students based upon need and ability to profit from a college education.

The **Anna Harrison Endowment Fund** has been endowed by donations from Dental Hygiene alumni in honor of Anna T. Harrison. The recipient must be a Dental Hygiene student and will be selected by the Dental Hygiene faculty according to financial need.

The **W.C. Hastings Family Scholarship** was established in November 1963 by Mr. Toby Gordon, who was interested in providing financial aid to deserving students. Under the terms of the endowment, interest from $1,000 is used annually for a scholarship. This scholarship is open to either freshman or sophomore students.

The **Charles Hermansen Memorial Scholarship** was established in January 1985, and the proceeds are used to assist students who are graduates of El Campo High School based upon need and ability to profit from a college education. The scholarship is awarded by El Campo High School.

The **Mary Jo Hlavinka Scholarship** was established in 1991 and is awarded to a music major who has completed the freshman curriculum at Wharton County Junior College. The scholarship is based on talent, attitude, extent of participation in college concerts, and grade-point average.

The **M.G. and Lillie A. Johnson Scholarship Fund** was established in 1988 by the trustees of the M. G. and Lillie A. Johnson Foundation of Wharton. The proceeds of this permanent endowment are used each year to provide scholarship support to students enrolled in medically related programs at the college. Applications are made to the Director of Financial Aid, and scholarship recipients are named by the WCJC Scholarship Committee.

The **Harris and Eliza Kempner Scholarship** was established in 1988, and the proceeds are used to assist students based upon need and ability to profit from a college education.
The **Minnie Koons Endowment Scholarship** was established in 1985, and the proceeds are used to assist students based upon need and ability to profit from a college education.

The **Julius LaDieu Industrial Trades Scholarship** was established in 1988 by Lucy LaDieu and friends, and the proceeds are used to assist students in the industrial trades based upon need and ability to profit from a college education.

The **Donald Paul Losack Endowed Scholarship and the Martha V. Losack Endowed Scholarship** was established in 2006, by Donald Losack to honor his mother. The proceeds are used to assist students whose families reside in areas served by Wharton County Junior College.

The **Lucy Macha LaDieu Endowed Scholarship for Women in Business Vocations** was established to assist women who reside in the WCJC taxing district, who desire a career in a business-related discipline, who need additional financial assistance, and who desire to earn the Associate of Applied Science degree.

The **Linnie Leroux Endowment Scholarship Fund** was established in April 1983 with $5,000 (with interest earned) bequeathed to the college for the purpose of providing scholarships to needy individuals seeking to enter Wharton County Junior College.

The **Wilma Mason Memorial Scholarship** was endowed by Mr. E. O. Mason and friends in memory of his wife and their esteemed friend, Mrs. Wilma Mason, to provide scholarship assistance to students in a nursing program.

The **William R. McAllister Memorial Scholarship** was established in December 1993 in memory of Dr. William R. McAllister by his many friends, students, and family. Dr. McAllister was a respected scholar in his field of study and admired by all who knew him. The income from this endowment is used to assist students based upon need and scholastic ability.

The **Will Northington Meriwether permanently Endowed Scholarship** was provided by his wife of more than 30 years, Ednamaye Reese Meriwether, upon his death in 1968. He was a lifelong resident and rancher in the Egypt community. He was an ardent supporter of FFA, giving generously to youth activities and was supportive of many educational activities. Over time, he provided numerous private scholarships to WCJC. Proceeds from this scholarship may be awarded by the WCJC Financial Aid Department to Wharton County residents east of the Colorado River and north of U.S. Highway 59. Students awarded this scholarship must make satisfactory academic progress in a degree program.

The **Irving Moore, Jr. Memorial Scholarship** was established in 1998 by the Trustees of the M. G. and Lillie A. Johnson Foundation. Recipients must attend the college’s main campus in Wharton.

The Wharton County Junior College **Music Major Scholarship** can be awarded to any student who auditions successfully for the Wharton County Junior College Pioneer Band and enrolls in the college as a full-time music major. The scholarship is awarded to a student that shows exceptional potential musically and academically.

The **Jessie L. Myatt and Minnie Mae Myatt Endowment Fund** is an endowment of $50,000 which was given to the college in February 1983. The interest earned from the cash contribution is used to provide assistance to deserving students who reside within the Wharton County Junior College District and who have attained a 2.0 or better GPA or is used to purchase instructional program equipment. The specific disposition of the fund is determined by a committee appointed by Minnie Mae Myatt.

The **Frances A. Nelson Scholarship** was established in December 1987, and the proceeds are used to assist students based upon need and ability to profit from a college education.

The **Ney/Arnold Memorial Scholarship** was established in 2003 by Kenneth and Betsy Arnold Cates in honor of her parents, Samuel E. “Hank” Arnold and Kitty Belle Ney Arnold. It is available to Eagle Lake residents who are Rice High School graduates.

The **George H. Northington, Sr. Scholarship** was established in 1961 in memory of one of Wharton County’s pioneer settlers—George H. Northington, Sr., of Egypt, Texas. A gift of $4,000 was given anonymously by "one who benefited from Mr. Northington's help and encouragement." Income from the gift is used to pay tuition and fees for as many male students as possible that reside in Wharton and Colorado counties.

The **Jerald W. and Anne K. Obenhaus Endowment Scholarship** was established in 1982 in memory of Jerald W. and Anne K. Obenhaus of Bonus, Texas,
by family members. This scholarship is available to high-school graduates on the basis of need and scholastic ability to profit from a college education. Recipients must reside in Wharton or Colorado counties. Application should be made to the Obenhaus Scholarship Fund, Box 433, East Bernard, Texas 77435.

The Ty Pate Memorial Endowed Scholarship was established in 2011 by his friends and colleagues to honor Ty Pate. Dr. Pate was a former student of WCJC and longtime faculty member and administrator that possessed a great love for education and its students and faculty.

The J. R. Peace Endowment Scholarship was established in December 1966. Earnings from the endowment fund are used for a scholarship in the amount of $50 per semester for a sophomore student in a vocational/technical program.

The Lawrence J. Petersen Endowed Scholarship was established in memory of Lawrence J. Petersen who was a third generation cotton farmer in Danevang, Texas, who also served many years on the Board of Trustees of Wharton County Junior College.

The Phillips-Hartmann Scholarship was established in 1993 and is used to assist a graduate of Lamar Consolidated ISD based upon need, scholastic standing, and the ability to profit from a college education.

The Frankie/Pickett Scholarship was established by donations from former members and friends of Wharton County Junior College’s athletic programs under coaches Johnnie Frankie and Tom Pickett. The income from this endowment is used to provide scholarships to members of Wharton County Junior College’s athletic programs.

The Miriam Russ Powell Scholarship was established by her family in her memory. Mrs. Powell was a dedicated teacher with the Wharton Independent School District and taught continuing education courses at Wharton County Junior College. The amount of the scholarship is $1000 per year. Recipients are selected by the WCJC Scholarship Committee.

The Frank C. Prochaska Memorial Scholarship has been endowed by the Frank C. Prochaska Family and Friends in memory of Frank C. Prochaska who was an Instructor of Economics at WCJC for 36 years. Because of Mr. Prochaska’s dedication to the field of education, this fund will provide one scholarship annually to students who graduate from Wharton or Boling High School who will benefit from the financial assistance while pursuing an education.

The Betty and Lowell Raun Endowment Scholarship was established in January 1988, and the proceeds are used to assist students based upon need and ability to profit from a college education.

The Mary Ann Rider Roads Memorial Scholarship has been endowed by her husband of 54 years, Edgar Roads. Mary Ann graduated from Boling High School in 1947, and enrolled at Wharton County Junior College. There she met Edgar Roads a graduate of El Campo High School. Mary Ann was an outstanding student and became a member of the newly organized Zeta Xi Chapter of the Phi Theta Kappa fraternity of WCJC in February, 1948. Not only was Mary Ann an outstanding student she was an outstanding person who was always full of love for her God, family and friends. A compassionate and generous person she was always available to provide assistance to anyone who needed her. Income from this endowment will provide assistance annually to at least one graduate from Boling High School, and at least one graduate from El Campo High School.

The C. H. "Ham" Rugeley Nursing Fund was established by donations of $4,000 in 1982. The interest earned is used to provide assistance for a nursing major (LVN or ADN) showing financial need and scholastic ability. Other conditions apply.

The J. Daniel Schuhmann Endowment Scholarship was established in 1988, and the proceeds are used to assist students based upon need and ability to profit from a college education.

The Betty and Lloyd Shoppa Scholarship has been endowed by the family and friends of Betty and Lloyd Shoppa. Income from this endowment will provide assistance annually to at least one full-time student from the areas served by Wharton County Junior College.

The Maner Stafford Endowment Scholarship was first awarded as a scholarship in the fall of 1969 by Mr. and Mrs. Maner Stafford of Wharton. In 1979, the scholarship was altered to become a permanent endowment, establishing regular income to be used for scholarships. Selection of recipients is made each year by the WCJC Scholarship Committee.
The **Guy F. Stovall, Sr. Memorial Scholarship** awards two scholarships that were established by Mrs. Guy F. Stovall, Sr., and Mr. Guy F. Stovall, Jr. in memory of Mr. Guy F. Stovall, Sr. The amount of each scholarship is $300 per year. Need and ability to profit from a college education are the bases upon which the awards are made.

The **Florence M. Trull Memorial Scholarship Fund** was endowed by The Trull Foundation of Palacios and by Robert B. Trull, Margaret S. Trull, Jean Trull Herlin, Gladys Trull Brooking, and Laura Trull Shiflett to honor their mother, Florence Margaret Roberson Trull. Mrs. Trull was born in Kingman, Kansas, on August 7, 1888. After graduating from Washburn College in Topeka, Kansas, she married B. W. Trull and moved to Texas. They lived first in Midfield, then in Palacios on the Texas Gulf Coast. The Trulls were active in banking, farming, real estate, and mineral interests. Mr. Trull died in 1957; and Mrs. Trull passed away on December 13, 1984, after a short illness. Always a compassionate and generous person, Mrs. Trull, together with her children, established The Trull Foundation in 1967 for religious, charitable, and educational purposes.

The **Joe Mike Valenta and Becky Valenta Rolf Endowment Scholarship Fund** was established in January 1977 in memory of Joe Mike Valenta. Income from the endowment is used to provide assistance to at least two students annually from the Boling Independent School District. Recipients are selected by the WCJC Scholarship Committee.

The **Clinton Phillip White Memorial Scholarship** has been endowed by his wife of 54 years, Wanda White. Clinton graduated from Boling High School in 1948 excelling in all sports activities and winning a scholarship to play football at Wharton County Junior College. It was at WCJC that Clinton met his future wife. Clinton was a football star and Wanda was a twirler at WCJC. Clinton was a dedicated employee of Texas Gulf Sulfur for 40 years. Clinton taught himself to play the trumpet and won a music scholarship to Sam Houston State University where he was spotlighted in their spirit that was loved by everyone. There were no limits to his interests in our world and his ability to express that compassion to all of those lucky enough to have been around him. Income from this endowment will provide assistance annually to graduates from Boling High School and from Wharton High School.

The **Nancy Stephens Woodson Memorial Endowment Scholarship** was established by the family of Nancy Stephens Woodson in 1998 and is awarded to one or more theatre students each year. Recipients are chosen by a committee from the WCJC Speech and Drama Department.

The **Valedictorian Scholarship** is offered to the highest-ranking graduate of every fully accredited high school in Texas by the Wharton County Junior College Board of Trustees. A tuition exemption for each semester of the freshman year will be offered. The superintendent or principal of the high school must certify the name of the honor graduate to the Texas Education Agency. Application is not necessary.

The **Wharton Business and Professional Women’s Club Fund** was established in 1997. The proceeds of this permanent endowment are used to provide a scholarship to students in financial need and with educational potential.

The **Wharton County Junior College Alumni Association Scholarship** was established by the Wharton County Junior College Alumni Association in 1993. It provides annual scholarship assistance in the amount of $600.00 to students who will benefit from a college education. Selection of scholarship recipient(s) is made by the Wharton County Junior College Alumni Association Scholarship Awards Committee appointed by the Association’s Board of Directors. Award of scholarship assistance is made without regard for race, color, creed, sex, or handicap. Applicants must use an Alumni Scholarship Form that may be obtained in the Financial Aid Office or the Alumni Office, both located on the Wharton campus.

The **Wharton County Junior College Alumni Association Memorial and Honorarium Scholarships** were established in 1998 in recognition of people who have helped the college’s alumni to achieve their goals. Scholarships are awarded by the Alumni Scholarship Committee. Scholarships are awarded based on grades, financial need, and area of interest. Applicants must use an Alumni Scholarship Form that may be obtained in the Financial Aid Office or the Alumni Office, both located on the Wharton Campus.

The **Wharton County Junior College Board of Trustees Scholarships** are made available to outstanding students in the fields of music, athletics, drama, and art. These scholarships are awarded through competitive examinations and/or auditions. Arrangements should be made through the heads of WCJC’s Athletic Director or the Chair of the Communications and Fine Arts Division. All
financial aid and other scholarships must be applied to tuition, fees, room and board before Board of Trustees scholarship money is applied.

The Wharton County Junior College Board of Trustees High Honor Scholarship was established by the Board of Trustees in December 1973. A High-Honor tuition and fee scholarship is awarded to high-school graduates who rank in the top five percent of their graduating class.

- Tuition and fee scholarships are awarded to full-time freshman students entering Wharton County Junior College who graduated from a public high school within the college service area (approximately 55 mile radius of the college). Weimar and Industrial High Schools are outside this radius but are considered within the Wharton County Junior College service area. Final decisions regarding fringe area schools are determined by the Financial Aid Committee.
- All financial aid and other scholarships must be applied to tuition, fees, room and board before Board of Trustees scholarship money is applied.
- Students must maintain a minimum of 3.0 grade-point average to retain the scholarship for the second semester.

The Wharton County Junior College Booster Club Scholarships were established in 1974. The awards are made each year to residents of the Wharton County Junior College District and are based on need and educational potential.

The W.W. Wendtland Scholarship in Music has been endowed by Dr. William W. Wendtland and his mother, Mrs. Lillie W. Wendtland to encourage and support the study of music at Wharton County Junior College. Dr. Wendtland was band director for the college from fall 1968 to through Spring 1978 and was an inspiration to all who participated in his music program. The permanent endowment provides annual scholarship assistance to students of music and is awarded by the WCJC Scholarship Committee. Recipients may receive this scholarship for a maximum of four consecutive semesters provided they remain in good academic standing.

OTHER SCHOLARSHIPS

The following scholarships may be available to qualified applicants. Applicants should contact donors directly for award availability.

ADN Club Scholarship Fund, Wharton, Texas
Anne McCormick Sullivan Firefighter Scholarship
Sugar Land, Texas
Boling Bull Shooters, Boling, Texas
Fiesta Hispanica Americana, Wharton, Texas
Frank Sorrel, Jr. Scholarship, Wharton, Texas
Nell Mick Pugh Scholarship of Comfort Wood Chapter, DAR, Wharton, Texas
Pilot Club of Wharton, Inc. – Suellen Rowe Memorial Scholarship
Rice Belt Water Works Association, West Columbia, Texas
Rocking W Rodeo Club, Wharton, Texas
Raymond R. Thomas, M.D. Memorial Scholarship – Victor Scott, Eagle Lake, Texas
Trull Scholarship Fund, Palacios, Texas
Wade Waters Scholarship, El Campo, TX
A. J. Wendel Scholarship, El Campo, TX
Wharton Business & Professional Women’s Club, Inc., Wharton, Texas
Wharton County Youth Fair, Wharton, Texas

Additional scholarships may be available through various scholarship search engines on the internet i.e., www.fastweb.com.

STUDENT LOANS (LONG TERM)

FEDERAL DIRECT STAFFORD STUDENT LOAN: These loans are obtained through the federal government. In order for a student to apply for a loan, they must first fill out the Free Application for Federal Student Aid (FAFSA) and will be notified of eligibility in their award letter. Dependent undergraduate students may borrow up to $5,500 for freshman students and $6,500 for sophomore students per year. Interest is charged at the current rate as stated in federal regulations. Repayment begins six months after the student ceases to be enrolled at least half-time.

STUDENT EMPLOYMENT

COLLEGE WORK-STUDY PROGRAM (CWSP): Students who can demonstrate financial need may be provided with a job to help pay for college expenses under the federally supported College Work-Study Program. Part-time employment on campus includes such jobs as secretary/clerk, maintenance worker, library clerk, laboratory assistant, cafeteria worker, IT worker and bookstore clerk.

Application for financial aid should be filed through the FASFA online by June 1st for the fall semester and by November 1st for the spring semester.
VOCATIONAL REHABILITATION

The Department of Assistive and Rehabilitative Services (DARS) is a state agency that provides handicapped individuals with services designed to assist them in becoming as independent as possible by entering or returning to gainful employment. To be eligible for DARS services, the individual (a) must have a physical or mental disability that constitutes or results in a substantial handicap to employment and (b) may be reasonably expected to benefit, in terms of employment, from vocational rehabilitation services.

Thousands of handicapped college students receive services from the Commission each year. All DARS clients are entitled to diagnostic evaluation, counseling and guidance, career planning, job-development placement, and follow-up. In those cases where economic need can be demonstrated, the following services may be provided to handicapped college students: tuition and required fees, textbooks, physical restoration, and assistive devices. Severely handicapped students may also be eligible for room and board, mobility assistance, note-takers, tutors, and attendant care.

The Rehabilitation Counselor and the student identify intermediate and long-range goals. They determine actions needed to achieve those goals, and they work together to reach them. The ultimate goals are to assist each student in completing his or her college education, in getting a good job after graduation, and in achieving the highest degree of independence possible.

WORKFORCE INVESTMENT ACT

Wharton County Junior College is an approved vendor of the Gulf Coast Workforce Development Board and Houston-Galveston Area Council to provide vocational training for eligible participants in workforce programs under the federally funded Workforce Investment Act. Participants qualifying for programs funded under the Workforce Investment Act receive free tuition, fees, books, and possibly uniforms, tools, and financial assistance with transportation and childcare. Applicants may apply for services under the Workforce investment Act through their local Work Source office. For more information, contact the Work Source office at 979-531-0730.

CAREER AND TECHNICAL EDUCATION SUPPORT SERVICES

Career and technical students attending Wharton County Junior College may qualify for a broad range of support services including career guidance and academic counseling, peer tutoring, childcare/transportation, registration assistance, and information/referral to other federal, state, and community service programs. Services are provided through the federally funded Carl D. Perkins Career and Technical Education Act of 2006. Perkins funding supports special populations enrolled in career and technical education. Special populations include individuals with disabilities, single parents, displaced homemakers, economically disadvantaged, individuals preparing for non-traditional fields, and individuals with limited English proficiency.

For information, contact the Vocational Support Coordinator at Wharton County Junior College.

VETERANS’ BENEFITS

Wharton County Junior College is approved by the Texas Veterans Commission for VA educational benefits for veterans and children and spouses of veterans (Chapters 30, 32, 33, 35, and 1606-1607, Title 38, U.S. Code).

Students who are veterans may receive assistance from the Office of Financial Aid in applying for benefits. To expedite payment of benefits, veterans should contact the Office of Financial Aid at least 30 days prior to the first class day of each term to complete all necessary paperwork for that period of study.

SELECTION OF COURSES: Veterans receive monthly payments for their entitlement based on the course work for which they enroll. Caution should be given to the selection of courses, making certain that each course undertaken meets the requirements for payment. The following are requirements for courses to be eligible for payment:

1. Each course must be a requirement for graduation in the declared degree program.
2. No course may be taken for audit.
3. No course may be a repeat of a course for which credit has already been received.
4. Each course must be completed and assigned a grade that is used to compute GPA and progress toward a degree.
Withdrawals, without mitigating circumstances, resulting in no credit awarded or no punitive grade being assigned, results in benefits being terminated from the beginning date of the semester. This creates an over-award scenario and possible repayment to the Veterans Administration may be required.

ACADEMIC REQUIREMENTS: to remain in good standing (not on probation); a student must earn a 2.0 GPA each semester. To insure satisfactory progress, transcripts of veterans are monitored at the end of each semester. Should a veteran complete two semesters with a GPA below 2.0, he or she is issued a warning notice. The notice states that the veteran is not maintaining satisfactory progress and may find it impossible to earn the required 2.0 GPA for graduation. Students who receive this notice are encouraged to re-examine their educational objectives, course load, etc. to improve their academic record. If a veteran should fail to earn a 2.0 GPA in any following semester, certification is terminated until the veteran raises his or her cumulative GPA to 2.0 or the Veterans Administration Regional Office authorizes recertification.

THE TEXAS HAZLEWOOD ACT FOR VETERANS

The Hazlewood Act is a State of Texas benefit that provides qualified Veterans, spouses, and dependent children with an education benefit of up to 150 hours of tuition exemption, including most fee charges, at public institutions of higher education in Texas. This does NOT include living expenses, books, or supply fees.

AMERICANS WITH DISABILITIES ACT

Students with disabilities may be entitled to financial assistance from the Texas Commission for the Blind, Texas Commission for the Deaf, or the Department of Assistive and Rehabilitative Services. Other state and local resources may be available to qualified students. For more information contact the ADA coordinator for Wharton County Junior College, located in the Office of Student Services.

TUITION REBATES FOR CERTAIN UNDERGRADUATE STUDENTS

A tuition rebate program was created by Senate Bill 1907, 75th Texas Legislature, and is authorized by Section 54.0065 of the Texas Education Code.

The purpose of this program is to provide tuition rebates that will provide a financial incentive for students to prepare for university studies while completing their high school work, avail themselves of academic counseling, make early career decisions, and complete their baccalaureate studies with as few extraneous courses as possible. Minimizing the number of courses taken by students, results in financial savings to students, parents, and the state.

To be eligible for rebates under this program, students must meet all of the following conditions:

1. They must have enrolled for the first time in an institution of higher education in the fall 1997 semester or later;
2. They must have received a baccalaureate degree from a Texas public university;
3. They must have been a resident of Texas and entitled to pay resident tuition at all times while pursuing the degree, and
4. They must have attempted no more than three hours in excess of the degree in the catalog under which they were graduated.

HOPE SCHOLARSHIP INCOME TAX CREDIT AND LIFETIME LEARNING TAX CREDIT

BEGINNING January 1, 1998, taxpayers (students or their parents) may be eligible to claim a nonrefundable Hope Scholarship Tax Credit against their federal income taxes. The Hope Scholarship Credit may be claimed for the qualified tuition and certain related expenses (not housing/dining) of EACH student in the taxpayer’s family (i.e. the taxpayer, their spouse, or an eligible dependent) who is enrolled at least halftime in a program leading to a degree, certificate, or other organized educational credential. The credit that may be claimed varies, depending on the family and student financial situation, but may be as much as $1,500 for a freshman or sophomore.

Another tax credit known as the Lifetime Learning credit applies to junior, senior and/or graduate students enrolled at least halftime in an institution of higher education. Congress has established that the Lifetime Learning Tax Credit begins for payments made after July 1, 1998.
Student Services and Activities

STUDENT ACTIVITIES AND MULTICULTURAL AFFAIRS

Extra-curricular activities provide students with opportunities for the development and expression of special interests and abilities, for acquiring social graces, for practicing the mechanics of group action, for developing leadership, and for recreation. Multicultural affairs allow the student body to experience different cultures that co-exist in the world around them.

All student organizations and activities conform to the educational objectives and administrative regulations of the college. These organizations are approved by the Vice President of Student Services, and are sponsored by a faculty member. Participation in certain student activities requires enrollment in a credit course and, in some cases, auditions or approval of the instructor. Included in these categories are the WCJC Pioneer Band, Choir, Chamber Singers, and intercollegiate athletics.

STUDENT GOVERNMENT ASSOCIATION

The Student Government Association is composed of all members of the student body. The purpose of SGA is to promote understanding and cooperation among students, faculty and administration and to provide a means whereby student members may gain experience and training in responsible political participation and community leadership. Wharton County Junior College provides a Student Government Association on the Wharton campus, the Sugar Land campus and the Richmond campus.

HONOR SOCIETIES

PHI THETA KAPPA is an international honor society whose purposes are the promotion of scholarship, the development of leadership and service, and the cultivation of fellowship among students of community and junior colleges in the United States. The local chapter is Zeta Xi and consists of students, alumni, and honorary members. Activities include observance of National Phi Theta Kappa Week in November, campus-wide events connected with the Honors Program Theme for each year, and service projects for Wharton County Junior College and the community.

NATIONAL TECHNICAL HONOR SOCIETY is a national honor society whose purpose is to recognize outstanding student achievement in career and technical education, encourage higher scholastic achievement, cultivate a desire for personal excellence, and emphasize areas of development within students such as skill, honesty, service, responsibility, scholarship, and leadership qualities. The honor society is active in campus and community events throughout the academic year.

INTERCOLLEGIATE SPORTS

Wharton County Junior College offers intercollegiate competition in men’s baseball, men’s and women’s rodeo, and women’s volleyball. Students interested in participating in these sports should contact the athletic director or the coach of the specific sport. Scholarships are available.

STUDENT ORGANIZATIONS

Student organizations at Wharton County Junior College vary from year to year in accordance with changes in student interests. Current organizations are described below.

THE ART GUILD is an organization open to any Wharton County Junior College student interested in art. The purpose of the club is to promote art appreciation through art exhibits, art contests, and field trips to art galleries.

THE BUSINESS/ACCOUNTING CLUB - The purpose of the club is to bring together business and accounting oriented students of WCJC for social and professional gatherings that will provide opportunities for education, networking, and otherwise enhancing their opportunities in business.

THE CHAMBER SINGERS is a select ensemble of vocal members. The group specializes in the more difficult choral literature of all periods, as well as contemporary music including folk, jazz, and pop. Students who have had previous vocal experience are invited to audition. The WCJC Choir makes an outstanding contribution to the cultural life of the area through performances before conventions, school assemblies, and service organizations. Officers are elected annually to arrange many of the choir’s activities. Each year the choir presents a performance of a major choral work and tours area high schools, other community and junior colleges, and public gatherings throughout southeast Texas. Membership is open to all students through audition with the director.
THE COMPUTER SCIENCE CLUB is an organization developed to enhance student’s knowledge of information technology related to computers and occupations utilizing them.

THE DENTAL HYGIENE CLUB is an organization to cultivate, promote and sustain the art and science of dental hygiene, to represent and safeguard the common interest of the members of the dental hygiene profession and to contribute toward the improvement of the health of the public.

THE HUMAN SERVICES CLUB is an organization with goals of promoting the general welfare of students majoring in Human Services, providing additional career supportive opportunities, improving school and community relations, and stimulating student participation in encouraging others a sense of empowerment through their volunteer efforts in student/community engagement opportunities within a number of communities.

THE JAZZ BAND is designed to acquaint students with present day materials and techniques for the modern dance orchestra, with special emphasis on jazz. The group provides music for assembly programs and various community affairs.

LAMDA EPSILON CHI – National Honor Society in Paralegal/Legal Assistant Studies – The purpose of LEX is to recognize persons who have demonstrated superior academic performance in an established program of paralegal/legal assistant studies offered at an Institutional Associate or Affiliate Member of the American Association for Paralegal Education.

THE PHYSICAL THERAPIST ASSISTANTS CLUB promotes and supports the PTA program at WCJC in its effort to uphold professional accreditation standards and provide the community with caring and qualified graduates

THE PIONEER BAND engages in the study of musical literature from the Renaissance to the present day through the performance of transcriptions and original band works. The band performs at various times throughout the semester. Participating in band is a great way to meet other students from around south Texas.

THE PIONEERS IN PROCESS TECHNOLOGY CLUB organizes to promote enthusiasm for process technology, increase awareness and motivate fellow students.

THE POLITICAL SCIENCE CLUB is organized to promote interest in government and politics, to be non-partisan and encourage civic duties and responsibilities as citizens in our democracy.

PSYCH CLUB is an organization open to psychology students to promote education and community involvement.

THE RADIOLOGY CLUB promotes membership attendance to the annual radiology meeting and other related activities.

THE SURGICAL TECHNOLOGY CLUB promotes professional activities and stimulates interest in community health for Surgical Technology students.

Student Services

ACADEMIC ADVISING AND COUNSELING

Professional counselors and academic advisors are on duty to assist students who are exploring career choices, choosing a major, and/or selecting a four-year college for transfer. If possible, these decisions should precede registration. All students “not college-ready” in reading, writing, or math based on the TSIA (Texas Success Initiative Assessment) must meet with an academic advisor or counselor prior to enrolling in any coursework. This academic advising will ensure students are placed in courses appropriate to their demonstrated academic skill level.

The counseling staff is available to provide personal counseling for a variety of student challenges on a short-term basis. These challenges may include test anxiety, learning skill challenges, relationship challenges, substance abuse, stress, etc. Students may be referred for personal counseling related
challenges. Any referred counseling will be at the student’s expense.

LEARNING ASSISTANCE CENTERS

Wharton County Junior College offers free tutoring for all current students through the Learning Assistance Center (LAC). There are tutoring labs on the Wharton, Sugar Land, and Richmond campuses. Professional tutors, who have been certified by the College Reading and Learning Association (CRLA), staff the labs. These certified tutors are trained to assist students in the areas of Reading, Writing, and Math. For more information visit one of the LAC labs on campus during operating hours or contact the Office of Student Services.

STUDENTS WITH DISABILITIES

Students with documented disabilities seeking accommodations from Wharton County Junior College should contact the Coordinator of Disability Services. The student should provide current medical and/or psychological documentation verifying their disability at least thirty days prior to the beginning of the semester. Further information may be obtained from the Office of Student Services.

VOCATIONAL INTEREST TESTING

Career interest assessments are available and can be obtained by contacting a counselor or academic advisor or by reviewing the WCJC website. The career interest assessments can assist in the exploration of vocational interests, knowledge of career fields, aptitudes, and career decisions.

TEST OF GENERAL EDUCATION DEVELOPMENT (GED)

GED tests are available through WCJC Testing Centers at the Wharton, Richmond, and Sugar Land campuses. To be eligible, a person must be a Texas resident and at least 18 years of age (17 with parental consent) plus a withdrawal from the last high school attended, or 16 with a court order. All examinees must have current government issued photo I.D.

Information regarding the GED exam process is available through the Office of Testing and on the college website.

STUDENT HEALTH

Although the college does not provide medicine or medical, hospital, or surgical services, WCJC students and employees have access to excellent health services. The main campus is located less than five miles from the Gulf Coast Medical Center and South Texas Medical Clinics, P.A. The medical center provides community education programs and screening, a speaker’s bureau, an intensive care/critical care unit, and complete comprehensive medical/surgical care.

Wharton County Junior College encourages students to undergo a medical examination prior to their initial enrollment. The college does not assume responsibility for health care or injuries incurred by students when taking part in intramural sports, physical activity courses, or class and student activities.

Therefore, students not covered by their parents’ insurance are encouraged to carry medical and surgical insurance while enrolled at WCJC. Brochures for independent companies that provide health insurance for students are available in the Office of Student Services and at the Information Desk at the Richmond and Sugar Land campuses.

LIBRARIES

The Wharton County Junior College libraries include the J.M. Hodges Library at the main campus in Wharton, a WCJC-UH joint use Fort Bend County branch library at the Sugar Land Campus, and the combined Open Computer Lab/Online Library at both the Bay City and Richmond campuses. A daily courier service transports books and other materials among the four campus locations in order to provide services to all patrons throughout the WCJC system.

A current WCJC student identification card is used as the library card to check out WCJC library materials. A student without a current WCJC student identification card should inform a library staff member that he/she is enrolled in an off-campus course. After verification of student records, borrowing privileges will be extended. Continuing Education students may also request a library card which will be valid for the duration of the course; a tuition receipt is needed to verify registration.

The resources of the WCJC Libraries include over 50,000 books, 100 periodical subscriptions, and 3,000 audio-visual items. Wharton County Junior
College libraries also subscribe to thousands of e-books and over 60 online databases to provide access to millions of multi-disciplinary and full text publications and peer-reviewed journals. A registered student can log in remotely to our subscription databases seven days a week, twenty-four hours a day from the library proxy server through the WCJC Libraries web site at http://www.wcjc.edu/Students/Library/index.aspx

The libraries provide typewriters, photocopiers, microfilm reader/printer services, and computer workstations with internet access. The Wharton campus Open Computer Lab is located in the library on the first floor reference room. The lab is equipped with 24 computer workstations which are compliant with the Americans with Disabilities Act (ADA), one network printer, one color printer and a scanner. One library staff member is available at the lab service desk to assist students during library hours.

**CHECK-OUTS**

Library materials may be checked out for 14 days. Materials may not be held during the intersession between semesters. All materials should be returned to the main circulation desks. Materials returned after 4:00 p.m. through the outside book drops will be considered as turned in on the following day and fines, if any, will be charged.

Fines for the late returns are $.25 per day, per item. Fines are calculated for the days the WCJC libraries are open; fines are not charged for weekends and holidays. Students who have accumulated more than $20.00 in unpaid fines may not check out materials until the fines are paid. Near the end of semesters and holidays the loan period must be shorter than the usual 14 days. It is always in the borrower’s best interest to not the item’s due date as it is being checked out. At the end of the semester, students with overdue materials or fines will have a hold placed on their records in the Registrar’s Office. Student records must be cleared before grades or transcripts are mailed. Students must pay the replacement cost of lost or damaged materials, in addition to any late fees.

**DORMITORIES**

Wharton County Junior College provides dormitory accommodations only at the main campus in Wharton. Dorm rooms are available during the fall and spring semesters, and are closed during the summer. Frankie Hall (men’s dorm) and Mullins Hall (women’s dorm) are both located on campus. Brooking Hall (women’s dorm) is located two blocks from the main campus. To be eligible to live in the dorm, a student must enroll in and maintain a minimum of 12 semester hours at WCJC.

All dorms are two person rooms designed only for full time enrolled students. WCJC does not provide accommodations for married couples or children. All students living in the dorms must be on the campus cafeteria meal plan. The cafeteria provides three meals per day Monday through Friday, two meals on Saturday, and one meal on Sunday. The cafeteria offers one meal plan only; credit is not given for missed meals because of dormitory absence, school events, etc.

Each dormitory provides a live-in dorm supervisor and security is maintained 24 hours a day. Each dorm student is provided a twin (long) bed, chest-of-drawers, closet, desk and chair. Self-service laundry facilities are provided within all dorm buildings; washers and dryers are free of charge, but students must provide their own cleaning supplies. Each room will have wireless internet.

Frankie Hall is a two-floor building on campus that provides housing accommodations for 76 men. Women are not allowed in Frankie Hall except for the main entrance lobby. The downstairs lobby and an upstairs lounge both provide satellite television service. All rooms are suite-style, where two rooms share a middle bathroom and shower.
Mullins Hall is a two-floor building on campus that provides housing accommodations for 53 women. Men are not allowed in Mullins Hall except for the main entrance lobby, which provides satellite television service. Restroom facilities are located at the end of each floor hallway.

Brooking Hall is a two-floor building located two blocks from campus that provides housing accommodations for 30 women. Men are not allowed in Brooking Hall except for the main entrance lobby. The downstairs lobby and an upstairs lounge both provide satellite television service. Suite style rooms are located only on the second floor where two rooms share a middle bathroom and shower. There are no dorm rooms on the lower level. Each room offers a small walk-on balcony.

To reserve a room, students must fill out an application and submit it to the Housing Office, along with a $200 deposit. Applications are available in the back of this catalog. Students may request a refund of their room deposits and/or prepaid room rent if they decide not to attend WCJC. To cancel the residence hall reservation and contract, the student must submit a request in writing to the Housing Office 15 calendar days prior to the first day of class.

Failure to cancel a reservation as outlined above will result in the forfeiture of the entire room deposit and pre-paid room rent. In the event the student’s admission or enrollment is canceled for failure to meet the college’s requirements for admission or re-admission, the full deposit and pre-paid room rent will be refunded or transferred to another semester at the direction of the student. Students who reside in the dormitories must also pay the Board plan. Room charges and the first payment for board must be made before entering the dormitory as a resident. Dormitory and cafeteria charges are subject to change without notice by action of the Board of Trustees.

The residence halls will be closed during official college holidays as specified in the college calendar. During these holidays, students must arrange for other housing and meals.

**DAMAGES**

The $200 room deposit will serve as a combination reservation/damage/room clearance deposit. The deposit is not applied to housing rent. The deposit is not covered by any WCJC institutional scholarship or financial aid. For non-returning residents, the deposit is refundable at the end of the semester upon written request of the student, when all monies owed by students and all provisions of the housing contract have been satisfied. Any assessments left unpaid at the time the student leaves Wharton County Junior College will be deducted from the $200 deposit.

Students should consult the *Residence Hall Handbook* and the *Student Handbook* regarding dormitory regulations.
Associate of Arts (AA) Degree Requirements and Transfer Plans

WCJC awards the Associate of Arts (AA) degree in general studies for students planning to pursue four-year degrees. The purpose of the AA degree is to provide programs in university-parallel and pre-professional areas that enable students to enter four-year institutions as juniors. Applicants for the Associate of Arts degree must:

1. Satisfy all conditions for admission.
2. Successfully complete at least 60 semester credit hours (SCH) of college-level courses.
3. Successfully complete 42 (SCH) of core curriculum requirements included as part of the total 60 SCH. (see Associate of Arts Core Curriculum List for course selection)
4. Only academic transfer courses may be used; courses are marked “Type: ACAD” in the Course Description section of the catalog.
5. Meet Texas State Initiative (TSI) as prescribed by the Texas Higher Education Coordinating Board (THECB).
6. Earn a cumulative overall grade point average (GPA) of at least 2.0.
7. Complete at least 25% of semester hours at Wharton County Junior College.
8. Meet all financial obligations to the college.
9. Fill out application for graduation by the deadline of:
   - July 15 for August graduation
   - November 1 for December graduation
   - April 1 for May graduation

To aid students in planning their course of study at WCJC, the college provides SUGGESTED courses of study. Students should identify the institution to which they intend to transfer as early as possible to ascertain the specific freshman and sophomore courses necessary for the degree they wish to pursue. Students should verify course applicability to degree requirements of the senior institution via their advisors, college catalog and the Texas Common Course Numbering System Online Matrix.

All programs, and courses within programs, are subject to change or deletion without notice by administrative authorities of WCJC. Program additions or deletions require action from the Board of Trustees of Wharton County Junior College.

CORE CURRICULUM

Given the rapid evolution of necessary knowledge and skills and the need to take into account global, national, state, and local cultures, the core curriculum must ensure that students will develop the essential knowledge and skills they need to be successful in college, in a career, in their communities, and in life. The core curriculum is required of every student who is seeking an Associate of Arts or an Associate of Science degree in publically funded higher education in Texas. In accordance with Texas Education Code, §61.821 - 61.832, each institution of higher education that offers an undergraduate academic degree program shall design and implement a core curriculum, including specific courses composing the curriculum, of no less than 42 lower-division semester credit hours. The Texas Administrative Code** outlines the core curriculum requirements. Wharton County Junior College’s completed core curriculum is fully transferable and will fully substitute for the core curriculum at any other public institution of higher education in Texas.

Wharton County Junior College currently offers the Associate of Arts degree. In adherence to the directive of the state, Texas Higher Education Coordinating Board (THECB), and toward offering the best education possible to its students, WCJC requires all students seeking an AA degree to complete the core curriculum. The WCJC core curriculum provides students the opportunity to attain the content knowledge and six core objective skills that Texas deems essential to the learning process and the success of an educated individual.

The objectives listed for the various courses in the core establish a foundation for assessing student performance and the effectiveness of the WCJC core curriculum as a whole.

**Texas Administrative Code Title 19 Part 1 Chapter 4 Subchapter B: Texas Higher Education Coordinating Board Core Curriculum
CORE OBJECTIVES IN WCJC CORE CURRICULUM

Through the Texas Core Curriculum, students will gain a foundation of knowledge of human cultures and the physical and natural world, develop principles of personal and social responsibility for living in a diverse world, and advance intellectual and practical skills that are essential for all learning. The Core Objectives form the foundation of WCJC’s General Education Core Curriculum. These objectives are integrated into the instruction methods of the courses within the core curriculum at WCJC. Each Foundational Component Area emphasizes the specific objectives required while possibly utilizing the optional core objectives.

FOUNDATIONAL COMPONENT AREAS

CORE 010: COMMUNICATION (6 semester credit hours)
- Communication focuses on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively.
- Courses involve the command of oral, aural, written, and visual skills that enable people to exchange messages appropriate to the subject, occasion, and audience.
- The core objectives of critical thinking, communication skills, teamwork, and personal responsibility are addressed by each course in this component area.

CORE 020: MATHEMATICS (3 semester credit hours)
- Mathematics focuses on quantitative literacy in logic, patterns, and relationships.
- Courses involve the understanding of key mathematical concepts and the application of appropriate mathematical tools to the everyday experience.
- The core objectives of critical thinking, communication skills, and empirical and quantitative skills are addressed by each course in this component area.

CORE 030: LIFE & PHYSICAL SCIENCES (6 semester credit hours plus 2 SCH Science Labs in 090)
- Life and Physical Sciences focus on describing, explaining, and predicting natural phenomena using the scientific method.
- Courses involve the understanding of interactions among natural phenomena and the implications of scientific principles on human experiences.
- The Core Objectives of critical thinking, communication skills, empirical and quantitative analysis, and teamwork are addressed by each course in this component area.

CORE 040: LANGUAGE, PHILOSOPHY, & CULTURE (3 semester credit hours)
- Language, Philosophy, and Culture focuses on how ideas, values, beliefs and other aspects of culture express and affect human experience.
- Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.
• The Core Objectives of critical thinking, communication skills, personal responsibility, and social responsibility are addressed by each course in this component area.

CORE 050: CREATIVE ARTS (3 semester credit hours)
• Creative Arts focus on the appreciation and analysis of creative artifacts and works of the human imagination.
• Courses involve the synthesis and interpretation of artistic expression and enable critical, creative, and innovative communication about works of art.
• The Core Objectives of critical thinking, communication skills, teamwork, and social responsibility are addressed by each course in this component area.

CORE 060: AMERICAN HISTORY (6 semester credit hours)
• American History focuses on the consideration of past events relative to the United States, with the option of including Texas history for a portion of this component area.
• Courses involve the interaction among individuals, communities, states, the nation, and the world, considering how these interactions have contributed to the development of the United States and its global role.
• The Core Objectives of critical thinking, communication skills, social responsibility, and personal responsibility are addressed by each course in this component area.

CORE 070: GOVERNMENT/POLITICAL SCIENCE (6 semester credit hours)
• Government/Political Science focuses on consideration of the Constitution of the United States and the constitutions of the states with special emphasis on that of Texas.
• Courses involve the analysis of governmental institutions, political behavior, civic engagement, and their political and philosophical foundations.
• The Core Objectives of critical thinking, communication skills, social responsibility, and personal responsibility are addressed by each course in this component area.

CORE 080: SOCIAL & BEHAVIORAL SCIENCE (3 semester credit hours)
• Social/Behavioral Science focuses on the application of empirical and scientific methods that contribute to the understanding of what makes us human.
• Courses involve the exploration of behavior and interactions among individuals, groups, institutions, and events, examining their impact on society and culture.
• The Core Objectives of critical thinking, communication skills, empirical and quantitative analysis, and social responsibility are addressed by each course in this component area.

CORE 090: COMPONENT AREA OPTION (6 semester credit hours less 2 SCH Science Labs in 030)
• Must meet the definition and corresponding Core Objectives specified in one of the foundational component areas.
ASSOCIATE OF ARTS CORE CURRICULUM COURSE LIST

Below is the new core curriculum as required by the Texas Higher Education Coordinating Board (THECB). Students should first determine a degree plan and then select specific core courses as specified within that degree plan.

Associate of Arts (AA) Courses of Study

Courses of Study are suggested lists of courses for students who plan to major in a specific degree plan at a university. Students who complete one of these Courses of Study will be eligible to apply for the Associate of Arts Degree at Wharton County Junior College. Courses that must be taken in order to satisfy AA degree requirements are listed with the corresponding WCJC Core Curriculum Component as listed above. Courses that are listed as electives will contribute to AA degree requirements; however, different electives may be chosen but must be selected from academic rather than technical courses as indicated in the course descriptions.

Students who intend to transfer to a four-year university are encouraged to seek degree advising from their transfer institution.
WCJC’s AA degree requires 60 hours; 42 SCH of core courses and a minimum of 18 SCH of electives.

** For AA Completion, check all graduation requirements in the college catalog. **

** AGRICULTURE

Associate of Arts

This is a recommended course of study for students who seek an Associate of Arts degree with a major in Agriculture or plan to pursue a baccalaureate degree in Agriculture at a four-year institution of higher education in Texas. Students planning to transfer to a four-year institution should confirm transferability of courses to meet degree requirements.

**Component Area Option 090 (6 hrs)**
- 2 SCH Science Labs listed under Core 030 AND
- Select a minimum of 4 SCH listed under Core 090

---

**Major in Biology Electives* **

Students who plan to pursue a baccalaureate degree should seek advising from the institution to which they intend to transfer.

Select up to 18 SCH of electives from the following to bring the total semester hours to 60.

- CHEM 1411 General Chemistry I
- CHEM 1412 General Chemistry II
- CHEM 2423 Organic Chemistry I
- CHEM 2425 Organic Chemistry II
- COSC 1301 Introduction to Computing
- PHYS 1401 College Physics I
- PHYS 1402 College Physics II

**Total Semester Hours – 60**

*Courses are suggested electives that will contribute to AA degree requirements. Different electives may be chosen, but must be selected from the academic rather than the technical courses, as indicated in the course descriptions.

### Major in Business Administration Electives*

In addition, 18 SCH of transferable courses in Business Administration are required.

Students who plan to pursue a baccalaureate degree should seek advising from the institution to which they intend to transfer.

- ACCT 2301 Principles of Financial Accounting
- ACCT 2302 Principles of Managerial Accounting
- BUSI 1301 Business Principles
- BCIS 1305 Business Computer Applications
- MATH 1325 Calculus for Business and Social Sciences
- ECON 2302 Principles of Microeconomics

**Total Semester Hours – 60**

*Courses are suggested electives that will contribute to AA degree requirements. Different electives may be chosen, but must be selected from the academic rather than the technical courses, as indicated in the course descriptions.*
CHEMISTRY
Associate of Arts

This is a recommended course of study for students who seek an Associate of Arts degree with a major in Chemistry or plan to pursue a baccalaureate degree in Chemistry at a four-year institution of higher education in Texas. Students planning to transfer to a four-year institution should confirm transferability of courses to meet degree requirements.

**Communication Core 010 (6 hrs)**
- ENGL 1301 Composition I
- ENGL 1302 Composition II

**Mathematics Core 020 (3 hrs)**
Select any course listed under Core 020

**Life and Physical Sciences Core 030 (6 hrs) plus labs**
- CHEM 1411 General Chemistry I
- CHEM 1412 General Chemistry II

**Language, Philosophy and Culture Core 040 (3 hrs)**

COMPUTER SCIENCE
Associate of Arts

This is a recommended course of study for students who plan to pursue a baccalaureate degree in Computer Science or Computer Programming at a four-year institution of higher education in Texas.

Communication Core 010 (6 hrs)
ENGL 1301 Composition I
ENGL 1302 Composition II

Mathematics Core 020 (3 hrs)
MATH 2413 Calculus I

Life and Physical Sciences Core 030 (6 hrs) plus labs
Select any two courses from the following:
BIOL 1406 General Biology I
BIOL 1407 General Biology II
BIOL 2401 Human Anatomy and Physiology I
BIOL 2402 Human Anatomy and Physiology II
BIOL 2420 Microbiology
CHEM 1405 Introductory Chemistry I
CHEM 1411 General Chemistry I
CHEM 1412 General Chemistry II
PHYS 1401 College Physics I
PHYS 1402 College Physics II
PHYS 2425 University Physics I
PHYS 2426 University Physics II

Language, Philosophy and Culture Core 040 (3 hrs)
Select any course listed under Core 040

Creative Arts Core 050 (3 hrs)
Select any course listed under Core 050

American History Core 060 (6 hrs)
HIST 1301 U.S. History I
HIST 1302 U.S. History II

Government /Political Science Core 070 (6 hrs)
GOVT 2305 Federal Government
GOVT 2306 Texas Government

Social and Behavioral Science Core 080 (3 hrs)
Select any course listed from the following:
ANTH 2351 Cultural Anthropology
CRJ 1307 Crime in America
ECON 2301 Principles of Macroeconomics
ECON 2302 Principles of Microeconomics
GEOG 1303 World Regional Geography
HIST 2301 Texas History
HIST 2311 Western Civilization I
HIST 2312 Western Civilization II
PSYC 2301 General Psychology
PSYC 2306 Human Sexuality
PSYC 2314 Life Span Growth and Development
SOCI 1301 Introduction to Sociology
SOCI 1306 Social Problems
SOCI 2306 Human Sexuality
SOCI 2319 Minority Studies

Component Area Option 090 (6 hrs)
2 SCH Science Labs listed under Core 030 AND
SPCH 1318 Interpersonal Communication AND

Select one course from the following:
PSYC 1300 Learning Framework
EDUC 1300 Learning Framework

Major in Computer Science Electives*

Students who plan to pursue a baccalaureate degree should seek advising from the institution to which they intend to transfer.

COSC 1436 Programming Fundamentals I
COSC 1437 Programming Fundamentals II
COSC 2336 Programming Fundamentals III
COSC 2425 Computer Origination

Total Semester Hours – 60

*Courses are suggested electives that will contribute to AA degree requirements. Different electives may be chosen, but must be selected from the academic rather than the technical courses, as indicated in the course descriptions.

**Total Semester Hours – 60**

*Courses are suggested electives that will contribute to AA degree requirements. Different electives may be chosen, but must be selected from the academic rather than the technical courses, as indicated in the course descriptions.*
PHYSICS
Associate of Arts

This is a recommended course of study for students who seek an Associate of Arts degree with a major in Physics or plan to pursue a baccalaureate degree in Physics at a four-year institution of higher education in Texas. Students planning to transfer to a four-year institution should confirm transferability of courses to meet degree requirements.

Communication Core 010 (6 hrs)
ENGL 1301 Composition I
ENGL 1302 Composition II

Mathematics Core 020 (3 hrs)
MATH 2413 Calculus I

Life and Physical Sciences Core 030 (6 hrs) plus labs
PHYS 2425 University Physics I
PHYS 2426 University Physics II

Language, Philosophy and Culture Core 040 (3 hrs)
Select any course listed under Core 040

Creative Arts Core 050 (3 hrs)
Select any course listed under Core 050

American History Core 060 (6 hrs)
HIST 1301 U.S. History I
HIST 1302 U.S. History II

Government /Political Science Core 070 (6 hrs)
GOVT 2305 Federal Government
GOVT 2306 Texas Government

Social and Behavioral Science Core 080 (3 hrs)
Select any course listed under Core 080

Component Area Option 090 (6 hrs)
2 SCH Science Labs listed under Core 030 AND
Select a minimum of 4 SCH listed under Core 090

Major in Physics Electives*

Students who plan to pursue a baccalaureate degree should seek advising from the institution to which they intend to transfer.

Select up to 18 SCH of electives from the following to bring the total semester hours to 60.

CHEM 1411 General Chemistry I
CHEM 1412 General Chemistry II
CHEM 2423 Organic Chemistry I
CHEM 2425 Organic Chemistry II
COSC 1301 Introduction to Computing
MATH 2414 Calculus II
MATH 2415 Calculus III

Total Semester Hours – 60

*Courses are suggested electives that will contribute to AA degree requirements. Different electives may be chosen, but must be selected from the academic rather than the technical courses, as indicated in the course descriptions.

### Major in Social Science Electives*

**Students who plan to pursue a baccalaureate degree should seek advising from the institution to which they intend to transfer.**

Students should enroll in the following electives:

Select one course from the following:
- SPCH 1315  
  Public Speaking  
- PSYC 1300  
  Learning Framework  

*(Course selected must be different than course taken to satisfy Core 090)*

Select one course from the following:
- HUMA 1301  
  Introduction to Humanities  
- PHIL 1301  
  Introduction to Philosophy  

Select one course from the following:
- ECON 2301  
  Principles of Macroeconomic  
- ECON 2302  
  Principles of Microeconomics  

*(ECON course selected must be different than course taken to satisfy Core 080)*

Select three Social and Behavioral Science courses from the following:
- ANTH 2351  
  Cultural Anthropology  
- GEOG 1303  
  World Regional Geography  
- HIST 2301  
  Texas History  
- HIST 2311  
  Western Civilization I  
- HIST 2312  
  Western Civilization II  
- PSYC 2301  
  General Psychology  
- PSYC 2306  
  Human Sexuality  
- PSYC 2314  
  Life Span Growth and Development  
- SOCI 1301  
  Introduction to Sociology  
- SOCI 1306  
  Social Problems  
- SOCI 2306  
  Human Sexuality  
- SOCI 2319  
  Minority Studies  

Select a minimum of 4 SCH listed under Core 090

Total Semester Hours – 60

*Courses are suggested electives that will contribute to AA degree requirements. Different electives may be chosen, but must be selected from the academic rather than the technical courses, as indicated in the course descriptions.*

PHED 1164 Introduction to Physical Fitness and Wellness AND

Select one course from the following:
SPCH 1315 Public Speaking
SPCH 1318 Interpersonal Communication

Major in Speech Electives*

Students who plan to pursue a baccalaureate degree should seek advising from the institution to which they intend to transfer.

Select up to 18 SCH of electives from the following to bring the total semester hours to 60. Courses selected must be different than courses used to satisfy core requirements.

SPCH 1318 Interpersonal Communication
SPCH 1321 Business and Professional Communication
SPCH 1342 Voice and Diction
SPCH 2341 Oral Interpretation
DRAM 1310 Introduction to Theater

Total Semester Hours – 60

*Courses are suggested electives that will contribute to AA degree requirements. Different electives may be chosen, but must be selected from the academic rather than the technical courses, as indicated in the course descriptions.
**Associate of Arts in Teaching (AAT)**

WCJC awards the Associate of Arts in Teaching degree for students planning to pursue baccalaureate programs that lead to initial Texas teacher certification. There are two AAT tracks that include 60 semester credit hours of coursework. Plan B leads to Initial Texas Teacher Certification EC-6, 4-8, EC-12 Special Education; Plan C leads to Initial Texas Teacher Certification 8-12, and other EC-12 Certifications.

Students taking the Education courses will be required to complete and pass a criminal background check.

Completion of an AAT does not necessarily guarantee admission to a university teacher education program and later teacher certification through the state Board for Educator Certification (SBEC). Additional requirements with regard to grade point average, assessments, criminal history, and proof of legal status must be satisfied as required by the receiving university and SBEC.

The AAT degree requires 60 semester credit hours; and students should be aware they may not be able to transfer more than 60 semester credit hours to a university. **Students are advised to seek academic advising in the first semester since individual universities may vary in their transfer requirements.**

### ASSOCIATES DEGREE IN TEACHING (AAT)

#### Plan B

**Leading to Initial Texas Teacher Certification**

Associate of Applied Science (AAS) Degrees and Certificates

Wharton County Junior College offers numerous specialized areas of academic/technical study (programs) in which a certificate or AAS degree may be offered.

CERTIFICATE PROGRAMS

Wharton County Junior College’s certificates and certification programs are designed to prepare completers with specific occupational skills that enable them to enter the workforce in a short period of time.

The minimum acceptable standard of satisfactory progress is a cumulative average of at least a 2.0 grade point average (GPA) on attempted semester credit hours. Certificates will not be awarded unless the minimum standard of work (2.0 GPA) is achieved in all coursework required to complete the certificate.

Courses required in a certificate program may be transferred from equivalent courses taken at another accredited institution for up to 25% of the total certificate program hours, with approval of the Department Head.

ASSOCIATE OF APPLIED SCIENCE DEGREES

The Associate of Applied Science is an occupationally oriented degree. Its primary purpose is to prepare students for entry into a particular occupation upon completion of the degree. Descriptions of WCJC’s AAS degrees, along with required degree plans, are listed alphabetically. Applicants for the AAS degree must:

1. Satisfy all conditions for admission.
2. Meet Texas State Initiative (TSI) requirements as prescribed by the Texas Higher Education Coordinating Board (THECB).
3. Successfully complete all coursework according to the degree program’s deadlines.
4. Complete at least 25% of semester credit hours at WCJC.
5. Meet all financial obligations to the college.

All AAS degree programs are comprised of a minimum of 60 semester credit hours and contain both technical and academic general education courses. The general education courses address the six core objectives – critical thinking skills, communication skills, empirical and quantitative skills, teamwork, personal responsibility, and social responsibility – that the Texas Higher Education Coordinating Board (THECB) has deemed essential to the learning process. All AAS degree plans must contain a minimum of 15 semester credit hours of general education courses, including one course from each of the three areas in the chart below. The remaining general education courses must be academic transfer courses of collegiate level and general in nature, not geared to a specific occupation.

1 A single course may not count toward more than one general education requirement.
The following degree and certificate plans list the specific course requirements and application process (when applicable) for each program and are listed alphabetically. An asterisk (*) is used next to electives that must be chosen from the above AAS General Education Course List. Note: some degree plans limit the elective options; it is recommended students seek program specific advisement in course selection.

All programs, and courses within programs, are subject to change or deletion without notice by administrative authorities of WCJC. The addition or deletion of a new or existing program offered at WCJC requires action from the Board of Trustees of Wharton County Junior College.

** For AAS Completion, check all graduation requirements in the college catalog. **
AUTOMOTIVE TECHNOLOGY
(CIP 47.0604)

The certificate and AAS degree programs are designed to provide classroom and laboratory experiences on the proper use of hand tools, power tools, diagnostic testing equipment, and technical manuals in all phases of automotive maintenance, repair and diagnostics, including inspection, engine overhaul, electrical systems, fuel systems and fuel injection, brake systems, transmission and drive train systems (automatic and manual), suspension and steering systems, heating and air-conditioning systems, and engine performance. The program is based on Automotive Service Excellence (ASE) standards and prepares the students for the ASE certification tests. Automotive Technology instructors are ASE Master Certified. The Automotive Program is certified by the National Automotive Technicians Education Foundation (NATEF).

A Certificate of Completion in Automotive Technology can be earned in 10 ½ months; the AAS degree can be earned in two years. Students must maintain a minimum GPA of 2.0 (a “C” average in required curriculum). Prerequisite: TSI Reading requirement met or minimum passing score on Pre-TASP (accepted for certificate major only).

Enrollment is open to new students at the beginning of the fall and spring semesters. New students MUST enroll in AUMT 1301 as an introductory course during their first semester. Students must be enrolled in all Automotive Technology courses offered for each semester. Automotive (AUMT) classes are held at the Wharton Campus only.

Students are required to provide their own hand tools and work uniforms.

Capstone Experience: An exit exam will be administered to all students upon completion of the one-year certificate. The capstone test will consist of 80 questions with 10 questions in each of the eight areas of the Automobile Service Excellence (ASE) certification.

Some universities will allow 24-44 hours of technical credit transferable towards a Bachelor of Applied Arts or Science degree. Contact individual universities for information.

Total Semester Hours – 60
The Cisco Router Networking Certificate program is designed to teach individuals to work with networks. This certificate prepares students for entry-level careers as Network Support Specialists, Network Control Technicians, Network Technicians, and LAN or WAN Technicians. Upon completion of this program, students will become eligible to take the Cisco Certified Network Associate (CCNA) certification test and the Network + Certification test. After successfully completing the CCNA Certification test, the student will be recognized as a Cisco Certified Associate with Cisco Incorporated. Classes offered in the Cisco Router Networking Certificate program can be applied toward the AAS in Network Administration degree.

Students must earn a grade of “C” or higher in ITCC 1475, 1476, 1478, 1479 in order to graduate.

Note: Many potential employers in this field require a criminal background check and drug screen. Graduates with certain criminal histories or positive drug screens may have difficulty finding employment after program completion.

Courses in this program are offered primarily at the Richmond campus in Richmond. Some courses may also be offered at the Wharton campus.

COMPUTER SCIENCE

Computer Simulation & Game Development

(CIP 11.0901)

Associate of Applied Science

The Computer Simulation and Game Development AAS program at WCJC provides state-of-the-art career training leading to entry-level employment in the gaming and simulation industry, which benefits healthcare, law enforcement, military, and other industries by providing simulated training environments. The program was developed in partnership with University of Houston Victoria.

The focus of this degree is to give the students a solid understanding of the core concepts needed in computer gaming and computer simulations. Additionally, this degree provides basic understanding of other computer fields that require mathematical and graphic intensive computing.

Students must earn a grade of “C” or higher in the program capstone course (GAME 2359) in order to graduate.

Some upper level universities will allow transfer credit from 24-44 hours of the technical credits toward a Bachelor of Applied Arts or Science degree. Contact the transfer institution for more information.

*Note: Many potential employers in this field require a criminal background check and drug screen. Graduates with certain criminal histories or positive drug screens may have difficulty finding employment after the program completion.*

Computer Simulation and Game Development AAS is offered at the Richmond campus; however, some courses may be offered at other campuses or online.

COMPUTER SCIENCE
Digital Media
(CIP 11.0801)
Associate of Applied Science

The Digital Media degree prepares students to create, develop, produce, and disseminate products and ideas utilizing or incorporating words, pictorial images, or video to convey information, concepts, and feelings. Digital Media includes the family of market segments embracing the technologies of printing, publishing, packaging, electronic imaging, and their allied industries; they are often referred to as the graphic arts, print, or imaging industries. Digital Media also includes as a branch time based media that involves video, sound, interactive video, 2-D animation, and 3-D or computer animation and the surrounding fields.

Students must earn a grade of “C” or higher in ITSE 1301, IMED 1301, ARTC 1302, ARTC 1305, and IMED 2313 in order to graduate.

Some upper level universities will allow transfer credit from 24-44 hours of the technical credits toward a Bachelor of Applied Arts or Science degree. Contact the transfer institution for more information.

Note: Many potential employers in this field require a criminal background check and drug screen. Graduates with certain criminal histories or positive drug screens may have difficulty finding employment after program completion.

 Marketable Skills Achievement Awards

Marketable Skills Achievement Awards are embedded into AAS and / or certificate program plans. Upon completion of the series of courses, fill out application with the registrar to ensure that your award is included on your transcript.

Java

Marketable Skills Award

This award signifies that student understands and is able to analyze, design, code, test, debug, and implement theoretical concepts in data structure and application development including: Classes, GUIs, and Applets.

Network Administration
(CIP 11.0901)
Associate of Applied Science

The Network Administration AAS degree program is designed to prepare students for position in the networking field. The curriculum of the program covers planning, implementing, managing, and troubleshooting a network infrastructure. Topics include Microsoft client and server operating systems, Unix client and server operating systems, PC hardware, network hardware, routing, security, and critical server applications. Several classes in the Network Administration curriculum prepare students to obtain industry certifications. Classes offered in the Cisco Router Networking certificate program and the PC Technical Support certificate program can also be applied toward the AAS in Network Administration degree.

Some upper level universities will allow transfer credit from 24-44 hours of the technical credits toward a Bachelor of Applied Arts or Science degree. Contact the transfer institution for more information.

Students must earn a grade of “C” or higher in ITCC 1475, ITCC 1476, and ITNW 2335 in order to graduate.

Several courses in the program may be articulated through local and/or Tech Prep agreements with area school districts. Students can earn college credit toward this program while still in high school. For more information, contact your high school Tech Prep Coordinator or the program director.

*Note: Many potential employers in this field require a criminal background check and drug screen. Graduates with certain criminal histories or positive drug screens may have difficulty finding employment after program completion.*

Network Administration AAS is offered at the Richmond campus; however, some courses may be offered at other campuses or online.

PC Technical Support
(CIP 11.0901)
Certificate

The PC Technical Support certificate program is designed to prepare students for entry-level desktop support positions. Typical job duties may include providing hardware and software technical assistance to end users, resolving basic computer and network problems, installing or repairing hardware and software, and training end users. The curriculum of the program includes PC operating systems such as Microsoft Windows and Linux, PC and Network hardware, end-user application software, troubleshooting techniques, customer service skills, and basic networking techniques. Several classes in the curriculum prepare students to obtain industry certifications, such as IC3 and CompTIA A+. Many of the classes offered in the PC Technical Support certificate program can also be applied toward the AAS in Network Administration degree.

Students must earn a grade of "C" or higher in ITCC 1475 and ITSC 2339 in order to graduate.

Note: Many potential employers in this field require a criminal background check and drug screen. Graduates with certain criminal histories or positive drug screens may have difficulty finding employment after program completion.

Courses in this program are primarily offered at the Wharton and Richmond campuses.

COSMETOLOGY  
(CIP 12.0401)  
Certificate

The cosmetology program prepares students by developing positive attitudes as well as the skills and technical knowledge necessary for competency in the field of cosmetology. The program is open to both female and male applicants and allows students the opportunity to complete the State Cosmetology Board Examination. The student must have a 2.0 overall GPA to receive a certificate of completion.

ENTRANCE REQUIREMENTS

- All admission requirements must be met with Wharton County Junior College.
- TSI-Reading must be met.
- Complete program application. An interview will be scheduled with the Program Director.

Testing Center information for each campus is available online at www.wcjc.edu or by calling the Wharton campus, 1-800-561-9252 ext. 6386.

PLAN OF INSTRUCTION

The cosmetology program offers day and evening classes, both are held in Wharton. The length of the day class is 11 months and the length of the evening class is 18 months. Students will register for classes each semester (Fall, Spring, and Summer). New students are only accepted for Fall and Spring semesters. The program is offered in Wharton only. Inquiries concerning admission to the program should be directed to the Cosmetology Department, 979-532-6422.

Capstone Experience: Mock State Board Exam
State Board Exam: Upon satisfactory completion of the program, students are eligible to apply for the state board examination to become licensed as cosmetologists.

Total Semester Hours – 41
DENTAL HYGIENE
(CIP 51.0602)
Associate of Applied Science

The Dental Hygiene program consists of a combination of subject matter, experiences, and general liberal-arts courses designed to prepare a person to provide dental hygiene services to patients. The dental hygienist’s primary functions include oral prophylaxis, taking and processing radiographs, and oral-health education.

The program is fully accredited by the Commission on Dental Accreditation of the American Dental Association; a specialized accrediting body recognized by the Council on Post-secondary Accreditation and by the United States Department of Education and is approved by the Texas State Board of Dental Examiners (TSBDE). Graduates of the program are eligible to take the National Board Examination and a regional clinical board exam for licensure.

Students entering the Dental Hygiene program should have a strong science background; therefore, four hours of college chemistry with a minimum grade of “C” is strongly recommended. Special consideration for acceptance will be given to applicants meeting this recommendation.

The program is only offered at the Wharton campus.

ADMISSION REQUIREMENTS AND PROCEDURES

The Dental Hygiene program has a limited enrollment. Prerequisites for acceptance into the freshman Dental Hygiene class are:

1. Eligibility for admission to Wharton County Junior College including TSI requirements
2. Evidence of high school chemistry (2 semesters) or equivalent (4 hours college CHEM 1405 or 1411) with a minimum grade of “C”
3. ACT: Minimum reading score of 18, minimum composite score of 19 on the national American College Test (ACT); taken within 5 years of admission to the program, or pre-approved equivalent
4. Evidence of college credit in Human Anatomy and Physiology I and II (8 hours; BIOL 2401 and BIOL 2402), Microbiology** (4 hours; BIOL 2420) with a minimum grade of “C”
5. Minimum 2.5 GPA in requisite courses

Dental Hygiene Program – Co-requisite Courses

ENGL 1301 Composition I
PSYC 2301 General Psychology
SOCI 1301 Introduction to Sociology
SPCH Elective SPCH 1315, SPCH 1318 or SPCH 1321
Any Language, Philosophy, & Culture or Creative Arts Elective*

Total Semester Hours – 15

Application Submission Process

Applicants must submit the following no later than May 31st for final selection:

1. High school and college transcripts to the Office of Admission and Registration and to the Director of Dental Hygiene
2. ACT scores to the Office of the Admissions and Registration and to the Director of Dental Hygiene (national test preferred)
3. Dental Hygiene Application form to the Director of Dental Hygiene
4. Documentation of Hepatitis B immunization, completion, or in progress
5. Submit evidence of college credit in 8 hours; BIOL 2401, BIOL 2402, and BIOL 2420 with a minimum grade of “C” to the Director of Dental Hygiene
6. Submit proof of dental work experience, if applicable, to the Director of Dental Hygiene
Detailed application instructions are included in the application packet that is available by contacting the Dental Hygiene Department or online at: www.wcjc.edu_programs_n/allied_health/dental_hygiene/default.asp

**ACCEPTANCE INTO PROGRAM**

Upon selection to the program, full acceptance is contingent upon the following:

1. Remittance of a non-refundable deposit of $125 to secure final admission
2. Proof of current American Heart Association Health Care Provider CPR certification
3. Proof of required immunizations: Hepatitis B series, measles, mumps, rubella, varicella
4. Documentation of annual tuberculosis screening; positive results require follow-up
5. Completion of technical standards and health information form
6. Completion of satisfactory criminal background check and/or an acceptable CHE from the Texas State Board of Dental Examiners

**CRIMINAL BACKGROUND CHECKS**

Most clinical facilities require that criminal background checks be completed prior to allowing students to participate in clinical training at their facilities. The Texas State Board of Dental Examiners may deny application for licensure because of a person’s conviction under state or federal law of a felony or misdemeanor that directly relates to the duties and responsibilities of the profession for which the person seeks licensure.

Therefore, applicants conditionally accepted into the WCJC Dental Hygiene program will be required to complete a criminal background check.

Final acceptance into the program is contingent upon a satisfactory background check which will be completed by an approved agency. An applicant with an unsatisfactory criminal background check must confer with the Director of Dental Hygiene prior to being eligible to receive full acceptance and enroll in the program. The cost of the criminal background check will be at the applicant’s expense and is approximately $55 (detailed information is available in the application packet).

In order to receive full acceptance for enrollment in the Dental Hygiene Program, an applicant with an unsatisfactory criminal background check must obtain a Criminal History Evaluation (CHE) from the TSBDE to ensure licensure eligibility upon graduation.

http://www.tsbde.state.tx.us/index.php?option=com_content&task=view&id=154&Itemid=144

If you have been charged and/or convicted of any misdemeanor or felony (other than a traffic violation) you must submit the CHE to the TSBDE **90 days prior to the application deadline**. The CHE will then be complete if you are selected into the class or if you have alternate status; and will not prevent final acceptance into the program.

**EXPENSES**

Each Dental Hygiene student must purchase instruments, supplies, pin, and insurance costing approximately $2,700. Scholarships are available and students may contact the Financial Aid office for information.

**CAPSTONE EXPERIENCE:** During the last semester of the program, the capstone experience consists of a Mock National Board Dental Hygiene Examination that tests comprehensive cognitive abilities. The Mock examination assesses the ability to understand important information from basic biomedical, dental, and dental hygiene sciences and also the ability to apply such information in a problem-solving context. Successful completion of the mock examination is a pre-requisite to taking the National Board Dental Hygiene Examination prior to graduation.
### Prerequisite Courses
- **BIOL 2401**: Human Anatomy & Physiology I
- **BIOL 2402**: Human Anatomy & Physiology II
- **BIOL 2420**: Microbiology

### Freshman/Semester I – Fall
- **DHYG 1301**: Orofacial Anatomy, Histology & Embryology
- **DHYG 1311**: Periodontology
- **DHYG 1331**: Preclinical Dental Hygiene
- **DHYG 1103**: Preventative Dental Hygiene
- Select any Language, Philosophy, & Culture or Creative Arts Elective*

### Freshman/Semester II - Spring
- **DHYG 1339**: General & Oral Pathology
- **DHYG 1304**: Dental Radiology
- **DHYG 1261**: Clinical Dental Hygiene I
- **DHYG 1227**: Preventive Dental Hygiene Care
- **DHYG 1207**: General & Dental Nutrition
- **ENGL 1301**: Composition I

### Summer I
- **DHYG 1219**: Dental Materials

### Sophomore/Semester I - Fall
- **DHYG 1235**: Pharmacology for the Dental Hygienist
- **DHYG 2362**: Clinical Dental Hygiene II
- **DHYG 1315**: Community Dentistry
- **DHYG 2201**: Dental Hygiene Care I
- **SOCI 1301**: Introduction to Sociology

### Sophomore/Semester I - Spring
- **DHYG 2363**: Clinical Dental Hygiene III
- **DHYG 2231**: Dental Hygiene Care II
- **DHYG 2153**: Dental Hygiene Practice
- **DHYG 2102**: Applied Community Dentistry
- **SPCH Elective**: SPCH 1315, SPCH 1318 or SPCH 1321
- **PSYC 2301**: General Psychology

**Total Semester Hours – 68**
EARLY CHILDHOOD
(CIP 19.0706)

This program is designed for candidates who are interested in working with young children (birth to age twelve) in settings that do not require a teacher certification. To be in compliance with standards set forth by Child-Care Licensing, candidates must “demonstrate competency, good judgment, and self-control in the presence of children when performing assigned duties” (Texas Department of Family and Protective Services, Minimum Standards for Child-Care).

ADMISSION REQUIREMENTS

Documentation must be provided and/or on file for the following within the first week of your first Early Childhood course:

1. Criminal History Statement as required by the Texas Department of Protective and Regulatory Services – This will be submitted for verification through application with an approved school district. The following types of criminal convictions permanently bar a student from childcare operations and from participating in required observations:
   - Felony convictions of an offense under The Texas Penal Code or any like offense under the law of another state or federal law:
     - Title 4: Inchoate Offenses (Chapter 15 Preparatory Offenses 15.031)
     - Title 5: Offenses Against the Person (Chapter 19, 20, 21, 22)
     - Title 6: Offenses Against the Family (Chapter 25)
     - Title 7: Offenses Against Property (Chapter 29)
     - Title 8: Offenses Against Public Administration (Chapter 38)
     - Title 9: Offenses Against Public Order and Decency (Chapter 42, 43 Subchapter A&B)
     - Title 10: Offenses Against Public Health, Safety, and Morals (Chapter 46, 49)
     - Offenses under the Health and Safety Code: Chapter 481. Texas Controlled Substance Act (Subchapter D. Offenses and Penalties)
   - Deferred Adjudication is treated the same as a conviction until the probation is successfully completed. Any types of central registry findings such as sustained findings of physical or sexual abuse also permanently bars the student from childcare operations. Students with other misdemeanor or felony indictments, convictions or complaints may not enroll in child development courses until the Texas Department of Protective and Regulatory Services completes an assessment of risk. This may take several months.

2. Confirmation that confidentiality and professional conduct and demeanor will be observed at all times when visiting schools or early childhood programs.

Students must earn a grade of “C” or higher in the program capstone course (CDEC 2386) in order to graduate.

Several courses in the program may be articulated through local and/or Tech Prep agreements with area school districts. Students can earn college credit toward this program while still in high school. For more information, contact your high school Tech Prep coordinator or the program director.
**EARLY CHILDHOOD**  
*Marketable Skills Awards*

Upon the recommendation of the Early Childhood Advisory Board, the department offers two Marketable Skills Achievement Awards of 9 semester credit hours in: a) curriculum and lesson planning for early childhood programs and b) effective classroom management. Courses in the awards are designed to develop an employee’s lesson planning skills for children ages 0-8 years or to develop an employee’s skills in effective classroom management for school age children (5-13 years). All courses can be applied toward the completion of the Associate of Applied Science Degree in Early Childhood Development. Upon completion of the series of three (3) courses, students will complete an application with the registrar to ensure that the award is included on the transcript.

**EARLY CHILDHOOD**  
*Level I Certificate*

*Texas Success Initiative (TSI) Waived*

This course of study is designed to prepare students for a career in early childhood/child development instruction or administration. Candidate must “demonstrate competency, good judgment, and self-control in the presence of children when performing assigned duties” (Texas Department of Family and Protective Services, Minimum Standards for Child-Care, p. 43). The program will provide lower-level technical courses (non-transferable) for continuing educational experience to satisfy state (Texas Department of Protective and Regulatory Services) and national (The Council for Early Childhood Professional Recognition) credential requirements.

EARLY CHILDHOOD
Level II Certificate

Texas Success Initiative (TSI) must be met for Reading and Writing

This course of study is a continuation of the Level I Certificate with emphasis on applying college level reading and writing skills to program design and curriculum planning in children’s programs that do not require teacher certification. Candidates must “demonstrate competency, good judgment, and self-control in the presence of children when performing assigned duties” (Texas Department of Family and Protective Services, Minimum Standards for Child-Care, p. 43). The program will provide lower-level technical courses (non-transferable) for continuing educational experience to satisfy state (Texas Department of Protective and Regulatory Services) and national (The Council for Early Childhood Professional Recognition) credential requirements.

EARLY CHILDHOOD/CHILD DEVELOPMENT  
(CIP 19.0706)  
Associate of Applied Science

This workforce program, which is Early Childhood Associate Degree Accredited (ECADA), is designed to prepare students for an early childhood career that does not require teacher certification. It is the continuation of the Level II Certificate and requires more in-depth application of college level reading, writing, and math skills to program design and curriculum planning. Candidates must “demonstrate competency, good judgment, and self-control in the presence of children when performing assigned duties” (Texas Department of Family and Protective Services, Minimum Standards for Child-Care, p. 43). The program will provide lower-level academic and technical courses for continuing educational experiences to satisfy state (Texas Department of Protective & Regulatory Services) and National (The Council for Early Childhood Professional Recognition) credential education requirements and includes 15 hours or more of general education coursework (academic transfer courses).

This program may be eligible for transfer credit to a Bachelor of Applied Science degree (BAS) if students take the general education courses marked with asterisks (*).

**Semester I**
- CDEC 1319: Child Guidance (Online)
- CDEC 1313: Curriculum Resources for Early Childhood Programs
- CDEC 1356: Emergent Literacy for Early Childhood Programs
- TECA 1303: Family, School, and Community
- CDEC 1358: Creative Arts for Early Childhood

**Semester II**
- CDEC 2307: Math and Science for Early Childhood
- CDEC 1359: Children with Special Needs
- CDEC 2326: Administration of Programs for Children I
- TECA 1318: Wellness of the Young Child
- SPCH 1315: Public Speaking

**Semester III**
- ENGL 1301: English Composition
- TECA 1311: Educating Young Children
- CDEC 1164: Practicum (or Field Experience) – Child Development

Select one course from the following:
- CDED 2328: Administration of Programs for Children II
- CDEC 2315: Diverse Cultural and Multilingual Education

Select any Math Elective*
Select any Language, Culture and Philosophy or Creative Arts Elective*
Select any Social and Behavioral Science Elective*

**Semester IV**
- TECA 1354: Child Growth and Development
- CDEC 2286: Internship-Child Care Provider/Assistant (Capstone Course)

Select one elective from the following:
- CDEC 1321: The Infant and Toddler
- CDEC 2341: The School Age Child
- CDED 1323: Observation and Assessment
- ENGL 1302*: Composition II
- COSC 1301: Introduction to Computing
- GOVT 2306*: Texas Government*

Select any Social and Behavioral Science Elective*

*Total Semester Hours – 60
Organized learning experiences leading to the Associate of Applied Science degree include theory and laboratory work as each relates to planning, producing, testing, assembling, installing, and maintaining electronic equipment: communications, industrial electronics, computer and computer interfaces, digital systems, robotic equipment, PLCs, and microprocessors. Program emphases are on system and component level troubleshooting, device characteristics, and circuits. Instruction is designed to develop knowledge, understanding, and skills essential for employment in industries relying on electronic means for communication, transport, manufacturing and process control, information processing, and in most electronic service occupations.

The program in electronics technology provides workplace experiences recommended by the U.S. Department of Labor Secretary’s Commission on Achieving Necessary Skills (SCANS).

Students may begin the program in the fall or spring semester.
Students must earn a grade of “C” or higher in the program capstone course (CETT 2349) in order to graduate.

Several courses in the program may be articulated through local and/or Tech Prep agreements with area school districts. Students can earn college credit toward this program while still in high school. For more information, contact your high school Tech Prep coordinator or the program director.

Total Semester Hours – 60
EMERGENCY MEDICAL TECHNOLOGY  
(CIP 51.0904)

These courses prepare students as emergency medical care providers in a pre-hospital setting. Persons certified as EMT-Paramedics provide a higher level of care as specified by the Texas Department of State Health and the National Registry of EMT’s. The EMS program is accredited by the Commission on Accreditation of Allied Health Educational Programs (www.caahep.org) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

Commission on Accreditation of Allied Health Education Programs  
1361 Park Street  
Clearwater, FL 33756  
727-210-2350  
www.caahep.org

EMT courses are offered at the Richmond and Wharton campuses. The Advanced Emergency Medical Technician (AEMT) and EMT-Paramedic courses are offered in Wharton.

Emergency Medical Technician Certificate of Paramedic program is a one year certificate course of study that earns the student semester credit hours. These hours can be matriculated into the Emergency Medical Technology Associate of Applied Science degree at a later date.

ENTRANCE REQUIREMENTS

- TSI Reading requirement met. (Paramedic Certificate courses only, not EMT or AEMT)
- Complete an application to the EMS Program.
- Must meet all admission requirements to Wharton County Junior College.
- Students must first complete the EMT program prior to enrolling in the EMT-Paramedic course.
- Students must have a current Health Care Provider CPR card from the American Heart Association prior to entering the course. Students not current in Health Care Provider CPR should refer to the WCJC Continuing Education schedule for course offerings.

ENGINEERING DESIGN
(CIP 15.1301 and CIP 15.1303)

ENGINEERING DESIGN
Architectural Design
Certificate

This certificate program in architectural design is recommended for those individuals who have a desire to pursue a career in architectural residential design as an apprentice or trainee. This program provides students with learning experiences in computer-aided design, architectural (residential) design, and structural design.

First Semester
DFTG 1405 Technical Drafting
DFTG 1409 Basic Computer-Aided Drafting
DFTG 1410 Specialized Basic Computer-Aided Drafting (CAD)
DFTG 1417 Architectural Drafting-Residential

Second Semester
DFTG 2319 Intermediate Computer-Aided Drafting
DFTG 2432 Advanced Computer-Aided Drafting
MATH 1314 College Algebra
ARCE 1352 Structural Drafting
DFTG 2338 Advanced Drafting – Final Project (Capstone Course)

Total Semester Hours – 32

ENGINEERING DESIGN
Computer-Aided Drafting (CAD)
Certificate

The certificate program in computer-aided drafting is recommended for the individual who has prior drafting experience and wishes to update his/her skills. Manual drafting skills recommended through Tech-Prep, college transfer, high school courses or work experience.

First Semester
DFTG 1405<sup>1&2</sup> Technical Drafting
DFTG 1409<sup>1&2</sup> Basic Computer-Aided Drafting
DFTG 1410 Specialized Basic Computer-Aided Drafting (CAD)
MATH 1314 College Algebra

Second Semester
DFTG 2319 Intermediate Computer-Aided Drafting
DFTG 2432 Advanced Computer-Aided Drafting
DFTG 2338 Advanced Drafting – Final Project (Capstone Course)
MATH 1316 Trigonometry

Select one course from the following:
SPCH 1315 Public Speaking
SPCH 1318 Interpersonal Communications

Total Semester Hours – 31
ENGINEERING DESIGN  
(CIP 15.1301)  
Associate of Applied Science

The program in engineering design is a four-semester course of study leading to an Associate of Applied Science degree. Specialized learning experiences include the implementation of computer-aided design software in various design disciplines. Instruction emphasizes the development of technical knowledge and drafting skills that are essential to the successful entrance in the job market as a design technician.

Former students have been employed as pipe designers, architectural designers, tool designers, civil designers, structural detail designers, electrical designers, and job estimators.

The Engineering Design program provides work-place experiences recommended by the U.S. Department of Labor Secretary’s Commission on Achieving Necessary Skills (SCANS).

To be eligible for the Associate of Applied Science – Engineering Design degree, the student must maintain a grade of “C” or above in all Engineering Design (WECM) classes as follows: DFTG 1405, DFTG 1409, DFTG 1410, DFTG 1417 or DFTG 1493, ARCE 1352, DFTG 2338, DFTG 2406, DFTG 2407, DFTG 2419, DFTG 2423 and DFTG 2432.

Some upper level universities will allow you to transfer anywhere from 24-44 hours of your technical credit toward a Bachelor of Applied Arts or Science degree. Contact your transfer university for information.

Total Semester Hours – 60

Note:
1. Students entering the program must be TSI satisfied.
2. These courses may be taken during the 11 & 12 grade in high school as part of an articulated contract with the ISD. Credit will be given for DFTG 1405 if the coursework is done manually. Credit will be granted for DFTG 1409 only if the high school course is taught on the current version of AutoCAD software.
3. DFTG 2338 must be taken during the students graduating semester. If summer graduation is planned, DFTG 2338 must be taken the spring semester before the anticipated graduation. DFTG 2338 is not offered during the summer sessions.

1. DFTG 2423 is offered during the summer at the Fort Bend Technical Center.
2. It is recommended that all Engineering Design students’ council with an instructor in their first semester of course work.
3. Student success in drafting coursework is improved if students take core courses during the summers or mini-term classes.
Construction Management is an exciting major that can lead graduates into several areas of concentration. Entry level jobs can be found in the fields of commercial, residential, or highway/heavy construction. The functions of construction management typically include:

- Identifying project objectives
- Estimating job costs and requirements
- Planning, budgeting, and scheduling of labor, materials, and equipment
- Selecting contractors and setting performance goals
- Assuring quality standards in construction
- Overseeing project safety

Candidates must have good communication skills, management skills, a good work ethic, and a dedication to quality.

Coursework for the program includes identifying construction material, estimating, scheduling, Basic AutoCAD, project management, mechanical and electrical systems planning, construction documents, and basic safety requirements. Some upper level universities will allow the transfer of 24-44 hours of technical credit toward a Bachelor of Applied Arts or Science degree. Students should seek advising from the institution to which they intend to transfer.

HEALTH INFORMATION TECHNOLOGY
(CIP 51.0707)
Associate of Applied Science

The Health Information Technology Program is accredited by the Commission on Accreditation of Health Informatics and Information Management Education (CAHIIM). Graduates of the program are eligible to sit for the American Health Information Management Association’s credentialing exam for qualifications as a Registered Health Information Technician (RHIT). Graduates are prepared to serve as entry-level RHITs in a variety of settings including hospitals, clinics, long-term care facilities, insurance companies, state, local and federal health agencies and related health facilities. The RHIT performs such functions as coding and classifying patient data for reimbursement; reviewing medical records for completeness and accuracy; providing security of information to protect patient privacy; responding to authorized inquiries for insurance and legal purposes; and for organizing, analyzing and evaluating information for statistics, billing, research and other reports and special studies.

Due to a limited number of spaces available, meeting all of the criteria does not guarantee anyone admission to the program.

ADMISSION REQUIREMENTS AND PROCEDURES

Applicants must obtain an Information Packet from the Health Information Technology (HIT) Program. Information packets can be obtained by calling the program or by downloading from the HIT website.

All students are encouraged to meet with the program director prior to enrolling in the program.

The following paperwork must be submitted by the last Thursday in June to the Health Information Technology Program. Eligible applications will be offered admittance until the class is full.

1. Submit proof of acceptance to WCJC (letter of acceptance, etc.) with your HIT application.
2. Complete the Health Information Technology Program application.
3. A transcript from each college you have attended sent to:
   a. Office of Admissions and Registration (Official Copy)
   b. Health Information Technology Program (Copy)
4. Technical Standards Form signed.

Applicants conditionally accepted into the WCJC HIT Program will be required to complete/submit the following prior to enrollment in practicum courses:

1. Must show proof of completion of the Hepatitis B vaccine series or serologic confirmation of immunity to Hepatitis B virus prior to enrolling in the practicum courses.
2. Must have a completed physical examination by their personal physician prior to enrolling in the practicum courses. The cost of the physical examination will be at the applicant’s expense. Health Data Form will be provided.
3. CRIMINAL BACKGROUND CHECKS- Most practicum facilities require that criminal background checks be completed prior to allowing students to participate in training at their facilities. Applicants conditionally accepted into the Health Information Technology Program will be required to complete a satisfactory criminal background check from a college approved agency prior to enrolling in the practicum courses. The cost of the criminal background check will be at the applicant’s expense. The anticipated cost for the criminal background check is approximately $52.00.
4. DRUG SCREENING- Applicants conditionally accepted into the Health Information Technology program will also be required to complete a drug screen with negative results prior to enrolling in the practicum courses. Only drug screens conducted through a college approved agency will be accepted. The cost of the drug screen will be at the applicant’s expense. The anticipated cost for the drug screen is $50.00.

*Transportation costs incurred during clinical phase vary according to individually planned schedules. Students are responsible for transportation.

Preference for admission will be given to applicants who have college credit in the following courses:
- BIO 2401 (Human Anatomy & Physiology I)
- BIO 2402 (Human Anatomy & Physiology II)
- COSC 1301 (Introduction to Computing)
- ENGL 1301 (English Composition I)

#### Freshman/Semester I
- HIT 1301: Health Data Content & Structure
- HIT 1305: Medical Terminology I
- BIO 2401: Human Anatomy & Physiology I
- ENGL 1301: Composition I
- COSC 1301: Introduction to Computing

#### Freshman/Semester II
- HIT 1249: Pharmacology
- HIT 1353: Legal & Ethical Aspects of Health Information
- HIT 1345: Health Care Delivery Systems
- BIO 2402: Human Anatomy & Physiology II
- GOVT 2305: Federal Government

#### Sophomore/Semester I
- HIT 1441: Coding and Classification Systems
- HIT 1355: Health Care Statistics
- HIT 1167: Practicum I Health Information Technology
- HPRS 2301: Pathophysiology
- HIT 1311: Health Information Systems

#### Sophomore/Semester II
- HIT 2166: Practicum II Health Information Technology (Capstone Course)
- HIT 2339: Health Information Organization & Supervision (Capstone Course)
- HIT 2435: Coding and Reimbursement Methodologies
- HIT 2443: Quality Assessment & Performance Improvement
- Select any Language, Philosophy, & Culture or Creative Arts Elective*

**Total Semester Hours – 60**
HUMAN SERVICES
(CIP 51.1599)

ACCREDITED: Council for Standards in Human Service Education

ENTRANCE REQUIREMENTS

The Human Services Program is accredited by the Council for Standards in Human Service Education (CSHSE). Graduates of the program may be eligible to sit for the Center for Credentialing and Education’s (CCE) national certification examination.

Consideration for acceptance into the Human Services Program is based upon the submission of the following:

1. Completed application for admission to WCJC, submitted to both the Office of Admissions and Registration and to the Human Services program
2. Copy of all College transcripts (if applicable)
3. Completed application to the Human Services Program
4. Completed Criminal Background Check through the college-approved agency
5. Negative drug screen when required
6. AAS ONLY: Acceptable college entrance exams on file with college and evidence provided for the Human Services Program

Upon acceptance into the Human Services Program:

1. All students who are accepted into the Human Services Program must purchase liability insurance through WCJC at a cost of approximately $35.00 when enrolled in the practicum field experience.
2. Practicum settings may require evidence of immunizations (possibly diphtheria-tetanus, Hepatitis B, measles, mumps, rubella, varicella, and a TB test – positive TB test will require follow-up), negative drug screen, and a criminal background check.
3. A grade of “C” or higher must be obtained in all curriculum specific to the Human Services Program. A GPA of 2.0 is required in all other general education courses in the Humans Services Program degree plan.

Students pursuing a Human Services Certificate or AAS degree should be aware of the following:

- **Criminal Background Checks and Drug Screening:** All clinical/practicum facilities utilized in the Human Services Program require criminal background checks be completed prior to allowing students to participate in clinical training at their facilities. Applicants conditionally accepted into the program will be required to complete a criminal background check. **Final acceptance into the program is contingent upon a satisfactory background check which will be completed by an approved agency.**
  - Students will be allowed to take 12 semester credit hours prior to the completion of the criminal background check.
  - The cost of the background check will be at the applicant’s expense; anticipated to be approximately $52.00.
  - Information regarding this process should be obtained from the program director.
  - Students will be required to have a negative drug screen through the college approved agency. The estimated cost is $40.00. Students may be required to submit to additional drug screens as required by the Human Services program and/or the clinical/practicum sites as warranted.
  - Students should be aware certain criminal histories may prevent them from participating in the practicum experience. Prior to the start of clinical/practicum, drug screens and criminal background checks will be required. Students deemed ineligible for clinical/practicum due to original history will be dismissed from the program and dropped from the program courses.
  - A second criminal background check may be required prior to entering the practicum field experience.
The Human Services Technician Level One certificate will provide students an opportunity to gain entry level skills to enter fields such as, but not limited to, psychiatry, psychology, human services, social work, child welfare, health, family services, criminal justice, substance abuse, education, or working in environments assisting the homeless. It will also train students to observe patients and record information, conduct patient interviews, implement treatment plans, employ problem-solving techniques and develop an awareness of elements relative to a multi-culturally diverse community population. Certificate completers will participate in external learning experiences in a variety of contexts and will be required to complete a supervised practicum or clinical experience consisting of 180 hours. Effective communication, ethical protocol, cultural diversity, and interpersonal and time management skills will be emphasized throughout the program.

**Summer I**
- SCWK 1321 Orientation to Social Services

**Semester I**
- COSC 1301 Introduction to Computing
- DAAC 1319 Substance-Related and Addictive Disorders
- CHLT 1309 Community Ethics
- CHLT 1302 Wellness & Health Promotion
- CMSW 1309 Problems of Children & Adolescents
- PSYT 1329 Interviewing & Communication Skills

**Semester II**
- PSYT 2321 Crisis Intervention
- DAAC 1317 Basic Counseling Skills
- CHLT 1340 Community Health Advocacy
- GERS 1342 Aging and Mental Health
- PSYT 2335 Family Systems
- PMHS 2260 Clinical/Psychiatric/Mental Health Services Technician (Capstone Course)

**Total Semester Hours – 38**
HUMAN SERVICES  
Associate of Applied Science

The Human Services AAS degree will prepare students for careers in a variety of fields such as, but not limited to, psychiatry, psychology, human services, social work, child welfare, health, family services, criminal justice, substance abuse, education, or working in an environment assisting the homeless. Job titles might include human service worker, case management aide, social work assistant, community support worker, mental health assistant, community outreach worker, life skills counselor or gerontology aide. Working conditions may vary considerably. Some may work in offices, clinics, and hospitals, while other graduates may work in group homes, shelters, day programs or may spend their time in the field visiting clients.

Human service assistants may provide direct and indirect client services. Students will be trained to observe patients and record information, conduct patient interviews, implement treatment plans, employ problem-solving techniques, handle crisis intervention matters, use proper case management and referral procedures, and develop an awareness of elements relative to a multi-culturally diverse community population.

Graduates will have a strong background in the appropriate cores of psychology and sociology; will participate in external learning experiences in a variety of contexts and will be required to complete a supervised practicum or clinical experience for two consecutive semesters completing 125 hours each semester. Effective communication, ethical protocol, interpersonal and time management skills will be emphasized throughout the program. Program coursework does address a multicultural emphasis. The AAS degree is designed to facilitate a transition from WCJC to a university or 4-year college with little or no loss of transfer credit giving the student an opportunity to obtain and advanced degree in fields such as human services, psychology, social work, and sociology.

**Total Semester Hours – 60**

**WORK/LIFE EXPERIENCE POLICY**

The Criminal Justice program has developed the following mechanism to assist those persons employed in the criminal justice field to satisfy degree requirements for their work/life experience and in-service training.

Students who wish to obtain an applied science degree from the college in Law Enforcement and are certified peace officers in the state of Texas may satisfy degree requirements for Basic Peace Officer courses by meeting the following criteria and paying $12.00 per credit hour. Students must have taken and successfully completed 15 college credit hours from Wharton County Junior College, including only courses for which the student receives college credit transferable to another Texas community college or university, prior to receiving credit for the Peace Officer courses. Criminal Justice department head approval is required for permission to satisfy degree requirements in this manner.

The prerequisites for work/life and in-service training credit are as follows:

1. The applicant must be currently employed with a criminal justice agency and have at least six months experience, and;
2. The applicant must submit a resume which includes the experience required in item 1 above and all supporting documentation to the department head for evaluation, and;
3. The applicant must secure a letter of verification from the chief administrator of the employing agency attesting to the information contained in the applicant’s resume and supporting documentation, regarding the prerequisites and criteria required by this policy, and;
4. The applicant must pay all fees required by the college.
Credit for the following courses may be awarded by resume under the work/life experience policy:

- CJLE 1506 Basic Peace Officer I
- CJLE 1512 Basic Peace Officer II
- CJLE 1518 Basic Peace Officer III
- CJLE 1524 Basic Peace Officer IV

These classes are courses required for graduation with an Associate of Applied Science degree from Wharton County Junior College.
This is a one-year program designed to give students a technical-level specialized career tract option in the technical areas of either electrical, instrumentation, or mechanical maintenance, culminating into three certificate choices in the fields of Electrical Technician, Instrumentation & Control Technician, or Mechanical Technician.

The purpose of the Level II Certificates are to educate qualified, professional persons that address industry's demand for specialized technicians in the areas of Electrical, Instrumentation, and Mechanical. The program prepares individuals to apply basic engineering technology principles, mechatronics, and other technical skills in support of maintenance and operational requirements of electrical and instrumentation and control, and mechanical equipment used in many sectors of industry; including power generation, chemical processing, manufacturing, and others.

The program is intended to maximize a student’s opportunity for immediate exit for employment or provide options to pursue a related program’s AAS Degree specialty after completion of certificate requirements.

The Level II Certificates may also be used as enhancements to existing related degrees such as Nuclear Power Technology or Process Technology, or other AAS Degrees by providing students more flexibility in their employment options.

NUCLEAR POWER TECHNOLOGY
(CIP 41.0205)
Associate of Applied Science

This program is designed to prepare students for entry level employment in the nuclear/power generation industry and will provide the academic and technical competencies required. Students can obtain only one AAS Degree in one of four specialty areas: Non-Licensed Operator, Electrical Technician, Instrumentation & Control Technician, or Mechanical Technician. Students enrolled in the AAS degree have nuclear core coursework during the first two semesters and must then select a specialty track to complete the final two semesters of the program to complete the AAS degree.

Track A
Non-Licensed Operator Specialty

**Semester III**
- CETT 1409 DC/AC Circuits
- NUCP 2470 Nuclear Power Plant Systems I
- PTAC 2314 Principles of Quality
- INTC 1350 Digital Measurement & Controls
- Select any Social & Behavioral Science Elective*

**Semester IV**
- NUCP 2471 Nuclear Power Plant Systems II (Capstone Course)
- SPCH 1315 Public Speaking
- Select any Language, Philosophy, & Culture or Creative Arts Elective*
- Select any Discipline-Related Studies Elective**

Total Semester Hours – 60

**Discipline Related Studies Electives – Students choose one of the following:**
- PHYS 1401 – General Physics I
- CHEM 1411 or CHEM 1412 – General Chemistry I or II
- CETT 1425 – Digital Fundamentals
- MATH 2413 – Calculus I
- PTAC 2436 – Process Instrumentation II
- ELMT 2437 – Electronic Troubleshooting, Service & Repair
- INTC 1457 – AC/DC Motor Controls
- NUCP 1480 – Cooperative Education***

***Optional Cooperative Education course (NUCP 1480) requires consent of the Department Head. AAS Degree seeking students can take NUCP 1480 for a 16-week semester internship or an 8-week summer internship.

**Note:** Students pursuing the AAS-Non Licensed Operator Specialty and desiring to pursue the Electrical Technician and/or Instrumentation & Control Technician Level I Certificates **MUST** take ELMT 2437 and/or PTAC 2436 as a Discipline Related Electives to avoid completion delays.

Total Semester Hours – 33
The Associate Degree in Nursing (ADN) is a two year program to prepare graduates to be accountable, responsible, beginning practitioners of professional nursing who are able to utilize the nursing process in giving direct care to clients in structured health care settings. General education courses as well as nursing courses are included in the curriculum and are transferable to many four-year colleges that offer baccalaureate degrees in nursing.

Upon successful completion of the program, graduates are qualified to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). The program is approved by the Texas Board of Nursing (BON).

The ADN program has limited enrollment. Admission to the program is by a competitive ranking process. Students are accepted:

1. Fall semester for Wharton campus
2. Spring semester for Sugar Land campus

Application packet for Wharton campus is published online in November. Application packet for Sugar Land campus is published online in April.

- Wharton campus application packet deadline is the third Wednesday of March.
- Sugar Land campus application packet deadline is the third Wednesday of August.

APPLICATION/ADMISSION REQUIREMENTS

1. Application and current admission to WCJC
2. Must have all components of Texas Success Initiative (TSI) satisfied prior to application.
3. If student has attended any institution other than WCJC, must request transcript evaluation through the Office of Admissions and Registration at least one semester prior to application deadline. (Registrar must have official transcript from each college attended.)
4. Associate Degree Program must have a copy of transcript from each college including WCJC with application.
5. Letter of Good Standing: If you have previously enrolled in any nursing program, you must provide a letter from the program director stating that you are a student in good standing and are eligible for readmission to that program.
6. Admission Testing:
   a. TEAS V (Test of Essential Academic Skills)
      1. Must have a minimum score of 70% in Reading, 70% in Math, and 70% in Science. If unsuccessful in any section, may retake that section to achieve the 70%.
      2. All exam component results must be within two years.
7. The following courses must be completed prior to application deadline with a grade of “C” or higher and a GPA of 2.5 or higher.
   a. BIOL 2401 Human Anatomy & Physiology I
   b. PSYC 2301 Introduction to General Psychology
8. Must have the following courses completed prior to admission semester with a grade of “C” or higher and a GPA of 2.5 or higher.
   a. BIOL 2402 Human Anatomy & Physiology II
   b. PSYC 2314 Life Span Growth and Development
9. Hepatitis B vaccination:
   a. Applicants who have had the Hepatitis B vaccine series must submit proof of completion in the application packet.
   b. Applicants who have not received the Hepatitis B vaccine series must submit in the application packet proof that the vaccine series has been started.
1. For fall admission must have been started by February 1st.
2. For spring admission must have been started by July 1st.
10. Statement of Student Responsibility completed and signed.
11. Must have all components of application packet complete and turned in by deadline to be processed for admission.

COMPETITIVE RANKING PROCESS

Acceptance to the associate degree nursing program is a competitive ranking process based on points awarded for designated criteria. Meeting all of the criteria does not guarantee anyone admission to the program.

Criteria for points includes but not limited to:
1. Proof of completion of prerequisite courses by stated deadline. Grade must be a “C” or better and an overall GPA of 2.5 or higher.
2. Proof of completion of support nursing courses required for Associate Degree submitted in application packet. Grade must be a “C” or better and an overall GPA of 2.5 or higher.
   a. BIOL 2420 Microbiology
   b. ENGL 1301 Composition I
   c. Language, Philosophy, & Culture (per WCJC catalog)
3. TEAS V examination results with a minimum score of 70% in Reading, 70% in Math, and 70% in Science.
4. Proof of completion of specific course work toward a RN-BSN transition program with a minimum grade of “C”
   a. ENGL 1302 Composition II
   b. MATH 1342 Introduction to Statistics
   c. HIST 1301 U.S. History I
   d. HIST 1302 U.S. History II
   e. GOVT 2305 Federal Government
   f. GOVT 2306 Texas Government
   g. SPCH 1315 Public Speaking or SPCH 1318 Interpersonal Communications
   h. COSC 1301 Introduction to Computing
   i. Creative Arts (Per WCJC catalog)
   j. BIOL 1322 Nutrition
   k. CHEM 1405 Introductory Chemistry I or CHEM 1411 General Chemistry I

CONDITIONAL ACCEPTANCE – Notification Letters

Utilizing the point award ranking process, a ranked list is generated from the applications which met the above criteria. Conditional acceptance letters, alternate conditional acceptance letters, and non-acceptance letters are emailed. Students who receive conditional acceptance letters and/or alternate conditional acceptance letters must respond to the letter by the stated deadline. If a potential student declines, an alternate is placed into the opening. Students who accept alternate status are guaranteed admission to the next semester at the other campus. Because an alternate student may begin the semester they applied, they must meet all the criteria for full acceptance into the program.

FULL ACCEPTANCE

Full acceptance to the ADN program is contingent upon the student compiling with the following:
1. Must receive eligibility approval from Texas Board of Nursing (BON) to take the NCLEX-RN
   a. Student will be required to have a FBI/DPS fingerprinting and criminal background check completed. Instructions for obtaining the fingerprinting and background check are provided after the student has responded to the conditional acceptance or alternate letter.
b. If there is something in the background check that cannot be resolved by the mandatory program orientation date, the student will not be able to begin the program. Once the issue is resolved and the student has received approval from the BON, student is eligible to reapply to the program.
c. Cost of the background check is at the student’s expense; cost is approximately $55.00.

2. Must complete health data form which is provided to the student.

3. Must provide titers showing immunity for the following immunizations:
   a. Hepatitis B
   b. Varicella
   c. MMR

4. Must provide documentation showing proof of required immunizations.
   a. Diphtheria-tetanus & Pertussis (tDap) adult dose within the last ten years
   b. Hepatitis B series
   c. MMR (measles, mumps, rubella)
   d. Varicella
   e. Flu vaccine (current season)

5. Must provide documentation of annual TB skin test (positive results will require follow-up).

6. Must provide copy of current CPR certification by the American Heart Association in Basic Life Support for Healthcare Providers.

**DRUG SCREEN**

Drug screens are scheduled at random intervals during the program. Drug screens must remain negative to continue in the program. Refusal to submit to a drug screen will result in dismissal from the program. Cost of the drug screen is at the student’s expense; cost is approximately $50.00 each screening.

**SEQUENTIAL CURRICULUM**

The grading scale for the Associate Degree Program is as follows:

A = 90 - 100  
B = 80 - 89  
C = 75 - 79  
D = 65 – 74  
F = below 65

The curriculum of the Associate Degree Nursing Program is sequential; therefore a student must achieve a minimum grade of 75 in each nursing course to receive credit for the course and progress to the next sequence of courses.

**EXPENSES**

Estimated costs of tuition, textbooks, fees, diagnostic tests, uniforms, insurance, supplies, (laboratory and simulation), equipment and graduation expenses are approximately $9,500 for in-district students for the two-year period. Scholarships are available, and students may contact the Student Financial Aid Office for information.

**Prerequisite Courses**

- BIOL 2401 Human Anatomy & Physiology I
- BIOL 2402 Human Anatomy & Physiology II
- PSYC 2301 Introduction to General Psychology
- PSYC 2314 Life Span/Growth & Development

This twelve month program provides a transition track into the ADN program. It is designed specifically for students who are already licensed vocational nurses (LVN) who wish to make the transition to the ADN program. Graduates are prepared to be accountable, responsible, beginning practitioners of professional nursing who are able to utilize the nursing process in giving direct care to clients in structured health care settings. General education courses, as well as nursing courses, are included in the curriculum and are transferable to many four-year colleges that offer baccalaureate degrees in nursing.

Upon successful completion of the program, graduates are qualified to make application to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). The program is approved by the Texas Board of Nursing (BON).

The LVN-ADN transition program has a limited enrollment. Admission to the program is by a competitive ranking process.

Students are accepted for Wharton campus only to begin in May.

Application packet is published online in September.
- Application packet deadline is the third Wednesday of January.

**APPLICATION/ADMISSION REQUIREMENTS**

1. Application and current admission to Wharton County Junior College.
2. Must have all components of Texas Success Initiative (TSI) satisfied prior to application.
3. If student has attended any institution other than WCJC, must request transcript evaluation through the Office of Admissions and Registration at least one semester prior to application deadline. (Registrar must have official transcript from each college attended.)
4. Associate Degree Department must have a copy of transcript from each college including WCJC with application.
5. Letter of Good Standing: If you have previously enrolled in any associate or baccalaureate degree nursing program, you must provide a letter from the program director stating that you are a student in good standing and are eligible for readmission to that program.
6. Admission Testing:
   a. TEAS V (Test of Essential Academic Skills)
      1. Must have a minimum score of 70% in Reading, 70% in Math, and 70% in Science. If unsuccessful in any section, may retake that section to achieve the 70%.
      2. All exam component results must be within two years.
7. Must have the following courses completed prior to application with a grade of “C” or higher and a GPA of 2.5 or higher.
   a. BIOL 2401 Anatomy & Physiology I
   b. BIOL 2402 Anatomy & Physiology II
   c. BIOL 2420 Microbiology
   d. ENGL 1301 Composition I
   e. PSYC 2301 Introduction to General Psychology
   f. PSYC 2314 Life Span Growth and Development
   g. Language, Philosophy, & Culture or Creative Arts Elective *
8. Hepatitis B vaccination series began by November 15th, if not done previously. Applicant must submit proof of completion of the series in the application packet.
10. Must have all components of application packet complete and turned in by deadline to be processed for admission.

COMPETITIVE RANKING PROCESS

Acceptance to the LVN-ADN transition program is a competitive ranking process based on points awarded for designated criteria. Meeting all the criteria does not guarantee anyone admission to the program.

Criteria for points include, but not limited to:
1. Proof of completion of prerequisite courses by the stated deadline. Grade must be a “C” or better and an overall GPA of 2.5 or higher.
2. TEAS V examination results with minimum of 70% in Reading, 70% in Math, and 70% in Science.
3. Proof of completion of specific course work toward a RN-BSN transition program with minimum grade of “C”.
   a. ENGL 1302 Composition II
   b. MATH 1342 Introduction to Statistics
   c. HIST 1301 U.S. History I
   d. HIST 1302 U.S. History II
   e. GOVT 2305 Federal Government
   f. GOVT 2306 Texas Government
   g. SPCH 1315 or SPCH 1318 Public Speaking
   h. COSC 1301 Introduction of Computing
   i. Creative Arts Elective* (Per WCJC catalog)
   j. BIOL 1322 Nutrition
   k. CHEM 1405 Introductory Chemistry I or CHEM 1411 General Chemistry I

CONDITIONAL ACCEPTANCE – Notification Letters

Utilizing the point award ranking process, a ranked list is generated from the applications which met the above criteria. Conditional acceptance, alternate, and non-acceptance letters are emailed. Students who receive conditional acceptance letters must respond to the letter by the stated deadline.

FULL ACCEPTANCE

Full acceptance to the LVN-ADN transition program is contingent upon the student compiling with the following:
1. Must receive eligibility approval from Texas Board of Nursing (BON) to take the NCLEX-RN
   a. Student will be required to have a FBI/DPS fingerprinting and criminal background check completed. Instructions for obtaining the fingerprinting and background check are provided after the student has responded to the conditional acceptance or alternate letter.
   b. If there is something in the background check that cannot be resolved by the mandatory program orientation date, the student will not be able to begin the program. Once the issue is resolved and the student has received approval from the BON, student is eligible to reapply to the program.
   c. Cost of the background check is at the student’s expense; cost is approximately $55.00.
2. Must complete health data form which is provided to the student.
3. Must provide titers showing immunity for the following immunizations:
   a. Hepatitis B
   b. Varicella
   c. MMR (measles, mumps, rubella)
4. Must provide documentation showing proof of required immunizations
   a. Diphtheria-tetanus & Pertussis (tDap) adult dose within the last ten years.
   b. Hepatitis B series
   c. MMR (measles, mumps, rubella)
d. Varicella
e. Flu vaccine (current season)

5. Must provide documentation of annual TB skin test (positive results will require follow-up).
6. Must provide copy of current CPR certification by the American Heart Association in Basic Life Support for Healthcare Providers.

DRUG SCREEN

Drug screens are scheduled at random intervals during the program. Drug screens must remain negative to continue in the program. Refusal to submit to a drug screen will result in dismissal from the program. Cost of the drug screen is at the student’s expense; cost is approximately $50.00 each screening.

SEQUENTIAL CURRICULUM

The grading scale for the Associate Degree Nursing program is as follows:

A = 90-100
B = 80-89
C = 75-79
D = 65-74
F = below 65

The curriculum of the LVN-ADN Transition Program is sequential; therefore, a student must achieve a minimum grade of 75 in each nursing course to receive credit for the course and progress to the next sequence of courses.

EXPENSES/FEES

Estimated costs of tuition, textbooks, fees, diagnostic tests, uniforms, insurance, supplies (laboratory and simulation), equipment, and graduation expenses are approximately $6,700 for in-district students for the program. Scholarships are available, and students may contact the Student Financial Aid Office for information.

Total Semester Hours – 60
The program in Vocational Nursing includes theory and practical clinical experience designed to prepare the successful student to function as a member of the nursing team in providing nursing care for patients in structured health care settings. This program is fully approved by the Texas Board of Nursing (BON). Upon successful completion of the program, graduates are qualified to make application to take the National Council Licensure Examination for Practical Nurses (NCLEX-PN). Those passing this examination and the jurisprudence examination will qualify for licensure as a vocational nurse (LVN).

The aim of the program is to provide the type of educational background essential to preparing vocational nurses to assist in conserving life and promoting the physical, mental, emotional, and spiritual welfare of patients and their families.

Wharton County Junior College offers the program in Vocational Nursing at the Wharton Campus. The VN program also has limited enrollment.

CRIMINAL BACKGROUND CHECKS AND ELIGIBILITY FOR LICENSURE

Upon acceptance into the VN program students will be required to complete a criminal background check with fingerprints and drug screen through the college approved agency at the student’s expense. A student with a positive criminal background screen is eligible to be considered for full acceptance and enrollment in the VN program if:

1. The student has previously submitted a Declaratory Order to the Texas Board of Nursing (BON)
2. Received BON verification of eligibility for future licensure as a Licensed Vocational Nurse

A person who has been convicted of, or received a deferred order with or without adjudication of guilt for a crime other than a minor traffic violation or minor in possession or treated for certain mental illnesses and/or chemical dependency within the last five years must contact the BON to determine eligibility to take the NCLEX-PN.

ADMISSIONS REQUIREMENTS AND PROCEDURE

Applicants must submit the following by the last Thursday of March:

1. Applicants must meet the admission requirements to Wharton County Junior College, be a high-school graduate or have satisfactory scores on the test of General Education Development (GED). Admission to WCJC is a separate process from admission to the nursing program. Applicants must be eligible to register for courses at WCJC in order to be considered for admission.
2. Entrance test scores: All students applying for the Vocational Nursing program are required to be TSI satisfied. TEAS V scores must be submitted with a minimum composite score of 60% and a minimum score of 60% in Reading. The TEAS score must be from the last two years.
3. Completed application to the VN program.
4. Transcripts from all colleges attended, including WCJC.
5. Completed Questionnaire form.
6. Proof of completion of Hepatitis B vaccine series: The Texas Department of State Health Services (DHS) requires all nursing students provide proof of completion of the Hepatitis B immunization series or provide proof of immunity before being allowed to administer patient care. Since students begin to administer patient care in November, all applicants are required to provide proof of completion of at least the first two shots with proof of the third shot by November 1. This proof must accompany the application. The series of three shots takes 6 months to complete.
7. Applicants will be exempted from VNSG 1505 if they have:
   - Taken BIOL 2401, 2402, and 1322 and passed with at least a “B” AND
   - Passed the VNSG 1505 Final Exam with a 75% or better

8. Applicants will be exempted from VNSG 1133 if they have:
   - Taken PSYC 2314 and passed with at least a “B” AND
   - Passed the VNSG 1133 Final Exam with a 75% or better

9. Conditions for full acceptance are contingent upon:
   - Completion of a satisfactory criminal background check and negative drug screen; both at
     the student’s expense through a college approved agency. Estimated cost of the criminal
     background check is $54.00 and the drug screen is $44.00.
   - Completion of the VN Program Health Data form and submission of documents as specified.
   - Documentation of required immunizations and titers – diphtheria-tetanus, Hepatitis B,
     measles, mumps, rubella, varicella, and meningitis, and documentation of immunity or
     exemption.
   - Documentation of a TB skin test – positive results will require follow-up.
   - Documentation of current certification in American Heart Association Healthcare Provider
     CPR.
   - Documentation of a clear background check, operations outcome letter, enforcement
     outcome letter, or eligibility order from the Texas Board of Nursing.

Cost of the VN program is approximately $3700, excluding tuition and fees. This includes the TSI test fee,
liability insurance, books, miscellaneous supplies, uniforms, and costs related to graduation and licensure. The
cost of tuition and fees is dependent on residence status. Program costs and tuition and fees are subject to
change without notice.

### OFFICE ADMINISTRATION

*(CIP 52.0401)*

**Associate of Applied Science**

The AAS degree in Office Administration includes a combination of courses and practical experiences including in depth knowledge of software used in modern offices, communication skills, systematizing information about transactions and activities into accounts and quantitative records, paying and receiving money, and generally accepted office procedures.

A graduate of this program is prepared to work as an office assistant, legal secretary, bookkeeper, cashier, teller, and in other related occupations depending on the area of specialization.

Students must earn a grade of “C” or higher in the program capstone course (BUSI 2304) in order to graduate.

ACNT 1303 may be articulated through local and/or Tech-Prep agreements with area school districts. Students can earn college credit toward this program while still in high school. For more information, contact our high school Tech-Prep coordinator or the program director.

Some upper level universities will allow transfer of anywhere from 24-44 hours of technical credit toward a Bachelor of Applied Arts or Science degree. Contact the transfer university for information.

The AAS in Paralegal Studies prepares students for careers as paralegals, assisting lawyers in law offices, corporate or government legal departments, non-profits and legal clinics. It can also serve as the first two years of study toward a Bachelor of Applied Science degree at many colleges and universities. Contact your transfer university for information. This program is excellent preparation for students who plan to attend law school.

Students must earn a grade of “C” or higher in the program capstone course (LGLA 2388) in order to graduate.

Several courses in the program may be articulated through local and/or Tech-Prep agreements with area school districts. Students can earn college credit toward this program while still in high school. For more information, contact our high school Tech-Prep coordinator or the program director.

The WCJC Paralegal Studies Program is approved by the American Bar Association.

“Paralegals may not provide legal services directly to the public, except as permitted by law.”

PHYSICAL THERAPIST ASSISTANT
(CIP 51.0806)
Associate of Applied Science

This is a 21 month course of study accredited by the Commission on Accreditation in Physical Therapy Education. The program includes supervised classroom and clinical experiences designed to prepare the graduate for eligibility to take the examination to become a Licensed Physical Therapist Assistant. Upon successful completion of the program, the student is awarded an Associate of Applied Science degree and is eligible to sit for the national licensing exam.

REQUIREMENTS AND PROCEDURES

Consideration for acceptance into the PTA program is based upon the submission of the following information to the Physical Therapist Assistant Department prior to the application deadline which is the LAST THURSDAY IN MAY:

1. Completed PTA Program application and completed application for Admission to WCJC.
2. Completion of 40 hours of clinical observation in at least two (2) different clinical settings observing a licensed physical therapist or physical therapist assistant. In addition, prepare a one-page typed summary of what you learned during your 40 hours of observation and attach to the observation form. Prospective students are expected to adhere to the facilities rules and ethical conduct codes. Please wear appropriate attire such as nice slacks and an appropriate blouse or shirt. Jeans, T-shirts and open-toes shoes are not acceptable. Be advised that some facilities may require applicants who are observing to have documentation of a current TB test.
3. A transcript from each college you have attended.
4. Minimum of 2.5 GPA in co-requisites courses.
5. “Transcript Evaluation Form” if you have attended other institutions other than WCJC. The transcript(s) should be evaluated by the transcript analyst in the Office of Admissions and Registration and a copy of the evaluation turned into the PTA program along with your completed application. (Note: PTA Department will not be responsible for securing transcripts from the WCJC Office of Admissions and Registration)
6. Completion of both semesters of Human Anatomy & Physiology (BIOL 2401 & 2402) prior to admission is highly recommended. Preference will be given to those applicants meeting this recommendation. Completion of BIOL 2401 & 2402 must be current within 10 years.
7. Copy of ACT scores with a Composite score of at least 19 (Enhanced) and a minimum score of 19 on the Science Reasoning and Reading Comprehension sections. ACT scores must be current within the last five (5) years. (If scores are too low, it will be up to the applicant to re-take the test. You may contact our Testing Dept. at 979-532-6386 for testing dates.) ACT SCORES ARE REQUIRED REGARDLESS OF LEVEL OF EDUCATION.
8. Brief summary of work experience. Admissions points are given to those who have at least 6 months of medical experience including volunteering.
9. Attendance at one information session prior to the application deadline is highly recommended. These sessions will be held on the last Tuesday of January, March and April from 3-4 pm. Please call the program secretary at 979-532-6491 for an appointment.

The above items should be mailed to Wharton County Junior College, ATTN: Physical Therapist Assistant Program, 911 Boling Highway, Wharton, TX 77488.

CRIMINAL BACKGROUND CHECK

Most clinical facilities require that criminal background checks be completed prior to allowing students to participate in clinical training at their facilities. Applicants conditionally accepted into the WCJC Physical Therapist Assistant program will be required to complete a criminal background check. Final acceptance into the program is contingent upon a satisfactory background check, which will be completed by an approved agency. An applicant with an unsatisfactory criminal background check will only be eligible to receive full acceptance and enroll in the PTA program if:
• The applicant has their background check information reviewed by the chief investigator of the Texas Board of Physical Therapy Examiners
• The applicant provides a letter from the Texas Board of Physical Therapy Examiners stating that the applicant would be currently eligible for state licensure

The cost of the criminal background check will be at the applicant’s expense. The anticipated cost is approximately $55.00.

DRUG TESTING

Applicants accepted into the WCJC PTA program will also be required to complete a negative drug screen. Only drug screens conducted through the College-approved agency will be accepted. The estimated cost of the drug screen is $40.00. For more information regarding drug testing contact the PTA program director.

IMMUNIZATIONS

The following immunizations are required of all Allied Health students and must be turned into Certified Background upon request.
• MMT – measles, mumps and rubella
• Varicella
• Hepatitis B
• Tdap booster within past 10 years
• Influenza
• TB skin test

Proof of immunity by way of a titer is required prior to admission to the program.

Deadline for application is the last Thursday in May.

The PTA program has a limited enrollment and admission to the program is on a selective basis. Preference during the selection process is given to those applicants who have college credit with a grade of “C” or higher in the non-PTA courses listed below. Admission to the college (WCJC) does not guarantee admission to the PTA program. Admission is determined by the PTA selection committee. Applicants are notified by letter of the committee’s decision in early June.

All inquiries, applications, and transcripts must be mailed directly to the Physical Therapist Assistant program.

The curriculum of the PTA program is sequential; therefore a student must achieve a grade of “C” in each PTA course in order to progress to the next semester of coursework. Students who do not maintain a “C” average in all PTA courses will be dropped from the program. Readmission the following year is conditional and contingent upon compliance with the “Readmission Policy” outlined in the PTA Student Handbook.
POLICE ACADEMY
Basic Peace Officer Training
(CIP 43.0107)
Certificate

WCJC operates a licensed police academy certified by the Texas Commission on Law Enforcement. Participants must apply directly to the program and be accepted so the student information packet may be sent. Successful completion of this training allows students to take the state licensing examination to become a licensed peace officer in the State of Texas.

The police academy offers both day and evening classes. Day classes are held at the Wharton campus and evening classes are held at the Richmond campus. Students must take all courses as a semester block. A class average of 80% and a minimum grade of 80 on the final exam are required to successfully complete the Basic Peace Officer Certificate Course.

The following qualifications must be met prior to enrolling in the WCJC Police Academy:

- Be 21 years of age within 60 days of graduation from the police academy or 18 years of age and above and meet one or more of the following requirements:
  - Received a minimum of 60 semester credit hours from an accredited college or university, or
  - Received an associate degree from an accredited college, or
  - Received an Honorable Discharge from the Armed Forces of the United States after two years minimum active duty
- Have NEVER been convicted of a felony offense
- Have NEVER been, nor currently on, court-ordered community supervision or probation for a Class B Misdemeanor criminal offense or above within the last 10 years
- Have NEVER been convicted for any Class B Misdemeanor criminal offense or above within the last 10 years
- Have NEVER been convicted of a Family Violence offense
- Not prohibited by state or federal law from possessing firearms or ammunition
- Be a high school graduate or received a GED
- Be examined by the Academy’s designated licensed physician and be declared, in writing, within the past 180 days:
  - To be physically sound and free from any defects which may adversely affect the performance of duty as a peace officer, reserve peace officer, or jailer, and
  - To show no trace of drug dependency or illegal drug use after a physical examination, blood test, or other medical test
- Be examined by the Academy’s designated licensed psychologist or psychiatrist within the past 180 days and declared, in writing, to be in satisfactory psychological and emotional health by the first day of class
- Be of good moral character
- Must meet all admission requirements to Wharton County Junior College
- Successfully complete all forms required by the WCJC Police Academy
- Successfully complete a timed physical agility exam
- Must possess a valid Texas driver’s license
- Must be a U.S. citizen
- Must be fingerprinted and pass a criminal background check of local, state, and U.S. national records/fingerprint files
- Are NOT currently charged with any criminal offense that would bar licensure as a Peace Officer
- Have NEVER been dishonorably discharged, or other discharge, based on misconduct that would bar future military service

The Police Academy also offers in-service training for area law enforcement agencies and officers. Testing is NOT required for entrance into the program.

The program in Process Technology is designed to prepare students for advanced technology in the area of process operations at petrochemical, refining companies and other industries. Students will be provided with both the academic and technical competencies required by the rapidly changing technology demands of the industry. Student in the program learn theory as well as have hands-on experience.

**PTAC 1454 must be taken if not selected for CTEC 1480 to satisfy degree requirements
RADIOLOGIC TECHNOLOGY
(CIP 51.0911)
Associate of Applied Science

Consistent with the mission of Wharton County Junior College, the Radiologic Technology program will graduate students with an Associate of Applied Science. The program will afford the opportunity for individual growth, application of knowledge, and articulation to a baccalaureate degree program in the pursuit of continuous knowledge. Upon graduation from the program, the student will have the clinical, problem-solving, and communication skills equal to that of an entry-level radiologic technologist, able to meet the needs of our community.

WCJC offers a cooperative program with local hospitals designed to provide understanding, proficiency, and skill in radiologic technology.

The program is accredited by:
- The Joint Review Committee on Education in Radiologic Technologists (JRCERT) – 20 N. Wacker Drive, Suite 2850, Chicago, IL 60606-2901. Telephone: 312-704-5300

Graduates may be eligible to sit for the certification exam administered by:

Graduates may be eligible to apply for state licensure through the Texas Department of State Health Services.

The RT curriculum is a balance of general educational and technical courses, as well as supervised clinical work at local hospitals. These courses provide the student with an opportunity for educational development, as well as occupational competence during the 24 month program.

The Radiologic Technology program has limited enrollment. Applicants, or those seeking further information than what is provided here, should contact the director of the Radiologic Technology program.

ADMISSION REQUIREMENTS AND PROCEDURE

Consideration for acceptance into the Radiologic Technology Program is based upon the submission of the following items directly to the Radiologic Program:

1. Admission to WCJC:
   Students must apply and be accepted to Wharton County Junior College. Please provide the e-mail acceptance letter to the Radiology Program if you are a new WCJC student.

2. Texas Success Initiative (TSI):
   Must have satisfied all components of Texas Success Initiative (TSI) before application. If you are unsure if you are TSI satisfied, contact the Office of Admissions and Registration.

3. Application to Radiologic Technology Program:
   Potential students must complete application for admission to the Radiologic Technology Program.

4. Transcripts:
   A transcript from each college attended, including WCJC, must be turned in with the Radiology Program application. **Must have unofficial transcripts from each college attended even if other colleges appear on WCJC transcripts.
   - Registrar’s Office (official copy)
   - Radiologic Technology Program (unofficial copy)

5. Transcript Evaluation Form:
   If you have attended a college other than WCJC then a transcript evaluation MUST be done. This request needs to be submitted prior to the program application. It is highly suggested that the request be submitted one semester prior to application deadline (fall semester). The form is located at www.wcjc.edu, Admissions, Student forms, Request for degree/certificate evaluation. Fill the form out in ink and either mail or hand deliver to the registrar’s office at any WCJC campus. When the evaluation is complete, it will be emailed to you and a copy forwarded to the Radiologic Technology Program.
program. It is the student’s responsibility to make sure the program received the evaluation prior to
the application deadline.

6. **Prerequisite Courses and GPA: (Prerequisite courses required prior to applying)**
   - BIOL 2401 Anatomy and Physiology I
   - BIOL 2402 Anatomy and Physiology II
   - Applicant must submit proof of completion with the application packet due the last
     Thursday in May. The course must be a “C” or higher. There is no time frame on the
     prerequisite courses.

7. **ACT Requirements:**
   - A copy of your ACT scores with a composite of at least 18 Enhanced taken within the last five years.
   - Preference is given to those who score 20 or higher. The written portion is not a requirement.

8. **Work History:**
   - Turn in a brief summary of work experience. Admissions points are given to those who have at least
     6 months of medical experience including volunteering.

9. **Age Requirement:**
   - Applicant must be 18 years old by the first day of school (late August).

10. **Observation Requirement:**
    - Completion of 16 hours of observation in a WCJC approved Radiology department of a hospital or
      clinic, observing a licensed radiographer. Other sites will not count unless pre-approved by the
      program director (an approved list can be found in the application packet). The prospective student
      must complete 8 of the 16 hours starting at 8:00 a.m. Monday through Friday. Prospective students
      are expected to adhere to the hospital or clinic’s rules and ethical conduct codes. All information
      pertaining to patients must be kept confidential. An appointment must be made with the contact
      person listed on the observation form found in the application. Please wear professional attire such
      as: slacks and a nice shirt or blouse. Jeans, t-shirts, and open-toed shoes are not acceptable. If you
      are not dressed appropriately, the clinic personnel will send you home.

11. **Observation Evaluation Forms:**
    - The radiologic technologists at the clinical site where the clinical observation was completed will fill
      out the Observation Form and send it directly to the program director. The prospective student
      should give the form to the clinical staff and should follow up with the program director to make sure
      the completed form was sent in and added to the application prior to the application deadline.

12. **Written Summary of Observation Experience:**
    - Prepare a one page, typed summary of what you learned during your observation at the hospital
      during the 16 hour observation period.

13. **Form signed: (Forms can be found in the application packet)**
    - Essential Abilities of a Radiography (Technical Standards)
    - Confidentiality Form
    - ARRT Eligibility Form

14. **Hepatitis B Requirement:**
    - Applicants must show proof of completion of the Hepatitis B vaccine series or serologic confirmation
      of immunity to Hepatitis B virus as a condition of full acceptance to the program.
      - If you have never had the Hepatitis B series, it will take six months to complete. You must
        start the first shot no later than February 1st and the entire series must be complete prior to
        the first day of class (late August). The student will be required to get a titer (antibody titer
        not antigen) to show proof of immunity.
      - If you had the Hepatitis B series as a child, it is recommended that you have the Hepatitis B
        titer (antibody not antigen) drawn to check the status of immunity. If the titer comes back
        negative, the applicant must re-start the series and have another titer drawn 2 months after
        the last immunization.
15. **Information Session:**

Attend an information session prior to May deadline. These sessions will be by appointment only beginning in January of each year. Please call 979-532-6491 and speak to the program secretary for details.

Due to the number of applicants and a limited number of seats available, admission to the program is very competitive and meeting all of the criteria does not guarantee anyone admission to the program. Applicants should submit all necessary information on or before the last Thursday in May.

Prior to the stated deadline, applicants are encouraged to follow-up with the Radiology Program’s secretary to determine if their application is complete.

Preference is given to applicants who have college credit in the following non-radiology courses. Students must receive a grade of “C” or higher in the courses listed to satisfy graduation requirements for the Radiology program.

- MATH 1314 College Algebra
- ENGL 1301 Composition I
- PSYC 2301 General Psychology
- Language, Philosophy, & Culture, or Creative Arts Elective* (Refer to the college catalog for recommended courses)

Students who do not maintain a grade of “C” or higher in each Radiology course will be dropped from the program.

**CRIMINAL BACKGROUND CHECKS**

Most clinical facilities require that criminal background checks be completed prior to allowing students to participate in clinical training at their facilities. Applicants conditionally accepted into the RT program will be required to complete a criminal background check. Final acceptance into the program is contingent upon a satisfactory background check which will be completed by an approved agency. An applicant with an unsatisfactory criminal background check will not be accepted into the program in the year for which they have applied, but will have the option of completing the following steps and re-applying for the following year:

1. Submit a “Pre-Application Review” with the American Registry of Radiologic Technologists (ARRT), and
2. Receive ARRT verification of eligibility for possible future ARRT certification.

Upon completion of the above steps the applicant may make an appointment with the program director to discuss clinical options. The clinical site must be willing to accept the applicant for clinical rotations.

The cost of the criminal background check will be at the applicant’s expense; anticipated cost is estimated to be $52.00.

**DRUG SCREENING**

Applicants conditionally accepted into WCJC Radiologic Technology Program will also be required to complete a drug screen with negative results. Only drug screens conducted through a college approved agency will be accepted. The estimated cost of the drug screen is $40.00. For more information regarding the drug screening contact the program director of the RT program.

Capstone Experience: During the last semester of the program, the capstone experience consists of a total body competency exam that tests the student’s psychomotor skills and a mock registry exam that measures cognitive skills. The students are then allowed to sit for the American Registry of Radiologic Technologists examination.

The Radiologic Technology degree plan below is a sample schedule assuming no previously completed course work.

Total Semester Hours – 64
(pending JRCERT approval)
SURGICAL TECHNOLOGY CERTIFICATE  
(CIP 51.0909)  
Certificate

The program in Surgical Technology includes theory and practical clinical experience designed to prepare the successful completer to function as an integral member of the surgical team. Emphasis is placed on the proper application of sterile technique and modern technology to patient care in the operating room. Upon completion of the program the student is qualified to take the national certification examination for surgical technologists.

The Wharton County Junior College Surgical Technology program is accredited by the Commission on Accreditation of Allied Education Programs (www.caahep.org) upon the recommendation of Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (www.arcsts.org).

Commission on Accreditation of Allied Health Education Programs  
1361 Park Street  
Clearwater, FL 33756  
www.caahep.org

Students must maintain a minimum GPA of 75 “C” in each subject to remain in the program.

The Surgical Technology program is offered at the Wharton Campus only.

ADMISSION REQUIREMENTS AND PROCEDURE

Applicants must:

1. Be high school graduates or have satisfactory scores on the test of General Education Development (GED) and be 18 years of age.
2. Have satisfactory scores on required pre-entrance exams:
   - ACT scores preferred and can be no older than 5 years
   - Enhanced ACT composite score of at least 17
   - ACT Reading score of at least 18
   - Compass scores can be no older than 5 years
   - Compass reading 81+
   - Compass math 39+
   - Compass writing essay score 6+ with 58
   - Compass writing essay 5+ with 59+
   - THEA scores can be no older than 5 years
   - ASSET test, taken at WCJC only, scores can be no older than 5 years
   - All applicants must be TSI satisfied
3. A complete health declaration form must be turned in to the director before the first day of class. The form will be provided to the student.
4. Provide evidence of current certification for American Heart Association for Healthcare Providers (CPR). This certification must be maintained while enrolled in the program. Online CPR will not be accepted.
5. Submit documentation of TB skin test. Positive results of the TB skin test must be followed up by a chest x-ray or accompanied by a statement from a physician identifying the reason for a positive test and any needed treatment/follow-up.
6. Students must have the influenza vaccine prior to the first week in October. Evidence of flu vaccines is required by clinical sites.
7. Provide evidence of required immunizations or immunity to: Diphtheria-tetanus, measles, mumps, rubella, and Hepatitis B. The Hepatitis B vaccine series takes six months to complete and the first Hepatitis B vaccine must have documentation of at least one vaccine prior to the application deadline.
8. For consideration of readmission, an applicant must take the final examinations in the courses that he/she has completed satisfactorily, and score a 75% or higher. The selection committee will review the results on an individual basis and determine admission status.

9. Applicants will be exempt from VNSG 1420 if they have taken BIOL 2401 and BIOL 2402 within the past 5 years and passed with a grade of “C” or higher. Applicants will be exempted from VNSG 1115 if they have taken BIOL 2420 within the past 5 years and passed with a grade of “C” or higher. Applicants will be exempted from SRGT 1301 if they have taken HITT 1305 and passed with a grade of “C” or higher.

10. Attend one information session prior to the May application deadline. The sessions will be by appointment only. Please call 979-532-6491 and speak to the program secretary for details.

Applicants must submit the following information by the last Thursday in May:

1. Copy of completed application for admission to Wharton County Junior College.
2. Completed Application to the Surgical Technology program
3. Entrance Test Scores, no older than 5 years for one of the following: Compass, ACT (preferred test), THEA or ASSET meeting the requirements listed in section 2, above
4. Copy of current driver’s license
5. High School Transcript or GED
6. Transcripts from all colleges attended

EXPENSES

</table>

Travel, meals, and parking pertaining to clinical sites vary according to individually planned schedules. Students are responsible for transportation.

CRIMINAL BACKGROUND CHECK AND DRUG SCREENING

Most clinical facilities require that criminal background checks and drug screens be completed prior to allowing students to participate in clinical training at their facilities. Clinical facilities may require random drug screens at student’s expense.

Applicants conditionally accepted into the Surgical Technology program will be required to complete a criminal background and drug screen though the college approved agency. Final acceptance into the program is contingent upon a satisfactory background check and a negative drug screen. The cost of the criminal
background check and drug screen will be at the applicant’s expense. Information regarding this process should be obtained from the Surgical Technology department head.

WELDING TECHNOLOGY
Combination Welding
(CIP 48.0508)
Certificate

The welding program is designed to prepare students with in-depth training and skills for entry-level employment in a wide variety of careers as a welder in light or heavy fabrication, construction, and manufacturing. Training focuses on the theory and application to provide essential skills in Shielded Metal Arc Welding (SMAW), Gas Metal Arc Welding (GMAW), and Gas Tungsten Arc Welding (GTAW) processes in all positions, using plate and pipe. Students will also gain knowledge in layout and fabrication as well as blueprint reading for welders, safety and metallurgy. The program is offered at the Wharton campus only.

Entrance Requirements:
- Must meet all admission requirements to Wharton County Junior College
- Testing is NOT required for acceptance into the program
- Students will be required to provide their own tools and personal protective equipment

NOTE: Courses do not have to be taken together as a semester block; they may be registered for individually.

Students must maintain an overall GPA of 2.0 to receive the certificate.

Total Semester Hours – 40
Continuing Education

The Wharton County Junior College’s Continuing Education Department is designed to provide a wide range of training and educational opportunities, whether just getting started in the workplace, enhancing current career, or working to meet licensure/certification requirements.

Continuing Education will provide a quality learning experience with professional instructors, offering a flexible course schedule on several of WCJC campuses and/or at other locations throughout the regional community to a multi-faceted and diverse population base.

OVERVIEW

Continuing Education is a non-credit department that offers:

1. Adult (age 17 +) vocational education for individuals wanting to upgrade their present skills enabling them to explore new occupational fields.

2. Lifelong learning opportunities for individuals and groups seeking to enhance the quality of living in the community through cultural and enrichment studies by providing opportunities to explore new activities for personal growth and enjoyment.

3. Resources for business, industry, labor, government and professional groups needing to supplement their own training and development programs. Training programs are tailor-made and, if desired, offered “in house” to meet specific job-upgrading and mobility needs of individual organizations. Classes are offered during the day or the evening and are provided when a sufficient number of students are enrolled. Non-credit courses are open to interested persons without regard to eligibility for admission to college-credit programs.

CONTENT AREAS

- Business Administration
- Child Development
- Computers and Technology
- Computer Science
- Health and Wellness
- Industry Training
- Leadership
- Leisure Learning
- Licensure
- Medical Careers
- Online Career Training Programs
- Online Courses
- Public Safety Training
- Test Preparation

WHAT YOU NEED TO KNOW

One continuing education unit (CEU) is 10 contact hours of successful participation/completing in an organized continuing education experience under responsible sponsorship, capable direction and qualified instruction. CEUs are not substituted for college credit hours, but rather are a means of reporting continuing education activities. CEUs are recognized internationally as a measure of substantial professional education and training. Transcripts listing CEU credits, and satisfactorily completion can be requested through the WCJC Registrar’s office.

Tuition and fees are indicated on each course listing. Prices are subject to change without notice. Students requesting refunds at least three full business days prior to the first class meeting shall receive a 100% refund of all tuition and fees unless an earlier refund date is published for an individual course, seminar, workshop, conference, or other non-credit offering. Refunds will be processed and sent back to the student or applied toward the tuition of another non-credit class.
Continuing Education courses have attendance requirements and also require satisfactory completion of the course objectives in order for students to receive a certificate of completion. Successful certificate completion requires 80% attendance and achievement of learning objectives in all designated courses.

REGISTRATION AND SCHEDULE

A schedule of all continuing education courses can be found online at www.wcj.edu and is updated daily with new course information. Wharton County Junior College will make every effort to begin and hold class at the designated time. Each class is contingent on the required minimum number of students. Occasionally, extenuating circumstances arise requiring a cancellation or delay in class start date and time. In such cases, WCJC’s Continuing Education Department will attempt to notify all students by telephone. Wharton County Junior College reserves the right, when necessary, to cancel classes, alter schedules, or substitute instructors. Students are contacted only in the event of a class cancellation or change.

There are several quick and easy methods to register for a CE course. We accept registrations via USPS mail, fax, online or through a third party source. If registering in-person at a WCJC campus, completed registration forms should be taken directly to the Registration Office. After registration is complete, payment of tuition should be made at the Business Office. Please visit our website at www.wcjc.edu for an electronic copy of the CE registration form.

Registrations are processed on a first come, first serve basis. You may register until the first day of class if space is available. Due to the minimum number of students that are necessary for classes to be held, we encourage you to sign up at least one week before the class starts. Due to the various start dated of CE courses throughout the semester, CE registration is an on-going process.

Payment must be presented with your registration form. Wharton County Junior College will accept personal check, company check, credit cards, money orders, and cash. Payment from a company or state agency is also accepted.

POLICIES

WCJC is committed to providing a discrimination-free environment for its students with disabilities. Students with disabilities are encouraged to inform the college of any assistance they may need. The ADA Coordinator for WCJC can be reached at 979-532-6384. You may also consult any counselor on the campus you attend and they will assist you in contacting the ADA Coordinator.

The Family Educational Rights and Privacy ACT (FERPA) (20 U.S.C. & 1232g; 34 CFR Part 99) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children’s education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Regulations and information concerning the Adult Education and Family Literacy Act of 1998: this law reforms federal employment, adult education, and vocational rehabilitation programs and integrates workforce investment and education activities for adults and youth.

CONTINUING EDUCATION – CUSTOMIZED CORPORATE TRAINING

Continuing Education provides innovative training solutions to the community’s workforce. We provide training that is client focused and offers flexible delivery. From information technology instruction to healthcare and industrial training, our trainers deliver the quality programs businesses need to sharpen their professional skills. We strive to deliver programs according to a client’s schedule, on campus or on site. Training topics include leadership, employee development, quality and continuous improvement, health and safety, industrial maintenance, language skills, computer skills, and much more. For more information, contact us at CE@wcjc.edu.
CONTINUING EDUCATION – MIRRORED COURSES

A mirrored course is a continuing education course which meets at the same time and place as an existing college credit course. Mirrored classes are based upon space availability and where applicable, completion of appropriate assessment and counseling. Students who mirror a class earn CEUs when applicable and not college credit. Students will not be expected to go through the regular admissions process for taking a mirrored course nor will they be required to take the TSI Assessment (Texas Success Initiative). If you want to receive college credit for a course, you must seek admission to Wharton County Junior College as a credit student. Attendance in all class sessions, participation in classroom lecture/discussion and evaluation is expected. To register for a mirrored course, determine the course and section you would like to attend and contact the Continuing Education Department at CE@wcjc.edu.

CONTINUING EDUCATION – ONLINE COURSES AND TRAINING PROGRAMS

The Continuing Education Department in partnership with ed2go (formerly known as Gatlin Education Services), offers open enrollment programs designed to provide the skills necessary to acquire professional level positions for many in-demand occupations. All of our courses are self-paced and taught by expert instructors. Whether you’re looking for a short term, skills refresher course or a more extensive career training program, we have the class for you!

### Six Week Online Enrichment Courses

- Caring Instructors
- Monitored discussion area
- Conversational, easy to understand lessons
- Six weeks of instruction
- Certificate of completion with a passing score
- Complete online access, take your course anytime, anywhere
- Courses of all types including, personal enrichment, leisure learning, skill refreshers, and much more

For more information, please visit [http://www.ed2go.com/wharton](http://www.ed2go.com/wharton)

### Career Training Programs

- Learn at your own pace
- Individual instruction provided by a profession in the field
- Financial assistance may be available
- Assess your class anywhere and at anytime
- Certificate provided upon successful completion of the course
- Internships may be available for some courses
- You choose your start date

For more information, please visit [http://www.gatlieducation.com/wharton](http://www.gatlieducation.com/wharton)

For questions or information about either of these programs, please contact the Continuing Education Department at CE@wcjc.edu.

CONTINUING EDUCATION – KIDS' COLLEGE

Interesting, stimulating, and enjoyable learning experiences are provided for students in kindergarten through 12th grade during the summer. Over 120 courses are offered in the areas of computers, language arts, math, science, the arts, special studies, sports, and dance. Kids’ College classes will meet one hour a day with 15 minutes between classes. Students may register for as many as seven Kids’ College classes per session. Students may not have an open period between classes and remain on campus unless attended by a parent or another adult. We offer three two week sessions that are held Monday through Thursday. For questions or information about this program, please contact the Continuing Education Department at youthactivities@wcjc.edu.
Medical Office Specialist (MOS) Training Program

The Medical Office Specialist Program is a comprehensive program designed to assist students in gaining the skills and procedures necessary to become effective employees in the medical office. Students of the program will learn office procedures, basic anatomy, medical terminology, medical insurance billing, and basic diagnostic coding. Additionally, the graduate will develop resume writing, job-seeking, and interpersonal skills.

The office skills required to work in a medical or physician's office are quite different from other clerical jobs. This program prepares students for employment in a medical office setting (e.g., physician's office, dental office, therapy clinic, chiropractic clinic, etc.) or other related business environment. The medical office specialist will play a vital role in the daily operation of the medical facility or office. Students will also learn the keys to positive patient relations in the medical office and how to build and maintain a loyal patient base to maximize their success at work. Upon completion of the program, students may elect to sit for NHA's Certified Medical Administrative Assistant certificate examination.

Program Entrance Requirements: Completion of a Medical Office Specialist Training Program Application, High School diploma or GED, Pre-TASP Reading Test with score of 14 or higher. To schedule an exam, please call the WCJC Testing Department at 979-532-6386. A criminal background check is required before acceptance into the program will be granted.

Supplies: Textbooks will be included in the cost of tuition. Students are responsible for the cost of the NHA's Certified Medical Administrative Assistant certificate examination. Approximate cost of the exam is $105. Testing will be conducted after successful completion of the program.

Human Anatomy and Physiology (34 contact hrs)
SCIT 1000 Essentials of Human Anatomy and Physiology

Medical Terminology (35 contact hrs)
HITT1005 Medical Terminology I

Office Procedures (35 contact hrs)
POFM1006 Medical Secretary

Basic Diagnostic Coding (48 contact hrs)
POFM 1000 Basic Medical Coding

Medical Insurance Billing (48 contact hrs)
POFM 1017 Medical Administrative Support

Total Contact Hours – 200

Basic Anatomy - A study of the anatomical structure of the human body. Body structure will be studied by organ systems and will involve a balance between gross anatomical study and histology. Emphasis will be directed towards the structure, composition and functions of the organ systems of the human body. Students will also learn basic technical terminology and language associated with anatomy. This knowledge is needed for work in both front office and billing positions.

Medical Terminology - The study of basic structure of medical words including prefixes, suffixes, roots, combining forms, plurals, pronunciation, spelling and the definitions of medical terms, diagnostic, therapeutic, and surgical procedures, medical specialties, and pharmacology. Emphasis on building a professional vocabulary required for employment within the allied health care field.

Office Procedures - Introduction to basic medical office skills including effective telephone techniques, filing and indexing, record management, mail handling, appointment scheduling, correspondence and business transactions, office equipment, time management, and goal setting. Emphasis is placed on personal and professional characteristics, privacy, legal and ethical standards, professional and personal therapeutic communications.

Basic Diagnostic Coding - A study of the purpose, principles, and use of the ICD-9-CM classification system for medical services. Students will assign ICD-9-CM and ICD-10-CM codes to diagnosis statements, case abstracts, and patient records. Use of the ICD-9-CM coding manual and a computerized encoder is incorporated.

Medical Insurance Billing - The study of the principles and practice of insurance and reimbursement processing, including the assignment and reporting of codes for diagnoses; completion of CMS-1500 claims for outpatient, emergency department, and physician office encounters; and the review of cases to identify issues of fraud and abuse.
Certified Nurse Aide (CNA) Training Program

This course provides preparation for entry-level nursing assistants to achieve a level of knowledge, skill, and ability for providing care to residents of long term care facilities. 40 hours of clinical training are required for completion of the course. Times and dates of clinical rotations will be announced during class. Upon passing the state exam, students will enter the field as a Certified Nurse Aide.

Program Entrance Requirements: Completion of a Certified Nurse Aide Training Program Application, High School Diploma or GED, Pre-TASP Reading Test with score of 14 or higher. To schedule exam, please call the WJC Testing Department at 979-532-6386. A criminal background check is required before acceptance into the program will be granted.

Required Immunizations: MMR, Hepatitis B Series, Varicella, Tetanus, TB Skin Test.

Supplies: Textbook, scrubs (top and bottom), stethoscope, watch with second hand, and non-slip shoes. Students are responsible for the cost of the Certified Nurse Aide state exam. Approximate cost for the exam is $95. Testing will be conducted after successful completion of classroom and clinical portions of the class. Clinical rotation schedule will be determined during class. Final acceptance into the program is contingent upon a satisfactory background check, which will be completed by an approved agency.

Cosmetology Instructor I
Training Program

This professional training course provides 176 contact hours towards the 500 contact hours needed to obtain a Cosmetology Instructor License in the state of Texas. This course will cover the fundamentals of instruction of cosmetology students. The course content consists of classroom/clinic management, designing teaching methodologies, and implementing lesson plans.

Program Entrance Requirements: Students must be 18 years of age or older to apply. Completion of a Cosmetology Instructor I Training Program Checklist and Application packet are required. A High School diploma or GED must be submitted. Students must have a valid Texas Department of Licensing and Regulation cosmetology license and one year of verifiable experience as a licensed cosmetology operator. A letter of recommendation is also required. Applicants conditionally accepted into the Cosmetology Instructor I Training Program will be required to complete a criminal background check. Final acceptance into the program is contingent upon a satisfactory background check, which will be completed by an approved agency.

Course Descriptions

TEXAS COMMON COURSE NUMBERING SYSTEM (TCCNS)

Following each course prefix identifying the subject (e.g. BIOL for Biology), a four-digit number appears, which is a standard statewide number adopted by most colleges and universities in Texas. This numbering system is designed to:

- Identify courses with comparable content and similar competencies expected upon completion of these courses
- Help students identify which courses to complete at one college to meet specific degree requirements at another college
- Facilitate the successful transfer of coursework among colleges and universities in Texas

The TCCNS consists of a uniform set of four-character abbreviations for academic disciplines and four-digit course numbers. In courses identified as ACAD, the first digit of the number reflects the academic level of the course: 1 for freshmen, 2 for sophomore. The second digit reflects the semester-credit hour value of the course; the third and fourth digits represent sequence.

Courses identified as TECH are numbered based on the Guidelines for Instructional Programs in Workforce Education. Course rubrics (prefixes) provide a common set of unique course designations for each occupational discipline where each four-letter rubric identifies a cluster of skills and knowledge to be used in determining both course equivalency and degree applicability for transfer on a statewide basis. The four-digit number after the rubric indicates the general course level (introductory, intermediate, or advanced), the semester credit hour value, and the course type (GIPWE Manual).

The Digital Description is a series of numbers which indicate (a) the number of credit hours, (b) the number of lecture hours, and (c) the number of lab hours for that course. Examples:

- 4:3:2 - This course carries four semester credit hours and has three class hours a week of lecture and two lab hours a week.
- 3:3:0 - This course carries three credit hours and meets for three lecture hours a week. It has no lab.

FREQUENCY OF COURSE OFFERINGS

The frequency of course offerings is given at the end of many course descriptions. However, the college reserves the right to adjust each semester’s schedule in any manner as circumstances warrant.

COURSE TYPE

Courses listed as Academic are generally transferable toward a bachelor’s degree. Courses listed as Technical are not expected to transfer. At the end of each course description, the course type will be listed as ACAD or TECH.

ACCOUNTING (ACCT)

ACCT 2301  Principles of Financial Accounting
3:3:0
This course is an introduction to the fundamental concepts of financial accounting as prescribed by U.S. generally accepted accounting principles (GAAP) as applied to transactions and events that affect business organizations. Students will examine the procedures and systems to accumulate, analyze, measure, and record financial transactions. Students will use recorded financial information to prepare a balance sheet, income statement, statement of cash flows, and statement of shareholder’s equity to communicate the business entity’s results of operations and financial position to users of financial information who are external to the company. Students will study the nature of assets, liabilities, and owners’ equity while learning to use reported financial information for purposes of making decisions about the company. Students will be exposed to International Financial Reporting Standards (IFRS).
Prerequisite: TSI satisfied in Math
Type: ACAD

ACCT 2302  Principles of Managerial Accounting
3:3:0
This course is an introduction to the fundamental concepts of managerial accounting appropriate for all organizations. Students will study information from the entity’s accounting system relevant to decisions made by internal managers, as distinguished from information relevant to users who are external to the company. The emphasis is on the identification and assignment of product costs, operational budgeting and planning, cost control, and management decision making. Topics include product costing methodologies, cost behavior, operational and capital budgeting, and performance evaluation.
AGRICULTURE (AGRI)

AGRI 1329 Principles of Food Science
3:3:0
Biological and scientific aspects of modern industrial food supply systems. Food classification, modern processing, nutritional quality, and quality control.
Prerequisite: None
Type: ACAD

AGRI 1415 Horticulture
4:3:2
Structure, growth, and development of horticultural plants. Examination of environmental effects, basic principles of reproduction, methods ranging from outdoor to controlled climates, nutrition, and pest management.
Prerequisite: None
Type: ACAD

AGRI 1419 Introductory to Animal Science
4:3:2
Scientific animal production and the importance of livestock and meat industries. Selection, reproduction, nutrition, management, and marketing of livestock.
Prerequisite: None
Type: ACAD

AGRI 2303 Agricultural Construction I
3:2:2
Safety procedures, selection, use, and maintenance of hand and power tools, metal cutting and welding; and construction materials and principles.
Prerequisite: None
Type: ACAD

AGRI 2317 Introduction to Agricultural Economics
3:3:0
Fundamental economic principles and their applications to the problems of the industry of agriculture. Fundamental economic principles and their application in the agricultural industry.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

AGRI 2330 Wildlife Conservation and Management
3:3:0
Principles and improvement of wildlife resources. Aesthetic, ecological, and recreational uses of public and private lands.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

AIR CONDITIONING, HEATING, REFRIGERATION AND ELECTRICAL TECHNOLOGY

CNBT 1301 Introduction to the Construction Industry
3:3:0
Overview of the construction industry.
Prerequisite: None
Type: TECH

CNBT 2437 Construction Estimating II
4:2:7
Advanced estimating concepts using computer software for construction and crafts.
Prerequisite: Completion of Semester II curriculum
Type: TECH

ELPT 1325 National Electrical Code I
3:3:0
An introductory study of the National Electric Code (NEC) for those employed in fields requiring knowledge of the code. Emphasis on wiring design, protection methods and materials; equipment for general use and basic calculations.
Prerequisite: None
Type: TECH

ELPT 1329 Residential Wiring
3:1:8
Wiring methods for single family and multi-family dwellings. Includes load calculations, service entrance sizing, proper grounding techniques, and associated safety procedures.
Prerequisite: None
Type: TECH

ELPT 1345 Commercial Wiring
3:2:3
Commercial wiring methods. Includes overcurrent protection, raceway panel board installation, proper grounding techniques, and associated safety procedures.
Prerequisite: Completion of Semester I curriculum
Type: TECH

ELPT 1357 Industrial Wiring
3:2:3
Wiring methods used for industrial installations. Includes motor circuits, raceway and bus way installations, proper grounding techniques, and associated safety procedures.
Prerequisite: Completion of Semester I curriculum
Type: TECH

ELPT 2305 Motors and Transformers
3:2:3
Operation of single and three-phase motors and transformers. Includes transformer banking, power factor correction and protective devices.
Prerequisite: Completion of Semester I curriculum
Type: TECH
HART 1301 Basic Electricity for HVAC
3:1:8
Principles of electricity as required by HVAC, including proper use of test equipment, electrical circuits, and component theory and operation.
Prerequisite: None
Type: TECH

HART 1307 Refrigeration Principles
3:1:8
An introduction to the refrigeration cycle, heat transfer theory, temperature/pressure relationship, refrigerant handling, refrigeration components and safety.
Prerequisite: None
Type: TECH

HART 1341 Residential Air Conditioning
3:1:8
A study of components, applications, and installation of air conditioning systems including operating conditions, troubleshooting, and charging of air conditioning systems.
Prerequisite: Completion of Semester I curriculum
Type: TECH

HART 2336 Air Conditioning Troubleshooting
3:1:8
An advanced course in application of troubleshooting principles and use of test instruments to diagnose air conditioning and refrigeration components and system problems including conducting performance tests.
Prerequisite: Completion of Semester I curriculum
Type: TECH

HART 2441 Commercial Air Conditioning
4:2:7
Capstone Course
A study of components, applications, and installation of air conditioning systems with capacities of 25 tons or less.
Prerequisite: Completion of Semester II curriculum
Type: TECH

HART 2442 Commercial Refrigeration
4:2:7
Theory and practical application in the maintenance of commercial refrigeration, medium and low temperature applications and ice machines.
Prerequisite: Completion of Semester II curriculum
Type: TECH

ANTHROPOLOGY (ANTH)

ANTH 2351 Cultural Anthropology
3:3:0
Core 080
The study of human cultures. Topics include social organization, institutions, diversity, interactions between human groups, and ethics in the discipline.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

ARTS (ARTS)

ARTS 1303 Art History I (Prehistoric to the 14th Century)
3:3:0
Core 050
A chronological analysis of the historical and cultural contexts of the visual arts from prehistoric times to the 14th century.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

ARTS 1304 Art History II (14th Century to the Present)
3:3:0
Core 050
A chronological analysis of the historical and cultural contexts of the visual arts from the 14th century to the present day.
Prerequisite: TSI satisfied in Reading and Writing
ARTS 1303 recommended
Type: ACAD

ARTS 1311 Design I (2-Dimensional)
3:2:4
An introduction to the fundamental terminology, concepts, theory, and application of two-dimensional design.
Prerequisite: None
Type: ACAD

ARTS 1312 Design II (3-Dimensional)
3:2:4
An introduction to the fundamental terminology, concepts, theory, and application of three-dimensional design.
Prerequisite: ARTS 1311
Type: ACAD

ARTS 1313 Foundations of Art
3:2:4
Core 050
Introduction to the creative media designed to enhance artistic awareness and sensitivity through the creative and imaginative use of art materials and tools. Includes art history and culture through the exploration of a variety of art works with an emphasis on aesthetic judgment and growth.
Prerequisite: TSI satisfied in Reading
Type: ACAD

ARTS 1316 Drawing I
3:2:4
A foundation studio course exploring drawing with emphasis on descriptive, expressive, and conceptual approaches. Students will learn to see and interpret a variety of subjects while using diverse materials and techniques. Course work will facilitate a dialogue in which students will engage in critical analysis and begin to develop their understanding of drawing as a discipline.
Prerequisite: None
Type: ACAD
ARTS 1317 Drawing II
3:2:4
A studio course exploring drawing with continued emphasis on descriptive, expressive, and conceptual approaches. Students will further develop the ability to see and interpret a variety of subjects while using diverse materials and techniques. Course work will facilitate a dialogue in which students will employ critical analysis to broaden their understanding of drawing as a discipline.
Prerequisite: ARTS 1316
Type: ACAD

ARTS 2316 Painting I
3:2:4
Exploration of ideas using painting media and techniques.
Prerequisite: ARTS 1311 and ARTS 1316
Type: ACAD

ARTS 2317 Painting II
3:2:4
Exploration of ideas using painting media and techniques.
Prerequisite: ARTS 2316
Type: ACAD

ARTS 2326 Sculpture I
3:2:4
Exploration of ideas using sculpture media and techniques.
Prerequisite: ARTS 1312 and ARTS 1317
Type: ACAD

ARTS 2346 Ceramics I
3:2:4
Exploration of ideas using basic ceramic processes.
Prerequisite: ARTS 1312 and ARTS 1317
Type: ACAD

ARTS 2366 Watercolors I
3:2:4
Exploration of ideas using water-based painting media and techniques.
Prerequisite: ARTS 2316
Type: ACAD

AUTOMOTIVE TECHNOLOGY (AUMT)

AUMT 1301 Introduction and Theory of Automotive Technology
3:3:0
An introductory overview of the automotive service industry including history, safety practices, shop equipment and tools, vehicle subsystems, service publications, professional responsibilities, and automobile maintenance. Note: Must enroll during the first semester of program.
Prerequisite: TSI Reading requirement met or minimum passing score on Pre-TASP
Type: TECH

AUMT 1310 Automotive Brake Systems
3:2:4
Operation and repair of drum/disc brake systems. Topics include brake theory, diagnosis, and repair of power, manual, anti-lock brake systems, and parking brakes. May be taught with manufacturer specific instructions.
Prerequisite: Credit for or concurrent enrollment in AUMT 1301
Co-requisite: AUMT 2413, AUMT 2425, and AUMT 2434
Type: TECH

AUMT 1316 Automotive Suspension and Steering Systems
3:2:4
A study of automotive suspension and steering systems including tire and wheel problem diagnosis, component repair, and alignment procedures. May be taught manufacturer specific.
Prerequisite: Semester I and II Automotive classes
Co-requisite: AUMT 1345
Type: TECH

AUMT 1345 Automotive Climate Control Systems
3:2:4
Diagnosis and repair of manual/electronic climate control systems; includes the refrigeration cycle and EPA guidelines for refrigerant handling. May be taught manufacturer specific.
Prerequisite: Semester I and II Automotive classes
Co-requisite: AUMT 1316
Type: TECH

AUMT 1407 Automotive Electrical Systems
4:3:4
An overview of automotive electrical systems including topics in operational theory, testing, diagnosis, and repair of charging and starting systems, and electrical accessories. Emphasis on electrical principles, schematic diagrams and service manuals. May be taught manufacturer specific.
Prerequisite: TSI Reading requirement met or minimum passing score on Pre-TASP
Credit for or concurrent enrollment in AUMT 1301
Co-requisite: AUMT 1419 and AUMT 2417
Type: TECH

AUMT 1419 Automotive Engine Repair
4:3:4
Fundamentals of engine operation, diagnosis, and repair. Emphasis on identification, inspection, measurements, and disassembly, repair and reassembly of the engine. May be taught manufacturer specific.
Prerequisite: TSI Reading requirement met or minimum passing score on Pre-TASP
Credit for or concurrent enrollment in AUMT 1301
Co-requisite: AUMT 1407 and AUMT 2417
Type: TECH
AUMT 2301  Automotive Management
3:3:0
Study of human and customer relations, and customer satisfaction in the automotive industry. Emphasis on management and building relationships between the service department and the customer.
Prerequisite: Certificate in Automotive Technology and must be TSI satisfied
Type: TECH

AUMT 2380  Cooperative Education-Automotive Technician
3:1:20
Career related activities encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component.
Prerequisite: Certificate in Automotive Technology and must be TSI satisfied
Type: TECH

AUMT 2413  Automotive Drive Train and Axles
4:3:4
A study of automotive clutches, clutch operation devices, manual transmissions/transaxels, and differentials with emphasis on the diagnosis and repair. May be taught with manufacturer specific instructions.
Prerequisite: Credit for or concurrent enrollment in AUMT 1310
Co-requisite: AUMT 1310, AUMT 2425, and AUMT 2434
Type: TECH

AUMT 2417  Automotive Engine Performance Analysis I
4:3:4
Theory, operation, diagnosis of drivability concerns, and repair ignition and fuel delivery systems. Use of current engine performance diagnostic equipment. May be taught with manufacturer specific instructions.
Prerequisite: TSI Reading requirement met or minimum passing score on Pre-TASP
Credit for or concurrent enrollment in AUMT 1301
Co-requisite: AUMT 1407 and AUMT 1419
Type: TECH

AUMT 2425  Automotive Automatic Transmissions and Transaxels
4:3:4
A study of the operation, hydraulic circuits and electronic controls of modern automatic transmissions/transaxels. Diagnosis, disassembly, and assembly procedures with emphasis on the use of special tools and repair techniques. May be taught manufacturer specific.
Prerequisite: Credit for or concurrent enrollment in AUMT 1301
Co-requisite: AUMT 1310, AUMT 2413 and AUMT 2434
Type: TECH

AUMT 2434  Automotive Engine Performance Analysis II
4:3:4
Diagnosis and repair of emission systems, computerized engine performance systems, and advanced ignition and fuel systems. Includes use of advanced engine performance diagnostic equipment. May be taught manufacturer specific.
Prerequisite: Credit for or concurrent enrollment in AUMT 1301
Co-requisite: AUMT 1310, AUMT 2413 and AUMT 2425
Type: TECH

AUMT 2337  Automotive Electronics (advanced)
3:2:4
Study of electronic principles applied to microcomputers and communication systems. Includes digital fundamentals and use of electronic test equipment. May be taught manufacturer specific.
Prerequisite: Certificate in Automotive Technology and must be TSI satisfied
Type: TECH

BIOLOGY (BIOL)

BIOL 1322  Nutrition
3:3:0
This course introduces general nutritional concepts in health and disease and includes practical applications of that knowledge. Special emphasis is given to nutrients and nutritional processes including functions, food sources, digestion, absorption, and metabolism. Food safety, availability, and nutritional information including food labels, advertising, and nationally established guidelines are addressed.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

BIOL 1406  General Biology I
4:3:2  Core 030
Fundamental principles of living organisms will be studied, including physical and chemical properties of life, organization, function, evolutionary adaptation, and classification. Concepts of cytology, reproduction, genetics, and scientific reasoning are included. Laboratory activities will reinforce these concepts.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

BIOL 1407  General Biology II
4:3:2  Core 030
The diversity and classification of life will be studied, including animals, plants, protists, fungi, and prokaryotes. Special emphasis will be given to anatomy, physiology, ecology, and evolution of plants and animals. Laboratory activities will reinforce these concepts.
Prerequisite: TSI satisfied in Reading and Writing
BIOL 1406 is recommended
Type: ACAD
BIOL 2106  Environmental Biology Lab
1:0:2
This laboratory-based course accompanies Biology 2306, Environmental Biology. Laboratory activities will reinforce principles of environmental systems and ecology, including biogeochemical cycles, energy transformations, abiotic interactions, symbiotic relationships, natural resources and their management, lifestyle analysis, evolutionary trends, hazards and risks, and approaches to ecological research.
Prerequisite:  TSI satisfied in Reading and Writing Enrollment in BIOL 2306 or credit for BIOL 2306
Type:  ACAD

BIOL 2306  Environmental Biology
3:3:0
Principles of environmental systems and ecology, including biogeochemical cycles, energy transformations, abiotic interactions, symbiotic relationships, natural resources and their management, lifestyle analysis, evolutionary trends, hazards and risks, and approaches to ecological research.
Prerequisite:  TSI satisfied in Reading and Writing
Type:  ACAD

BIOL 2401  Human Anatomy and Physiology I
4:3:2  Core 030
Anatomy and Physiology I is the first part of a two-course sequence. It is a study of the structure and function of the human body including cells, tissues, and organs of the following systems: integumentary, skeletal, muscular, nervous, and special senses. Emphasis is on interrelationships among systems and regulation of physiological functions involved in maintaining homeostasis. The lab provides a hands-on learning experience for exploration of human system components and basic physiology. Systems to be studied include integumentary, skeletal, muscular, nervous, and special senses.
Prerequisite:  TSI satisfied in Reading and Writing
Type:  ACAD

BIOL 2402  Human Anatomy and Physiology II
4:3:2  Core 030
Anatomy and Physiology II is the second part of a two-course sequence. It is a study of the structure and function of the human body including the following systems: endocrine, cardiovascular, immune, lymphatic, respiratory, digestive (including nutrition), urinary (including fluid and electrolyte balance), and reproductive (including human development and genetics). Emphasis is on interrelationships among systems and regulation of physiological functions involved in maintaining homeostasis. The lab provides a hands-on learning experience for exploration of human system components and basic physiology. Systems to be studied include endocrine, cardiovascular, immune, lymphatic, respiratory, digestive (including nutrition), urinary (including fluid and electrolyte balance), and reproductive (including human development and genetics).
Prerequisite:  TSI reading and writing requirements met; BIOL 2401 with a grade of “C” or better
Type:  ACAD

BIOL 2420  Microbiology
4:3:2  Core 030
This course covers basic microbiology and immunology and is primarily directed at pre-nursing, pre-allied health, and non-science majors. It provides an introduction to historical concepts of the nature of microorganisms, microbial diversity, the importance of microorganisms and acellular agents in the biosphere, and their roles in human and animal diseases. Major topics include bacterial structure as well as growth, physiology, genetics, and biochemistry of microorganisms. Emphasis is on medical microbiology, infectious diseases, and public health. The lab component of the course also covers basics of culture and identification of bacteria and microbial ecology.
Prerequisite:  TSI satisfied in Reading and Writing BIOL 1406, or BIOL 2401 with a grade of “C” or better
Type:  ACAD

BUSINESS (BUSI)

BUSI 1301  Business Principles
3:3:0
This course provides a survey of economic systems, forms of business ownership, and considerations for running a business. Students will learn various aspects of business, management, and leadership functions; organizational considerations; and decision-making processes. Financial topics are introduced, including accounting, money and banking, and securities markets. Also included are discussions of business challenges in the legal and regulatory environment, business ethics, social responsibility, and international business. Emphasized is the dynamic role of business in everyday life.
Prerequisite:  TSI satisfied in Reading
Type:  ACAD

BUSI 2301  Business Law
3:3:0
This course provides the student with foundational information about the U.S. legal system and dispute resolution, and their impact on business. The major content areas will include general principles of law, the relationship of business and the U.S. Constitution, state and federal legal systems, the relationship between law and ethics, contracts, sales, torts, agency law, intellectual property, and business law in the global context.
Prerequisite:  TSI satisfied in Reading and Writing
Type:  ACAD
CHEM 1405  Introductory Chemistry I
4:3:2  Core 030
Survey course introducing chemistry. Topics may include inorganic, organic, biochemistry, food/physiological chemistry, and environmental/consumer chemistry. Designed for non-science and allied health students. Course introducing chemistry. Laboratory activities will reinforce lecture topics. Prerequisite: TSI satisfied in Reading, POFT 1301 or ENGL 1301
Type: ACAD

CHEM 1411  General Chemistry I
4:3:3  Core 030
Fundamental principles of chemistry for majors in the sciences, health sciences, and engineering; topics include measurements, fundamental properties of matter, states of matter, chemical reactions, stoichiometry, periodicity of elemental properties, atomic structure, chemical bonding, molecular structure, solutions, properties of gases, and an introduction to thermodynamics and descriptive chemistry. Basic laboratory experiments supporting theoretical principles presented in lecture; includes introduction of the scientific method, experimental design, data collection and analysis, and preparation of laboratory reports. Prerequisite: TSI satisfied in Reading and Math. MATH 1314 College Algebra or equivalent academic preparation. High school chemistry is strongly recommended
Type: ACAD

CHEM 1412  General Chemistry II
4:3:3  Core 030
Continuation of CHEM 1411. Chemical equilibrium; phase diagrams and spectrometry; acid-base concepts; thermodynamics; kinetics; electrochemistry; nuclear chemistry; an introduction to organic chemistry and descriptive inorganic chemistry. Basic laboratory experiments supporting theoretical principles presented in lecture; including introduction of the scientific method, experimental design, chemical instrumentation, data collection and analysis, and preparation of laboratory reports. Prerequisite: Successful completion of Chemistry 1411 with a grade of “C” or higher
Type: ACAD

CHEM 2423  Organic Chemistry I
4:3:4
Fundamental principles of organic chemistry will be studied, including the structure, bonding, properties, and reactivity of organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Includes study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules. Laboratory activities will reinforce fundamental principles of organic chemistry, including the structure, bonding, properties, and reactivity of organic molecules; and properties and behavior of organic compounds and their derivatives. Methods for the purification and identification of organic compounds will be examined. Prerequisite: CHEM 1412 with a grade of “C” or better
Type: ACAD

CHEM 2425  Organic Chemistry II
4:3:4
(Continuation of CHEM 2423)
Advanced principles of organic chemistry will be studied, including the structure, bonding, properties, and reactivity of aliphatic and aromatic organic molecules; and properties and behavior of organic compounds and their derivatives. Emphasis is placed on organic synthesis and mechanisms. Topics include the study of covalent and ionic bonding, nomenclature, stereochemistry, structure and reactivity, reaction mechanisms, functional groups, and synthesis of simple molecules. Laboratory activities will reinforce these principles. This course is intended for students in science or pre-professional programs. Prerequisite: CHEM 2423 with a grade of “C” or better
Type: ACAD

ARTC 1302  Digital Imaging I
3:2:2
Digital imaging using raster image editing and/or image creation software: scanning, resolution, file formats, output devices, color systems, digital cameras, creating image portfolios, use of color management to soft-proof and hard-proof finished photographs and image-acquisitions. This course assumes computer literacy. This course is only offered in the spring. Prerequisite: Grade of “C” or higher in IMED 1301
Type: TECH

ARTC 1305  Basic Graphic Design
3:2:2
Graphic design with emphasis on the visual communication process. Topics include basic terminology and graphic design principles. Using page layout software to create effective static and personalized documents that observe established principles of design, typography, color, photography, and ethics.
This course is only offered in the spring.
Prerequisite: Grade of "C" or higher in IMED 1301
Type: TECH

ARTV 1303  Basic Animation
3:2:2
Examination of animation concepts, principles, and storyboard for basic production. Emphasizes creating movement and expression utilizing traditionally or digitally generated image sequences. This course is only offered in the spring.
Prerequisite: None
Type: TECH

ARTV 1341  3-D Animation I
3:2:2
Intermediate level 3-D course introducing animation tools and techniques used to create movement. Emphasis on using the principles of animation within the 3-D field. This course is only offered in the spring.
Prerequisite: ARTV 1303
Type: TECH

ARTV 1345  3-D Modeling and Rendering
3:2:2
Techniques of three-dimensional (3-D) modeling utilizing industry standard software. Includes the creation and modification of 3-D geometric shapes; use of a variety of rendering techniques, camera, light sources, texture, and surface mapping. This course is only offered in the fall.
Prerequisite: ARTV 1303
Type: TECH

ARTV 1351  Digital Video
3:2:2
Producing and editing video and sound for multimedia or web productions. Emphasizes capture, editing, and outputting of video using a digital video workstation. This course is only offered in the fall.
Prerequisite: None
Type: TECH

ARTV 2301  2-D Animation I
3:2:2
Skill development in the use of software to develop storyboards and two-dimensional animation including creating, importing, and sequencing media elements to create multimedia presentation. Emphasis on conceptualization, creativity, and visual aesthetics. This course assumes computer literacy. This course is only offered in the spring.
Prerequisite: None
Type: TECH

BCIS 1305  Business Computer Applications
3:2:2
Students will study computer terminology, hardware, and software related to the business environment. The focus of this course is on business productivity software applications and professional behavior in computing, including word processing (as needed), spreadsheets, databases, presentation graphics, and business-orientated utilization of the internet. This course is only offered in the fall.
Prerequisite: None
Type: ACAD

COSC 1301  Introduction to Computing
3:2:2
Overview of computer systems—hardware, operating systems, and microcomputer application software, including the intranet, word processing, spreadsheets, presentation graphics, and databases. Current issues such as the effect of computers on society, and the history and use of computers in business, educational, and other modern settings are also studied. This course is not intended to count toward a student’s major field of study in business or computer science.
Prerequisite: TSI recommended in Reading
Type: ACAD

COSC 1436  Programming Fundamentals I
4:3:2
This course introduces the fundamental concepts of structured programming using Java, and provides a comprehensive introduction to programming for computer science and technology majors. Topics include software development methodology, data types, control structures, functions, arrays, and the mechanics of running, testing, and debugging. This course assumes computer literacy. (This course is included in the Field of Study Curriculum for Computer Science.)
Prerequisite: TSI satisfied in Math and Reading
Type: ACAD

COSC 1437  Programming Fundamentals II
4:3:2
This course focuses on the object-oriented programming paradigm, emphasizing the definition and use of classes along with fundamentals of object-oriented design. The course includes basic analysis of algorithms, searching and sorting techniques, and an introduction to software engineering processes. Students will apply techniques for testing and debugging software. (This course is included in the Field of Study Curriculum for Computer Science.)
Prerequisite: COSC 1436
Type: ACAD

COSC 2336  Programming Fundamentals III
3:2:2
Further applications of programming techniques, introducing the fundamental concepts of data structures and algorithms using Java. Topics include recursion, fundamental data structures (including stacks, queues, link lists, hash tables, trees, and graphs), and algorithmic analysis. This course is only offered in the fall.
Prerequisite: COSC 1437
Type: ACAD
**COSC 2425  Computer Organization**  
4:3:2  
The organization of computer systems is introduced using assembly language. Topics include basic concepts of computer architecture and organization, memory hierarchy, data types, computer arithmetic, control structures, interrupt handling, instruction sets, performance metrics, and the mechanics of testing and debugging computer systems. Embedded systems and device interfacing are introduced.  
This course is included in the Field of Study Curriculum for Computer Science.  
This course is only offered in the spring.  
Prerequisite: COSC 1436  
Type: ACAD

**GAME 2303  Artificial Intelligence Programming I**  
3:2:2  
Basic techniques in artificial intelligence related to game and simulation programming. Includes knowledge representation and interference techniques, expert systems, path-finding algorithms, and search techniques for problem solving.  
This course is only offered in the spring.  
Prerequisite: ITSE 1307  
Type: TECH

**GAME 2359  Game & Simulation Group Project**  
3:2:2  
Capstone Course  
Creation of a game and/or simulation project utilizing a team approach. Includes the integration of design, art, audio, programming, quality assurance and testing. This is the capstone course for the Computer Simulation & Game Development AAS degree.  
This course is only offered in the spring.  
Prerequisite: GAME 2341, ITSE 2370Android Programming, ARTV 2301 and GAME 1309  
Type: TECH

**IMED 1301  Introduction to Digital Media**  
3:2:2  
A survey of the theories, elements, and hardware/software components of digital media. Emphasis on conceptualizing and producing digital media presentations. This course introduces students to vector and pixel-based image creation techniques. It provides student with tools to create and/or manipulate illustrations for given media. This course assumes computer literacy.  
This course is only offered in the spring.  
Prerequisite: None  
Type: TECH

**INEW 2330  Comprehensive Software Project: Planning and Design**  
3:2:2  
Capstone Course  
A comprehensive application of skills learned in previous courses in a simulated workplace. Covers the development, testing, and documenting of a complete software and/or hardware solution. This is the capstone course for the Computer Programming AAS degree.  
This course is only offered in the spring.  
Prerequisite: Completion of 30 computer credit hours in the degree  
Type: TECH
ITCC 1475  Introduction to Networks (Cisco 1)  4:3:3
Introduce the architecture, structure functions, components and model of the Internet and other computer networks. The principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations are introduced to provide a foundation for the curriculum. By the end of either course, students will be able to build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. This course assumes computer literacy.
Prerequisite: None  
Type: TECH

ITCC 1476  Routing and Switching Fundamentals (Cisco 2)  4:3:3
This course describes the architecture, components, and operations of routers and switches in a small network. Students learn how to configure a router and a switch for basic functionality. By the end of this course, students will be able to configure and troubleshoot routers and switches and resolve common issues with RIPv1, RIPv2, single area and multi-area OSPF, virtual LANs, and inter-VLAN routing in both IPv4 and IPv6 networks.
Prerequisite: Grade of “C” or better in ITCC 1475  
Type: TECH

ITCC 1478  Scaling Networks (Cisco 3)  4:3:3
This course describes the architecture, components, and operations of routers and switches in a larger and more complex network. Students learn how to configure routers and switches for advanced functionality. By the end of this course, students will be able to configure and troubleshoot routers and switches and resolve common issues with OSPF, EIGRP, STP, and VTP in both IPv4 and IPv6 networks. Students will also develop the knowledge and skills needed to implement DHCP and DNS operations in a network.
Prerequisite: Grade of “C” or better in ITCC 1476  
Type: TECH

ITCC 1479  Connecting Networks (Cisco 4)  4:3:3
This course discusses the WAN technologies and network services required by converged applications in a complex network. The course enables students to understand the selection criteria of network devices and WAN technologies to meet network requirements. Students learn how to configure and troubleshoot network devices and resolve common issues with data link protocols. Students will also develop the knowledge and skills needed to implement IPSec and virtual private network (VPN) operations in a complex network.
Prerequisite: Grade of “C” or better in ITCC 1478  
Type: TECH

INTW 1192  Special Topics in Computer Systems  1:1:1
Networking and Telecommunications
Topics address recently identified current events, skills, knowledge, and/or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency.
This course is only offered in the fall.
Prerequisite: ITNW 2305 or ITNW 1316 and ITSC 1305 with grade of “C” or better  
Type: TECH

ITNW 1308  Implementing and Supporting Client Operating Systems
3:2:2
The fundamentals of managing and configuring network clients. Develop skills in management of clients as desktop operating systems.
This course is only offered in the spring.
Prerequisite: ITSC 1305  
Type: TECH

INTW 1313  Computer Virtualization
3:2:2
Implement and support virtualization of clients of servers in a networked computing environment. This course explores installation, configuration and management of computer virtualization workstation and servers.
This course is only offered in the fall.
Prerequisite: ITSC 1307  
Type: TECH

ITNW 1316  Network Administration
3:2:2
An introduction to the basic concepts of network administration. Students will describe the components of a local area network; create and administer user accounts and groups; plan and set up network file systems; create effective file systems security; and implement and administer network printing using Microsoft Window Server.
Prerequisite: Grade of “C” or better in ITCC 1375 or ITNW 1325 and ITSC 1305  
Type: TECH

ITNW 1325  Fundamentals of Networking Technologies
3:2:2
Instruction in networking technologies and their implementation. Topics include the OSI reference model, network protocols, transmission media, and networking hardware and software. This course assumes computer literacy.
This course is only offered in the spring.
Prerequisite: None  
Type: TECH
ITNW 1345  Implementing Network Directory Services  
In-depth coverage of the skills necessary to install, configure, and administer Network Directory service. This course is only offered in the fall.  
Prerequisite: ITNW 2305 or ITNW 1313  
Type: TECH

ITNW 2335  Network Troubleshooting and Support  
Capstone Course  
Troubleshoot and support networks with emphasis on solving real world problems in a hands-on environment. Topics include troubleshooting and research techniques, available resources, and network management hard/software. Students will complete a Capstone Project in this course. This course is only offered in the spring.  
Prerequisite: ITNW 2305 or ITNW 1313 and ITNW 1345 and completion of 30 credit hours in the degree  
Type: TECH

ITSC 1301  Introduction to Computers  
Overview of computer information systems. Introduces computer hardware, software, procedures, and human resources. Strongly recommended TSI Math and Reading requirement met or concurrent enrollment in developmental courses.  
Prerequisite: None  
Type: TECH

ITSC 1305  Introduction to PC Operating Systems  
Introduction to Microsoft personal computer operating systems including installation, configuration, file management, memory and storage management, control of peripheral devices, and use of utilities. This course assumes computer literacy.  
Prerequisite: None  
Type: TECH

ITSC 1307  Unix Operating System I  
Introduction to the UNIX operating system including multi-user concepts, terminal emulation, use of system editor, basic UNIX commands, and writing script files. Includes introductory system management concepts.  
Prerequisite: COSC 1301 recommended  
Type: TECH

ITSC 1325  Personal Computer Hardware  
A study of current personal computer hardware including personal computer assembly and upgrading, setup and configuration, and troubleshooting. Students will build and configure personal computers.  
Prerequisite: None  
Type: TECH

ITSC 1358  Unix System Administration I  
Basic Unix workstation administration. Includes installing a stand-alone system, adding users, backing up and restoring file systems, and adding new printer support. Emphasis on the procedures needed to perform system administration tasks. Introduces the concept of the system and disk management. This course is only offered in the fall.  
Prerequisite: ITSC 1307  
Type: TECH

ITSC 2339  Personal Computer Help Desk Support  
Capstone Course  
Diagnosis and solution of user hardware and software related problems with on-the-job and/or simulated projects. This is the Capstone course for the PC Technical Support Certificate. This course is only offered in the spring.  
Prerequisite: ITSC 1305 and completion of 12 credit hours in the certificate  
Type: TECH

ITSE 1301  Web Design Tools  
Designing and publishing Web documents according to World Wide Web Consortium (W3C) standards. Emphasis on optimization of graphics and images and exploration of tools available for creating and editing Web documents. This course is only offered in the spring.  
Prerequisite: Grade of “C” or better in IMED 1301 or instructor’s consent  
Type: TECH

ITSE 1307  Introduction To C++ Programming  
Introduction to computer programming using C++. Emphasis on the fundamentals of object-oriented design with development, testing, implementation, and documentation. Includes language syntax, data and file structures, input/output devices, and files. This course is only offered in the spring.  
Prerequisite: COSC 1436  
Type: TECH

ITSE 2321  Object-Oriented Programming  
Introduction to object-oriented programming. Emphasis on the fundamentals of design with classes, including development, testing, implementation, and documentation. This course is only offered in the spring.  
Prerequisite: ITSE 1436  
Type: TECH

ITSE 2331  Advanced C++ Programming  
Further application of C++ programming techniques including file access, abstract data structures, class inheritance, and other advanced techniques. This course is only offered in the spring.
Prerequisite:  ITSE 1307  
Type:  TECH

ITSE 2370  Android Programming  
3:2:2  
This course will cover the Android development kit and will focus on the needs for the game programmer. Both 2d and 3d graphics programmer will be used.  
This course is only offered in the spring.  
Prerequisite:  COSC 1436  
Type:  TECH

ITSW 1307  Introduction to Database  
3:2:2  
Introduction to database theory and the practical applications of a database. Students will plan, define and design a database; generate tables, forms and reports and devise and process queries using Microsoft Access.  
This course is only offered in the fall.  
Prerequisite:  None  
Type:  TECH

ITSY 1342  Information Technology Security  
3:2:2  
Instruction in security for network hardware, software, and data, including physical security, backup procedures, relevant tools, encryption, and protection from viruses.  
Prerequisite:  ITNW 2305 or ITNW 1313  
Type:  TECH

ITSY 2301  Firewalls and Network Security  
3:2:2  
Identify elements of firewall design, types of security threats and responses to security attacks. Use Best Practice to design; implement; and monitor a network security plan. Examine security incident postmortem reporting and ongoing network security activities.  
This course is only offered in the spring.  
Prerequisite:  ITSY 1342 and a grade of “C” or better in ITCC 1476  
Type:  TECH

LEAD 1100  Workforce Development with Critical Thinking  
1:0:0  
Develop leadership skills and critical thinking strategies that promote employment readiness, retention, advancement and promotion  
Prerequisite:  None  
Type:  TECH

COSMETOLOGY (CSME)

CSME 1401  Orientation to Cosmetology  
4:2:8  
An overview of the skills and knowledge necessary for the field of cosmetology.  
Prerequisite:  TSI-Reading met  
Type:  TECH

CSME 1410  Introduction to Hair Cutting & Related Theory  
4:1:9  
Introduction to the theory and practice of hair cutting. Topics include terminology, implements, sectioning and finishing techniques.  
Prerequisite:  TSI-Reading met  
Type:  TECH

CSME 1431  Principles of Nail Technology I  
4:2:5  
A course in the principles of nail technology. Topics include anatomy, physiology, theory, and skills related to nail technology.  
Prerequisite:  TSI-Reading met  
Type:  TECH

CSME 1505  Fundamentals of Cosmetology  
5:3:8  
A course in the basic fundamentals of cosmetology. Topics include service preparation, manicure, facial, chemical services, shampoo, haircut, wet styling, and comb out.  
Prerequisite:  TSI-Reading met  
Type:  TECH

CSME 1551  Artistry of Hair Theory and Practice  
5:3:7  
Instruction in the artistry of hair design. Topics include theory, techniques, and application of hair design.  
Prerequisite:  TSI-Reading met  
Type:  TECH

CSME 1453  Chemical Reformation and Related Theory  
4:2:8  
Presentation of the theory and practice of chemical reformation including terminology, application, and workplace competencies.  
Prerequisite:  TSI-Reading met  
Type:  TECH

CSME 2202  Introduction to Application of Hair Color  
2:0:6  
Introduction to basic hair color applications, including safety and sanitation procedures.  
Prerequisite:  TSI-Reading met  
Type:  TECH

CSME 2501  The Principles of Hair Coloring and Related Theory  
5:3:7  
Presentation of the theory, practice, and chemistry of hair color. Topics include terminology, application and workplace competencies related to hair color.  
Prerequisite:  TSI-Reading met  
Type:  TECH

CSME 2439  Advanced Hair Design  
4:2:8  
Advanced concepts in the theory and practice of hair design.  
Prerequisite:  Program Director Approval  
Type:  TECH
CSME 2441  Preparation for the State Licensing Exam
4:2:8
Demonstrate the skills and knowledge required for completion of the state licensing examination.
Prerequisite: Program Director Approval
Type: TECH

CRIMINAL JUSTICE (CRIJ)

CRIJ 1301  Introduction to Criminal Justice
3:3:0
This course provides a historical and philosophical overview of the American criminal justice system, including the nature, extent, and impact of crime; criminal law; and justice agencies and processes.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

CRIJ 1306  Court Systems and Practices
3:3:0
This course is a study of the court system as it applies to the structures, procedures, practices and sources of law in American courts, using federal and Texas statutes and case law.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

CRIJ 1307  Crime in America
3:3:0
American crime problems in historical perspective, social and public policy factors affecting crime, impact and crime trends, social characteristics of specific crimes, and prevention of crime.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

CRIJ 1310  Fundamentals of Criminal Law
3:3:0
This course is the study of criminal law including application of definitions, statutory elements, defenses and penalties using Texas statutes, the Model Penal Code, and case law. The course also analyzes the philosophical and historical development of criminal law and criminal culpability.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

CRIJ 2301  Community Resources in Corrections
3:3:0
An introductory study of the role of the community in corrections; community programs for adults and juveniles; administration of community programs; legal issues; future trends in community treatment.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

CRIJ 2313  Correctional Systems and Practices
3:3:0
This course is a survey of institutional and non-institutional corrections. Emphasis will be placed on the organization and operation of correctional systems; treatment and rehabilitation; populations served; Constitutional issues; and current and future issues.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

CRU 2314  Criminal Investigation
3:3:0
Investigative theory, collection and preservation of evidence, sources of information, interview and interrogation, uses of forensic sciences, case and trial preparation.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

CRU 2323  Legal Aspects of Law Enforcement
3:3:0
Police authority; responsibilities; constitutional constraints; laws of arrest, search and seizure; police liability.
Prerequisite: CRU 1306 and 1310 recommended
Type: ACAD

CRU 2328  Police Systems and Practices
3:3:0
This course examines the establishment, role and function of police in a democratic society. It will focus on types of police agencies and their organizational structure, police-community interaction, police ethics, and use of authority.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

DENTAL HYGIENE (DHYG)

DHYG 1103  Preventative Dental Hygiene
1:1:1
The role of the Dental Hygienist as a therapeutic oral health care provider with emphasis on concepts of disease management, health promotion, and behavior modifications.
Open only to student admitted to the Dental Hygiene Program.
Type: TECH

DHYG 1207  General & Dental Nutrition
2:2:0
General nutrition and nutritional biochemistry emphasizing the effect nutrition has on oral health.
Prerequisite: DHYG 1301, 1311, 1103, and 1331 with a grade of “C” or higher
Type: TECH

DHYG 1219  Dental Materials
2:1:3
Physical and chemical properties of dental materials including the application and manipulation of the various materials used in dentistry.
Prerequisite: DHYG 1339, 1304, 1261, 1227, and 1307 with a grade of “C” or higher
Type: TECH

DHYG 1227  Preventive Dental Hygiene Care
2:2:0
The role of the dental hygienist as a therapeutic oral health care provider with emphasis on concepts of
Disease management, health promotion, communication, and behavior modification.

Prerequisite: DHYG 1301, 1311, 1103, and 1331 with a grade of “C” or higher

Type: TECH

**DHYG 1235  Pharmacology for the Dental Hygienist**
2:2:0
Classification of drugs and their uses, actions, interactions, side effects, contraindications, with emphasis on dental applications.

Prerequisite: DHYG 1339, 1304, 1261, 1227, 1219, and 1207 with a grade of “C” or higher

Type: TECH

**DHYG 1261  Clinical Dental Hygiene I**
2:0:11
A health related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.

Prerequisite: DHYG 1301, 1311, 1331, and 1103 with a grade of “C” or higher

Type: TECH

**DHYG 1301  Orofacial Anatomy, Histology & Embryology**
3:3:1
Histology and embryology of oral tissues, gross anatomy of the head and neck, tooth morphology, and individual tooth identification.

Prerequisite: Open only to students admitted to Dental Hygiene Program

Type: TECH

**DHYG 1304  Dental Radiology**
3:2:3
Fundamentals of oral radiography, including techniques, interpretation, quality assurance, and ethics.

Prerequisite: DHYG 1301, 1311, 1103, and 1331 with a grade of “C” or higher

Type: TECH

**DHYG 1311  Periodontology**
3:3:1
Normal and diseased periodontium including the structural, functional, and environmental factors. Emphasis on etiology, pathology, treatment modalities, and therapeutic and preventive periodontics.

Prerequisite: Open only to students admitted to Dental Hygiene Program

Type: TECH

**DHYG 1315  Community Dentistry**
3:3:1
Principles and concepts of community public health and dental health education emphasizing community assessment, educational planning, implementation, and evaluation, including methods and materials used in teaching dental health education in various community settings.

Prerequisite: DHYG 1339, 1304, 1261, 1227, 1319, and 1307 with a grade of “C” or higher

Type: TECH

**DHYG 1331  Preclinical Dental Hygiene**
3:1:7
Foundational knowledge for performing clinical skills on patients with emphasis on procedures and rationale for performing dental hygiene care. Introduction to ethical principles as they apply to dental hygiene care.

Prerequisite: Open only to students admitted to Dental Hygiene Program

Type: TECH

**DHYG 1339  General and Oral Pathology**
3:3:0
Disturbances in human body development, diseases of the body, and disease prevention measures with emphasis on the oral cavity and associated structures.

Prerequisite: DHYG 1301, 1311, 1103, and 1331 with a grade of “C” or higher

Type: TECH

**DHYG 2102  Applied Community Dentistry**
1:0:4
Application of principles and concepts of community public health and dental health education emphasizing community assessment, educational planning, implementation and evaluation including methods and materials used in teaching dental health education in various community settings.

Prerequisite: DHYG 1315

Type: Tech

**DHYG 2153  Dental Hygiene Practice**
1:1:0
Emphasis on the laws governing the practice of dentistry and dental hygiene, moral standards, and the ethical standards established by the dental hygiene profession. Practice setting for the dental hygienist, office operations, and preparations for employment.

Prerequisite: DHYG 2362, 2201, 1315, and 1235 with a grade of “C” or higher

Type: TECH

**DHYG 2201  Dental Hygiene Care I**
2:2:0
Dental hygiene care for the medically or dentally compromised patient including supplemental instrumentation techniques.

Prerequisite: DHYG 1227, 1261, 1304, 1307, 1219, and 1339 with grade of “C” or higher

Type: TECH

**DHYG 2231  Dental Hygiene Care II**
2:2:0
A continuation of Dental Hygiene Care I. Dental hygiene care for the medically or dentally compromised patient including advanced instrumentation techniques.

Prerequisite: DHYG 2362, 2201, 1315, and 1235 with grade of “C” or higher

Type: TECH
DHYG 2362  Clinical Dental Hygiene II  
3:0:14  
A health related work-based learning experience that enables the student to apply specialized occupational 
thorics, skills, and concepts. Direct supervision is provided by the clinical professional.  
Prerequisite: HYG 1339, 1304, 1261, 1319, 1227,  
and 1307 with a grade of "C" or higher  
Type: TECH

DHYG 2363  Clinical Dental Hygiene III  
3:0:14  
A health related work-based learning experience that enables the student to apply specialized occupational 
thorics, skills, and concepts. Direct supervision is provided by the clinical professional.  
Prerequisite: HYG 2362, 2201, 1315, and 1235 with 
grade of "C" or higher  
Type: TECH

DRAMA (DRAM)

DRAM 1120  Theater Practicum I  
1:0:4  
Practicum in theater with emphasis on technique and 
procedures with experience gained in play productions.  
Prerequisite: None  
Type: ACAD

DRAM 1121  Theater Practicum II  
1:0:4  
Practicum in theater with emphasis on technique and 
procedures with experience gained in play productions.  
Prerequisite: None  
Type: ACAD

DRAM 1161  Musical Theater  
1:0:3  
Or MUSI 1159  
Study and performance of works from the musical 
theater repertoire.  
Prerequisite: None  
Type: ACAD

DRAM 1310  Introduction to Theater  
3:3:0  
Core 050  
Survey of theater including its history, dramatic works, 
state techniques, production procedures, and relation 
to other art forms. Participation in productions may be 
required.  
Prerequisite: TSI satisfied in Reading and Writing  
Type: ACAD

DRAM 1322  Stage Movement  
3:3:0  
Principles, practices, and exercises in body techniques 
and stage movement; emphasis on character movement 
and body control.  
Prerequisite: None  
Type: ACAD

DRAM 1330  Stagecraft I  
3:0:6  
Study and application of the methods and components 
of theatrical production which may include one or more 
of the following: theater facilities, scenery construction 
and painting, properties, lighting, costume, makeup, 
sound, and theatrical management.  
Prerequisite: None  
Type: ACAD

DRAM 1331  Stagecraft II  
3:0:6  
Continued study and application of the methods and 
components of theatrical production which may include 
one or more of the following: theater facilities, scenery 
construction and painting, properties, lighting, costume, 
makeup, sound, and theatrical management.
Prerequisite: None. DRAM 1330 recommended  
Type: ACAD

DRAM 2351 Acting III  
3:3:0  
Continued study and application of the methods and components of theatrical production which may include one or more of the following: theater facilities, scenery construction and painting, properties, lighting, costume, makeup, sound and theatrical management.  
Prerequisite: DRAM 1351 or consent of instructor  
Type: ACAD

DRAM 2366 Introduction to Cinema  
3:3:0  
Core 050  
Survey and analyze cinema including history, film techniques, production procedures, selected motion pictures, and cinema’s impact on and reflection of society. (Cross-listed as COMM 2366)  
Prerequisite: TSI satisfied  
Type: ACAD

CDEC 1164 Practicum (or Field Experience) – Child Development  
1:0:7  
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student, (Capstone Course, Level II Certificate)  
Prerequisite: Must be in the final semester of the Level II Certificate, have a GPA of 2.0 or higher, and have approval of program director  
Type: ACAD

CDEC 1313 Curriculum Resources for Early Childhood Programs  
3:3:0  
A study of the fundamentals developmentally appropriate curriculum design and implementation in early care and education programs for children birth through age eight.  
Prerequisite: None  
Type: TECH

CDEC 1319 Child Guidance  
3:3:0  
An exploration of guidance strategies for promoting prosocial behaviors with individual and groups of children. Emphasis on positive guidance principles and techniques, family involvement and cultural influences.  
Prerequisite: None  
Type: TECH

CDEC 1321 The Infant and Toddler  
3:3:0  
A study of appropriate infant and toddler programs (birth to age 3), including an overview of development, quality routines, learning environments, materials and activities, and teaching/guidance techniques. CDEC elective for the AAS degree.  
Prerequisite: None  
Type: TECH

CDEC 1323 Observation and Assessment  
3:3:0  
A study of observation skills, assessment techniques, and documentation of children’s development. A CDEC elective for the AAS degree.  
Prerequisite: None  
Type: TECH

CDEC 1356 Emergent Literacy for Early Childhood Programs  
3:3:0  
An exploration of principles, methods, and materials for teaching young children language and literacy through a play-based, integrated curriculum to children birth through age eight.  
Prerequisite: CDEC 1313  
Type: TECH

CDEC 1358 Creative Arts for Early Childhood  
3:3:0  
An exploration of principles, methods, and materials for teaching children music, movement, visual arts, and dramatic play through process-oriented experiences to support divergent thinking for children birth through age eight.  
Prerequisite: None  
Type: TECH

CDEC 1359 Children with Special Needs  
3:3:0  
A survey of information regarding children with special needs including possible causes and characteristics of exceptionalities, intervention strategies, available resources, referral processes, the advocacy role, and legislative issues.  
Prerequisite: None  
Type: TECH

CDEC 2286 Internship Child Care Provider/Assistant  
2:0:6  
Capstone Course for the AAS degree  
A work-based learning experience that enables the student to apply specialized occupational theory, skills and concepts. A learning plan is developed by the college and the employer. This course requires students to complete a number of hours in an external learning environment. Contact the program director for more information.  
Prerequisite: Must be in the final semester of the AAS degree, have a GPA of 2.0 or higher, and have approval of program director  
Type: TECH

CDEC 2307 Math and Science for Early Childhood  
3:3:0  
An exploration of principles, methods, and materials for teaching children math and science concepts and process skills through discovery and play.  
Prerequisite: None  
Type: TECH

Start Smart! Wharton County Junior College 155
CDEC 2315  Diverse Cultural/Multilingual Education  
3:3:0  
An overview of multicultural topics and education. Includes relationships with the family and community awareness and sensitivity to diversity, and individual needs of children. This is an intermediate level elective course used to satisfy requirements for the AAS degree in Early Childhood.  
Prerequisite: Sophomore standing and approval of program director  
Type: TECH  

CDEC 2326  Administration of Programs for Children I (Capstone Course for the Level I Certificate)  
3:2:2  
Application of management procedures for early care and education programs. Includes planning, operating, supervising, and evaluating programs. Topics cover philosophy, types of programs, policies, fiscal management, regulations, staffing, evaluation, and communication. This course requires students to complete a number of hours in an external learning environment. Contact the program director for more information.  
Prerequisite: Must be in the final semester of the Level I Certificate, have a GPA of 2.0 or higher, and have approval of program director  
Type: TECH  

CDEC 2328  Administration of Programs for Children II  
3:2:2  
An in-depth study of the skills and techniques in managing early care and education programs, including legal and ethical issues, personnel management, team building, leadership, conflict resolution, stress management advocacy, professionalism, fiscal analysis and planning parent education/partnerships. This is an intermediate level elective course used to satisfy requirements for the AAS degree in Early Childhood. This course requires students to complete a number of hours in an external learning environment. Contact the program director for more information.  
Prerequisite: Approval of program director and CDEC 2326  
Type: TECH  

CDEC 2341  The School Age Child  
3:3:0  
A study of programs for the school age child (5 to 13 years), including an overview of development, learning environments, materials, and activities and teaching/guidance techniques. A CDEC elective for the AAS degree.  
Prerequisite: None  
Type: TECH  

TECA 1303  Family, School, and the Community  
3:3:0  
A study of the child, family, community, and schools, including parent education and involvement, family and community lifestyles, child abuse, and current family life issues. Course content must be aligned as applicable with the State Board for Educator Certification Pedagogy and Professional Responsibilities standards and coincide with the National Association for the Education of Young Children position statement related to the developmentally appropriate practices for children from birth through age eight. Requires students to participate in field experiences with children from infancy through age 12 years in a variety of settings with varied and diverse populations; and the course includes a minimum of 16 hours of field experiences.  
Prerequisite: Students must pass a criminal history check  
Type: ACAD  

TECA 1311  Educating Young Children  
3:3:0  
An introduction to the education of the young child, including developmentally appropriate practices and programs, theoretical and historical perspectives, ethical and professional responsibilities, and current issues. Course content must be aligned as applicable with the State Board for Educator Certification Pedagogy and Professional Responsibilities standards and coincide with the National Association for the Education of Young Children position statement related to developmentally appropriate practices for children from birth through age eight. Requires students to participate in field experiences with children from infancy through age 12 years in a variety of settings with varied and diverse populations; and the course includes a minimum of 16 hours of field experiences.  
Prerequisite: TSI satisfied in Reading and Writing; students must pass a criminal history check  
Type: ACAD  

TECA 1318  Wellness of the Young Child  
3:3:0  
A study of the factors that impact the well-being of the young child including healthy behavior, food, nutrition, fitness, and safety practices. Focus on local and national standards and legal implications of relevant policies and regulations. The course content must be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards and coincide with the National Association for the Education of Young Children position statement related to developmentally appropriate practices for children from birth to age eight. Course requires students to participate in field experiences with children from infancy through age 12 years in a variety of settings with varied and diverse populations. Course includes a minimum of 16 hours of field experiences.  
Prerequisite: Students must pass a criminal history check  
Type: ACAD  

TECA 1354  Child Growth and Development  
3:3:0  
A study of the physical, emotional, social, language, and cognitive factors impacting growth and development of children through adolescence.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

ECONOMICS (ECON)

ECON 2301 Principles of Macroeconomics
3:3:0 Core 080
An analysis of the economy as a whole including measurement and determination of Aggregate Demand and Aggregate Supply, national income, inflation, and unemployment. Other topics include international trade, economic growth, business cycles, and fiscal policy and monetary policy.
Prerequisite: TSI satisfied
Type: ACAD

ECON 2302 Principles of Microeconomics
3:3:0 Core 080
Analysis of the behavior of individual economic agents, including consumer behavior and demand, producer behavior and supply, price and output decisions by firms under various market structures, factor markets, market failures, and international trade.
Prerequisite: TSI satisfied
Type: ACAD

EDUCATION

EDUC 1300 Learning Framework
3:3:0 Or PSYC 1300; Core 090
A study of the research and theory in the psychology of learning, cognition, and motivation, factors that impact learning, and application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned. (Cross listed as PSYC 1300)
Prerequisite: TSI satisfied in Reading, Writing, and Math or concurrent enrollment in upper level core readiness
Type: ACAD

EDUC 1301 Introduction to the Teaching Profession
3:3:0
An enriched and integrated pre-service course and content experience that provides active recruitment and institutional support of students interested in a teaching career especially in high need fields. The course provides students with opportunities to participate in early field observations at all levels of P-12 schools with varied and diverse student populations, provides students with support from college and school faculty, preferably in small cohort groups, for the purpose of introduction to and analysis of the culture of schooling and classrooms. Course content should be aligned as applicable with the State Board for Educator Certification Pedagogy and Professional Responsibilities standards and the course must include a minimum of 16 contact hours of field experiences in P-12 classrooms.
Prerequisite: TSI satisfied; students must pass a criminal history check. Recommended G-4/G-8; Secondary Certification
Type: ACAD

EDUC 2301 Introduction to Special Populations
3:3:0
An enriched, integrated pre-service course and content experience that provides an overview of schooling and classrooms from the perspectives of language, gender, socioeconomic status, ethnic and academic diversity, and equity with an emphasis on factors that facilitate learning. The course provides students with opportunities to participate in early field observations of P-12 special populations and should be aligned as applicable with State Board for Educator Certification Pedagogy and Professional Responsibilities standards. Must include a minimum of 16 contact hours of field experience in P-12 classrooms with special populations.
Prerequisite: TSI satisfied; students must pass a criminal history check
Type: ACAD

ELECTRONICS ENGINEERING TECHNOLOGY

CETT 1321 Electronic Fabrication
3:3:1
A study of electronic circuit fabrication techniques including printed circuit boards, wire wrapping, bread boarding, and various soldering techniques. Skill in techniques of electronic equipment fabrication is gained through layout and construction of a complete unit. Component recognition, schematic symbols, discrete, leaded, and surface-mount components. IPC-A-610B training.
Prerequisite: None
Type: TECH

CETT 1331 Programming for Discrete Electronic Devices
3:3:1
Introduction to a high level programming language such as BASIC, PASCAL, or “C”. Topics include structured programming and problem solving and how they apply to discrete electronic devices. Lecture and lab programming practice using Python. Includes structured programming and problem solving applicable to discrete electronic devices.
Prerequisite: None
Type: TECH
### CETT 1341 Solid State Circuits
3:3:1  
A study of various semiconductor devices incorporated in circuits and their applications. Emphasis on circuit construction, measurements, and analysis. Multistage transistor amplifiers, common-collector circuits, power amplifiers, amplifier class A, B, and C configurations, FET circuits, thyristors, amplifier frequency response, and basic linear operational amplifier circuits.
Prerequisite: CETT 1429  
Type: TECH

### CETT 1345 Microprocessor  
3:2:4  
An introductory course in microprocessor software and hardware, its architecture, timing sequence, operation, and programming. Discussion of appropriate software diagnostic language and tools. Organization, construction, and application of stored program LSI computers, both hardware and software. Microprocessor architecture: processor, memory and I/O. The bus concept, RAM and ROM. Instruction sets for the Intel 80xxx. Programming and I/O for open and closed-loop control. Laboratory application of concepts using microprocessor systems with extensive troubleshooting experience.
Prerequisite: Credit or concurrent enrollment for CETT 1331 and ELMT 1301  
Type: TECH

### CETT 1403 D.C. Circuits  
4:3:3  
Prerequisite: MATH 1314 or higher  
Type: TECH

### CETT 1405 A.C. Circuits  
4:3:3  
A study of the fundamentals of alternating current including series and parallel AC circuits, phasors, capacitive and inductive networks, transformers, and resonance. Sinusoidal steady-state circuit analysis using complex numbers, inductance, capacitance, RL and RC time constants, transformers, resonance, filters, and frequency response. Laboratory realization of lecture topics.
Prerequisite: CETT 1403 or approved credit for CETT 1403 from a high school with which WCJC has a current articulation agreement for Electronics Engineering Technology. MATH 1316 or concurrent enrollment  
Type: TECH

### CETT 1425 Digital Fundamentals  
4:3:3  
An entry level course in digital electronics to include numbering systems, logic gates, Boolean algebra, combinational logic, binary mathematics, digital codes, Karnaugh maps, and the introduction to flip flops. Emphasis on circuit logic analysis and troubleshooting digital circuits. Introduction to flip-flops. Laboratory realization of logic circuits using TTL and CMOS gates. Laboratory use of logic probes, meters, and oscilloscopes for digital troubleshooting.
Prerequisite: MATH 1314 or higher  
Type: TECH

### CETT 1429 Solid State Devices  
4:3:3  
A study of diodes and bipolar semiconductor devices, including analysis of static and dynamic characteristics, bi techniques, and thermal considerations of solid state devices. Basic power-supply design and application. Linear and switching circuits. Laboratory realization of lecture topics.
Prerequisite: CETT 1403 or approved credit for CETT 1403 from a high school with which WCJC has a current articulation agreement for Electronics Engineering Technology. MATH 1316 or concurrent enrollment  
Type: TECH

### CETT 1457 Linear and Integrated Circuits  
4:3:3  
A study of the characteristics, operations, stabilization, testing, and feedback techniques of linear integrated circuits. Application in computation, measurements, instrumentation, and active filtering.
Prerequisite: CETT 1405 and 1429  
Type: TECH

### CETT 2349 Research and Project Design  
3:2:2  
Capstone Course  
Principles of electrical/electronic design encompassing schematics, wiring diagrams, materials lists, operating characteristics, completion schedules, and cost estimates. The student will be required to plan and develop a project consisting of research, design, layout, construction and operation of an electrical-mechanical project. A formal written report and a demonstration and presentation of process and results is required. This course is intended to provide the Capstone experience for graduation Electronics Engineering Technology students.
Prerequisite: Electronics Engineering Technology major expecting graduation in the current semester  
Type: TECH

### ELMT 1301 Programmable Logic Controllers  
3:3:1  
An introduction to programmable logic controllers as used in industrial environments including basic concepts, programming, applications, troubleshooting of ladder logic, and interfacing of equipment.
Laboratory experience in programming and interfacing commercial PLCs.  
Prerequisite: CETT 1405, 1425, and 1429  
Type: TECH

**ELMT 2433 Industrial Electronics**  
4:3:3  
A study of devices, circuits, and systems primarily used in automated manufacturing and/or process control including computer controls and interfacing between mechanical, electrical, electronic, and computer equipment. Presentation of programming schemes. Analog and digital control loops and their application in process control and robotics. Microprocessors for control and monitoring. Sensing devices for pressure, level, flow, temperature, and position. Signal processing: A/D and D/A conversion, feedback, and servos. Laboratory work includes microprocessor and robotics interfacing and control circuits.  
Prerequisite: CETT 1405, CETT 1429 and CETT 1345  
Type: TECH

**EECT 2339 Communications Circuits**  
3:2:4  
A study of communications systems with emphasis on amplitude modulation, frequency modulation, phase modulation, and digital pulse modulation. Discussion of several types of modulators, demodulators, receivers, transmitters, and transceivers. Laboratory realization of lecture topics.  
Prerequisite: CETT 1403 and CETT 1425  
Type: TECH

---

### EMERGENCY MEDICAL TECHNOLOGY-PARAMEDIC

**EMSP 1260 Clinical-Emergency Medical Technology/Technician (EMT Paramedic)**  
Capstone Course  
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.  
Prerequisite: None  
Co-requisite: EMSP 1501  
Type: TECH

**EMSP 1291 Special Topics: AEMT Medical Emergencies and Special Populations**  
2:2:0  
Advanced EMT knowledge and skills in the assessment and management of patients with medical emergencies and in diverse populations to include neonatology, pediatrics, geriatrics and other related topics.  
Prerequisite: EMSP 1501 and EMSP 1260  
Co-requisite: EMSP 1338, EMSP 1355, EMSP 1356, EMSP 2260 and EMSP 2338  
Type: TECH

**EMSP 1338 Introduction to Advanced Practice**  
3:3:1  
Fundamental elements associated with emergency medical services to include preparatory practices, pathophysiology, medication administration, and related topics.  
Prerequisite: EMSP 1501 and EMSP 1260  
Co-requisite: EMSP 1291, EMSP 1355, EMSP 1356, EMSP 2260, and EMSP 2338  
Type: TECH

**EMSP 1355 Trauma Management**  
3:2:2  
Knowledge and skills in the assessment and management of patients with traumatic injuries.  
Prerequisite: EMSP 1501 and EMSP 1260  
Co-requisite: EMSP 1291, EMSP 1338, EMSP 1356, EMSP 2260, and EMSP 2338  
Type: TECH

**EMSP 1356 Patient Assessment and Airway Management**  
3:2:3  
Knowledge and skills required to perform patient assessment, airway management, and artificial ventilation.  
Prerequisite: EMSP 1501 and EMSP 1260  
Co-requisite: EMSP 1291, EMSP 1338, EMSP 1356, EMSP 2260, and EMSP 2338  
Type: TECH

**EMSP 1501 Emergency Medical Technician**  
5:3:8  
Preparation for certification as an Emergency Medical Technician (EMT). Includes all the skills necessary to provide emergency medical care at a basic life support level with an emergency service or other specialized services. Note: Interested applicants must apply to program to obtain student information packet. A criminal background, physical/drug screen, immunizations, and current AHA Healthcare Provider CPR will be required.  
Prerequisite: None  
Co-requisite: EMSP 1260  
Type: TECH

**EMSP 2243 Assessment Based Management**  
2:1:4  
Capstone Course  
This course covers comprehensive, assessment based patient care management. Includes specific care when dealing with pediatric, adult, geriatric, and special-needs patients.  
Prerequisite: TSI Reading requirement met; EMSP 1501, EMSP 1260, EMSP 1291, EMSP 1338, EMSP 1355, EMSP 1356, EMSP 2260, EMSP 2261, EMSP 2330, EMSP 2338, EMSP 2434, EMSP 2348 and EMSP 2444  
Co-requisite: EMSP 2262 and EMSP 2264  
Type: TECH

**EMSP 2260 Clinical – Advanced Emergency Medical Technology/Technician (EMT Paramedic)**  
Capstone Course  
A health-related work-based learning experience that enables the student to apply specialized occupational
EMSP 2261 Clinical Cardiology – Emergency Medical Technology/Technician (EMT Paramedic)
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: TSI Reading requirement met; EMSP 1501, EMSP 1260, EMSP 1291, EMSP 1338, EMSP 1355, EMSP 1356, EMSP 2260, EMSP 2261, EMSP 2338, EMSP 2348, EMSP 2434, and EMSP 2444
Type: TECH
Co-requisite: EMSP 2330, EMSP 2348, EMSP 2434, and EMSP 2444

EMSP 2262 Clinical – Emergency Medical Technology/Technician (EMT Paramedic) Capstone Course
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: TSI Reading requirement met; EMSP 1501, EMSP 1260, EMSP 1291, EMSP 1338, EMSP 1355, EMSP 1356, EMSP 2260, EMSP 2261, EMSP 2330, EMSP 2338, EMSP 2348, EMSP 2434, and EMSP 2444
Type: TECH
Co-requisite: EMSP 2264 and EMSP 2243

EMSP 2264 Emergency Medical Technology-Paramedic Clinical Field Experience Capstone Course
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.
Prerequisite: TSI Reading requirement met; EMSP 1501, EMSP 1260, EMSP 1291, EMSP 1338, EMSP 1355, EMSP 1356, EMSP 2260, EMSP 2261, EMSP 2330, EMSP 2338, EMSP 2348, EMSP 2434, and EMSP 2444
Type: TECH
Co-requisite: EMSP 2262 and EMSP 2243

EMSP 2330 Special Populations
3:3:1
Knowledge and skills necessary to assess and manage ill or injured patients in diverse populations to include neonatology, pediatrics, geriatrics and other related topics.
Prerequisite: TSI Reading requirement met; EMSP 1501, EMSP 1260, EMSP 1291, EMSP 1338, EMSP 1355, EMSP 1356, EMSP 2260, and EMSP 2338
Type: TECH
Co-requisite: EMSP 2261, EMSP 2348, EMSP 2434, and EMSP 2444

EMSP 2338 EMS Operations
3:3:0
Knowledge and skills to safely manage multi-casualty incidents and rescue situations; utilize air medical resources; identify hazardous materials and other specialized incidents.
Prerequisite: EMSP 1501 and EMSP 1260
Co-requisite: EMSP 1291, EMSP 1338, EMSP 1355, EMSP 1356, EMSP 2260
Type: TECH

EMSP 2348 Emergency Pharmacology
3:3:0
A comprehensive course covering all aspects of the utilization of medications in treating emergency situations.
Prerequisite: TSI Reading requirement met; EMSP 1501, EMSP 1260, EMSP 1291, EMSP 1338, EMSP 1355, EMSP 1356, EMSP 2260, and EMSP 2338
Co-requisite: EMSP 2261, EMSP 2330, EMSP 2434, and EMSP 2444
Type: TECH

EMSP 2434 Medical Emergencies
4:3:3
Knowledge and skills in the assessment and management of patients with medical emergencies, including medical overview, neurology, gastroenterology, immunology, pulmonology, urology, hematology, endocrinology, toxicology, and other related topics.
Prerequisite: TSI Reading requirement met; EMSP 1501, EMSP 1260, EMSP 1291, EMSP 1338, EMSP 1355, EMSP 1356, EMSP 2260, and EMSP 2338
Co-requisite: EMSP 2261, EMSP 2330, EMSP 2434, and EMSP 2444
Type: TECH

EMSP 2444 Cardiology
4:3:3
Assessment and management of patients with cardiac emergencies. Includes single and multi-lead ECG interpretation.
Prerequisite: TSI Reading requirement met; EMSP 1501, EMSP 1260, EMSP 1291, EMSP 1338, EMSP 1355, EMSP 1356, EMSP 2260, and EMSP 2338
Co-requisite: EMSP 2261, EMSP 2330, EMSP 2434, and EMSP 2444

ENGINEERING (ENGR)

ENGR 2301 Engineering Mechanics - Statics
3:3:0
Basic theory of engineering mechanics, using calculus, involving the description of forces, moments, and...
couples acting on stationary engineering structures; equilibrium in two and three dimensions; free-body diagrams; friction; centroids; centers of gravity; and moments of inertia.

Prerequisite: PHYS 2425 with a grade of “C” or better and concurrent enrollment in or previous completion of MATH 2414
Type: ACAD

ENGR 2302  Engineering Mechanics - Dynamics
3:3:0
Basic theory of engineering mechanics, using calculus, involving the motion of particles, rigid bodies, and systems of particles; Newton’s Laws; work and energy relationships; principles of impulse and momentum; application of kinetics and kinematics to the solution of engineering problems. This course is the second part of the Statics-Dynamics sequence.
Prerequisite: ENGR 2301 with a grade of “C” or better
Type: ACAD

ENGINEERING DESIGN (DFTG)

ARCE 1352  Structural Drafting
3:2:4
A study of structural systems including concrete foundations and frames, wood framing and trusses, and structural steel framing systems. Includes detailing of concrete, wood, and steel to meet industry standards including the American Institute of Steel Construction and The American Concrete Institute.
Prerequisite: DFTG 2319
Type: TECH

DFTG 1405  Technical Drafting
4:3:3
Introduction to the principles of drafting to include terminology and fundamentals, including size and shape descriptions, projections methods, geometric construction, sections and auxiliary views.
Prerequisite: Students entering the program must be TSI satisfied. Credit for or concurrent enrollment in DFTG 1409
Type: TECH

DFTG 1409  Basic Computer-Aided Drafting
4:3:3
An introduction to basic computer-aided drafting. Emphasis is placed on setup, creating and modifying geometry, storing and retrieving predefined shapes, placing, rotating and scaling objects, adding text and dimensions, using layers, coordinate systems, and plot/print to scale.
Prerequisite: Students entering the program must be TSI satisfied
Type: TECH

DFTG 1410  Specialized Basic Computer-Aided Drafting (CAD)
4:3:3
A supplemental course to Basic Computer-Aided Drafting using an alternative computer-aided drafting software (CAD) to create detail and working drawings.
Prerequisite: Students entering the program must be TSI satisfied. DFTG 1405 is recommended
Type: TECH

DFTG 1417  Architectural Drafting, Residential
4:3:3
Architectural drafting procedures, practices, terms, and symbols, including: Preparation of detailed working drawings for residential structures. Emphasis on light frame construction methods.
Prerequisite: DFTG 1409 and DFTG 1410 or concurrent enrollment. ENGR 1304 for Construction Management Majors
Type: TECH

DFTG 1493  Special Topics in Civil Drafting and Civil Engineering CAD/CADD
4:3:3
Topics address recently identified current events, skills, knowledge, and/or attitudes and behaviors pertinent to the technology or occupation, and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency.
Prerequisite: DFTG 1405 and 1409 OR ENGR 1304 for Construction Management Majors
Type: TECH

DFTG 2319  Intermediate Computer-Aided Drafting
3:4:2
A continuation of practices and techniques used in basic computer-aided drafting including the development and use of prototype drawings, construction of pictorial drawings, extracting data, and basics of 3D.
Prerequisite: DFTG 1405 and DFTG 1409
Type: TECH

DFTG 2338  Advance Drafting – Final Project
3:1:4
Capstone Course
A drafting course in which students participate in a comprehensive project from conception to conclusion. This is the capstone course for the Associate of Applied Science Degree in Engineering Design. The course is focused on actual industry work learning experiences completed independently or with teams, and in consultation with the instructor in selected drafting fields.
Prerequisite: DFTG 2319 and approval of Program Director
Type: TECH

DFTG 2406  Machine Design
4:3:3
Theory and practice of design. Projects in problem-solving, including press fit, bolted and welded joints, and transmission components. Additionally, production of detail and assembly drawings of machine and threads utilizing tolerances, limit dimensioning and surface finishes.
Prerequisite: DFTG 2319
Type: TECH
DFTG 2407  Electrical Drafting
4:3:3
A study of area lighting, control systems and power layouts, electrical and safety codes, load factors and distribution requirements.
Prerequisite: DFTG 1410 and DFTG 2319
Type: TECH

DFTG 2423  Pipe Drafting
4:3:3
A study of pipe fittings, symbols, specifications and their applications to a piping process system. Creation of symbols and their usage in flow diagrams, plans, elevations, and isometrics.
Prerequisite: DFTG 2319
Type: TECH

DFTG 2432  Advanced Computer-Aided Drafting
4:3:3
Application of advanced CAD techniques. This will include database management, advanced skills in viewports and reference files, sheet sets, customized linetypes and hatch patterns and AutoDesk Inventor.
Prerequisite: DFTG 1410 and DFTG 2319
Type: TECH

ENGINEERING DESIGN: CONSTRUCTION MANAGEMENT

CNBT 1210  Basic Construction Safety
2:2:0
Basic job site construction safety in residential, commercial, and industrial construction.
Prerequisite: CNBT 1306
Type: ACAD

CNBT 1302  Mechanical, Plumbing and Electrical Systems in Construction I
3:3:0
A presentation of the basic mechanical, plumbing, and electrical components in construction and their relationship to residential and light commercial buildings. Introduction to the planning and construction of mechanical and electrical systems common to construction projects. Basic calculations of cooling/heating loads, determination of temporary power demands and sizing of pipes, AC equipment and ducts.
Prerequisite: CNBT 1309
Type: ACAD

CNBT 1309  Basic Construction Management
3:3:0
Provides an integrated look at the practice of construction management on the job site. Gives an overview of the construction industry, job market, roles and responsibilities, and common project management tools.
Prerequisite: Students entering the program must be TSI satisfied
Type: ACAD

CNBT 1346  Construction Estimating I
3:3:3
Fundamentals of estimating materials and labor costs in construction. Introduction to the skills and tools necessary to prepare cost estimates for construction projects; focuses on blueprint reading and material quantity.
Prerequisite: CNBT 1309 or ENGT 2304 and CNBT 1302
Type: ACAD

CNBT 2315  Construction Specifications and Contracts
3:3:0
Overview of the legal aspects of written construction documents. This course will introduce to students the fundamentals of contract documents that will enable students to progress in their understanding of the commercial construction realm. Introduces bidding documents and contract documents commonly used in construction projects and understanding of the hierarchy/relationship among these documents. Topics include various delivery methods, typical contractual relationships, typical and critical issues, awarding contracts, bonding insurance and change orders.
Prerequisite: CNBT 1302
Type: ACAD

ENGR 1304  Engineering Graphics I
3:3:3
Introduction to computer-aided drafting using CAD software and sketching to generate two and three-dimensional drawings based on the conventions of engineering graphical communication; topics include spatial relationships, multi-view projections and sectioning, dimensioning, graphical presentation of data, and fundamentals of computer graphics.
Prerequisite: MATH 1314 – College Algebra or equivalent academic preparation TSI satisfied or concurrent enrollment in READ 0307
Type: ACAD

ENGT 2304  Materials and Methods for Engineering Technology
3:3:0
A continuation of the study of the nature, origin, and properties of building materials, methods, and equipment for their integrated use in completing construction projects. A study of selecting and specifying materials with consideration for economy, quality and performance in the construction of modern buildings.
Prerequisite: CNST 1361
Type: ACAD

SRVY 1301  Introduction to Surveying
3:4:2
An overview of the surveying profession. The history of surveying and its impact on the world. Review of the mathematics used in surveying. Introduction to the basic surveying equipment with emphasis on measurements. Instruction on surveying procedures and the limitations of errors. Calculation to determine precision and error of closure.
ENGLISH (ENGL)

ENGL 0306 Developmental Writing I
3:3:2
Development of college-level writing focusing on idea generation, drafting, organization, revision, and utilization of standard English.
Prerequisite: TSI placement; however, this class must be passed with a C or better, or the student may retake the TSI at any time during the course.

ENGL 1301 Composition I
3:3:0 Core 010
Intensive study of and practice in writing processes, from invention and researching to drafting, revising, and editing, both individually and collaboratively. Emphasis on effective rhetorical choices, including audience, purpose, arrangement, and style. Focus on writing the academic essay as a vehicle for learning, communicating, and critical analysis.
Prerequisite: TSI satisfied
Type: ACAD

ENGL 1302 Composition II
3:3:0 Core 010
Intensive study of and practice in the strategies and techniques for developing research-based expository and persuasive texts. Emphasis on effective and ethical rhetorical inquiry, including primary and secondary research methods; critical reading of verbal, visual, and multimedia texts; systematic evaluation, synthesis, and documentation of information sources; and critical thinking about evidence and conclusions.
Prerequisite: ENGL 1301
Type: ACAD

ENGL 2311 Technical & Business Writing
3:3:0
Intensive study of and practice in professional settings. Focus on the types of documents necessary to make decisions and take action on the job, such as proposals, reports, instructions, policies and procedures, e-mail messages, letters, and descriptions of products and services. Practice individual and collaborative processes involved in the creation of ethical and efficient documents.
Prerequisite: ENGL 1301 with a grade of “C” or better
Type: ACAD

ENGL 2322 British Literature I
3:3:0 Core 040
A survey of the development of British literature from the Anglo-Saxon period to the Eighteenth Century. Students will study works of prose, poetry, drama, and fiction in relation to their historical, linguistic, and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

ENGL 2323 British Literature II
3:3:0 Core 040
A survey of the development of British literature from the Romantic period to the present. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions. ENGL 2322 is not a prerequisite for this course.

ENGL 2327 American Literature I
3:3:0 Core 040
A survey of American literature from the period of exploration and settlement through the Civil War. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from among a diverse group of authors for what they reflect and reveal about the evolving American experience and character.

ENGL 2328 American Literature II
3:3:0 Core 040
A survey of American literature from the Civil War to the present. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from among a diverse group of authors for what they reflect and reveal about the evolving American experience and character. ENGL 2327 is not a prerequisite for this course.

ENGL 2332 World Literature I
3:3:0 Core 040
A survey of world literature from the ancient world through the sixteenth century. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions.

ENGL 2333 World Literature II
3:3:0 Core 040
A survey of world literature from the seventeenth century to the present. Students will study works of prose, poetry, drama, and fiction in relation to their historical and cultural contexts. Texts will be selected from a diverse group of authors and traditions. ENGL 2332 is not a prerequisite for this course.
ENGL 2341  Forms of Literature
3:3:0
The study of one or more literary genres including, but not limited to, poetry, fiction, drama, and film. The course topic and the nature and specific focus of a field trip (if any) vary by semester. May be repeated for credit.
Prerequisite: ENGL 1302
Type: ACAD

GEOGRAPHY (GEOG)

GEOG 1303  World Regional Geography
3:3:0  Core 080
This course is an introduction to the world’s major regions seen through their defining physical, social, cultural, political, and economics features. These regions are examined in terms of their physical and human characteristics and their interactions. The course emphasizes relations among regions on issues such as trade, economic development, conflict, and the role of regions in the globalization process.
Prerequisite: TSI satisfied
Type: ACAD

GEOLOGY (GEOL)

GEOL 1103  Physical Geology Laboratory
1:0:2  Core 090
Laboratory activities will cover methods used to collect and analyze earth science data. Topics include mineral and rock identification, surface processes, structure, and interpretation of geologic and topographic maps.
Prerequisite: Credit for or concurrent enrollment in GEOL 1303
Type: ACAD

GEOL 1104  Historical Geology Laboratory
1:0:2  Core 090
Laboratory exercises include the study of plant and animal fossils and practical application of the principles of historical geology.
Prerequisite: Credit for or concurrent enrollment in GEOL 1304
Type: ACAD

GEOL 1303  Physical Geology
3:3:0  Core 030
Introduction to the materials, processes, and structure on the earth. Topics include continental drift, earthquakes, glaciations, mineral resources, mountain building, oceans, volcanoes, weathering, and erosion. GEOL 1103 must be taken with this course to fulfill the 4 semester credit hour requirement for natural science in a degree plan.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

GEOL 1304  Historical Geology
3:3:0  Core 030
Introduction to the history of the earth and its past inhabitants. Provides a broad overview of fossil records as evidence of the various kinds of plants and animals that have existed on earth. GEOL 1104 must be taken with this course to fulfill the 4 semester credit hour requirement for natural science in a degree plan.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

GOVERNMENT (GOVT)

GOVT 2305  Federal Government (Federal Constitution & Topics)
3:3:0  Core 070
Origin and development of the U.S. Constitution, structure and powers of the national government including the legislative, executive, and judicial branches, federalism, political participation, the national election process, public policy, civil liberties and civil rights.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

GOVT 2306  Texas Government (Texas Constitution & Topics)
3:3:0  Core 070
Origin and development of the Texas constitution, structure and powers of state and local government, federalism and inter-governmental relations, political participation, the election process, public policy, and the political culture of Texas.
Prerequisite: TSI satisfied in Reading and Writing; GOVT 2301 recommended
Type: ACAD

HEALTH INFORMATION TECHNOLOGY (HITT)

HITT 1167  Practicum I Health Information Technology
1:0:8
Practicum, general workplace training supported by an individualized learning plan developed by the employer, college, and student.
Prerequisite: HITT 1249, 1301, 1305, 1345, and 1353
Type: TECH

HITT 1249  Pharmacology
2:2:0
Overview of the basic concepts of the pharmacological treatment of various diseases affecting major body systems.
Prerequisite: None
Type: TECH

HITT 1301  Health Data Content and Structure
3:2:2
Introduction to systems and processes for collecting, maintaining, and disseminating primary and secondary health related information including content of health record, documentation requirements, registries, indices, licensing, regulatory agencies, forms and screens.
Prerequisite: None
Type: TECH

HITT 1305  Medical Terminology I
3:3:0
Study of medical terms through word origin and structure. Introduction to abbreviations and symbols, surgical and diagnostic procedures and medical specialties.
Prerequisite: None

HITT 1311  Health Information Systems
3:3:1
Introduction to health IT standards, health-related data structures, software applications, and enterprise architecture in health care and public health.
Prerequisite: HITT 1301 and COSC 1301 (may be taken concurrently)
Type: TECH

HITT 1345  Health Care Delivery Systems
3:3:0
Examination of delivery systems including organization, financing, accreditation, licensure, and regulatory agencies.
Prerequisite: None
Type: TECH

HITT 1353  Legal and Ethical Aspects of Health Information
3:3:0
Concepts of privacy, security, confidentiality, ethics, health care legislation, and regulations relating to the maintenance and use of health information.
Prerequisite: HITT 1301
Type: TECH

HITT 1355  Health Care Statistics
3:3:1
General principles of health care statistics with an emphasis in hospital statistics. Skill development in computation and calculation of health data.
Prerequisite: HITT 1301 and 1311 (may be taken concurrently)
Type: TECH

HITT 1441  Coding and Classification Systems
4:2:4
Fundamentals of coding rules, conventions, and guidelines using clinical classification systems.
Prerequisite: HITT 1301 and 1305, BIOL 2401 and 2402, and concurrent enrollment in HPRS 2301
Type: TECH

HITT 2166  Practicum II Health Information Technology (Capstone Course)
1:0:8
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student. Course must be completed with a grade of “C” or better.
Prerequisite: Concurrent enrollment in HITT 2339, 2435, and 2443
Type: TECH

HITT 2339  Health Information Organization and Supervision
3:3:0
Capstone Course
Principles of organization and supervision of human, financial, and physical resources. Course must be completed with a grade of “C” or better.
Prerequisite: HITT 1353 and 1355
Type: TECH

HITT 2435  Coding and Reimbursement Methodologies
4:2:4
Advanced coding techniques with emphasis on case studies, health records, and federal regulations regarding prospective payment systems and methods of reimbursement
Prerequisite: HITT 1311, 1355 and 1441, HPRS 2301
Type: TECH

HITT 2443  Quality Assessment and Performance Improvement
4:4:1
Study of quality standards and methodologies in the health information management environment. Topics include licensing, accreditation, compilation and presentation of data in statistical formats, quality management and performance improvement functions, utilization management, risk management, and medical staff data quality issues and approaches to assessing patient safety issues and implementation of quality management and reporting through electronic systems.
Prerequisite: HITT 1301 and 1311
Type: TECH

HPRS 2301  Pathophysiology
3:3:0
Study of the pathology and general health management of diseases and injuries across the life span. Topics include etiology, symptoms, and the physical and psychological reactions to diseases and injuries.
Prerequisite: BIOL 2402 or consent of instructor
Type: TECH

HISTORY (HIST)

HIST 1301  U.S. History I
3:3:0
Core 060
A survey of the social, political, economic, cultural, and intellectual history of the United States from the pre-Columbian era to the Civil War/Reconstruction period. United States History I includes the study of pre-Columbian, colonial, revolutionary, early national, slavery and sectionalism, and the Civil War/Reconstruction eras. Themes that may be addressed in United States History I include: American settlement and diversity, American culture, religion, civil and human rights, technological change, economic change,
immigration and migration, and creation of the federal government.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

HIST 1302 U.S. History II
3:3:0 Core 060
A survey of the social, political, economic, cultural, and intellectual history of the United States from the Civil War/Reconstruction era to the present. United States History II examines industrialization, immigration, world wars, the Great Depression, Cold War and post-Cold War eras. Themes that may be addressed in United States History II include: American culture, religion, civil and human rights, technological change, economic change, immigration and migration, urbanization and suburbanization, the expansion of the federal government, and the study of U.S. foreign policy.
Prerequisite: TSI satisfied in Reading and Writing; HIST 1301 recommended
Type: ACAD

HIST 2301 Texas History
3:3:0 Core 080
A survey of the political, social, economic, cultural, and intellectual history of Texas from the pre-Columbian era to the present. Themes that may be addressed in Texas History include: Spanish colonization and Spanish Texas; Mexican Texas; the Republic of Texas; statehood and secession; oil, industrialization, and urbanization; civil rights; and modern Texas.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

HIST 2311 Western Civilization I
3:3:0 Core 080
A survey of the social, political, economic, cultural, religious, and intellectual history of Europe and the Mediterranean world from human origins to the 17th century. Themes that should be addressed in Western Civilization I include the cultural legacies of Mesopotamia, Egypt, Greece, Rome, Byzantium, Islamic civilizations, and Europe through the Middle Ages, Renaissance, and Reformations.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

HIST 2312 Western Civilization II
3:3:0 Core 080
A survey of the social, political, economic, cultural, religious, and intellectual history of Europe and the Mediterranean world from the 17th century to the modern era. Themes that should be addressed in Western Civilization II include absolutism and constitutionalism, growth of nation states, the Enlightenment, revolutions, classical liberalism, industrialization, imperialism, global conflict, the Cold War, and globalism.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

HUMAN SERVICES

CHLT 1302 Wellness and Health Promotion
3:3:0
Overview of wellness theory and its application throughout the life span. Focus is on attitude development, impact of cultural beliefs, and communication of wellness. Includes health behavior theories and approaches to behavior modification.
Type: TECH

CHLT 1309 Community Ethics
3:3:0
Discussion of the role of ethics as it pertains to health care and community settings including ethical decision making.
Type: TECH

CHLT 1340 Community Health Advocacy
3:3:0
Study of local, regional and national health care resources. Identification of health organization, support groups, and health care delivery systems to be used for client referral. Activities include visits to various local agencies and attendance/participation in related activities.
Type: TECH

CHLT 2166 Practicum/Field Experience – Community Health Services/Liaison/ Counseling
1:0:8
Capstone Course
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.
Prerequisite: CHLT 1209, PSYT 1329, DAAC 1317, and consent of instructor
Type: TECH

CMSW 1309 Problems of Children and Adolescents
3:3:0
Examine common problems and evaluate effective prevention and intervention models of at-risk children and youth. Topics include social, family, educational systems impact, juvenile delinquency, teen sexuality, and mental health including addictive behaviors to promote wellness.
Type: TECH

DAAC 1317 Basic Counseling Skills
3:3:0
An overview and application of the basic counseling skills. Presents the basic counseling skills necessary to develop an effective helping relationship with clients. Develops an understanding in group dynamics/theory necessary in skill development and application of group facilitation.
Prerequisite: CHLT 1209, PSYT 1329
Type: TECH
DAAC 1319 Substance-Related Addictive Disorders
3:3:0
An overview of causes and consequences of substance-related and addictive disorders, the major drug classifications, and the counselor's code of ethics. Introduces prevention, intervention and treatment strategies as they relate to the individual, family, community, and society. Covers the state licensing requirements/ethical standards in the state of Texas for substance abuse counselors.
Type: TECH

GERS 1342 Aging and Mental Health
3:3:0
Examination of current issues relating to mental health of older adults. Includes the theoretical and empirical foundations relevant to the psychological study of older adults. Theory and application of case management models and client referral processes are included.
Type: TECH

PMHS 2260 Clinical/Psychiatric/Mental Health Services Tech
1:0:12 Capstone Course
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.
Prerequisite: CHLT 1209, PSYT 1329, DAAC 1317, concurrent enrollment with practicum and/or consent of instructor
Type: TECH

PSYT 1329 Interviewing and Communication Skills
3:3:0 Development of the basic communication skills necessary to develop an effective helping relationship with clients. Emphasis on importance of effective oral communications. Topics include counseling techniques such as intake interviewing, relationship building, and informed consent.
Type: TECH

PSYT 2164 Practicum – Clinical Psychology-Field Experience
1:0:8 Capstone Course
Practical, general workplace training supported by an individualized learning plan developed by the employer, college, and student.
Prerequisite: CHLT 1209, PSYT 1329, DAAC 1317, and/or consent of instructor
Type: TECH

PSYT 2321 Crisis Intervention
3:3:0 Examination of crisis management and intervention theories in assisting clients in crisis situations. Topics include coping skills to increase potential reinstatement of equilibrium to an individual's lifestyle and suicide prevention.
Type: TECH

PSYT 2335 Family Systems
3:3:0 An analysis of family relationships, marriage, and social change from historical and modern perspectives.
Type: TECH

PSYT 2345 Principles of Behavior Management and Modification
3:3:0 An analysis of behavior management and cognitive theories and techniques with emphasis on their applications.
Prerequisite: PSYC 2301
Type: TECH

SCWK 1321 Orientation to Social Services
3:3:0 Introduction to the basic concepts, information, and practices within the field of social services. Topics include the historical development of social services; populations served by social service workers; and review of current treatment and/or services.
Type: TECH

HUMANITIES (HUMA)

HUMA 1301 Introduction to Humanities I
3:3:0 Core 040
This stand-alone course is an interdisciplinary survey of cultures focusing on the philosophical and aesthetic factors in human values with an emphasis on the historical development of the individual and society and the need to create.
Prerequisite: TSI satisfied in Reading and Writing
Type: ACAD

KINESIOLOGY (PHED)

PHED 1103 Aerobics I
1:0:3 Helps students assess their own fitness and learn how to exercise properly through instruction and participation in aerobic activities.
Prerequisite: None
Type: ACAD

PHED 1105 Aerobics II
1:0:3 Exercise program that provides guidance in the selection of activities for immediate and future needs through instruction in advanced aerobics.
Prerequisite: PHED 1103
Type: ACAD

PHED 1107 Beginning Weight Lifting/Circuit Training
1:0:3 Combines weight lifting with aerobic activities in a structured conditioning program that trains the whole body.
Prerequisite: None
Type: ACAD
PHED 1110 Co-Ed Volleyball
1:0:3
Open to individuals who wish to improve their personal skills in volleyball through supervised practices and game conditions.
Prerequisite: None
Type: ACAD

PHED 1117 Advanced Weight Lifting/Circuit Training
1:0:3
Combines weight lifting with aerobic activities in a structured conditioning program that trains the whole body.
Prerequisite: PHED 1107
Type: ACAD

PHED 1122 Concepts of Baseball
1:0:3
Open to talented individuals who wish to improve their personal skills in baseball through supervised practice and game conditions. May be taken for four semesters for credit.
Prerequisite: Consent of Instructor
Type: ACAD

PHED 1123 Advanced Concepts of Baseball
1:0:3
Open to talented individuals who wish to improve their personal skills in baseball through supervised practice and game conditions. Class may be taken for two semesters for credit.
Prerequisite: Consent of Instructor
Type: ACAD

PHED 1124 Concepts of Rodeo
1:0:2
Open to talented individuals who wish to improve their personal skills in the sport of rodeo. Enrollment is limited by facilities and availability of stock. May be taken for four semesters for credit. Open to rodeo team members only.
Prerequisite: Consent of Instructor
Type: ACAD

PHED 1125 Advanced Concepts of Rodeo
1:0:2
Open to talented individual who wish to improve their personal skills in the sport of rodeo. Enrollment is limited by facilities and availability of stock. Class may be taken for two semesters for credit.
Prerequisite: Consent of Instructor
Type: ACAD

PHED 1127 Concepts of Volleyball
1:0:3
Open to talented individuals who wish to improve their personal skills in volleyball through supervised practice and game conditions. May be taken for four semesters for credit.
Prerequisite: Consent of Instructor
Type: ACAD

PHED 1128 Advanced Concepts of Volleyball
1:0:3
Open to talented individuals who wish to improve their personal skills in volleyball through supervised practice and game conditions. Class may be taken two semesters for credit.
Prerequisite: Consent of Instructor
Type: ACAD

PHED 1164 Introduction to Physical Fitness and Wellness
1:0:3
An introduction and overview of the lifestyle necessary for fitness and health. Students will participate in physical activities and assess their fitness status. Students will be introduced to proper nutrition, weight management, cardiovascular health, flexibility, and strength training.
Prerequisite: None
Type: ACAD

PHED 1301 Foundations of Kinesiology
3:3:0
The purpose of this course is to provide students with an introduction to human movement that includes the historical development of physical education, exercise science, and sport. This course offers the student both an introduction to the knowledge base, as well as, information on expanding career opportunities.
Prerequisite: TSI reading requirement met or concurrent enrollment in READ 0306 or 0307
Type: ACAD

PHED 1304 Personal/Community Health
3:3:0
This course provides an introduction to the fundamentals, concepts, strategies, applications and contemporary trends related to understanding personal and/or community health issues. This course also focuses on empowering various populations with the ability to practice healthy living, promote healthy lifestyles and enhance individual well-being.
Prerequisite: TSI reading requirements met or concurrent enrollment in READ 0306 or 0307
Type: ACAD

PHED 1306 First Aid
3:3:0
Instruction and practice for emergency care. Designed to enable students to recognize and avoid hazards within their environment, to render intelligent assistance in case of accident or sudden illness, and to develop skills necessary for the immediate and temporary care of the victim.
Prerequisite: TSI reading requirements met or concurrent enrollment in READ 0306 or 0307
Type: ACAD
**PHED 1346**  
Drug Use and Abuse  
3:3:0  Core 080  
Study of the use and abuse of drugs in today’s society.  
Emphasizes the physiological, sociological, and psychological factors.  
Prerequisite: TSI reading requirements met or concurrent enrollment in READ 0306 or INRW 0307  
Type: ACAD

**MANUFACTURING TECHNOLOGY**

**HYDR 1450**  
Hydraulics, Fabrication & Repair  
4:3:3  
Fabricate power units to provide fluid power for an industrial or mobile operation. Includes techniques and methods of constructing conduits and fittings. The course will also include a study of hydraulic fundamentals accessories, pumps, motors, actuators and pneumatics.  
Prerequisite: TSI requirements met  
Type: TECH

**INMT 1305**  
Introduction to Industrial Maintenance  
3:2:3  
Basic mechanical skills and repair techniques common to most fields of industrial maintenance. Topics include precision measuring instruments and general safety rules common in industry, including lock-out/tag-out. The course also includes hand tool usage, screws, threads, interpretation of mechanical drawings, tolerances and settings, machinery/mechanical components, couplings and clutches, and materials for mechanical applications.  
Prerequisite: TSI requirements met  
Type: TECH

**INMT 1491**  
Special Topics in Manufacturing Technology  
4:3:2  
Topics address recently identified current events, skills knowledge, and/or attitudes and behaviors pertinent to the technology or occupation and relevant to the professional development of the student. This course was designed to be repeated multiple times to improve student proficiency. This course includes special topics such as statistical process control (SPC), quality, safety, industrial manufacturing processes, and other special manufacturing related topics.  
Prerequisite: TSI requirements met  
Type: TECH

**INMT 2303**  
Pumps, Compressors, and Mechanical Drives  
3:2:4  
A study of the theory and operations of various types of pumps and compressors. Topics include mechanical power transmission systems including gears, v-belts and chain drives. The course also involves bearings, lubrication, valves, reducers, key/ways, alignment, vibration and other mechanical topics.  
Prerequisite: TSI requirements met  
Type: TECH

**MCHN 2403**  
Fundamentals of Computer Numerical Controlled (CNC) Machine Controls  
4:3:2  
Programming and operation of Computer Numerical Controlled (CNC) machine shop equipment. The course involves machining and transitioning to CNC machining with hands-on training.  
Prerequisite: TSI requirements met  
Type: TECH

**QCTC 1446**  
Testing and Inspection Systems  
4:3:2  
A study of testing and inspection systems including pertinent specifications, inspection tools, gauges, instruments, and mechanisms used in illustrating the need for maintaining quality to established standards. This course also includes the principles of non-destructive testing (NDT) and sensory inspection.  
Prerequisite: TSI requirements met  
Type: TECH

**MATH 0308**  
Beginning Algebra  
3:3:0  
Topics in mathematics such as arithmetic operations, basic algebraic concepts and notation, geometry, and real and complex number systems. Designed to provide a foundation for the Intermediate Algebra course.  
Prerequisite: TSI Placement. The student must earn a “C” or better to successfully exit the course or the student make re-take the TSI at any time.  
Type: ACAD

**MATH 0312**  
Intermediate Algebra  
3:3:0  
A study of relations and functions, inequalities, algebraic expressions and equations (absolute value, polynomial, radical, rational), with a special emphasis on linear and quadratic expressions and equations.  
Prerequisite: MATH 0308 or TSI Placement. The student must earn a “C” or better to successfully exit the course or the student make re-take the TSI at any time.  
Type: ACAD

**MATH 1314**  
College Algebra  
3:3:0  Core 020  
In-depth study and applications of polynomial, rational, radical, exponential and logarithmic functions, and systems of equations using matrices. Additional topics such as sequences, series, probability, and conics may be included.  
Prerequisite: TSI satisfied in Math  
Type: ACAD

**MATH 1316**  
Trigonometry  
3:3:0  Core 020  
In-depth study and applications of trigonometry including definitions, identities, inverse functions,
solutions of equations, graphing, and solving triangles. Additional topics such as vectors, polar coordinates and parametric equations may be included.

**Prerequisite:** TSI satisfied in Math and: Minimum of one year high school algebra and one year of plane trigonometry or pre-calculus; or two years high school algebra; or any college-level MATH course (except MATH 1324, 1325, 1342); or consent of department head

**Type:** ACAD

**MATH 1324** Mathematics for Business & Social Sciences
3:3:0 Core 020

The application of common algebraic functions, including polynomial, exponential, logarithmic, and rational, to problems in business, economics, and the social sciences are addressed. The applications include mathematics of finance, including simple and compound interest and annuities; systems of linear equations; matrices; linear programming; and probability, including expected value.

**Prerequisite:** TSI satisfied in Math

**Type:** ACAD

**MATH 1325** Calculus for Business & Social Sciences
3:3:0 Core 020

This course is the basic study of limits and continuity, differentiation, optimization and graphing, and integration of elementary functions, with emphasis on applications in business, economics, and social sciences. This course is not a substitute for MATH 2413 – Calculus I

**Prerequisite:** MATH 1314 – College Algebra or MATH 1324 – Mathematics for Business & Social Sciences

**Type:** ACAD

**MATH 1342** Elementary Statistical Methods
3:3:0

Collection, analysis, presentation and interpretation of data, and probability. Analysis includes descriptive statistics, correlation and regression, confidence intervals and hypothesis testing. Use of appropriate technology is recommended.

**Prerequisite:** TSI satisfied in Math

**Type:** ACAD

**MATH 1350** Fundamentals of Math I
3:3:0 Core 020

Concepts of sets, functions, numeration systems, number theory, and properties of the natural numbers, integers, rational, and real number systems with an emphasis on problem solving and critical thinking.

**Prerequisite:** MATH 1314 – College Algebra or any college level math course; or consent of department head

**Type:** ACAD

**MATH 1351** Fundamentals of Math II
3:3:0 Core 020

Concepts of geometry, probability, and statistics, as well as applications of the algebraic properties of real numbers to concepts of measurement with an emphasis on problem solving and critical thinking. This course is designed specifically for students who seek middle grade (4 through 8) teacher certification.

**Prerequisite:** MATH 1350 – Fundamentals of Mathematics I; or MATH 1314 – College Algebra; or any college level mathematics course; or consent of department head

**Type:** ACAD

**MATH 2312** Pre-Calculus Math
3:3:0 Core 020

In-depth combined study of algebra, trigonometry, and other topics for calculus readiness.

**Prerequisite:** MATH 1314 – College Algebra; or MATH 1316 – Trigonometry; or four years of high school math including trigonometry or pre-calculus; or consent of department head

**Type:** ACAD

**MATH 2318** Linear Algebra
3:3:0

Introduces and provides models for application of the concepts of vector algebra. Topics include finite dimensional vector spaces and their geometric significance; representing and solving systems of linear equations using multiple methods, including Gaussian elimination and matrix inversion; matrices; determinants; linear transformations; quadratic forms; eigenvalues and eigenvector; and applications in science and engineering.

**Prerequisite:** MATH 2414 - Calculus II

**Type:** ACAD

**MATH 2320** Differential Equations
3:3:0 Core 020

Ordinary differential equations, including linear equations, systems of equations, equations with variable coefficients, existence and uniqueness of solutions, series solutions, singular points, transform methods, and boundary value problems; application of differential equations to real-world problems.

**Prerequisite:** MATH 2414 - Calculus II

**Type:** ACAD

**MATH 2413** Calculus I
4:4:0 Core 020

Limits and continuity; the Fundamental Theorem of Calculus; definition of the derivative of a function and techniques of differentiation; applications of the derivative to maximizing or minimizing a function; the chain rule, mean value theorem, and rate of change problems; curve sketching; definite and indefinite integration of algebraic, trigonometric, and transcendental functions, with an application to calculation of areas.
Prerequisite: MATH 2312—Pre-Calculus Math; or
credit for both MATH 1314 – College
Algebra and MATH 1316 –
Trigonometry; or consent of
department head
Type: ACAD

MATH 2414 Calculus II
4:4:0
Differentiation and integration of transcendental
functions; parametric equations and polar coordinates;
techniques of integration; sequences and series;
improper integrals.
Prerequisite: TSI satisfied in Math and MATH 2413; or
consent of department head
Type: ACAD

MATH 2415 Calculus III
4:4:0
Advanced topics in calculus, including vectors and
vector-valued functions, partial differentiation,
Lagrange multipliers, multiple integrals, and Jacobians;
application of the line integral, including Green’s
Theorem, the Divergence Theorem, and Stokes’
Theorem.
Prerequisite: TSI satisfied in Math and MATH 2414; or
consent of department head
Type: ACAD

MUSIC (MUAP)
Applied Music Courses

MUAP 1120 Applied Music – Woodwind
1:0.5:0
Individual lessons in piccolo, flute, oboe, bassoon, and
all clarinets and saxophones. One-half hour of
instruction and four and one-half practice hours
required a week.
Prerequisite: Music major or consent of department
head
Type: ACAD

MUAP 1145 Applied Music – Brass
1:0.5:0
Individual lessons in French horn, trumpet, trombone,
euphonium, and tuba. One-half hour of instruction and
four and one-half practice hours required a week.
Prerequisite: Music major or consent of department
head
Type: ACAD

MUAP 1160 Applied Music – Percussion
1:0.5:0
Individual lessons in all primary percussion instruments.
One-half hour of instruction and four and one-half
practice hours required a week.
Prerequisite: Music major or consent of department
head
Type: ACAD

MUAP 1169 Applied Music – Piano
1:0.5:0
Private
Individual lessons in piano. One-half hour of instruction
and four and one-half practice hours required a week.
Prerequisite: Music major or consent of department
head
Type: ACAD

MUAP 1170 Applied Music – Piano
1:0.5:0
Private
Individual lessons in piano. One-half hour of instruction
and four and one-half practice hours required a week.
Prerequisite: MUAP 1169 or consent of department
head
Type: ACAD

MUAP 1181 Applied Music – Voice
1:0.5:0
Private
Individual lessons in voice. One-half hour of instruction
and four and one-half practice hours required a week.
Prerequisite: Music major or consent of department
head
Type: ACAD

MUAP 1222 Applied Music – Woodwind
2:1:0
Individual lessons in flute, oboe, bassoon, clarinet, and
saxophone. One hour of instruction and nine practice
hours required a week.
Prerequisite: Music major or consent of department
head
Type: ACAD

MUAP 1223 Applied Music – Woodwind
2:1:0
Individual lessons in flute, oboe, bassoon, clarinet and
saxophone. One hour of instruction and nine practice
hours required a week.
Prerequisite: MUAP 1222 or Music major or consent
of department head
Type: ACAD

MUAP 1246 Applied Music – Brass
2:1:0
Individual lessons in French horn, trumpet, trombone,
euphonium, and tuba. One hour of instruction and nine
practice hours required a week.
Prerequisite: Music major or consent of department
head
Type: ACAD

MUAP 1247 Applied Music – Brass
2:1:0
Individual lessons in French horn, trumpet, trombone,
euphonium, and tuba. One hour of instruction and nine
practice hours required a week.
Prerequisite: MUAP 1246 or Music major or consent
of department head
Type: ACAD

serious band literature. May be taken for four semesters for credit toward graduation. Chair placement is determined by audition.

Prerequisite: Open to any college student who has had three years of high school band experience.

Type: ACAD

MUEN 1122 Ensemble – Pioneer Band
1:0:4
Continuation of MUEN 1121. Performs concerts and represents the college at parades and special functions. Emphasis on the performance of serious band literature. May be taken for four semesters for credit toward graduation. Chair placement is determined by audition.

Prerequisite: MUEN 1121 or department head approval

Type: ACAD

MUEN 1131 Ensemble – Jazz Band
1:0:3
Emphasis on performing music from all the stylistic periods of jazz. Includes general jazz history and basic jazz improvisation. May be taken for two semesters for credit toward graduation. Standard jazz band instrumentation is chosen each semester by the instructor based on auditions. Open to any college student who has had experience playing an instrument in a standard jazz band.

Prerequisite: Ability to read music notation is essential

Type: ACAD

MUEN 1132 Ensemble – Jazz Band
1:0:3
Continuation of MUEN 1131. Emphasis on performing music from all the stylistic periods of jazz. Includes general jazz history and basic jazz improvisation. May be taken for two semesters for credit toward graduation. Standard jazz band instrumentation is chosen each semester by the instructor based on auditions. Open to any college student who has had experience playing an instrument in a standard jazz band.

Prerequisite: MUEN 1131 or Department Head approval

Type: ACAD

MUEN 1141 Ensemble – WCJC Choir
1:0:4
WCJC Choir is required of all students who plan to major in voice at a four-year institution but is open to all students by audition. The choir engages in study and performance of choral literature from the Renaissance to the present. Performances consist of various campus programs, for civic organizations, and performances for the public at holidays, etc.

Prerequisite: Admission by audition

Type: ACAD

MUEN 1142 Ensemble – WCJC Choir
1:0:4
Continuation of MUEN 1141. WCJC Choir is required of all students who plan to major in voice at a four-year institution but is open to all students by audition. The choir engages in study and performance of choral literature from the Renaissance to the present. Performances consist of various campus programs, for civic organizations, and performances for the public at holidays, etc.

Prerequisite: MUEN 1141 or department head approval

Type: ACAD

MUEN 1151 Ensemble – Chamber Singers
1:0:3
Chamber Singers is composed of a select number of singers who have demonstrated a level of skill to successfully perform all styles of music including madrigals, chamber music, vocal jazz, show tunes, and more challenging contemporary chamber music.

Prerequisite: Admission by audition

Type: ACAD

MUEN 1152 Ensemble – Chamber Singers
1:0:3
Continuation of MUEN 1151. Chamber Singers is composed of a select number of singers who have demonstrated a level of skill to successfully perform all styles of music including madrigals, chamber music, vocal jazz, show tunes, and more challenging contemporary chamber music.

Prerequisite: MUEN 1151 or department head approval

Type: ACAD

MUEN 2121 Ensemble – Pioneer Band
1:0:4
Continuation of MUEN 1122. Performs concerts and represents the college at parades and special functions. Emphasis on the performance of serious band literature. May be taken for four semesters for credit toward graduation. Chair placement is determined by auditions.

Prerequisite: MUEN 1122 or department head approval

Type: ACAD

MUEN 2122 Ensemble – Pioneer Band
1:0:4
Continuation of MUEN 2121. Performs concerts and represents the college at parades and special functions. Emphasis on the performance of serious band literature. May be taken for four semesters for credit toward graduation. Chair placement is determined by auditions.

Prerequisite: MUEN 2121 or department head approval

Type: ACAD

MUEN 2131 Ensemble – Jazz Band
1:0:3
Continuation of MUEN 1132. Emphasis on performing music from all the stylistic periods of jazz. Includes
general jazz history and basic jazz improvisation. May be taken for two semesters for credit toward graduation. Standard jazz band instrumentation is chosen each semester by the instructor based on auditions. Open to any college student who has had experience playing an instrument in a standard jazz band.

MUEN 2132  Ensemble – Jazz Band
1:0:3
Continuation of MUEN 2131. Emphasis on performing music from all the stylistic periods of jazz. Includes general jazz history and basic jazz improvisation. May be taken for two semesters for credit toward graduation. Standard jazz band instrumentation is chosen each semester by the instructor based on auditions. Open to any college student who has had experience playing an instrument in a standard jazz band.

MUEN 2141  Ensemble – WCJC Choir
1:0:4
Continuation of MUEN 1142. WCJC Choir is required of all students who plan to major in voice at a four-year institution but is open to all students by audition. The choir engages in study and performance of choral literature from the Renaissance to the present. Performances consist of various campus programs, for civic organizations, and performances for the public at holidays, etc.

MUEN 2142  Ensemble – WCJC Choir
1:0:4
Continuation of MUEN 2141. WCJC Choir is required of all students who plan to major in voice at a four-year institution but is open to all students by audition. The choir engages in study and performance of choral literature from the Renaissance to the present. Performances consist of various campus programs, for civic organizations, and performances for the public at holidays, etc.

MUEN 2151  Ensemble – Chamber Singers
1:0:3
Continuation of MUEN 1152. Chamber Singers is composed of a select number of singers who have demonstrated a level of skill to successfully perform all styles of music including madrigals, chamber music, vocal jazz, show tunes, and more challenging contemporary chamber music.

MUEN 2152  Ensemble – Chamber Singers
1:0:3
Continuation of MUEN 2151. Chamber Singers is composed of a select number of singers who have demonstrated a level of skill to successfully perform all styles of music including madrigals, chamber music, vocal jazz, show tunes, and more challenging contemporary chamber music.
MUSI 1183  Voice Class I
1:1:1
Class instruction in the fundamentals of singing including breathing, tone production, and diction. Designed for students with little or no previous voice training.
Prerequisite: None
Type: ACAD

MUSI 1301  Fundamentals of Music I
3:3:0
Introduction to the basic elements of music theory for non-music majors: scales, intervals, keys, triads, elementary ear training, keyboard harmony, notation, meter, and rhythm. Highly Recommended for incoming music majors. (Does not apply to a music major degree)
Prerequisite: Consent of department head
Type: ACAD

MUSI 1304  Foundations of Music
3:3:0
Study of the fundamentals of music for prospective classroom teachers with an introduction to melodic, rhythmic, and harmonic elements. Emphasis on participation in singing and reading music
Prerequisite: TSI satisfied in Reading or concurrent enrollment in READ 0307
Type: ACAD

MUSI 1306  Music Appreciation
3:3:0
Core 050
Understanding music through the study of cultural periods, major composers, and musical elements. Illustrated with audio recordings and live performances. (Does not apply to a music major degree.)
Prerequisite: TSI satisfied in Reading
Type: ACAD

MUSI 1307  Music Literature
3:3:0
Core 050
Survey of the principal musical forms and cultural periods as illustrated in the literature of major composers.
Prerequisite: TSI satisfied in Reading
Type: ACAD

MUSI 1310  American Music
3:3:0
Core 050
General survey of various styles of music in America. Topics may include jazz, ragtime, folk, rock, and contemporary art music.
Prerequisite: TSI satisfied in Reading
Type: ACAD

MUSI 1311  Music Theory I
3:3:0
Analysis and writing of tonal melody and diatonic harmony up to and including the chords. Analysis and writing of small compositional forms. Correlated study at the keyboard.
Prerequisite: Concurrent enrollment in MUSI 1116; grade of “C” or better in MUSI 1301 or department head approval
Type: ACAD

MUSI 1312  Music Theory II
3:3:0
Continuation of MUSI 1311, Analysis and writing of tonal melody and diatonic harmony up to and including the chords. Analysis and writing of small compositional forms. Correlated study at the keyboard.
Prerequisite: Concurrent enrollment in MUSI 1117; grade of “C” or better in MUSI 1311 and 1116 or department head approval
Type: ACAD

MUSI 2116  Sight Singing and Ear Training III
2:2:1
Singing tonal music in treble, bass, alto, and tenor clefs. Aural study, including dictation, of rhythm, melody, and diatonic harmony. Coordinated with materials in MUSI 2311. Extensive use of the computer in aural skill development.
Prerequisite: Concurrent enrollment in MUSI 2311 or “C” or better in MUSI 1117 or department head approval
Type: ACAD

MUSI 2117  Sight Singing and Ear Training IV
2:2:1
Singing tonal music in treble, bass, alto, and tenor clefs. Aural study, including dictation, of rhythm, melody, and diatonic harmony. Coordinated with materials in MUSI 2312. Extensive use of the computer in aural skill development.
Prerequisite: Concurrent enrollment in MUSI 2312 or “C” or better in MUSI 2116 or department head approval
Type: ACAD

MUSI 2181  Piano Class III
1:0:3
Class instruction in the fundamentals of keyboard technique for beginning piano students. Continuation, with increased difficulty, of the development of keyboard skills begun in the freshman courses of MUSI 1181 and 1182. Includes all major and three minor scales, triad inversions and cadences in three positions, harmonization of melodies, sight-reading, transposition and repertoire.
Prerequisite: Grade of “C” or better in MUSI 1182
Type: ACAD

MUSI 2182  Piano Class IV
1:0:3
Class instruction in the fundamentals of keyboard technique for beginning piano students. Continuation, with increased difficulty, of the development of keyboard skills begun in the freshman courses of MUSI 1181 and 1182 and continued with MUSI 2281. Includes all major and three minor scales, triad inversions and cadences in three positions, harmonization of melodies, sight-reading, transposition and repertoire.
Prerequisite: Grade of “C” or better in MUSI 2181
Type: ACAD

MUSI 2311 Music Theory III
3:3:0
Continuation of MUSI 1312, Analysis and writing of tonal melody and diatonic harmony up to and including the chords. Analysis and writing of small compositional forms. Correlated study at the keyboard.
Prerequisite: Concurrent enrollment in MUSI 2116; grade of “C” or better MUSI 1312 and 1117; or department head approval
Type: ACAD

MUSI 2312 Music Theory IV
3:3:0
Continuation of MUSI 2311, Analysis and writing of tonal melody and diatonic harmony up to and including the chords. Analysis and writing of small compositional forms. Correlated study at the keyboard.
Prerequisite: Concurrent enrollment in MUSI 2117; grade of “C” or better MUSI 2311 and 2116; or department head approval
Type: ACAD

NUCLEAR POWER TECHNOLOGY (NUCP)

CETT 1409 DC-AC Circuits
4:3:3
Fundamentals of DC circuits and AC circuits operation including Ohm’s law, Kirchoff’s laws, networks, transformers, resonance, phasors, capacitive and inductive and circuit analysis techniques.
Prerequisite: ENER 1350 or PTAC 1302
Type: TECH

ELMT 2437 Electronic Troubleshooting, Service, & Repair
4:3:3
In-depth coverage of electronic systems, maintenance, troubleshooting, and repair. Topics include symptom identification, proper repair procedures, repair checkout, and preventative maintenance. Emphasis on safety and use of test equipment. This is a capstone course.
Prerequisite: PTAC 1432
Co-requisite: Credit for or concurrent enrollment in CETT 1409, and INTC 1350
Type: TECH

ELMT 2441 Electromechanical Systems
4:3:3
Application of electromechanical systems. Emphasizes programmable control devices and solid state systems. Study of various electromechanical systems used in the power generation industry.
Prerequisite: CETT 1409, INTC 1450, and ELMT 2437
Co-requisite: Credit for or concurrent enrollment in INTC 1457
Type: TECH

ELMT 2452 Power Generation Instrumentation
4:3:3
Study of the instruments and control systems used in the power generation industry including terminology, power generation variables, piping and instrumentation diagrams (P&ID), control loop diagrams, and basic troubleshooting.
Prerequisite: CETT 1409, INTC 1450, and PTAC 2436
Co-requisite: Credit for or concurrent enrollment in INTC 1457
Type: TECH

ENER 1350 Overview of Energy Industry
3:3:0
Introduction to the major sectors of the energy industry. Includes a comparison of energy industry careers. The student will be introduced to the equipment and operating systems used to generate electric power from a variety of energy sources. Special attention is given to practical application of the principles of mathematics and physics used in the plant environment.
Prerequisite: TSI Requirements met
Type: TECH

INTC 1350 Digital Measurement and Controls
3:2:4
Basic measurement control instrumentation. This includes movement of digital data through common systems employing parallel and serial transfers. This course also includes the study, and application of basic digital measurement and control concepts used in the power generation, and process control industry. The course will also feature an integrated lab using typical test instrumentation, simulation techniques, and equipment capability to demonstrate the basics of Foundation Field bus, Profibus, and HART technologies.
Prerequisite: Credit for or concurrent enrollment in PTAC 1432
Type: TECH

INTC 1457 AC/DC Motor Control
4:3:3
A study of electric motors and motor control devices common to a modern industrial environment. A presentation of motor characteristics with emphasis on starting, speed control, and stopping systems.
Prerequisite: CETT 1409, INTC 1450, and ELMT 2437 (for NPT-Electrical Technician Specialty) or PTAC 2436 (for NPT-Instrumentation and Control Technician Specialty)
Co-requisite: Credit for or concurrent enrollment in ELMT 2441 (for NPT-Electrical Technician Specialty) or ELMT 2452 (for NPT Instrumentation and Control Technician Specialty)
Type: TECH

NUCP 1370 Nuclear Fundamentals I
3:3:0
Introduces the student to theory and systems that are foundational to nuclear power plants. Theory topics include nuclear physics, nuclear fission, neutron life cycle, heat transfer, fluid flow, radiation detection and properties of materials used in nuclear plants. Basic overview of specific systems associated with the primary side of a nuclear power plant is included.
NUCP 1371  Math and Chemistry Fundamentals for Nuclear Power
3:3:0
This course teaches algebra, geometry, and trigonometry used at nuclear power plants. It also teaches water chemistry control basics and reactor water chemistry fundamentals including radiochemistry. Prerequisite: TSI satisfied in Reading and Math Type: TECH

NUCP 1372  Nuclear Power Plant Organization and Processes
3:3:1
Introduces worker responsibilities specific to nuclear power plants including nuclear security, quality assurance, foreign material exclusion, radiation protection, emergency response, plant access, equipment lock out for maintenance, human performance tools and significant industry events. Includes lab. Prerequisite: ENER 1350 or PTAC 1302 Type: TECH

NUCP 1373  Nuclear Fundamentals II
3:3:1
This second part introduces basic concepts associated with power plants and overviews of specific systems associated with the secondary side of a nuclear power plant. Includes studies on lubrication, diesel engines, pipe supports, heating and ventilation, valve operations, filters and strainers, pumps, air compressors, and steam traps. Most of this course is general in nature to all power plants but some aspects are specific to nuclear power plants like radioactive waste and fuel handling systems. Prerequisite: ENER 1350 or PTAC 1302 or NUCP 1370 or concurrent enrollment Type: TECH

NUCP 1480  Cooperative Education
4:1:27
Career-related activities encountered in the student's area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. Prerequisite: Requires consent of Program Director Type: TECH

NUCP 2470  Nuclear Power Plant Systems I
4:3:2
Study of components and systems used in nuclear power plants and their relationship to protecting the reactor core. Topics include valve packing and gland adjustment, electrical safety, electrical switchgear components, procedures, acid and caustic transfer, various cooling water systems, steam systems, electrical distribution and more. Includes lab. Prerequisite: ENER 1350 or PTAC 1302; NUCP 1370 and NUCP 1373 Type: TECH

NUCP 2471  Nuclear Power Plant Systems II
4:3:2
Capstone Course Study of systems used in nuclear power plants and their association with the reactor core. Included is instruction on plant lighting, various cooling water systems, diesel generators, freeze protection, chemical and oily waste and more. Also includes instruction on some safety related nuclear power plant systems. Includes lab. Prerequisite: NUCP 1370, NUCP 1373, and NUCP 2470 Type: TECH

PTAC 2436  Process Instrumentation II
4:3:2
Continued study of the instruments and control systems used in the processing industries; including terminology, process variables symbology, control loops, and troubleshooting. Prerequisite: PTAC 1432 Type: TECH

NURSING (RNSG)

RNSG 1118  Transition to Professional Nursing Competencies
1:0:4
Transition of professional nursing competencies in the care of diverse patients throughout the lifespan. Validates proficiency in psychomotor skills and clinical reasoning in the performance of nursing procedures related to the concepts of: clinical judgment, comfort, elimination, fluid and electrolytes, nutrition, gas exchange, safety, functional ability, immunity, metabolism, mobility, and tissue integrity. Includes health assessment and medication administration. The course lends itself to a concept-based approach. Prerequisite: Admission to Concept-Based Transition to Nursing Practice Program Co-requisite: RNSG 1128, 1324, 1162, Type: TECH

RNSG 1125  Professional Nursing Concepts I
1:1:0
Introduction to professional nursing concepts and exemplars within the professional nursing roles: members of profession, provider of patient-centered care, patient safety advocate, and member of the health care team. Content includes clinical judgment, communication, ethical-legal, evidence-based practice, health promotion, health information technology, patient-centered care, patient education, professionalism, safety, and team/collaboration. Emphasizes role development of the professional nurse. This course lends itself to a concept-based approach. Prerequisite: Admission to the ADN program

**RNSG 1216 Professional Nursing Competencies**

Development of professional nursing competencies in the care of patients throughout the lifespan. Emphasizes psychomotor skills and clinical reasoning in the performance of nursing procedures related to the concepts of: clinical judgment, comfort, elimination, fluid and electrolytes, nutrition, gas exchange, safety, functional ability, immunity, metabolism, mobility, and tissue integrity. Includes health assessment and medication administration. This course lends itself to a concept-based approach.

Prerequisite: Admission to the ADN Program
Co-requisite: RNSG 1430, 1125, 1128, 1161
Type: TECH

**RNSG 1324 Concept-Based Transition to Professional Nursing Practices**

Integration of previous health care knowledge and skills into the role development of the professional nurse as a provider of patient-centered care, patient safety advocate, member of the health care team, and member of the profession. Emphasis is on clinical decision-making for patients and their families. Review of selected health care and professional nursing concepts with application through exemplars. Health care concepts include comfort, diversity, elimination, functional ability, human development, mobility, nutrition, sensory perception, sleep, coping, thermoregulation, tissue integrity, acid-based balance, clotting, cognition, fluid and electrolyte balance, gas exchange, immunity, metabolism, nutrition, grief, and perfusion. Professional nursing concepts include clinical judgment, communication, ethical-legal, evidenced-based practice, health promotion, health information technology, patient-centered care, patient education, professionalism, safety, teamwork and collaboration. Introduces concepts of leadership and management. This course lends itself to a concept-based approach.

Prerequisite: Admission to Concept-Based Transition to Nursing Practice Program
Co-requisite: RNSG 1118, 1162, 1170
Type: TECH

**RNSG 1430 Health Care Concepts I**

In-depth coverage of foundational health care concepts with application through selected exemplars. Concepts include comfort, diversity, elimination, functional ability, human development, mobility, nutrition, sensory perception, sleep, thermoregulation, grief, and tissue integrity. Emphasizes development of clinical judgment skills in the beginning nurse. This course lends itself to a concept-based approach.

Prerequisite: RNSG 1216, 1125, 1128, 1161
Type: TECH
RNSG 1533  Health Care Concepts II
5:4:4
In-depth coverage of health care concepts with application through selected exemplars. Concepts include acid-base balance, coping, clotting, cognition, fluid and electrolytes, gas exchange, immunity, metabolism, nutrition, comfort, and perfusion. Provides ongoing opportunities for development of clinical judgment skills. The course lends itself to a concept-based approach.
Prerequisite: RNSG 1128, 1125, 1430, 1161, 1216
Co-requisite: RNSG 1126, 2362
Type: TECH

RNSG 1538  Health Care Concepts III
5:4:4
In-depth coverage of health care concepts with nursing application through selected exemplars. Concepts include cellular regulation, end of life, immunity, interpersonal relationships, grief, human development, intracranial regulation, mood/affect, comfort, sexuality, mobility, and reproduction. Provides ongoing opportunities for development of clinical judgment skills. The course lends itself to a concept-based approach.
Prerequisite: RNSG 1128, 1125, 1430, 1161, 1216, 1126, 1533, 2362
Co-requisite: RNSG 1137, 2363
Type: TECH

RNSG 2138  Professional Nursing Concepts IV
1:1:1
Integration of professional nursing concepts and exemplars within the professional nursing roles. Synthesizes concepts of clinical judgment, ethical-legal, evidence-based practice, leadership and management, patient-centered care, professionalism, teamwork, and collaboration through exemplars presented in the Health Care Concepts courses. Emphasizes concept of quality improvement and introduces health policy. Incorporates concepts into role development of the professional nurse. This course lends itself to a concept-based approach.
Prerequisite: RNSG 1216, 1430, 1128, 1161, 1125, 1533, 2362, 1126, 1538, 2363, 1137
Co-requisite: RNSG 2539, 2360
Type: TECH

RNSG 2360  Clinical – Registered Nursing/Registered Nurse
3:0:12
Capstone Course
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional
Prerequisite: RNSG 1430, 1125, 1128, 1216, 1161, 1533, 1126, 2362, 1538, 1137, 2363
Co-requisite: RNSG 2539, 2138
Type: TECH

RNSG 2362  Clinical – Registered Nursing/Registered Nurse
3:0:12
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional
Prerequisite: RNSG 1430, 1125, 1128, 1216, 1161
Co-requisite: RNSG 1533, 1126
Type: TECH

RNSG 2363  Clinical – Registered Nursing/Registered Nurse
3:0:12
A health-related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional
Prerequisite: RNSG-1430, 1125, 1128, 1216, 1161, 1533, 1126, 2362
Co-requisite: RNSG 1538, 1137
Type: TECH

RNSG 2539  Health Care Concepts IV
5:4:4  Capstone Course
In-depth coverage of advanced health care concepts with nursing application through selected exemplars. Concepts include cognition, immunity, clotting, fluid and electrolyte balance, gas exchange, metabolism, nutrition, perfusion, tissue integrity, and interpersonal relationships. Continuing development of clinical judgment with integration of all health care concepts. The course lends itself to a concept-based approach.
Prerequisite: RNSG 1128, 1125, 1430, 1161, 1216, 1126, 1533, 1538, 1137
Co-requisite: RNSG 2360, 2138
Type: TECH

OFFICE ADMINISTRATION

ACNT 1303  Introduction to Accounting I
3:2:2
A study of analyzing, classifying, and recording business transactions in a manual and computerized environment. Emphasis on understanding the complete accounting cycle and preparing financial statements, bank reconciliations, and payroll.
Prerequisite: None
Type: TECH

ACNT 1411  Introduction to Computerized Accounting
3:2:2
Introduction to utilizing the computer in maintaining accounting records, with primary emphasis on a general ledger package using QuickBooks.
Prerequisite: ACNT 1303
Type: TECH

MRKG 1301  Customer Relationship Management
3:3:0
General principles of customer relationship management including skills, knowledge, attitudes, and behaviors. This course also includes job-seeking skills.
PBAD 2339  Human Resource Management in the Public Sector
3:0:3
Examination of human resource management in the public sector with an emphasis on civil service, merit systems, and labor law. Topics include recruiting, selecting, training, compensating, and appraising employees.
Prerequisite: None
Type: TECH

POFI 1349  Spreadsheets
3:2:2
Skill development in concepts, procedures, and application of spreadsheets (Microsoft Office Excel) for business.
Prerequisite: None
Type: TECH

POFI 2301  Word Processing
3:2:2
In-depth coverage of word processing software (Microsoft Office Word) focusing on business applications.
Prerequisite: None
Type: TECH

POFI 2331  Desktop Publishing
3:2:2
In-depth coverage of desktop publishing terminology, text editing, and use of design principles. Emphasis on layout techniques, graphics, multiple page displays, and business applications. Microsoft Office Word, PowerPoint, and Publisher software will be used.
Prerequisite: Proficiency in word processing software
Type: TECH

POFT 1227  Introduction to Keyboarding
2:1:2
Skill development in keyboarding techniques. Emphasis on the development of acceptable speed and accuracy.
Prerequisite: None
Type: TECH

POFT 1301  Business English
3:0:3
Introduction to a practical application of basic language usage skills with emphasis on fundamentals of writing and editing for business.
Prerequisite: None
Type: TECH

POFT 1309  Administrative Office Procedures I
3:0:3
Study of current office procedures, duties, and responsibilities applicable to an office environment.
Prerequisite: None
Type: TECH

POFT 1313  Professional Workforce Preparation
3:2:2
Capstone Course
Preparation for career success including ethics, interpersonal relations, professional attire, and advancement.
Prerequisite: POFT 1309
Type: TECH

POFT 1321  Business Math
3:0:3
Fundamentals of business mathematics including analytical and critical thinking skills.
Prerequisite: None
Type: TECH

PARALEGAL STUDIES (LGLA)

LGLA 1303  Legal Research
3:0:3
Presents legal research techniques emphasizing the paralegal’s role.
Prerequisite: TSI satisfied in Reading
Type: TECH

LGLA 1305  Legal Writing
3:0:3
Fundamentals of legal writing techniques including case and fact analysis, citation formats, and legal writing styles emphasizing the paralegal’s role in legal writing.
Prerequisite: TSI satisfied in Writing
Type: TECH

LGLA 1313  Introduction to Paralegal Studies
3:0:3
An overview of the paralegal profession including professional regulation, trends and issues, ethical obligations, and the paralegal’s role in the delivery of legal services.
Prerequisite: None
Type: TECH

LGLA 1345  Civil Litigation
3:0:3
Presents fundamental concepts and procedures of civil litigation including pretrial, trial, and post-trial phases of litigation and emphasizes the paralegal’s role in civil litigation.
Prerequisite: None
Type: TECH

LGLA 1351  Contracts
3:0:3
Presents fundamental concepts of contract law including formation, performance, and enforcement of contracts under the common law and the Uniform Commercial Code with emphasis on the paralegal’s role in contract law.
Prerequisite: None
Type: TECH

PTHA 2301 Essentials of Data Collection
3:2:4
Data collection techniques used to prepare the physical therapist assistant to assist in patient/client management.
Prerequisite: PTHA 1531, 2201, 2409
Type: TECH

PTHA 2339 Professional Issues
3:3:0
Capstone Course
Engages the student in the discussion of professional issues and behaviors related to clinical practice and which prepares the student for transition into the workforce.
Prerequisite: PTHA 1321, 2431, 2435
Type: TECH

PTHA 2360 Clinical Physical Therapist Assistant II
3:0:15
A health related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: PTHA 1321, 1360, 2431, 2435
Type: TECH

PTHA 2409 Therapeutic Exercise
4:3:4
Concepts, principles, and application of techniques related to therapeutic exercise and functional training.
Prerequisite: PTHA 1409, 1413
Type: TECH

PTHA 2431 Management of Neurological Disorders
4:3:4
Advanced course integrating previously learned and new skills/techniques into the comprehensive rehabilitation of selected neurological disorders.
Prerequisite: PTHA 1360, 2205
Type: TECH

PTHA 2435 Rehabilitation Techniques
4:3:4
Comprehensive rehabilitation of selected diseases and disorders. Advanced course integrating previously learned and new skill/techniques into the comprehensive rehabilitation of selected musculoskeletal, neuromuscular, cardiopulmonary, and integumentary disorders.
Prerequisite: PTHA 1360, 2205
Type: TECH

PTHA 2460 Clinical Physical Therapist Assistant III
4:0:15
Capstone Course
A health related work-based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional.
Prerequisite: PTHA 2360
Type: TECH

PHYSICS (PHYS)

PHYS 1401 College Physics I
4:3:2
Core 030
Fundamental principles of physics, using algebra and trigonometry; the principles and applications of classical mechanics and thermodynamics, including harmonic motion, mechanical waves and sound, physical systems, Newton’s Laws of Motion, and gravitation and other fundamental forces; with emphasis on problem solving. Laboratory activities will reinforce these concepts.
Prerequisite: MATH 1314 or MATH 2312 or higher, MATH 1316 is recommended
Type: ACAD

PHYS 1402 College Physics II
4:3:2
Core 030
Fundamental principles of physics, using algebra and trigonometry; the principles and applications of electricity and magnetism, including circuits, electrostatics, electromagnetism, waves, sound, light, optics, and modern physics topics; with emphasis on problem solving. Laboratory activities will reinforce these concepts.
Prerequisite: PHYS 1401 with a grade of “C” or better
Type: ACAD

PHYS 2425 University Physics I (Engineering Physics I)
4:3:3
Core 030
Principles of physics for science, computer science, and engineering majors, using calculus, for science, computer science, and engineering majors; the principles and applications of classical mechanics, including harmonic motion, physical systems and thermodynamics. Emphasis is placed on problem solving. Laboratory experiments support theoretical principles presented in lecture; includes experimental design, data collection and analysis, and preparation of laboratory reports.
Prerequisite: MATH 2413, concurrent enrollment in Math 2414 is recommended (see PHYS 2426 prerequisites)
Type: ACAD

PHYS 2426 University Physics II (Engineering Physics II)
4:3:3
Core 030
Principles of physics for science, computer science, and engineering majors, using calculus, involving the principles of electricity and magnetism, including circuits, electromagnetism, waves, sound, light, and optics. Laboratory experiments supporting theoretical principles presented in lecture will be reinforced in lab.
Prerequisite: PHYS 2425 with a grade of “C” or better and MATH 2414
Type: ACAD
POLICE ACADEMY (CJLE)

CJLE 1506  Basic Peace Officer I
5:3:8
Basic preparation for a new peace officer. Topics covered are introduction to fitness and wellness, history of policing, professionalism and ethics, United States Constitution and Bill of Rights, Criminal Justice system, Texas Penal Code, Texas Code of Criminal Procedure, civil process, and stress management. Should be taken in conjunction with Basic Peace Officer II, III, and IV to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. Note: Must be 21 years of age within 60 days of program completion. Interested applicants must apply to program to obtain the student information packet. A physical agility test, criminal background, and physical/drug screen are required.
Prerequisite:  None
Type:  TECH

CJLE 1512  Basic Peace Officer II
5:3:8
Capstone Course
Basic preparation for a new peace officer. Topics covered are field note taking, report writing, “use of force” law and concepts, problem solving, multiculturalism, professional policing approaches, patrol procedures, victims of crime, family violence, MHMR, crowd management, HAZMAT, and criminal investigation. Should be taken in conjunction with Basic Peace Officer I, III, and IV to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. Note: Must be 21 years of age within 60 days of program completion. Interested applicants must apply to program to obtain the student information packet. A physical agility test, criminal background, and physical/drug screen are required.
Prerequisite:  None
Type:  TECH

CJLE 1518  Basic Peace Officer III
5:3:8
Capstone Course
Basic preparation for a new peace officer. Topics covered are laws pertaining to controlled substances, crowd management, personal property, and crime scene investigation. Should be taken in conjunction with Basic Peace Officer I, II, and IV to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. Note: Must be 21 years of age within 60 days of program completion. Interested applicants must apply to program to obtain the student information packet. A physical agility test, criminal background, and physical/drug screen are required.
Prerequisite:  None
Type:  TECH

CJLE 1524  Basic Peace Officer IV
5:3:8
Basic preparation for a new peace officer. Topics covered are laws directly related to police field work, Texas Transportation Code, intoxicated driver, Texas Penal Code, elements of crimes, Texas Family Code, Texas Alcoholic Beverage Code, and civil liability. Requires the demonstration and practice of the skills of a peace officer including patrol, driving, traffic stop skills, use of force, mechanics of arrest, firearm safety, and emergency medical care. Also includes study of the techniques and procedures used by police officers on patrol. Includes controlled substance identification, handling abnormal persons, traffic collision investigation, note taking and report writing, vehicle operation, traffic direction, crowd control, and jail operations. Should be taken in conjunction with Basic Peace Officer I, II, and III to satisfy the Texas Commission on Law Enforcement (TCLEOSE) approved Basic Peace Officer Training Academy. Note: Must be 21 years of age within 60 days of program completion. Interested applicants must apply to program to obtain the student information packet. A physical agility test, criminal background, and physical/drug screen are required.
Prerequisite:  None
Type:  TECH

PROCESS TECHNOLOGY (PTAC)

CTEC 1401  Applied Petrochemical Technology
4:3:2
Instruction in the basic principles of physics and their application to process facilities. Topics include physical laws and properties and how these relate to the operations of processes.
Prerequisite:  TSI Reading and Math requirements met or concurrent enrollment in INRW 0307 and/or MATH 0308
Type:  TECH

CTEC 1480  Cooperative Education I- Chemical Technology/Technician
4:1:27
Career-related activities encountered in the student’s area of specialization offered through an individualized agreement among the college, employer, and student. Under the supervision of the college and the employer, the student combines classroom learning with work experience. Includes a lecture component. Class time will focus on work related topics such as safety, self-initiative, goal setting, time management, leadership, communication, team skills, and continuous improvement. Students may register in only one co-op class per semester (3 SCH, 1 lecture, 20 minimum practicum in plant) and it must be approved by both the employer (offering the Co-Op) and WCJC. The employer normally selects from second year students who have completed a minimum of 30 semester hours toward the PTAC degree and have satisfactorily completed the company’s tests and interviews. The student will work at the facility during the day, averaging at least 20 hours per week, and is paid a commensurate rate (approximately 80% of entry level).
Prerequisite: PTAC 2420 and approval of Program Director and co-op employer.
Type: TECH

PTAC 1302 Intro to Process Technology
3:3:0
An introduction overview of the various processing industries. Introduction to chemical and refinery plant operations. Topics include process technician duties, responsibilities and expectations, plant organizations, plant process and utility systems, and the mental requirements of the process technician.
Prerequisite: TSI Reading and Math requirements met or concurrent enrollment in INRW 0307 and/or MATH 0308
Type: TECH

PTAC 1408 Safety, Health and Environment
4:3:2
An overview of safety, health, and environmental issues in the performance of all job tasks and regulatory compliance issues. Development of knowledge and skills to reinforce the attitudes and behaviors required for safe and environmentally sound work habits.
Prerequisite: TSI Reading requirements met or concurrent enrollment in INRW 0307
Type: TECH

PTAC 1410 Process Technology I-Equipment
4:3:2
Introduction to the use of common processing equipment. Students will learn to use appropriate terminology to describe components of process equipment, describe basic functions of process equipment, and relate scientific principles associated with process equipment.
Prerequisite: PTAC1302
Type: TECH

PTAC 1432 Process Instrumentation I
4:3:2
Study of the instruments and control systems used in the process industry including terminology, process variables, symbology, control loops and basic troubleshooting.
Prerequisite: PTAC 1302 or credit for/ concurrent enrollment in INMT 1305 or ENER 1350
Type: TECH

PTAC 1454 Industrial Processes
4:3:2
The study of the common types of industrial processes. This course will examine some of the major types of process units in chemical and refining industries, and the generic procedures for startups, shutdowns, normal and abnormal operations for these units. Processes covered will include polyethylene (loop, CSTR and fixed bed), hydrogen reforming, syn gas reforming, crude distillation, catalytic cracking (FCCU), olefin (specifically ethylene) production, hydro treating/desulfurization (HT/HDS and CCR) mercaptin treating and sulfur recovery units.

MUST be taken if not selected for CTEC 1480
Prerequisite: PTAC 2420 with a grade of "C" or higher
Type: TECH

PTAC 2314 Principles of Quality
3:3:0
Study of the background and application of quality concepts. Topics include team skills, quality tools, statistics, economics, and continuous improvement.
Prerequisite: TSI requirements met
Type: TECH

PTAC 2420 Process Technology II-Systems
4:3:2
A study of the various process systems, including related scientific principles.
Prerequisite: PTAC 1410 and PTAC 1432
Type: TECH

PTAC 2438 Process Technology III-Operations
4:3:2
Capstone Course
This course emphasizes activities associated with the hands-on operation of process equipment. Topics include typical duties of an operator.
Prerequisite: PTAC 2420 with a grade of “C” or higher
Type: TECH

PSYCHOLOGY (PSYC)

PSYC 1300 Learning Framework
3:3:0 Or EDUC 1300; Core 090
A study of the 1) research and theory in the psychology of learning, cognition, and motivation, 2) factors that impact learning, and 3) application of learning strategies. Theoretical models of strategic learning, cognition, and motivation serve as the conceptual basis for the introduction of college-level student academic strategies. Students use assessment instruments (e.g., learning inventories) to help them identify their own strengths and weaknesses as strategic learners. Students are ultimately expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners. Students developing these skills should be able to continually draw from the theoretical models they have learned. (Cross listed as EDUC 1300)
### RADR 2117 Radiographic Pathology

1:1:1

Disease processes and their appearance on radiographic images.

Prerequisite: RADR 2205 and 1267 with a “C” or better

Type: TECH

### RADR 1409 Introduction to Radiography and Patient Care

3:3:4

An overview of the historical development of radiography, basic radiation protection, and introduction to medical terminology, ethical and legal issues for health care professionals, and an orientation to the profession and to health care systems. Patient assessment, infection control procedures, emergency and safety procedures, communication and patient interaction skills, and basic pharmacology are also included.

Prerequisite: Acceptance into Radiologic Technology Program, BIOL 2401, and BIOL 2402

Type: TECH

### RADR 1411 Basic Radiographic Procedures

4:3:4

An introduction to radiographic positioning terminology, manipulation of equipment, positioning and alignment of the anatomical structure and equipment, and evaluation of images for demonstration of basic anatomy.

Prerequisite: Acceptance to Radiologic Technology Program, BIOL 2401, and BIOL 2402

Type: TECH

</table>
SOCI 1301  Introduction to Sociology
3:3:0  Core 080
The scientific study of human society, including ways in which groups, social institutions, and individuals affect each other. Causes of social stability and social change are explored through the application of various theoretical perspectives, key concepts, and related research methods of sociology. Analysis of social issues in their institutional context may include topics such as social stratification, gender, race/ethnicity, and deviance.
Prerequisite:  TSI satisfied in Reading and Writing
Type:  ACAD

SOCI 1306  Social Problems
3:3:0  Core 080
Application of sociological principles and theoretical perspectives to major social problems in contemporary society such as inequality, crime and violence, substance abuse, environmental issues, deviance, or family problems.
Prerequisite:  TSI Reading requirements met or concurrent enrollment in READ 0307
Type:  ACAD

SOCI 2301  Marriage and Family
3:3:0  Core 080
Sociological and theoretical analysis of the structures and functions of the family, the varied cultural patterns of the American family, and the relationships that exist among the individuals within the family, as well as the relationships that exist between the family and other institutions in society.
Prerequisite:  TSI Reading requirements met or concurrent enrollment in READ 0307
Type:  ACAD

SOCI 2306  Human Sexuality
3:3:0  Or PSYC 2306; Core 080
This course is an overview of the broad field of human sexuality. Topics will be covered from various perspectives – biological, sociological, anthropological, etc., but will focus primarily on the psychological perspective. The goal is for each student to learn factual, scientifically based information that will provoke thought and contribute to his/her own decision-making on sexual issues outside of the classroom. (Cross-listed as PSYC 2306)
Prerequisite:  TSI satisfied in Reading and Writing
Type:  ACAD

SOCI 2319  Minority Studies
3:3:0  Core 080
This course is an overview of minority-majority group relations, addressing their historical, cultural, social, economic, and institutional development in the United States. Both sociological and social psychological levels of analysis will be employed to discuss issues including experiences of minority groups within the context of their cultural heritage and tradition, as well as that of the dominant culture. Core concepts to be examined include (but are not limited to) social inequality, dominance/subordination, prejudice, and discrimination. Particular minority groups discussed may include those based on poverty, race/ethnicity, gender, sexual orientation, age, disability, or religion.
Prerequisite:  TSI Reading requirements met or concurrent enrollment in READ 0307
Type:  ACAD

SPANISH (SPAN)

SPAN 1411  Beginning Spanish I
4:2:5
Basic Spanish language skills in listening, speaking, reading, and writing within a cultural framework. Students will acquire the vocabulary and grammatical structures necessary to communicate and comprehend at the beginner level.
Prerequisite:  TSI satisfied in Reading and Writing or concurrent enrollment in READ 0307
Type:  ACAD

SPAN 1412  Beginning Spanish II
4:2:5
Continued development of basic Spanish language skills in listening, speaking, reading, and writing within a cultural framework. Students acquire the vocabulary and grammatical structures necessary to communicate and comprehend at the high beginner to low intermediate level.
Prerequisite:  TSI satisfied in Reading or concurrent enrollment in READ 0307. SPAN 1411 or passing grade on Spanish placement test
Type:  ACAD

SPAN 2311  Intermediate Spanish I
3:3:0
The consolidation of skills acquired at the introductory level. Further development of proficiency in listening, speaking, reading and writing. Emphasis on comprehension, appreciation, and interpretation of the cultures of the Spanish-speaking world.

</tbody>
</table>
related to the general, OB/GYN, genitourinary, otorhinolaryngology, and orthopedic surgical specialties incorporating instruments, equipment, and supplies required for safe patient care.  
Prerequisite: SRGT 1405 and 1409  
Type: TECH

SRGT 1542  Surgical Procedures II  
5:4:2  
Introduction to surgical pathology and its relationship to surgical procedures. Emphasis on surgical procedures related to the cardiothoracic, peripheral vascular, plastic/reconstructive, ophthalmology, oral/maxillofacial, and neurological surgical specialties incorporating instruments, equipment, and supplies required for safe patient care.  
Prerequisite: SRGT 1541  
Type: TECH

SRGT 1560  Clinical I-Surgical Technology/Technologist  
5:0:28  
A health related work based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. The guided experience is unpaid.  
Prerequisite: SRGT 1405 and 1409  
Type: TECH

SRGT 2130  Professional Readiness  
1:1:0  
Overview of professional readiness for employment, attaining certification, and maintaining certification status.  
Type: TECH

SRGT 2461  Clinical II-Surgical Technology/Technologist  
4:0:15  
Capstone Course  
A health related work based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. The guided experience is unpaid. This course is the culminating evaluative course that assesses the outcome of the major. Students must complete this course with a grade of “C” or better.  
Prerequisite: SRGT 1541 and 1560  
Type: TECH

VNSG 1119  Leadership and Professional Development  
1:1:0  
Study of the importance of professional growth. Topics include the role of the licensed vocational nurse in the multi-disciplinary health care team, professional organizations, and continuing education.  
Prerequisite: Successful completion of all second semester courses  
Type: TECH

VNSG 1126  Gerontology  
1:1:0  
Overview of the physical, psychosocial, and cultural aspects of the aging process. Addresses disease processes of aging. Exploration of perceptions toward care of the older adult.  
Prerequisite: Admission to program  
Type: TECH

VNSG 1133  Growth and Development  
1:1:0  
Study of the basic aspects of growth and development throughout the life span. Focus on growth and development of the individual’s body, mind, and personality as influenced by the environment.  
Prerequisite: Admission to program  
Type: TECH

VNSG 1160  Clinical I-Licensed Practical Nurse (LVN)  
1:0:6  
A health related, work based learning experience that enables the student to apply specialized occupational theory, skills, and concepts. Direct supervision is provided by the clinical professional. Clinical experiences are unpaid external learning experiences.  
Prerequisite: Admission to program; VNSG 1505  
Type: TECH

VNSG 1231  Pharmacology  
2:2:0  
Fundamentals of medications and their diagnostic, therapeutic, and curative effects are surveyed. Includes nursing interventions utilizing the nursing process.  
Prerequisite: Successful completion of all first semester courses  
Type: TECH

</table>
must complete this course with a grade of 75% or better
Prerequisite: Successful completion of all second semester courses.
Type: TECH

**WELDING TECHNOLOGY (WLDG)**

**WLDG 1413 Intro to Blueprint Reading for Welders**
4:3:4
A study of industrial blueprints. Emphasis placed on terminology, symbols, graphic description, and welding processes. Includes systems of measurement and industry standards. Also includes interpretation of plans and drawings used by industry to facilitate field application and production.
Prerequisite: None
Type: TECH

**WLDG 1417 Intro to Layout and Fabrication**
4:3:4
A fundamental course in layout and fabrication related to the welding industry. Major emphasis on structural shapes and use in construction.
Prerequisite: First semester classes: WLDG 1413, WLDG 1428 and WLDG 1430
Type: TECH

**WLDG 1428 Intro to Shielded Metal Arc Welding (SMAW)**
4:3:4
An introduction to the shielded metal arc welding process. Emphasis placed on power sources, electrode selection, oxy-fuel cutting, plasma cutting, and various joint designs. Instruction provided in SMAW fillet welds in various positions.
Prerequisite: None
Type: TECH

**WLDG 1430 Intro to Gas Metal Arc Welding (GMAW)**
4:3:4
Principles of gas metal arc welding, setup and use of Gas Metal Arc Welding (GMAW) equipment, and safe use of tools/equipment. Instructions in various joint designs.
Prerequisite: None
Type: TECH

**WLDG 1434 Intro to Gas Tungsten Arc Welding (GTAW)**
4:3:4
Principles of gas tungsten arc welding (GTAW), including set-up of GTAW equipment. Instruction in various positions and joint designs.
Prerequisite: First semester classes: WLDG 1413, WLDG 1428 and WLDG 1430
Type: TECH

**WLDG 1435 Intro to Pipe Welding**
4:3:4
An introduction to welding of pipe using the shielded metal arc welding process (SMAW), including electrode selection, equipment setup, and safe shop practices. Emphasis on weld positions 1G and 2G using various electrodes.
Prerequisite: First semester classes: WLDG 1413, WLDG 1428 and WLDG 1430
Type: TECH

**WLDG 1457 Intermediate Shielded Metal Arc Welding (SMAW)**
4:3:4
A study of the production of various fillets and groove welds. Preparation of specimens for testing in various positions.
Prerequisite: First semester classes: WLDG 1413, WLDG 1428 and WLDG 1430
Type: TECH

**WLDG 2447 Advanced Gas Metal Arc Welding (GMAW)**
4:3:4
Advanced topics in Gas Metal Arc Welding (GMAW). Includes welding in various positions and directions.
Prerequisite: Second semester classes: WLDG 1457, WLDG 1435, WLDG 1417 and WLDG 1434
Type: TECH

**WLDG 2451 Advanced Gas Tungsten Arc Welding (GTAW)**
4:3:4
Advanced topics in GTAW welding, including welding in various positions and directions.
Prerequisite: Second semester classes: WLDG 1457, WLDG 1435, WLDG 1417 and WLDG 1434
Type: TECH

**WLDG 2453 Advanced Pipe Welding**
4:3:4
Capstone Course
Advanced topics involving welding of pipe using the shielded metal arc welding (SMAW) process. Topics include electrode selection, equipment setup and safe shop practices. Emphasis on weld positions 5G and 6G using various electrodes.
Prerequisite: Second semester classes: WLDG 1457, WLDG 1435, WLDG 1417 and WLDG 1434
Type: TECH

### Administrative Executive Officers

- **Betty McCrohan**  
  President  
  B.S., San Angelo State University  
  M.Ed., University of Houston

- **Leigh Ann Collins**  
  Vice President of Instruction  
  A.A.S., Wharton County Junior College  
  B.A.S., & M.A.I.S., University of Houston-Victoria

- **Bryce D. Kocijan**  
  Vice President of Administrative Services  
  A.A.A., Wharton County Junior College  
  B.B.A., Sam Houston State University

- **David Leenhouts**  
  Vice President of Student Services  
  B.A., Hope College  
  M.A. & Sp. Psy. Ser., Central Michigan University

- **Pamela J. Youngblood**  
  Vice President of Technology & Institutional Research  
  A.A.S., Wharton County Junior College  
  B.A.A.S., University of Houston – Victoria

- **Glenda G. Hunt**  
  Interim Dean of Academic Instruction  
  B.S., M.S., Sam Houston State University

- **Danson R. Jones**  
  Dean of Planning & Institutional Effectiveness  
  B.A., Oklahoma City University  
  M.A., Bethany Nazarene University  
  PhD., North Texas State University

- **Amie LaPan**  
  Dean of Vocational Instruction  
  B.A., UCLA  
  M.S., California State University – Sacramento  
  PhD., UCLA

- **Gus Wessels, Jr., CPA**  
  Dean of Financial & Business Services  
  A.A.A., Wharton County Junior College  
  B.B.A., Southwest Texas State University

### Administrative Staff

- **Rachel Bahnsen**  
  Assistant Director of Payroll and Benefits  
  B.S., Texas State University

- **Michele Betancourt**  
  Director of Distance Education  
  B.A., California State University – Long Beach  
  M.A., University of Houston-Clear Lake

- **Lori Blust**  
  Coordinator of Financial Aid/Counselor  
  B.B.A., Stephen F. Austin State University

- **James Bullock**  
  MIS Infrastructure Architect  
  A.A.S., Wharton County Junior College

- **Zina L. Carter**  
  Director of Marketing and Communications  
  B.A., Jacksonville University

- **Allyson Chuc**  
  Systems Analyst  
  B.B.A., University of Houston

- **Bryan Chuc**  
  Director of Database & Application Services  
  B.S., University of Houston

- **Tracy Emmons**  
  Director of Instructional Assessment  
  A.S., Conners State College  
  B.S.Ed., Northeastern State University  
  M.A.Ed., Northwestern Oklahoma State University

- **Mike H. Feyen**  
  Director of Facilities Management  
  A.A., Ferris State College

- **T. Scott Glass**  
  Director of Richmond Campus  
  A.A., Wharton County Junior College  
  B.S., University of Houston – Victoria

- **Amanda Heard**  
  Coordinator of Internet Marketing  
  B.A., Stephen F. Austin State University

- **Richard D. Hyde**  
  Director of Financial Aid  
  B.B.A., Sam Houston State University

- **Kwei-Feng Hsu**  
  Director of Library Information & Technical Services  
  B.A., University of Chinese Culture – Taiwan  
  M.L.S., University of Wisconsin – Milwaukee

- **Vicki Jacobs**  
  Systems Analyst  
  B.S., Sam Houston State University

- **David Johnson**  
  Senior Systems Analyst  
  B.S., Corpus Christi State University (Texas A&M – Corpus Christi)

- **Judy J. Jones**  
  Director of Human Resources  
  B.A., University of Houston

- **Bruce Kieler**  
  Grant Writer  
  A.A.A., Wharton County Junior College  
  B.A., University of Houston  
  M.A., Kansas State University  
  M.B.A., University of Nevada – Reno  
  PhD., University of California – Berkeley

- **Conrad A. Kieler, CPA**  
  Director of Payroll and Benefits  
  B.B.A., Southwest Texas State University

- **Xiaodong "Eric" Li**  
  Webmaster  
  B.L., Fudan University  
  M.S., University of Illinois at Urbana – Champaign

- **Robby Mathews**  
  Network Administrator  
  Certificates, PC Technical Support and Network Operator, Wharton County Junior College

- **Tessa Mathews**  
  Director of Institutional Research  
  A.A.S., Wharton County Junior College

- **John Miller**  
  Manager Technical Services  
  A.A.S., Wharton County Junior College

- **Marybelle Perez**  
  Director of Grants Management  
  B.S., University of Houston  
  M.S., University of Houston – Clear Lake

- **Karen Preisler**  
  Registrar  
  B.A., McNeese State University

- **Deborah Popek, PHR**  
  Assistant Director of Human Resources  
  B.B.A., Texas State University  
  M.S., Capella University

- **Marissa Saenz**  
  Public Service Librarian  
  B.A., University of Texas – San Antonio  
  M.L.I.S., Rutgers University – New Brunswick  
  M.A., Our Lady of the Lake University

- **Priscilla Salas**  
  Coordinator of Financial Aid/Counselor  
  B.A., University of Houston

- **Alvin Schultz**  
  Assistant Director of Facilities/Senior Electrician  
  B.A., University of Houston

- **Benjamin Sharp**  
  Coordinator of Marketing and Communications  
  B.S., University of Houston

- **Merry Sprague**  
  Assistant Director of Financial Aid  
  A.A., North Harris Montgomery Community College  
  B.A., Our Lady of the Lake University  
  M.Ed., University of Houston – Victoria

- **Natalie Stavinoha**  
  Coordinator of Instructional Retention  
  A.A., Wharton County Junior College  
  B.S., University of Houston – Downtown  
  M.A., Sam Houston State University
Brice Wayne Taylor  Coordinator of Dual Credit
B.B.A., University of Texas
M.Ed., East Texas State University
Ed.D., University of Houston
Daniel Terronez  Director of Security and Public Safety
B.S., Texas State University
Cynthia Ward  Controller
B.B.A., Texas A&M University
Robert Wolter  Director of Sugar Land Campus
B.B.A., Texas A&M University
Philip Wurthrich  Director of Purchasing
B.S., Sam Houston State University
Gloria Vela  Grant Accountant
A.A., Wharton County Junior College
B.B.A., University of Houston – Victoria

STUDENT SERVICES
Julie Aaronson  Manager of Student Recruitment
B.S., Texas A&M University
Kristen Cartwright  Academic Advisor
B.A., M.P.A., Stephen F. Austin State University
Susan Denman-Briones  Director of Academic Advising
B.A., Drury University, Springfield, Missouri
M.S., University of Arkansas
Leslie Kolojaco  Coordinator of Testing Services
B.S., Texas A&M University
M.S., University of North Texas
Patricia Lawlor  Counselor
B.A., University of Delaware
M.Ed., University of Houston
Beverley Marks  Counselor
B.A., York University, Toronto, Canada
M.A., University of Houston – Clear Lake
Catherine Shoppa  Coordinator of Presidential Scholars
B.A., Texas University
M.Ed., University of Houston – Victoria
Tracy Stripling  Student Recruiter
B.A., Texas State University
Johnnie Svatek  Student Recruiter/Academic Advisor
B.A., Texas A&M University
Patty Young  Coordinator of Disability Services
B.A., University of Houston
M.Ed., Lamar University

CONTINUING EDUCATION & INSTRUCTIONAL OUTREACH
Alice Atkins  Director of Continuing Education
B.S., Everest University
Cyrus Johnson  Director of Adult Education and Literacy
B.S., Trinity International University
M.Ed., Illinois State University
Ed.D., Argosy University
Cynthia Kocian  Coordinator of Vocational Support Services
B.S., University of Houston – Downtown
Tamara Sealy  Corporate Coordinator of Continuing Education

*Linda Clark
Criminal Justice
B.A., University of Oklahoma
J.D., Oklahoma City University
Ph.D., University of Houston—Downtown

*Curts Cline
Automotive Technology
A.A.S., Wharton County Junior College

Sean Collins
Chemistry
B.S., Schreiner University
M.S., Texas A&M University

*James Robert Conner
Speech
B.S., University of Houston Downtown
M.A., University of Houston

Cynthia Cruz
Associate Degree Nursing
B.S., University of Rochester
M.S., Texas Women’s University – Denton

Diane Curtis
Art
B.A., Texas State University
M.Ed., University of Houston

Dariush Darayan
Computer Science
B.S., University of Houston
M.S., Louisiana State University

Sandra Davis
Associate Degree Nursing
B.S., Alcorn State University
M.S., University of South Alabama

Kevin Dees
Biology
Division Chair, Life and Physical Sciences
B.S., M.S., Southwest Texas State University

*Carol Derkowski
Dental Hygiene
Division Chair, Allied Health
A.A.S., Wharton County Junior College
B.S., M.A.I.E., Sam Houston State University

John Dettling
B.S., Texas A&M University
M.S., Southwest Texas State University

Cynthia Diener
B.S., Texas A&M University
M.S., University of Houston – Victoria

*Aaron Dittmar
A.A., Wharton County Junior College

Candace Doriski
B.S., Arkansas Tech University
M.S., Louisiana State University

Kelly Eldridge
Psychology
A.A., Brazosport College
B.S., M.A., Sam Houston State University

Fred L. Ermis, Jr.
Mathematics
B.S., Sam Houston State University
M.S., Marquette University

William Feagin, Jr.
Government
B.A., M.A., Sam Houston State University

Peggy Fitt
Kinesiology
B.S., Northwestern State University of Louisiana
M.A., University of Northern Colorado

Brianna Florus
Kinesiology, Volleyball Coach
B.A., Texas Tech University

Purti Gadkari
B.S., University of Bombay
M.S., University of Cincinnati

*David D Glenn, Jr.
Geology
B.S., Stephen F. Austin State University
M.S., Sam Houston State University

Natasha Goins
Associate Degree Nursing
B.S., M.S., Texas Woman’s University

Linda Graham
History
B.A., M.A., Houston Baptist University

Linda Griffith
History
B.A., M.A., University of Houston – Clear Lake

J.B. Groves III
Computer Science
A.A., Wharton County Junior College
B.S., M.S., University of Houston

*Kenneth Grubb
History
B.A., M.A., University of Houston – Clear Lake

Varun Gupta
Economics
M.S., University of Houston
M.B.A., Texas Southern University
B.S., West Virginia University Morgantown

*Timothy Guin
Police Academy
Division Chair, Vocational Science
A.A., Wharton County Junior College

Pramila Gurralla
B.S., Andhra Christian College
M.S., Kanpur University
M.D., Spartan Health Sciences University (West Indies)

Dale Hahn
Dental Hygiene
A.A.S., Wharton County Junior College
B.S., University of Texas Health Science Center, San Antonio

Philip Hamlin
Air Conditioning, Heating, Refrigeration
EPA Section 608 Certificate
State of Texas Master Electrician License

Tammy Han
Associate Degree Nursing
LVN, Wharton County Junior College
B.S., M.S., Grand Canyon University

*Erma Hart
Paralegal Studies
B.B.A., Prairie View A&M University
J.D., Texas Southern University

*Rudolph Henry
Nuclear Power Technology
B.S., Texas A&M University
M.S., University of Houston – Clear Lake

TaQuita Hogan-Claiborne
Paralegal Studies
B.A., University of Houston
J.D., Texas Southern University

Jami Hughes
Drama
B.F.A., Sam Houston State University
M.F.A., Louisiana State University
Ava Humme  Humanities  B.A., Texas A&M University
M.Ed., University of Houston – Victoria

Jodie Hutchinson  Psychology  B.S., University of Houston
M.A., Houston Baptist University

Jennifer Jeffery  Biology  B.S., Sam Houston State University
M.S., Texas Tech University

Glendell Jones  History  B.A., M.Ph., Southern Methodist University
M.Ed., East Texas State College
Ph.D., North Texas State University

James H. Kelley, Jr.  Mathematics  B.S., M.S., University of Arkansas

Suzan King  English  B.A., M.A., Oklahoma State University

Cynthia Knox  Speech  B.S., Bradley University
M.A., University of Wisconsin
M.P.H., University of Texas Health Science Center, Houston

Angela Kocurek  English  B.A., M.A., Sam Houston State University

Marlene Kolafa  Cosmetology  Certificate, Cosmetology Operator and Instructor,
Wharton County Junior College
Licensed Cosmetology Instructor, Texas Department of
Licensing and Regulation

Patricia Korenek  Associate Degree Nursing  B.S.N., M.S., University of Texas – Austin
M.S., Texas Women’s University – Houston
WHCNP, University of Texas Southwestern – Dallas

*David Kucera  Electronics Engineering Technology  Division Chair, Technology and Business
A.A.S., Wharton County Junior College
B.A.A.S., University of Houston – Victoria

*Jacqueline Kuhen  Cosmetology  Certificate, Cosmetology Operator and Instructor,
Wharton County Junior College
Licensed Cosmetology Instructor, Texas Department of
Licensing and Regulation

Mary Lang  English  B.A., East Texas State University
M.A., Texas Tech University
M.A.T., University of Southern California

Debra Lemson  Music  B.M.E., Baker University
M.S.M., Southern Methodist University

Karen Lesure  English  B.A., M.A., University of Houston

Shawna Lindsey  Associate Degree Nursing  B.S.N., M.S.N., Chamberlain College of Nursing

Jonathan K. Loessin  Sociology  B.S., M.A., Sam Houston State University
A.B.D. Texas A&M University
Ph.D., Universidad Empresarial de Costa Rica

*Deborah L. Lutringer  Health Information Technology  A.A.S., Wharton County Junior College

Stephen Lyford  Computer Science  B.S., M.E. Sam Houston State University

*Barbara Lynn  Education & Early Childhood  B.S., M.A., University of Texas

Amelia Maretka  Computer Science  A.A.S., Wharton County Junior College
B.S.T., M.Ed., University of Houston

Bonnie Mascheck  Vocational Nursing  A.A.S., Wharton County Junior College

Allison Mathews  Radiologic Technology  A.A., A.A.S. Wharton County Junior College
B.S., Midwestern State University

Robin Matzke  Health Information Technology  B.S., Texas State University

*Jennifer Mauch  Mathematics  B.S., Louisiana State University
M.Ed., Texas State University – San Marcos

Shelley Mayfield  Dental Hygiene  A.A.S., Wharton County Junior College
B.A.A.S, M.Ed., University of Houston – Victoria

Nora McCarthy  Computer Science  B.S., M.S., University of Houston – Clear Lake

Mary McClelland  Office Administration  B.S., M.B.A., Texas Southern University

*Rebecca Helms McElroy  Psychology  B.A., M.A., Houston Baptist University

Greg McLarty  Drama  B.S., M.S., East Texas State University – Commerce

Jimidene Murphey  Humanities  B.B.A., Tarleton State University
M.A., Texas Tech University
M.B.A., Tarleton State University

*Willie Myles  Process Technology  B.S., Alcorn State University
M.S., University of Houston – Clear Lake

Dale Neaderhouser  Mathematics  B.S. Cornell University
M.S., University of Illinois

*Robin P. Nealy  College Readiness/English  B.A., Prairie View A&M
M.A., Ph.D., Texas A&M University

Mary Austin Newman  Speech  B.S., S.F. Austin State University
M.A., University of Houston
Ph.D., Penn State University

Cullen W. Newsom  Electronics Engineering Technology  A.A.S., Wharton County Junior College

Robert E. Nottebart  History  B.A., Lubbock Christian University
M.A., University of Houston

Garland Novosad  Dental Hygiene  B.S., Baylor University, Waco
D.D.S., Baylor University College of Dentistry, Dallas

Obiageli Nwosu  Chemistry  B.S., Federal University of Technology
M.S., Rivers State University of Science and Technology
M.S., Prairie View A&M University

Judy Ogle  Psychology  B.A., Southern University – New Orleans
M.S., University of Missouri at Columbia

Amanda Pence  Associate Degree Nursing  B.S.N., University of Texas at Austin
M.S.N., Texas A&M-Corpus Christi

Amy Pendergraft  Associate Degree Nursing  B.S.N., University of Texas Medical Branch
M.S.N., Texas Woman's University

Lyndon Dale Pinson  Geology  B.S., M.A., Sam Houston State University

Natalie Pittman  Computer Science  B.S., M.S., Texas A&M

Kirby S. Pressly  Mathematics  B.A., M.A., North Texas State University

*Sharon Housman Prince  English  B.A., M.A., Radford University

Karen Prisner  Speech  A.A., Barbados Community College
B.A., Texas A&M University, Corpus Christi
M.A., University of Houston

---

Start Smart! Wharton County Junior College 197
Stephanie Haynes  Graduate of WCJC, Adjunct Faculty, and Kindergarten Teacher, Fort Bend ISD, Hungerford, TX
Bethany Jackson  Texas AgriLife Extension, Wharton County, Wharton, TX
Tim Kaminski  Director, Gingerbread House and Gingerbread Academy, Rosenberg, TX
Linda Hines  Children’s Librarian, Wharton County Library, Wharton, TX
Gail Spell  Project GROW, Early Childhood Intervention, Richmond, TX
Dr. Joy Moss  Assistant Professor of Early Childhood Education, University of Houston-Clear Lake, Houston, TX
Patty Stupka  Retired TCH Family Consumer Science Teacher, LCISD, Beasley, TX
Rebecca St. Cyr  Director, Aquinas Early Learning Center, Sugar Land, TX
Lorraine Washington  WSS Tri-County DCD Head Start, Richmond, TX

Electronics Engineering Technology
Rachel Caldwell  FW Murphy, Rosenberg, TX
Clarence Foytik  Micro-Smart Systems, Houston, TX
Dustin Hruzek  FW Murphy, Controls Engineer, Rosenberg, TX
Donald Locke  Sercel, Inc., Houston, TX
Daniel Klienberg  Schlumberger, Sugar Land, TX
Ivan Lambert  Geo Kinetics, Equipment Manager, Houston, TX
Etang Pugh  Frito Lay, Rosenberg, TX
Art Schulze  Healthcare Technology Group, Wharton, TX

Emergency Medical Services
Belma Cruz  ER Director, Matagorda Regional, Bay City, TX
Amanda Campos  Director, Matagorda County EMS, Bay City, TX
Ron Dille  Director, Austin County EMS, Belville, TX
Ann Gooden  Retired, Health Care Provider/User of EMS, Wharton, TX
John Kowalik  Director, Wharton EMS, Wharton, TX
Charla Kulcak  Marketing Director, MHMG-South Texas Medical Clinic, Wharton, TX
Mike Lee  Chief Nursing Officer-Matagorda Regional, Bay City, TX
Chase Nielsen  Director, El Campo EMS, El Campo, TX
Dr. Nathan Nguyen  WCJC Medical Director, Wharton, TX
Patsy Quebedeaux  TDHS East Group Specialist, Houston, TX
Tina Slaughter  OR Director, Matagorda Regional, Bay City, TX
JA Szymanski  Wharton County Constable-Precinct 2, East Bernard, TX
3 positions  Current WCJC EMT-P Students
3 positions  Recent WCJC EMT-P Graduates

Engineering Design
Stephen Berckenhoff  AECOM, Houston, TX-Civil Design & Construction Management
Steve Blanchard  Atkinson Builders, Edna, TX-Construction Management
Glenn Evanicky  Jacobs Engineering, Houston, TX
J.J. Hajovsky  Fluor Corporation, Sugar Land, TX-Civil Engineering
Amanda Johnson  Civil Structural Design Lead, Flur, Sugar Land, TX
Steve Kubena  SMB Aviation, Houston, TX-Structural Design
Ken Lipinski  Mustang Engineering, Houston, TX-Piping
Robert (Bob) Ring  Area Manager, TNG Utility Corp., Spring, TX
Ken Shanks, AIA  Ken Shanks & Associates, Inc., El Campo, TX-Architectural
Sonia Sifuentes  Mechanical CAD Designer, Schlumberger, Houston, TX
Rory A. Starling  Sercel, Inc., Houston, TX
Llarence Turner  Kelly R. Kaluza & Assoc., Inc., Rosenberg, TX-Surveying

Health Information Technology
Carol Bartek, RHIA, CCS  Gulf Coast Medical Center, Wharton, TX
Sarah Glass, MA, RHIA, CCS  St. Luke’s Hospital, Houston, TX
Judy Hardin, RHIA  South Texas Medical Clinic, Wharton, TX
Mary W. King, MS, RHIA  Retired WCJC Faculty, Wharton, TX
Becky Malone, RHIA, CCS  Warm Springs LTAC/Rehab, Victoria, TX
Delores Merchant, RHIA  Sweeney Community Hospital, Sweeny, TX
Elaine Powers, RHIT  St. Luke’s Hospital, Houston, TX
Linda Rosenbaum, RHIA  RMS Services, Houston, TX
Mary Jo Spanihel, RHIA  Rural Health Clinic Manager, Eagle Lake, TX
Karen Wells, RHIT  El Campo Memorial Hospital, El Campo, TX

Human Services
Billie Jean Bram  Chief Probation Officer, Wharton and Matagorda Counties

Robert Lister  Bay City Police Department, Bay City, TX
Terry Lynch  Chief of Police, Wharton Police Department, Wharton, TX
Steve May  Retired, Rosenberg, TX
Roxanne Marek  Wharton County Adult Probation, Wharton, TX

**Process Technology**

Greg Blanchard  Celanese Chemical, Bay City, TX
Raymond Brooker  Celanese Chemical, Bay City, TX
John Carlson  Chevron Phillips Chemical Company, Sweeny, TX
D.C. Dunham  BCCD, Bay City, TX
Tim Foster  Dow Chemical, Freeport, TX
Dale Friedrichs  Lyondell Basell, Bay City, TX
Dr. David Griffith  WCJC Process Technology Instructor, Wharton, TX
Kathy Hunt  Lyondell Basell, Bay City, TX
David Pena  Industrial HS, Victoria, TX
Tommie Plumber  BASF Chemical Company, Freeport, TX
Betsy Ryan  OXEA, Bay City, TX
Tynes Schroller  Phillips 66, Sweeny, TX
Rick Smith  Williams Gas Co., Markham, TX

**Radiologic Technology**

Jorge Colesio  Matagorda General Hospital, Bay City, TX
Kim Williams  Methodist Healthcare System, Sugar Land, TX
Carlos Gonzales  DeTar Hospital, Victoria, TX
Melissa Kalina  Gulf Coast Medical Center, Wharton, TX
Reza Malek, M.D.  Memorial Medical Center, Port Lavaca, TX
Amy Choppe  MHMG-South Texas Medical Clinic, Wharton, TX
Michael Thomas  Public Representative, Sugar Land, TX
Hunter Maloy  Public Representative, Victoria, TX
Nichole Tucker  Brazosport Memorial Hospital, Lake Jackson, TX
Debra Trammell  Memorial Medical Center, Port Lavaca, TX
Kevin Nichols  Oak Bend Medical, Richmond, TX
Student Representative  Sophomore Student
Surgical Technology

Carol Derkowski, RDH, MAIE
Division Chair, Allied Health, WCJC, Wharton, TX

Dr. Keith Dowell
Wharton, TX

Dr. Mystan Gurkin
Azul Plastic Surgery of Sugar Land, Sugar Land, TX

Mary King, MS, RHIA
Sugar Land Medical Center, Sugar Land, TX

Debbie Lutringer, RHIA, CTR
Wharton County Junior College, Wharton, TX

Janie Mooneyham
Memorial Herman Katy Medical Center, Katy, TX

Donna Nelson
Public Representative

Nancy E. Partlow, MS
Wharton, TX

Paulette Perez, CST
Richmond, TX

Joshua Sanchez, CST
Wharton, TX

Tina Slaughter, RN
Matagorda General Hospital, Bay City, TX

Heather Velasco, CST
Richmond, TX

Diana Wolgast
Graduate CTR

Madeline Zbranek
Oak Bend Medical Center, Richmond, TX

Student Representative
President of Surgical Technology Club

Vocational Nursing

Danny Alvarez, RN
Gulf Coast Medical Center, Wharton, TX

Rhonda Brown, RN
Bay City, TX

David Martinez, LVN
Wharton Nursing and Rehabilitation, Wharton, TX

Minnie Mendoza, RN
Oak Bend Medical Center, Richmond, TX

Liz Prather, RN
Richmond, TX

Sharon Rochen, RN
South Texas Medical Clinic, Wharton, TX

Welding

Jeff Bates
Airgas, Bay City, TX

Frank Becak
WCJC, Wharton, TX

Brian Rodriguez
Praxair, Bay City, TX

Michael Skinkle
Fluor, Sugar Land, TX

Brad Witten
Schlumberger, Richmond, TX

Adult Education and Literacy

Paula Bauer
Coordinator, Project LEARN, Richmond, TX

Lindsey Clark
Manager/Membership Development, Greater Fort Bend Economic Development Corp., Sugar Land, TX

Kathleen Collins
Director, Family Literacy Program, Missouri City, TX

Joanne Downing
Assistant Director, Fort Bend County Library, Sugar Land, TX

Julia Gonzales
Director, Matagorda United Way, Bay City, TX

Barbara Goodell
Director, Fort Bend County Library, Richmond, TX

Michael Koehl
GED Liaison, Columbus ISD, Columbus, TX

Kay Lawson
Community Liaison, Palacios ISD, Palacios, TX

Amelia Perez
Director, Fort Bend Literacy Council, Sugar Land, TX

Clara Russell
Director, Fort Bend County Library, Missouri City, TX

David Schroeder
Executive Director, Wharton Economic Development Corp., Wharton, TX

Leeanna Shimek
Executive Director, El Campo Northside Education Center, El Campo, TX

Mitch Thames
Vice President, Bay City Chamber of Commerce, Bay City, TX

Ella Williams
Employment Counselor, Wharton Workforce Solutions, Wharton, TX

FACULTY AND STAFF EMERITI

* Deceased

Mary V. Alexander
B.S., M.A., Missouri State University
Speech

James L. Allen, Jr.
B.S., University of Notre Dame
M.B.A., Lehigh University
Economics

*Louise Parry Sealock Aldrich
B.S., Texas Woman’s University
Mathematics

*Darrell Allen
B.B.A., Texas A&M University
Welding Technology

*Patricia F. Axmann
B.B.A., Texas A&M University
Business, Office Education

*M.S.E., University of Central Arkansas
Ph.D., University of Houston

*Marshall C. Baker
B.S., Louisiana Polytechnic Institute
M.Ed., Northeast Louisiana State College
History

Albert R. Barns
Dean of Admissions & Registration
B.S.E., University of Central Arkansas
M.S., University of Oregon

Friedemann K. Bartsch
B.A., University of Rochester
M.A., Ph.D., Indiana University

*Don Baylor
B.S., Southwest Texas State University
M.S., University of Houston
Chemistry

*A.J. Bohuslav
B.S., M.Ed., Texas A&M University
Machine Shop Technology

*Nolan Bounds
B.S., M.A., Sam Houston State University
Mathematics

Billy T. Boyar
B.A., M.A., North Texas State University
Ph.D., Arizona State University
English

*Norma Brady
A.A., Wharton County Junior College
B.S., M.A.T., Sam Houston State University
English

Rudolph R. Braeuer
A.A., Sam Houston State University
B.S., M.Ed., Southwest Texas State University
Agriculture

*Jack Brinlee
A.A.S., Grayson County College
Automotive Technology

*John E. Brooks
VP of Continuing Education & Community Service
A.A., Wharton County Junior College
B.S., M.Ed., Ed. D., University of Houston

*Angus M. Brown
Registered Professional Engineer
B.S., Union College
Electronics Technology

Candace Ann Brown
B.B.A., M.B.A., Sam Houston State University

Housing Application

Term: Fall ___ 20__  Spring ___ 20__

Name: ________________________________________________________________
   Last    First    M I

Home Address
   Street or P O Box  City   State   Zip

Date of Birth ___________________  Age ______  Social Security #__________________

Student Cell # ___________________  Classification: Freshman ☐  Sophomore ☐

Parents’ Name ___________________  Parents’ Phone ___________________

Parents’ Address (if different from above) ___________________________________________

Wharton County Junior College seeks to provide equal education opportunities without regard to race, color, religion, national origin, sex, age, handicap, or veteran status.

Sex:  Male ☐  Female ☐

Dorm Preference:  Frankie Hall (male dorm) ☐  Mullins Hall (On campus female dorm) ☐
                  Brooking Hall (Off campus female dorm) ☐

Roommate Preference (if known) __________________________________________________

College Major: ______________________  Hobbies: ____________________________

WCJC Scholarship (if applicable):  Art ☐  Band ☐  Baseball ☐  Choir ☐  Drama ☐
                                   Rodeo ☐  Volleyball ☐

To be valid, this application must be accompanied by a $200 deposit and the release of background information form along with the $15 fee. To cancel the residence hall reservation and contract, the student must submit a request in writing to the Student Housing Department 15 calendar days before the first day of class. Failure to cancel a reservation as outlined above will result in the forfeiture of the entire room deposit.

Bacterial Meningitis Vaccination Requirement

In compliance with HB 4189, a first time student attending an institution of higher education, including a transfer student, who has been approved to reside in an on-campus student housing facility, must provide written documentation of having received the bacterial meningitis vaccination. Evidence of the student having received the vaccination from an appropriate health practitioner must be received by the Office of Student Services – Housing. The student must have received the vaccination at least 10 days prior to the student taking up residence in on-campus housing. A student, or a parent or guardian of a student submits one of the following to the institution: 1) an affidavit or a certificate signed by a physician who is duly registered and licensed to practice medicine in the United States, in which it is stated that, in the physician’s opinion, the vaccination required would be injurious to the health and well-being of the student; or 2) an affidavit signed by the student stating that the student declines the vaccination for bacterial meningitis for reasons of conscience, including, including a religious belief. A conscientious exemption form from the Texas Department of State Health Services must be used.  https://webds.dshs.state.tx.us/immco/affidavit.shtm

Applicant’s Signature_________________________________________  Date _____________________

Parent/Guardian Signature ____________________________________  Date _____________________
   (if applicant is under 18 years of age)

Return to  Student Housing Department
           Wharton County Junior College
           911 Boling Highway
           Wharton, TX 77488
           (979) 532-4560  or  (800) 561-9252
RELEASE OF BACKGROUND INFORMATION

All housing applicants are required to complete a Release of Background Information form. Documentation is required to obtain the criminal history record information. The required documentation includes a copy of the applicant’s current Driver’s License or State Identification number. A Passport or Military I.D. may be used. In addition, you must enclose a $15 non-refundable fee. The fee may be in the form of a check or money order and may be added to the $200.00 residence hall damage deposit (total check or money order would be $215.00). Applicants with declined housing applications may request a full refund of their damage deposit. Questions should be directed to Wharton County Junior College at 979-532-6368 or 979-532-6388.

I, __________________________________________, an applicant for residency in Wharton County Junior College’s Student Housing, hereby authorize Wharton County Junior College to obtain criminal history record information from any law enforcement agencies, which may have criminal history record information on me, including but not limited to arrests, investigation, convictions, and other reports. I hereby release Wharton County Junior College and any law enforcement agencies receiving a copy of authorization from liability for the release of any information to Wharton County Junior College. An applicant with a pending charge or a conviction for a felony, class A misdemeanor or class B misdemeanor may have their housing application declined by Wharton County Junior College. In addition, I certify that I have submitted correct and updated information concerning any legal issues.
