I. Topical Outline – Each offering of this course must include the following topics (be sure to include information regarding lab, practicum, clinical or other non lecture instruction):

The focus will be on expanding the body of knowledge possessed by the student by virtue of their LVN education and experience. Utilizing various learning methods, including classroom lecture and lab simulations, the student will gain the expertise necessary to care for clients/families with minor maladaptation to stressors in the expanded role of registered nurse. The nursing process will be used as a basis for teaching the learner to assist the client with minor maladaptions to stressors. Emphasis will be placed on the client as a biological, psychological, sociocultural and spiritual individual with basic needs. The basic human needs are: Need for Communication, Need for Oxygen, Need for Nutrition, Need for Elimination, Need for Rest/Activity, Need for Skin Integrity, Need for Equilibrium, Need for Regulation, Need for Sensory/Safety, and Need for Human Sexuality.

II. Course Learning Outcomes

<table>
<thead>
<tr>
<th>Course Learning Outcome</th>
<th>Method of Assessment</th>
</tr>
</thead>
</table>
| The learner will apply theoretical concepts utilizing the nursing process to assist the adult client and family who are experiencing minor maladaptions to stressors in order to promote, maintain, or restore maximum level of wellness. | 3 - Module examinations  
1 - Comprehensive final exam |
| Analyze: Data obtained during assessment by incorporating significant information, organizing clusters or patterns, identifying strengths, and formulating conclusions based on Maslow, Erikson, Selye, and NANDA. | Nursing concept map exercise |
| Implement: Nursing procedures and skills for clients/families with minor maladaptations to stressors. | Skills checkoff -  
a. Physical assessment  
b. IV insertion  
c. Converting saline lock to continuous IV  
d. Administering IV piggyback medications |

III. Required Text(s), Optional Text(s) and/or Materials to be Supplied by Student.

Medical-surgical nursing textbook, nursing diagnosis handbook, nursing drug guide, laboratory reference guide, medical dictionary, nursing skill and procedure text, scantron sheets

IV. Suggested Course Maximum - 10

V. List any specific spatial or physical requirements beyond a typical classroom required to teach the course.

data projector, computer
VI. Course Requirements/Grading System – Describe any course specific requirements such as research papers or reading assignments and the generalized grading format for the course

Grading Scale: A = 92-100; B = 83-91; C = 75-82; D= 65-74; F = 0-64
Module Exam Grades (3) 25% each
Comprehensive Final Exam = 25%
Concept Map exercise - Pass
Skills evaluation - Pass

VII. Curriculum Checklist

☐ - Academic General Education Course (from ACGM – but not in WCJC Core)
    No additional documentation needed

☐ - Academic WCJC Core Course
    Attach the Core Curriculum Checklist, including the following:
    • Basic Intellectual Competencies
    • Perspectives
    • Exemplary Educational Objectives

☒ - WECM Courses
    Attach the following:
    • Program SCANS Matrix
    • Course SCANS Competencies Checklist
# SCANS Matrix

**Program:** Associate Degree Nursing; LVN-ADN Transition Program  
**CIP:** 51.1601
