

Wharton County Junior College

DOWNLOAD, INSTALL AND CREATE A SHORTCUT USING THE FIREFOX BROWSER

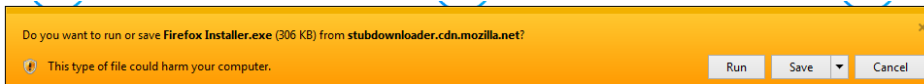

1. Start Internet Explorer.
2. Type <https://www.mozilla.org/firefox> into the address bar and click enter.
3. Click the "Download now" button

Meet Firefox Quantum.
Fast for good.

4. Select "Run"

5. Select "Yes" when asked "Do you want the following program to make changes to this computer". After "Yes" is selected you will see a download progress bar.
6. Once the Firefox download has completed close Internet Explorer. Look for the Firefox Icon on your desktop and double click it to launch the Firefox Browser.

7. Navigate to the Office 365 Log On page <https://login.microsoftonline.com> and log into your email.
8. Click on the "Star" Icon located in the far right of the address bar to create a Bookmark.

9. Once the Bookmarks window opens name the bookmark and select where the bookmark should appear. Here Bookmarks Toolbar is selected.
