IMPORTANT INFORMATION REGARDING CRIMINAL BACKGROUND CHECKS and ELIGIBILITY for INITIAL RN LICENSURE BY NCLEX EXAMINATION

- Upon conditional acceptance into the ADN program, students will be required to complete a criminal background check, which includes a set of fingerprints for the purpose of obtaining a criminal history from the Texas Department of Public Safety and the Federal Bureau of Investigation. This is submitted to the Texas Board of Nursing (BON).
- Full acceptance into the ADN program is dependent upon BON verification of eligibility for future licensure as a Registered Nurse prior to the start of the program. If there is something in the background check that cannot be resolved prior to beginning of classes, the student will have to reapply to the nursing program when the problem has been resolved
- Information regarding how to obtain the background check will be provided upon conditional acceptance. The background check expense is the prospective student's responsibility.

Licensure Eligibility

1. Been convicted of a misdemeanor?
2. Been convicted of a felony?
3. Pled nolo contendere, no contest, or guilty?
4. Received deferred adjudication?
5. Been placed on community supervision or court-ordered probation, whether or not adjudicated guilty?
6. Been sentenced to serve jail or prison time or court-ordered confinement?

Expunged and Sealed Offenses

While expunged or sealed offenses, arrests, tickets, or citations need not be disclosed, it is your responsibility to ensure the offense, arrest, ticket, or citation has, in fact, been expunged or sealed. It is recommended that you submit a copy of the Court Order expunging or sealing the record in question to our office with your application. Failure to reveal an offense, arrest, ticket, or citation that is not in fact expunged or sealed, will at a minimum, subject your license to a disciplinary fine. Non-disclosure of relevant offenses raises questions related to truthfulness and character of the Nurse.

Orders of Non-disclosure

Pursuant to Tex. Gov't Code §552.142(b), if you have criminal matters that are the subject of an order of non-disclosure, you are not required to reveal those criminal matters on this form. However, a criminal matter that is the subject of an order of non-disclosure may become a character and fitness of duty issue. Pursuant to other sections of the Gov't Code Chapter 411, the Texas Nursing Board is entitled to access criminal history record information that is subject of an order of non-disclosure. If the Board discovers a criminal matter that is the subject of an order of non-disclosure, even if you properly did not reveal that matter, the Board may require you to provide information about any conduct that raises issues of character.

- Are you currently the target or subject of a grand jury or governmental agency investigation?
- Has any licensing authority refused to issue you a license or ever revoked, annulled, cancelled, accepted surrender of, suspended, placed on probation, refused to renew a license, certificate or multi-state privilege held by you now or previously, or ever fined, censured, reprimanded or otherwise disciplined you? (You may exclude disciplinary actions previously disclosed to the Texas Board of Nursing on an initial or renewal licensure application)
