Additional Course Information

Topical Outline: Each offering of this course must include the following topics (be sure to include information regarding lab, practicum, and clinical or other non-lecture instruction).

Utilize the nursing process to deliver care to the patient and family experiencing pregnancy, labor and delivery, and postpartum under normal and complicated circumstances. Utilize the nursing process to care for the newborn and the well woman.

Course Learning Outcomes:

Learning Outcomes – Upon successful completion of this course, students will:

Discuss human reproduction and fetal development as related to the normal aspects of childbearing
Identify common complications of the mother and newborn during prenatal, antenatal, and postnatal periods
Relate characteristics of the normal newborn and associated nursing interventions to meet identified health care needs utilizing the nursing process

Methods of Assessment:

Unit examinations

Required text(s), optional text(s) and/or materials to be supplied by the student:

Required textbooks: Safe Maternity and Pediatric Nursing Care, 1st edition, by Linnard-Palmer, and Coats
Study Guide for Safe Maternity and Pediatric Nursing Care, 1st edition, by Linnard-Palmer
Student supplied materials: laptop with WiFi capabilities, pen, #2 pencil, highlighter, paper

Suggested Course Maximum:

45

List any specific or physical requirements beyond a typical classroom required to teach the course.

Anatomical models and illustrations

Course Requirements/Grading System: Describe any course specific requirements such as research papers or reading assignments and the generalized grading format for the course.

Students are expected to read assignments from textbooks and provided handouts before attending class and utilize correct medical terminology throughout the course. No late assignments are accepted.

Any unit examination taken at a time other than the scheduled time will have 10 points deducted from the grade. The student is responsible for initiating arrangements for late testing; failure to do so will result in a grade of zero (0). Late testing must be completed within one week of the scheduled date. Students will be given one minute per question to complete examinations and the final.

All testing is completed online utilizing Blackboard, Respondus Lockdown Browser, and the student's laptop. Tests will be completed in the classroom under the supervision of a proctor.

The average of unit examinations is 75% of the course grade and the comprehensive final examination is 25% of the course grade. A student must have a 75 course grade to continue in the Vocational Nursing program.

Grading format:

90-100=A;

89-80=B;

79-75=C;

0-74=F.

No grades are rounded up.

Curriculum Checklist:

- Administrative General Education Course** (from ACGM, but not in WCJC Core) – No additional documents needed.
- Administrative WCJC Core Course.** Attach the Core Curriculum Review Forms
 - Critical Thinking
 - Communication
 - Empirical & Quantitative Skills
