Topical Outline: Each offering of this course must include the following topics (be sure to include information regarding lab, practicum, and clinical or other non-lecture instruction).

Rhythm reading, scales, modes, technical work and performing at least one concert each semester.

Course Learning Outcomes:

Learning Outcomes – Upon successful completion of this course, students will:

1. Students will develop the ability to read all types of rhythms.
2. Students will demonstrate a better understanding of the structure of major and minor scales as well as various church modes.
3. Students will develop technical proficiency on their instrument.
4. Students will perform assigned pieces of music that show their abilities at least one public concert each semester.

Methods of Assessment:

1. Student will work on various assigned pieces of concert literature that involves various rhythmic patterns, syncopation, and mixer meter. Performance will be assessed by instructor observation.
2. Student will perform standard concert literature that incorporates various uses of major/minor scales, and church modes incorporated into their music. Performances will be assessed by instructor observation.
3. Students will perform concert music from various levels of difficulty. Performance will be assessed by instructor observation.
4. Students will perform at least one public concert for the college and general public each semester. Performance will be assessed by instructor observation and audience appreciation.

Required text(s), optional text(s) and/or materials to be supplied by the student:

Music will be supplied by instructor.
