Additional Course Information

Topical Outline: Each offering of this course must include the following topics (be sure to include information regarding lab, practicum, and clinical or other non-lecture instruction).

- History of operating systems (may have to supplement – brief review first day of class)
- Parts of Operating System (may have to supplement – brief review first day of class)
- Boot process (may have to supplement)
- Install and configure Windows operating system
- Using the Desktop and Getting Help
- Manage Disks and File Systems
- Install and Configure Hardware
- Install and configure Applications / utilities
- Configure and Manage the User Experience
- Configure and Manage Print Devices
- Connect to Network
- Configure and Manage Permissions
- Backing Up and Recovery
- Client Security
- Remote Access / Assistance
- Basic Troubleshooting

Course Learning Outcomes:

Learning Outcomes – Upon successful completion of this course, students will:

Identify, install, configure, monitor, and troubleshoot a client operating system
Install, configure, and maintain the operating system; perform basic file management operations; organize and allocate primary and secondary storage; access and control peripheral devices; and run utilities.

Methods of Assessment:

All outcomes will be assessed by one or more of the following:

Lab Assignments
Programming Projects
Tests and Quizzes
Final Exam

Required text(s), optional text(s) and/or materials to be supplied by the student:

- TestOut Windows Client Pro - English 4.1.1
- 978-1-935080-45-9
- MCTS Guide to Microsoft Windows 7; Byron Wright, Leon Plesniarski; Course Technology; 2011; 978-1-1113-0977-0
- USB Flash Drive
- High-speed Internet Connection

Suggested Course Maximum:

20

List any specific or physical requirements beyond a typical classroom required to teach the course.

- Current version of Windows Operating System software licensed for each student.
- Computer that meets the hardware and memory requirements of the operating system for each student

Course Requirements/Grading System: Describe any course specific requirements such as research papers or reading assignments and the generalized grading format for the course.

0-10% - Homework

0-10% - Attendance

40-50% - Lab Assignments

50-60% - Tests and Final Exam

Grading Systems:

100 -90 = A

89 – 80 = B

79 – 70 = C

69 – 60 = D

and below = F

Curriculum Checklist:

- Administrative General Education Course** (from ACGM, but not in WCJC Core) – No additional documents needed.
- Administrative WCJC Core Course.** Attach the Core Curriculum Review Forms
 - Critical Thinking
 - Communication
 - Empirical & Quantitative Skills
 - Teamwork
 - Social Responsibility
 - Personal Responsibility
- WECM Course** -If needed, revise the Program SCANS Matrix and Competencies Checklist
