## Additional Course Information

**Topical Outline:** Each offering of this course must include the following topics (be sure to include information regarding lab, practicum, and clinical or other non-lecture instruction).

Development in the pre-natal period

Development of the newborn

Development of the infant (up to age 18 months)

Development of the toddler (19-36 months)

Physical Development (pre-natal through age 36 months)

Brain development in the prenatal period through age 36 months

Cognitive and language development through age 36 months

Social-Emotional development through age 36 months

Attachment in infancy

Applying theoretical knowledge to infants and toddlers

Using attention, approval, and attunement as tools for infants and toddlers

Establishing a safe, nurturing, and positive learning environment for infants and toddlers

Designing effective learning environments inside and outside

Designing effective curriculum through regular routines and planned experiences

Observing infants and toddlers

Promoting effective attributes in infant-toddler caregivers (standards for infant-toddler teachers)

In addition, students will observe 6 hours (3 infants and 3 toddlers) in approved early childhood settings.

National Association for the Education of Young Children Standards measured in the course:

1. Promoting child development and learning
2. Building family and community relationships
3. Observing, documenting, and assessing
4. Using developmentally appropriate approaches to connect with children and families
5. Using content knowledge to build meaningful curriculum
6. Becoming a professional

### Course Learning Outcomes:

**Learning Outcomes – Upon successful completion of this course, students will:**

1. Summarize prenatal development and the birth process;
2. Discuss theories of development as they apply to infants and toddlers;
3. Outline growth and development of children from birth to age 3
4. Analyze components of teacher/child interactions and positive guidance techniques
5. Design learning environments;
6. And select materials and activities for infants and toddlers
7. Communicate thoughts, ideas, information, and messages in writing in a weekly journal

### Methods of Assessment:

# 1, 2, 3, 4. In class assignments, and instructor-made midterm and final (and any additional tests/ quizzes deemed necessary) with a grade of 70 indicating mastery. The midterm exam must include at least one essay question to assess higher levels of Bloom's Taxonomy.

# 3, 4 Written summaries of infant programs (3 hours) and toddler programs (3 hours) with a grade of 70 indicating mastery.

# 4, 5,6 Term project of six activities for infants and six lessons for toddlers, focusing on both indoor and outdoor settings. Lessons will be submitted in increments so that instructors can provide feedback to students in the

completion of the project. The project will be graded with a departmental rubric with a minimum grade of 70 points indicating mastery. Students will share a portion of their project informally in class.

# 7 In-class journal entries factored into the attendance/ participation grade

### **Required text(s), optional text(s) and/or materials to be supplied by the student:**

Most recent edition of:

Swim, T. & Watson, L.D. (most recent edition) Infants and toddlers: Curriculum and teaching. New York: Cengage.

AND  
Bredecamp & Copple (2009). Developmentally appropriate practices in programs serving children (3rd ed.) Washington, DC: NAEYC. ISBN 13: 9781928896647

### **Suggested Course Maximum:**

35

### **List any specific or physical requirements beyond a typical classroom required to teach the course.**

Sufficient space to allow students to work in small groups.

**Course Requirements/Grading System:** Describe any course specific requirements such as research papers or reading assignments and the generalized grading format for the course.

Following the reading of course text books and participation in class lecture, discussions, and observations, the determination of the final grade for the course will be made using the weighting of examinations and learning opportunities:

30% Midterm Exam (with essay question)

30% Final examination (Comprehensive)

30% Portfolio (including observations)

10% Attendance, weekly journal entries, and class participation

#### Grading Scale

A-90-100%

B-80-89%

C-70-79%

D-60-69%

F-59 and below

### **Curriculum Checklist:**

**Administrative General Education Course** (from ACGM, but not in WCJC Core) – No additional documents needed.

**Administrative WCJC Core Course.** Attach the Core Curriculum Review Forms

Critical Thinking

Communication

Empirical & Quantitative Skills

Teamwork
