

Administrative - Master Syllabus COVER SHEET

<u>Purpose</u>: It is the intention of this Administrative-Master Syllabus to provide a general description of the course, outline the required elements of the course and to lay the foundation for course assessment for the improvement of student learning, as specified by the faculty of Wharton County Junior College, regardless of who teaches the course, the timeframe by which it is instructed, or the instructional method by which the course is delivered. It is not intended to restrict the manner by which an individual faculty member teaches the course but to be an administrative tool to aid in the improvement of instruction.

Course Title – Pharmacology Course Prefix and Number – RNSG 1301 Department – Associate Degree Nursing Course Type: (check one) Academic General Education Co Academic WCJC Core Course WECM course (This course is a	ourse (from ACGM – but not in

Administrative - Master Syllabus

I. Topical Outline – Each offering of this course must include the following topics (be sure to include information regarding lab, practicum, clinical or other non lecture instruction):

The Nursing Process and Drug Therapy; Pharmacologic Principles; Life Span Considerations; Legal, Ethical, and Cultural Considerations; Patient Education and Drug Therapy; Antihistamines, Decongestants, Antitussives, and Expectorants; Bronchodilators and Other Respiratory Agents; Cardiac Agents; Diuretic Agents; Coagulation Modifier Agents; Antilipemic Agents; Analgesic Agents; Antiinflammatory, Antirheumatoid, and Related Agents; Central Nervous System Depressants and Musculoskeletal Relaxants; Antiepileptic Agents; Antiparkinsonian Agents; General and Local Anesthetic Agents; Central Nervous System Stimulants; Antacid and Acid Controllers; Antiemetic Agents; Pituitary Agents; Thyroid and Antithyroid Agents; Antidiabetic and Hypoglycemic Agents; Adrenal Agents; Immunosuppresant Agents; Immunizing Agents; Antineoplastic Agents; Biologic Response Modifiers; Adrenergic Agents; Adrenergic-Blocking Agents; Cholinergic Agents; Cholinergic-Blocking Agents; Antidiarrheals and Laxatives; Antibiotics; Antiviral Agents; Antifungal Agents; Women's and Men's Health Agents, Dosage Calculations

II. Course Learning Outcomes

Course Learning Outcome	Method of Assessment
In the classroom, the learner will apply theoretical concepts using the nursing process along with principles of drug administration to assist the adult client experiencing maladaptation to stressors in order to promote, maintain, or restore maximum level of wellness.	Module exams Final exam
Implement safe administration of drugs based on standard routes and methods of drug administration to include safe dosage calculations.	Calculation Competency Ninety percent (90%) competency will be obtained on a comprehensive calculation exam in 1 out of 3 attempts. Competency must be obtained before administration of medications in the clinical area. Failure to obtain 90% competency on the pharmacological calculation exam in 1 out of 3 attempts, will result in failure of RNSG 1301.

III. Required Text(s), Optional Text(s) and/or Materials to be Supplied by Student.

Nursing pharmacology text and drug dosage calculation text

IV. Suggested Course Maximum - 60

V. List any specific spatial or physical requirements beyond a typical classroom required to teach the course.

Data projector and computer, calculators.

VI. Course Requirements/Grading System – Describe any course specific requirements such as research papers or reading assignments and the generalized grading format for the course

Grading Scale: A = 92-100; B = 83-91; C = 75-82; D = 65-74; F = 0-64

Module Exams (4)= 75%

Comprehensive Final Exam (1)= 20%

Quizzes –Will not be made-up. May be unannounced = 5%

Calculation Competency

Ninety percent (90%) competency will be obtained on a comprehensive calculation exam in 1 out of 3 attempts. Competency must be obtained before administration of medications in the clinical area.

Failure to obtain 90% competency on the pharmacological calculation exam in 1 out of 3 attempts, will result in failure of RNSG 1301.

A grade of "C" is required to receive credit for this nursing course and progress in the program.

VII. Curriculum Checklist

- Academic General Education Cou	urse (from ACGM – but not in WCJC Core	э)
No additional documentation needed	d	

☐ - Academic WCJC Core Course

Attach the Core Curriculum Checklist, including the following:

- Basic Intellectual Competencies
- Perspectives
- Exemplary Educational Objectives

◯ - **WECM Courses**

Attach the following:

- Program SCANS Matrix
- Course SCANS Competencies Checklist

SCANS Competencies Checklist

Course Prefix & Number: RNSG 1301							
SCANS COMPETENCIES FOR THIS COURSE							
Competency Method of Assessment							
READING: Locate, understand, and interpret written information in prose and in documents such as manuals, graphs, and schedules.	Assigned textbook readings						
2 WRITING: Communicate thoughts, ideas, information, and messages in writing, and create documents such as letters, directions, manuals, reports, graphs, and flow charts.							
3 ARITHMETIC OR MATHEMATICS: Perform basic computations and approach practical problems by choosing appropriately from a variety of mathematical techniques.	Math competency exam						
4 SPEAKING AND LISTENING: Organize ideas and communicate orally; receive, attend to, interpret, and respond to verbal messages and other cues.	Module exams Final exam						
5 THINKING SKILLS: A worker must think creatively, make decisions, solve problems, visualize, know how to learn, and reason effectively.	Module exams Final exam						
6 PERSON QUALITIES: A worker must display responsibility, self- esteem, sociability, self-management, integrity, and honesty.	Observation of professional behaviors in the classroom as identified in the ADN Student Handbook						
7 WORKPLACE COMPETENCIES: resources;interpersonal skills; information; systems; and technology	Module exams Final exam						
8 BASIC USE OF COMPUTERS
